X. PUBLIC HEARING ITEMS

1.22022-009 - Hold a public hearing to discuss and consider a request by Jack Kurz of RSDGP, LLC on behalf of Allen Anderson of Adlor Enterprises, LLC for the approval of an **ordinance** for a *Specific Use Permit (SUP)* for a *Restaurant, Less Than 2,000 SF, with a Drive-Through/Drive-In* for the purpose of constructing a restaurant with drive-through on a 1.1308-acre parcel of land identified as Lot 1, Block B, Jack Canup Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 62 (PD-62) for General Retail (GR) District, addressed as 902 & 906 S. Goliad Street [*SH-205*], and take any action necessary **(1st Reading)**.

Mayor Fowler indicated that the applicant has requested to withdraw this case. Mr. Miller explained that the Council may either allow the applicant to withdraw the case, or the Council may opt to hold the public hearing and take action on the case.

**Jack Kurz
15110 N. Dallas Parkway
Dallas, TX 75248**

The applicant came forth and explained the various reasons why he would like to withdraw this request at this time. He generally explained that there is a long list of concerns from the Planning & Zoning Commission and from nearby neighbors.

Mayor Pro Tem Hohenshelt moved to allow the applicant an opportunity to withdraw this request. Mayor Fowler seconded the motion.

City Attorney, Frank Garza clarified that – even though the applicant is requesting to withdraw and the Council is opting to not formally hold the public hearing – citizens who are present this evening still have a right to speak about this topic under the Open Meetings Act since it is a listed agenda item.

**Justin Scroggs
1512 S. Alamo
Rockwall, TX**

Mr. Scroggs came forth and shared various personal concerns he has related to this applicant's proposal. He went on to encourage the Council to deny the applicant's request to withdraw and vote against it "with prejudice."

Mayor Pro Tem Hohenshelt engaged with Mr. (Justin) Scroggs concerning this topic, essentially explaining that there is a certain process that the city must allow to play out when a property owner

has land that he/she wants to develop. He encouraged Mr. Scroggs to trust the process and allow it to transpire.

Councilmember Jorif shared that members of Council have received residents' concerns by both phone and email and in person at the meetings. He too encouraged Mr. Scroggs and members of the public to allow the process to play out and the Council to take action accordingly.

Mayor Pro Tem Hohenshelt clarified with Mr. Miller that anything "general retail" or "office" could be placed at this location currently without seeking Council approval. "General retail" is more restrictive than "commercial" because of its adjacency to residential zoning.

Councilmember Campbell asked staff for clarification on what happened at the Planning & Zoning Commission. Mr. Miller shared that the P&Z denied the applicant's request to 'table' the case. Therefore, the case proceeded on and came before Council this evening. Mr. Miller again shared that the Council's options are to deny the request to withdraw, hold the public hearing and take action on the case – or – accept the applicant's request to withdraw.

The motion to allow the applicant to withdraw the case passed by a vote of 4 in favor with 3 voting against (Daniels, Campbell, Jorif).

2.Z2022-010 - Hold a public hearing to discuss and consider a request by Ryan Joyce on Michael Joyce Properties on behalf of Mike Peoples for the approval of an **ordinance** for a Zoning Change from an Agricultural (AG) District to a Planned Development District for Single-Family 10 (SF-10) District land uses on a 93.97-acre tract of land identified as Tract 4-01 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-66 Overlay (SH-66 OV) District, addressed as 1936 SH-66, and take any action necessary (**1st Reading**).

Planning Director Ryan Miller provided background information concerning this agenda item.

Mayor Fowler opened the public hearing, asking if anyone would like to speak at this time. There being no one indicating such, he then closed the public hearing.

The applicant, Ryan Joyce came forth.
767 Justin Road
Rockwall, TX 75087

Mayor Pro Tem Hohenshelt clarified that the lot sizes were not changed at all – only the orientation of the garages and the garage-related percentages. Councilmember Campbell thanked the applicant for working to come back and present a proposal that does actually meet the city's standards and requirements. Following Councilmember Campbell's brief comments, Councilmember Jorif moved to approve Z2022-010. Councilmember Campbell seconded the motion. The ordinance caption was read as follows:

**CITY OF ROCKWALL

XI. ACTION ITEMS

1. Discuss and consider a bid award for the new KidZone playground at Harry Myers Park, and authorize the City Manager to execute associated contract documents in an amount not to exceed \$800,000 to be funded out of the Recreational Development Fund, and take any action necessary.

Parks Director, Travis Sales came forth and briefed the Council on this agenda item. He spoke briefly about the history of this park, showing a photo of the original playground and comparing it to renderings that are representative of what the newly redesigned and reconstructed park will look like. He spoke about the amenities that will be included in the new, updated park, sharing that it will be accommodating to all 'abilities' (i.e. it is friendly to those who may have certain health-related challenges and/or disabilities). He spoke about the materials that the equipment, ground and surfaces will be made of, explaining that the city hopes to have this park reconstructed and reopened by sometime in August. He explained that "Child's Play, Inc." – the company whose bid is being considered for award - came to him just today and has offered to cover the costs of shipping and installation of two-additional amenities at the park and to sell those two additional amenities to the city "at cost." So, based on that development that arose today, Council may want to consider approving a cost not to exceed \$837,268.

Councilmember Macalik moved to approve \$837,268 for the reconstruction of the park, including the two additional pieces of equipment "at cost," as described this evening by Mr. Sales. Councilmember Daniels seconded the motion.

Mr. Daniels went on to share a nostalgic story about this piece of property. Following his brief comments, the motion passed by a vote of 7 ayes to 0 nays.

2. Discuss and consider IH-30 expansion aesthetic plan, and take any action necessary.

Assistant City Manager, Joey Boyd presented graphic depictions of options associated with the aesthetics of future 'murals' to be placed on the interstate along IH-30 when it is reconstructed through our city limits. There is no cost to the city, as the costs are included in the cost of the project.

Council generally indicated that they are in favor of the colored graphic options that are blue and green in color.

3. Discuss and consider Capital Improvement Planning associated with Fire Station #1, and take any action necessary.

Mayor Pro Tem Hohenshelt provided information on this agenda item, indicating that he placed this item on tonight's agenda for discussion. He generally indicated that he has had several discussions with

the city's fire chief concerning renovating the city's existing Fire Station #1 and locating and building a new, Fire Station #1 in the future. This will at least be a three or four year project. Action concerning this agenda item this evening will not financially obligate the city in any way. Council generally indicated that they are ok and in agreement with staff moving forward with studying this topic further and coming back to Council with recommendations at some point in the future.

XII. CITY MANAGER'S REPORT, DEPARTMENTAL REPORTS AND RELATED DISCUSSIONS PERTAINING TO CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Building Inspections Department Monthly Report - February 2022
2. Fire Department Monthly Report - February 2022
3. Parks & Rec Department Monthly Report - February 2022
4. Police Department Monthly Report - February 2022

Mrs. Smith briefly spoke about the progress associated with renovations that are nearing completion at the police department's new space (at the Tech Park) as well as renovations currently underway at City Hall. Mayor Fowler went on to express his excitement that singer "Kevin Fowler" will be the headliner (singer) at the city's annual Founders Day Festival in May.

XIII. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTER AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

DATE: April 18, 2022

SUBJECT: SP2022-012; *Alternative Tree Mitigation Settlement Agreement for DuWest*

The applicant, Bowen Hendrix of the DuWest Realty, LLC, is requesting the approval of an *Alternative Tree Mitigation Settlement Agreement*. The subject property is located on an 8.63-acre portion of a larger 36.428-acre tract of land (*i.e. Tract 3 of the S. King Survey, Abstract No. 131*), which is located at the northeast corner of the intersection of E. Quail Run Road and N. Goliad Street [SH-205]. On April 12, 2022, the Planning and Zoning Commission approved a *Site Plan* [Case No. SP2022-012] and *Treescape Plan* for the development of two (2), ~10,000 SF retail/restaurant buildings on the subject property. As part of this approval, the Planning and Zoning Commission also recommended approval of an *Alternative Tree Mitigation Settlement Agreement*. The *Site Plan*, *Treescape Plan*, and *Alternative Tree Mitigation Settlement Agreement* was approved by the Planning and Zoning Commission by a vote of 6-0, with Commissioner Conway absent.

The approved *Treescape Plan* indicates that 885.50 caliper inches of trees will be removed from the subject property, and -- *through the landscape plan and a tree preservation credit* -- that the remaining mitigation balance will be 280.40 caliper inches of tree. Based on this, the applicant is requesting an *Alternative Tree Mitigation Settlement Agreement* in order to pay the remaining tree mitigation balance in full. This equates to \$28,040.00 (*i.e. \$100.00 x 280.40-inches = \$28,040.00*). Staff should note that the tree preservation credit reduces from \$200.00 per inch to \$100.00 per inch when trees are being added on-site, and in this case the applicant is proposing to plant 107 additional trees on-site. The City Council is charged with acting upon the proposed *Alternative Tree Mitigation Settlement Agreement*. Should the City Council have any questions concerning the applicants request, staff will be available at the meeting on April 18, 2022.

2. THE GENERAL CONTRACTOR IS RESPONSIBLE FOR REMOVING ALL EXISTING VEGETATION (EXCEPT WHERE NOTED TO REMAIN).

TREE PROTECTION GENERAL NOTES

- (A) PRIOR TO THE LAND CLEARING STAGE OF DEVELOPMENT, THE CONTRACTOR SHALL CLEARLY MARK ALL PROTECTED TREES FOR WHICH A TREE REMOVAL PERMIT HAS NOT BEEN ISSUED AND SHALL ERECT BARRIERS FOR THE PROTECTION OF THE TREES ACCORDING TO THE FOLLOWING:
 - (1) AROUND AN AREA AT OR GREATER THAN A SIX-FOOT RADIUS OF ALL SPECIES OF MANGROVES AND PROTECTED CABBAGE PALMS;
 - (2) AROUND AN AREA AT OR GREATER THAN THE FULL DRIPLINE OF ALL PROTECTED NATIVE PINES;
 - (3) AROUND AN AREA AT OR GREATER THAN TWO-THIRDS OF THE DRIPLINE OF ALL OTHER PROTECTED SPECIES.
- (B) NO PERSON SHALL ATTACH ANY SIGN, NOTICE OR OTHER OBJECT TO ANY PROTECTED TREE OR FASTEN ANY WIRES, CABLES, NAILS OR SCREWS TO ANY PROTECTED TREE IN ANY MANNER THAT COULD PROVE HARMFUL TO THE PROTECTED TREE, EXCEPT AS NECESSARY IN CONJUNCTION WITH ACTIVITIES IN THE PUBLIC INTEREST.
- (C) DURING THE CONSTRUCTION STAGE OF DEVELOPMENT, THE CONTRACTOR SHALL NOT CAUSE OR PERMIT THE CLEANING OF EQUIPMENT OR MATERIAL WITHIN THE OUTSIDE PERIMETER OF THE CROWN (DRIPLINE) OR ON THE NEARBY GROUND OF ANY TREE OR GROUP OF TREES WHICH IS TO BE PRESERVED. WITHIN THE OUTSIDE PERIMETER OF THE CROWN (DRIPLINE) OF ANY TREE OR ON NEARBY GROUND, THE CONTRACTOR SHALL NOT CAUSE OR PERMIT STORAGE OF BUILDING MATERIAL AND/OR EQUIPMENT, OR DISPOSAL OF WASTE MATERIAL SUCH AS PAINTS, OIL, SOLVENTS, ASPHALT, CONCRETE, MORTAR OR ANY OTHER MATERIAL HARMFUL TO THE LIFE OF THE TREE.
- (D) NO PERSON SHALL PERMIT ANY UNNECESSARY FIRE OR BURNING WITHIN 30 FEET OF THE DRIPLINE OF A PROTECTED TREE.
- (E) ANY LANDSCAPING ACTIVITIES WITHIN THE BARRIER AREA SHALL BE ACCOMPLISHED WITH HAND LABOR.
- (F) PRIOR TO ISSUING A CERTIFICATE OF OCCUPANCY OR COMPLIANCE FOR ANY DEVELOPMENT, BUILDING OR STRUCTURE, ALL TREES DESIGNATED TO BE PRESERVED THAT WERE DESTROYED DURING CONSTRUCTION SHALL BE REPLACED BY THE CONTRACTOR WITH TREES OF EQUIVALENT DIAMETER AT BREAST HEIGHT TREE CALIPER AND OF THE SAME SPECIES AS SPECIFIED BY THE CITY ADMINISTRATOR, BEFORE OCCUPANCY OR USE, UNLESS APPROVAL FOR THEIR REMOVAL HAS BEEN GRANTED UNDER PERMIT.
- (G) THE CITY ADMINISTRATOR MAY CONDUCT PERIODIC INSPECTIONS OF THE SITE DURING LAND CLEARANCE AND CONSTRUCTION.
- (H) IF, IN THE OPINION OF THE CITY ADMINISTRATOR, DEVELOPMENT ACTIVITIES WILL SO SEVERELY STRESS SLASH PINES OR ANY OTHER PROTECTED TREE SUCH THAT THEY ARE MADE SUSCEPTIBLE TO INSECT ATTACK, PREVENTATIVE SPRAYING OF THESE TREES BY THE CONTRACTOR MAY BE REQUIRED.

NOTE: TREE PROTECTION FOR ANY PRESERVED OR RELOCATED TREES MUST BE PROVIDED PER DETAILS AND SPECIFICATIONS ON SHEET TD-2. THESE MUST BE UP PRIOR TO THE COMMENCEMENT OF ANY WORK AND MAINTAINED THROUGHOUT CONSTRUCTION.

NOTE: ALL TREE TRIMMING MUST BE APPROVED BY THE OWNER AND LOCAL JURISDICTION PRIOR TO COMMENCEMENT OF WORK. ALL TREE TRIMMING MUST BE DONE BY AN ISA CERTIFIED ARBORIST IN ACCORDANCE WITH LOCAL TREE PRESERVATION ORDINANCE.

TREE PROTECTION SPECIFICATIONS

MATERIALS

1. FABRIC: 4 FOOT HIGH ORANGE PLASTIC FENCING AS SHOWN ON THE PLANS AND SHALL BE WOVEN WITH 2 INCH MESH OPENINGS SUCH THAT IN A VERTICAL DIMENSION OF 23 INCHES ALONG THE DIAGONALS OF THE OPENINGS THERE SHALL BE AT LEAST 7 MESHES.
2. POSTS: POSTS SHALL BE A MINIMUM OF 72 INCHES LONG AND STEEL "T" SHAPED WITH A MINIMUM WEIGHT OF 1.3 POUNDS PER LINEAR FOOT.
3. TIE WIRE: WIRE FOR ATTACHING THE FABRIC TO THE T-POSTS SHALL BE NOT LESS THAN NO. 12 GAUGE GALVANIZED WIRE.
4. USED MATERIALS: PREVIOUSLY-USED MATERIALS, MEETING THE ABOVE REQUIREMENTS AND WHEN APPROVED BY THE OWNER, MAY BE USED.

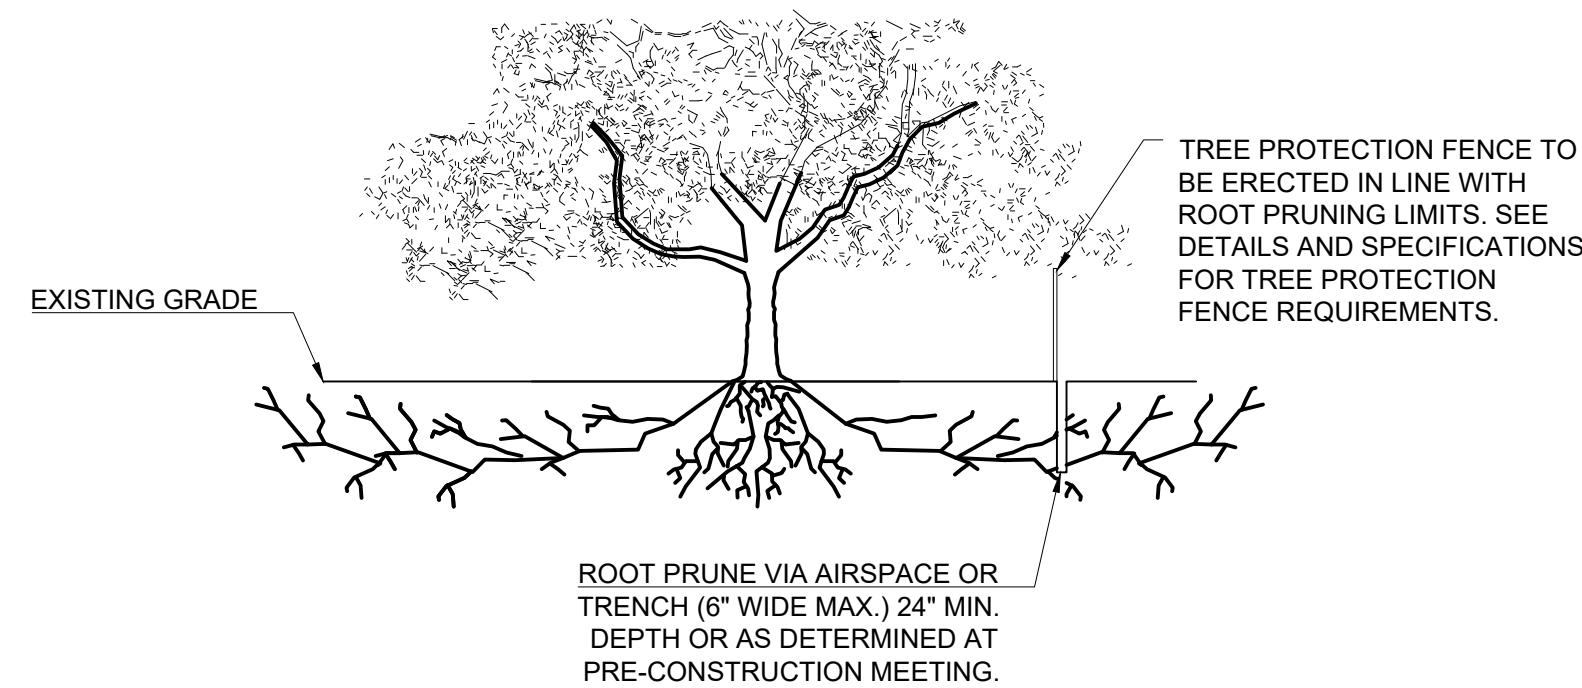

CONSTRUCTION METHODS

1. ALL TREES AND SHRUBS SHOWN TO REMAIN WITHIN THE PROXIMITY OF THE CONSTRUCTION SITE SHALL BE PROTECTED PRIOR TO BEGINNING ANY DEVELOPMENT ACTIVITY.
2. EMPLOY THE SERVICES OF AN ISA (INTERNATIONAL SOCIETY OF ARBORICULTURE) CERTIFIED ARBORIST AND OBTAIN ALL REQUIRED PERMITS TO PRUNE THE EXISTING TREES FOR CLEANING, RAISING AND THINNING, AS MAY BE REQUIRED.
3. PROTECTIVE FENCING SHALL BE ERECTED OUTSIDE THE CRITICAL ROOT ZONE (CRZ) EQUAL TO 1" FROM THE TRUNK FOR EVERY 1" OF DBH AT LOCATIONS SHOWN IN THE PLANS OR AS DIRECTED BY THE LANDSCAPE CONSULTANT AND/OR CITY ARBORIST. AND IN ACCORDANCE WITH THE DETAILS SHOWN ON THE PLANS. FENCING SHALL BE MAINTAINED AND REPAIRED BY THE CONTRACTOR DURING SITE CONSTRUCTION. TREES IN CLOSE PROXIMITY SHALL BE FENCED TOGETHER, RATHER THAN INDIVIDUALLY.
4. PROTECTIVE FENCE LOCATIONS IN CLOSE PROXIMITY TO STREET INTERSECTIONS OR DRIVES SHALL ADHERE TO THE APPLICABLE JURISDICTION'S SIGHT DISTANCE CRITERIA.
5. THE PROTECTIVE FENCING SHALL BE ERECTED BEFORE SITE WORK COMMENCES AND SHALL REMAIN IN PLACE DURING THE ENTIRE CONSTRUCTION PHASE.
6. THE INSTALLATION POSTS SHALL BE PLACED EVERY 6 FEET ON CENTER AND EMBEDDED TO 18 INCHES DEEP. MESH FABRIC SHALL BE ATTACHED TO THE INSTALLATION POSTS BY THE USE OF SUFFICIENT WIRE TIES TO SECURELY FASTEN THE FABRIC TO THE T-POSTS TO HOLD THE FABRIC IN STABLE AND UPRIGHT POSITION.
7. WITHIN THE CRZ:
 - a. DO NOT CLEAR, FILL OR GRADE IN THE CRZ OF ANY TREE.
 - b. DO NOT STORE, STOCKPILE OR DUMP ANY JOB MATERIAL, SOIL OR RUBBISH UNDER THE SPREAD OF THE TREE BRANCHES.
 - c. DO NOT PARK OR STORE ANY EQUIPMENT OR SUPPLIES UNDER THE TREE CANOPY.
 - d. DO NOT SET UP ANY CONSTRUCTION OPERATIONS UNDER THE TREE CANOPY (SUCH AS PIPE CUTTING AND THREADING, MORTAR MIXING, PAINTING OR LUMBER CUTTING).
 - e. DO NOT NAIL OR ATTACH TEMPORARY SIGNS METERS, SWITCHES, WIRES, BRACING OR ANY OTHER ITEM TO THE TREES.
 - f. DO NOT PERMIT RUNOFF FROM WASTE MATERIALS INCLUDING SOLVENTS, CONCRETE WASHOUTS, ASPHALT TACK COATS (MC-30 OIL), ETC. TO ENTER THE CRZ. BARRIERS ARE TO BE PROVIDED TO PREVENT SUCH RUNOFF SUBSTANCES FROM ENTERING THE CRZ WHENEVER POSSIBLE, INCLUDING IN AN AREA WHERE RAIN OR SURFACE WATER COULD CARRY SUCH MATERIALS TO THE ROOT SYSTEM OF THE TREE.
8. ROUTE UNDERGROUND UTILITIES TO AVOID THE CRZ. IF DIGGING IS UNAVOIDABLE, BORE UNDER THE ROOTS, OR HAND DIG TO AVOID SEVERING THEM.

9. WHERE EXCAVATION IN THE VICINITY OF TREES MUST OCCUR, SUCH AS FOR IRRIGATION INSTALLATION, PROCEED WITH CAUTION, AND USING HAND TOOLS ONLY.
10. THE CONTRACTOR SHALL NOT CUT ROOTS LARGER THAN ONE INCH IN DIAMETER WHEN EXCAVATION OCCURS NEAR EXISTING TREES. ALL ROOTS LARGER THAN ONE INCH IN DIAMETER ARE TO BE CUT CLEANLY. FOR OAKS ONLY, ALL WOUNDS SHALL BE PAINTED WITH WOUND SEALER WITHIN 30 MINUTES
11. REMOVE ALL TREES, SHRUBS OR BUSHES TO BE CLEARED FROM PROTECTED ROOT ZONE AREAS BY HAND.
12. TREES DAMAGED OR KILLED DUE TO CONTRACTOR'S NEGLIGENCE DURING CONSTRUCTION SHALL BE MITIGATED AT THE CONTRACTOR'S EXPENSE AND TO THE PROJECT OWNER'S AND LOCAL JURISDICTION'S SATISFACTION.
13. ANY TREE REMOVAL SHALL BE APPROVED BY THE OWNER AND LOCAL JURISDICTION PRIOR TO ITS REMOVAL, AND THE CONTRACTOR SHALL HAVE ALL REQUIRED PERMITS FOR SUCH ACTIVITIES.
14. COVER EXPOSED ROOTS AT THE END OF EACH DAY WITH SOIL, MULCH OR WET BURLAP.
15. IN CRITICAL ROOT ZONE AREAS THAT CANNOT BE PROTECTED DURING CONSTRUCTION AND WHERE HEAVY TRAFFIC IS ANTICIPATED, COVER THE SOIL WITH EIGHT INCHES OF ORGANIC MULCH TO MINIMIZE SOIL COMPACTION. THIS EIGHT INCH DEPTH OF MULCH SHALL BE MAINTAINED THROUGHOUT CONSTRUCTION.
16. WATER ALL TREES IMPACTED BY CONSTRUCTION ACTIVITIES, DEEPLY ONCE A WEEK DURING PERIODS OF HOT DRY WEATHER. SPRAY TREE CROWNS WITH WATER PERIODICALLY TO REDUCE DUST ACCUMULATION ON THE LEAVES.
17. WHEN INSTALLING CONCRETE ADJACENT TO THE ROOT ZONE OF A TREE, USE A PLASTIC VAPOR BARRIER BEHIND THE CONCRETE TO PROHIBIT LEACHING OF LIME INTO THE SOIL.

SUBJECT: CONSTRUCTION CONTRACT FOR WILLIAMS STREET 12" SQUABBLE CREEK SANITARY SEWER EMERGENCY REPAIR

Attachments
Map

Summary/Background Information

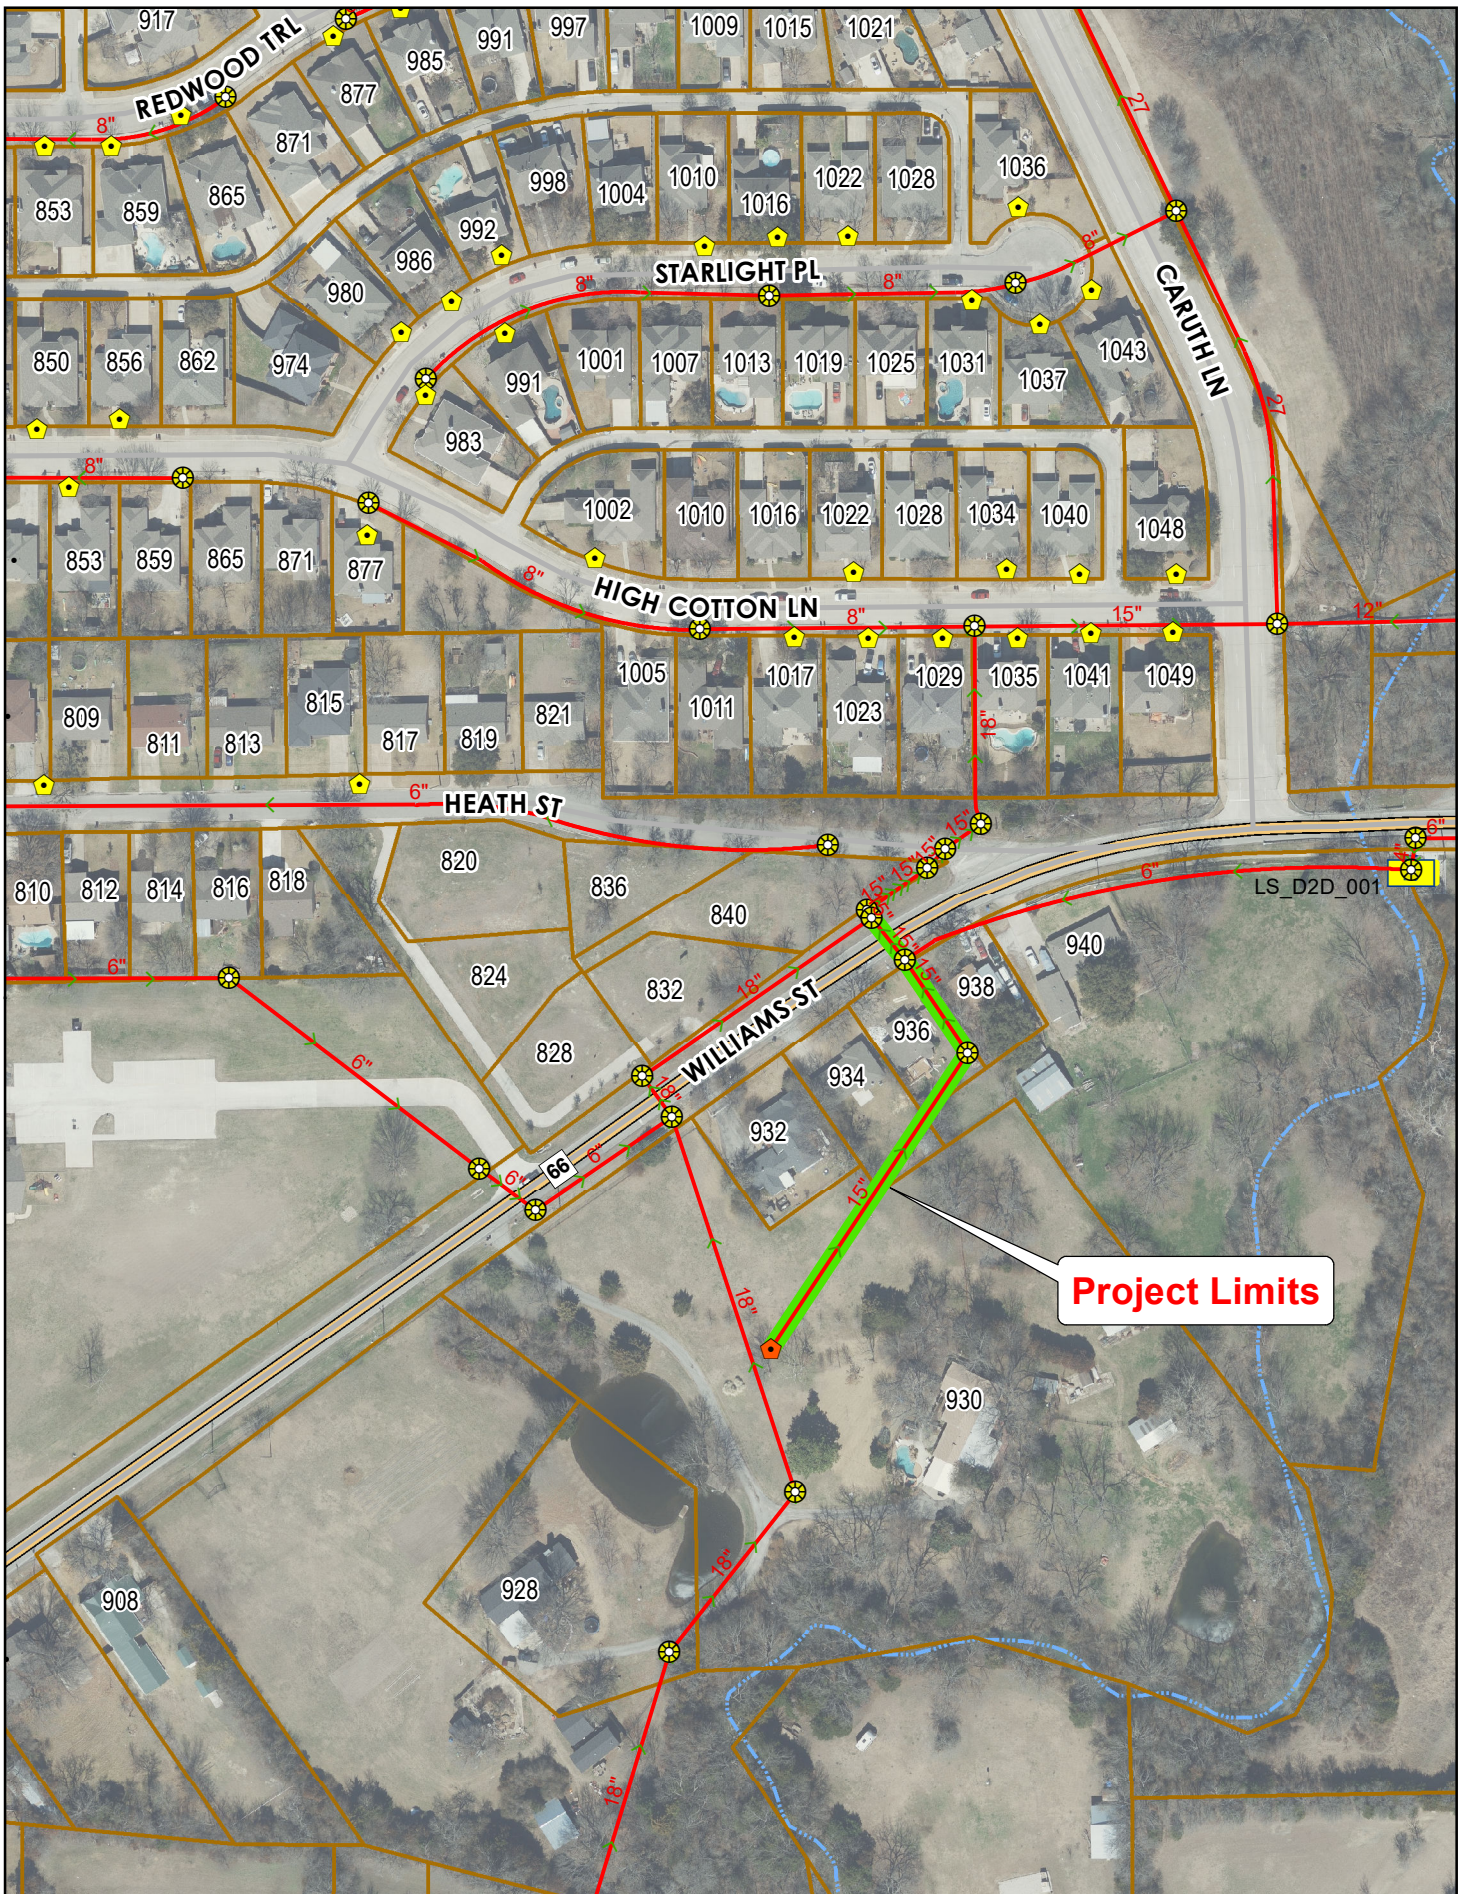

The City of Rockwall Wastewater Department is currently in a City wide 10-year video camera inspection program for the wastewater collection system. In this year's annual video inspection, it was discovered that the existing sanitary sewer line along Williams Street had collapsed in several locations. The attached location map shows this line and the six different houses that it serves.

Staff has contacted NO-DIGTEC, LLC. to make emergency repairs on this line. A total of 450 linear feet of old vitrified clay pipe (VCT) will be replaced with new 12" HPDE pipe by trenchless excavation methods in order to limit disturbance to the surrounding properties. Manhole rehabilitation and new manholes will be installed with this project.

The repair work will begin the first of May and the cost of the above emergency repairs is \$127,002.30, which exceeds the City's competitive sealed bid threshold. Therefore, *Local Government Code Chapter 252, Section 252.022, General Exceptions to the Competitive Bid Process; Item (2)*, "a procurement necessary to preserve or protect the public health or safety of the municipality's residents" ... may be used to justify the emergency repairs made to connect the sanitary sewer.

Staff contracted with NO-DIGTEC, LLC. through The Interlocal Purchasing System (TIPS). Staff is requesting City Council consideration for approval of an emergency repair of the Williams Street – Squabble Creek Sanitary Sewer Emergency Repair in the amount of \$127,002.30 to be funded out of the Water and Sewer Fund.

Subject: City Council Meeting April 18, 2022

Good morning Kristy,

This is Ellis Bentley and I wanted to get on the city council agenda for April 18, 2022.

The matter at hand is the billing for water and sewer and the accuracy or non accuracy of the billing as well as why there is no reminder that you're credit card is about to expire.

I have the last 14 months of bills and there's just no sense to the billing and the graphs that are on each bill I was told aren't accurate.

I just have several questions as to how in the 21st century we can still have issues like this?

CASE NUMBER: Z2022-013; Specific Use Permit (SUP) for Residential Infill in an Established Subdivision

SUMMARY

Hold a public hearing to discuss and consider a request by Rodolfo Cardenas of CARES Home Builder, Inc. for the approval of a Specific Use Permit (SUP) for Residential Infill in an Established Subdivision on a 0.1650-acre parcel of land identified as Lot 985A of the Rockwall Lake Estates #2 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single-Family 7 (SF-7) District land uses, addressed as 130 Chris Drive, and take any action necessary.

BACKGROUND

The subject property was originally platted as Lot 985A of the Rockwall Lake Estates #2 Addition. On February 17, 2009, the subject property -- along with the rest of the Lake Rockwall Estates Subdivision -- was annexed into the City of Rockwall by Ordinance No. 09-07. On September 21, 2009, the City Council rezoned the Lake Rockwall Estates Subdivision from an Agricultural (AG) District to Planned Development District 75 (PD-75) [Ordinance No. 09-37] for Single-Family 7 (SF-7) District land uses. On January 4, 2016, the City Council amended Planned Development District 75 (PD-75) with Ordinance No. 16-01, which made minor changes to the *Consideration of a Special Request* section of the ordinance.

PURPOSE

The applicant is requesting the approval of a Specific Use Permit (SUP) for the purpose of constructing a single-family home on the subject property in accordance with Subsection 02.03(B)(11), *Residential Infill in or Adjacent to an Established Subdivision*, of Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is located at 130 Chris Drive. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are several residential lots developed with traditional single-family homes and modular homes that are zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses. Beyond that is Evans Road, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

South: Directly south of the subject property are two (2) residential lots -- one (1) that is vacant and one (1) that is developed with a single-family home -- that are zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses. Beyond this is County Line Road, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is Chris Drive, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this are several residential lots developed with traditional single-family homes and modular homes that are zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses. East of this is Yvonne Drive, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

West: Directly west of the subject property are several residential lots developed with modular homes and a vacant lot that are zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses. Beyond this is Lynne Drive, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY'S CODES

Article 13, *Definitions*, of the Unified Development Code (UDC) defines *Residential Infill in or Adjacent to an Established Subdivision* as “(t)he new development of a single-family home or duplex on an existing vacant or undeveloped parcel of land or the redevelopment of a developed parcel of land for a new single-family home or duplex within an established subdivision that is mostly or entirely built-out.” An established subdivision is further defined in Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC as “...a subdivision that consists of five (5) or more lots, that is 90% developed, and that has been in existence for more than ten (10) years.” In this case, the subject property is located within the Lake Rockwall Estates East Subdivision. This subdivision has been in existence since prior to 1968, consists of more than five (5) lots, and is considered to be more than 90% developed. The *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the UDC, requires a Specific Use Permit (SUP) for *Residential Infill in or Adjacent to an Established Subdivision* in all single-family zoning districts, the Two-Family (2F) District, the Downtown (DT) District, and the Residential-Office (RO) District. This property, being in Planned Development District 75 (PD-75) and designated for Single-Family 7 (SF-7) District land uses, requires a Specific Use Permit (SUP).

In addition, Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC states that, “...the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing ... [and] (a)ll housing proposed under this section [*i.e. Residential Infill in or Adjacent to an Established Subdivision*] shall be constructed to be architecturally and visually similar or complimentary to the existing housing ...” The following is a summary of observations concerning the housing on Chris Drive compared to the house proposed by the applicant:

Housing Design and Characteristics	Existing Housing on Chris Drive in a Close Proximity to the Subject Property	Proposed House
Building Height	One (1) Story	One (1) Story
Building Orientation	All of the homes are oriented towards Chris Drive	The front elevation of the home will face onto Chris Drive.
Year Built	1978-2019	N/A
Building SF on Property	980 SF – 2,153 SF	2,241 SF
Building Architecture	Single-Family and Modular Homes, Some Vacant Lots	Comparable Architecture to the Surrounding Newer Single-Family Homes
Building Setbacks:		
Front	The front yard setbacks are 20 to 35-Feet	20-Feet
Side	The side yard setbacks are 0 to 33-Feet	5-Feet
Rear	The rear yard setbacks are 10 to 38-Feet	10-Feet
Building Materials	Brick, Vinyl Siding, and Modular Panels	Brick
Paint and Color	Gray, White, Brown, Blue, Yellow	N/A
Roofs	Composite Shingles & Metal	Composite Shingle
Driveways/Garages	Flat-Front Entry, Carports, and Single-Family Homes without Garages	The garage will be set up approximately 6-feet 6-inches in front of the front façade of the home.

According to Section 04, *Residential Parking*, of Article 06, *Parking and Loading*, of the Unified Development Code (UDC), “(i)n single-family or duplex districts, parking garages must be located at least 20-feet behind the front façade for front entry garages ...” In this case, the applicant is proposing to put the garage approximately six (6) feet, six (6) inches in front of the front façade of the home, and if approved the Planning and Zoning Commission and City Council will be waiving this requirement. Staff should note that this waiver has been approved in the Lake Rockwall Estates Subdivision in previous cases.

With the exception of the garage setback requirements, the proposed single-family home meets all of the density and dimensional requirements for the Single-Family 7 (SF-7) District as stipulated by Planned Development District 75 (PD-75) and the Unified Development Code (UDC). For the purpose of comparing the proposed single-family home to the existing single-family housing located adjacent to or in the vicinity of the subject property, staff has provided photos of the properties along Chris Drive. The proposed building elevations have also been provided in the attached packet. The approval of this request is

a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission and a finding that the proposed house will not have a negative impact on the existing subdivision.

NOTIFICATIONS

On March 25, 2022, staff mailed 107 notices to property owners and occupants within 500-feet of the subject property. There are no Homeowner's Associations (HOAs) within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had not received any notices with regard to the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve of the applicant's request for a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) Development of the *Subject Property* shall generally conform to the Residential Plot Plan as depicted in *Exhibit 'B'* of the draft ordinance.
 - (b) Construction of a single-family home on the *Subject Property* shall generally conform to the Building Elevations depicted in *Exhibit 'C'* of the draft ordinance; and,

CASE NUMBER: Z2022-014; Zoning Change Agricultural (AG) District to a Planned Development (PD) with Neighborhood Services (NS) District

SUMMARY

Hold a public hearing to discuss and consider a request by Robert Howman of Glenn Engineering Corp. on behalf of William Salee of the Rockwall Independent School District (RISD) for the approval of a Zoning Change from an Agricultural (AG) District to a Planned Development (PD) District for Neighborhood Services (NS) District land uses on a 173.00-acre tract of land identified as Tract 7-1 of the W. H. Baird Survey, Abstract No. 25 and Lot 1, Block A, Rockwall CCA Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, addressed as 2301 John King Boulevard, and take any action necessary

BACKGROUND

On June 15, 1998, the subject property was annexed by the City Council through *Ordinance No. 98-20 [Case No. A1998-002]*. On December 5, 2016, the City Council approved a Specific Use Permit (SUP) [*Case No. Z2016-035*] for the purpose of allowing a *Public School* in an Agricultural (AG) District on the subject property. On December 13, 2016, the Planning and Zoning Commission approved a site plan [*Case No. SP2016-029*] -- and recommended approval of all associated variances -- allowing the construction of a two (2) story, 150,848 SF public school [*i.e. College and Career Academy (CCA)*]. On December 19, 2016, the City Council approved all requested variances to the SH-205 By-Pass Overlay (SH-205 BY OV) District regarding primary and secondary building material requirements. On April 3, 2017, the City Council approved a final plat [*Case No. P2017-013*] for the Rockwall CCA Addition. On December 29, 2020, the Planning and Zoning Commission approved a variance request for an Accessory Building [*Case No. MIS2020-018*] on the Rockwall CCA's property.

PURPOSE

On March 18, 2022, the applicant -- *Robert Howman of Glenn Engineering Corp.* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for limited Neighborhood Services (NS) District land uses and development standards. Specifically, the land uses and development standards were limited to only allow facilities for the Rockwall Independent School District (RISD).

ADJACENT LAND USES AND ACCESS

The subject property is located at 2301 John King Boulevard. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is Phase 4 of the Lofland Farms Subdivision, which consists of 74-lots on 22.17-acres. North of this subdivision is Dorris A. Jones Elementary School followed by an 11.78-acre tract of vacant land. These properties are zoned Planned Development District 45 (PD-45) for General Retail (GR) District, Single-Family 8.4 (SF-8.4) District, and Single-Family 10 (SF-10) District land uses. Beyond this is SH-276, which is identified as a TXDOT6D (*i.e. Texas Department of Transportation, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

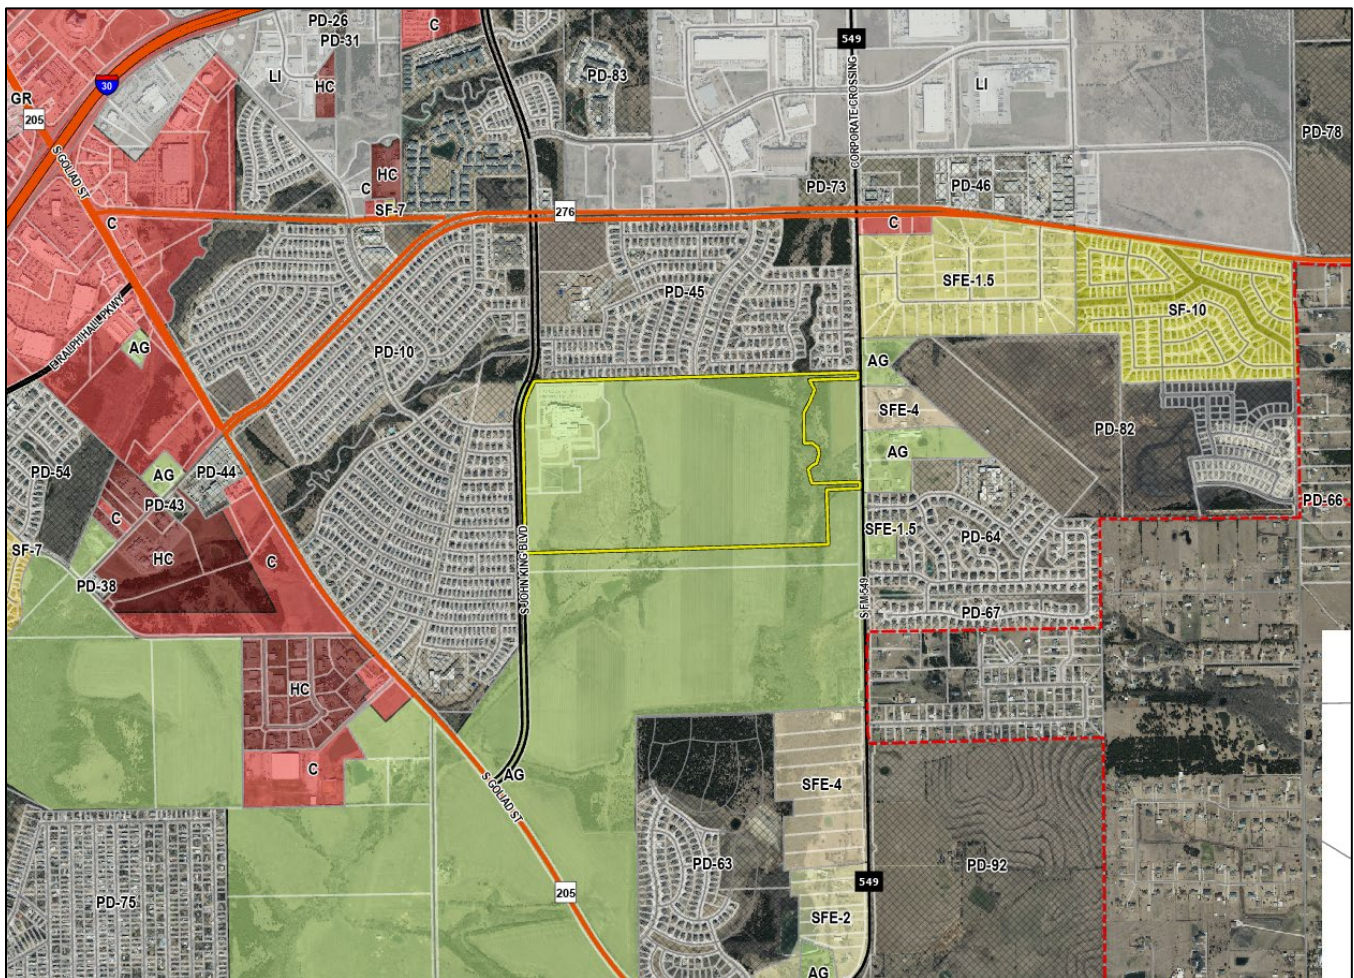

South: Directly south of the subject property are two (2) vacant tracts of land (*i.e. Tract 7 of the W. H. Baird Survey, Abstract No. 25 [28.4540-acres] and Tract 3 of the A. Johnson Survey, Abstract No. 123 [265.0825-acres]*) zoned

Agricultural (AG) District. Beyond this is SH-205, which is identified as a P6D (*i.e. principal arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is a 17.29-acre tract of vacant land (*i.e. Tract 7-2 of the W. H. Baird Survey, Abstract No. 25*) zoned Agricultural (AG) District. East of this is S FM-549, which is identified as a TXDOT4D (*i.e. Texas Department of Transportation, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

West: Directly west of the subject property is S. John King Boulevard, which is identified as a P6D (*i.e. principal arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is Hickory Ridge Park and Phase 4 of the Hickory Ridge Subdivision, which consists of 245 lots on 92.62-acres. These properties are zoned Planned Development District 10 (PD-10) for Single Family 10 (SF-10) District land uses.

MAP 1: LOCATION MAP
YELLOW: SUBJECT PROPERTY

CONFORMANCE TO CITY'S CODES

According to Subsection 04.03, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), "(t)he Neighborhood Services (NS) District is a zoning district intended to provide limited retail land uses near neighborhoods for the purpose of supplying the day-to-day retail and personal service needs of residents." This section goes on to state that "(t)he Neighborhood Services (NS) District is typically located at limited corner locations on arterials in existing developments, and is intended to serve small service areas. Since these sites are typically... surrounded by residential development they can appear to be spot zones; however, the Comprehensive Plan acknowledges the need to create neighborhood units, which

involve the need for limited retail and service uses in close proximity to neighborhoods. The Neighborhood Services (NS) District should not contain uses that create excessive amounts of traffic, noise, litter or that would not be conducive to residential adjacency. Due to the residential adjacency of this zoning district, increased landscaping and buffering requirements are necessary.” In this case, the Neighborhood Services (NS) District is the base zoning district for the Planned Development District; however, the land uses will be limited to only allowing a: [1] *Public or Private Primary School*, [2] *Public or Private Secondary School*, [3] *Public Park or Playground*, and/or [4] *Track or Stadium*. In addition, the *Temporary Education Building for a Public or Private School* and *Accessory Building or Storage* land uses will be allowed through a Specific Use Permit (SUP). The purpose of selecting the Neighborhood Services (NS) District as the base zoning was because it is the lowest intensity non-residential zoning district, but as stated previously staff has further restricted this district. A summary of the proposed density and dimensional requirements is as follows:

Table 1: Density and Dimensional Requirements

<i>Minimum Lot Width</i>	100'
<i>Minimum Lot Depth</i>	200'
<i>Minimum Lot Area</i>	1-Acre or 43,560 SF
<i>Minimum Front Yard Setback</i> ^{(1) & (2)}	30'
<i>Minimum Side Yard Setback</i>	10'
<i>Minimum Rear or Side Yard Setback (Adjacent to a Street)</i>	30'
<i>Minimum Rear Yard Setback</i> ⁽³⁾	10'
<i>Minimum Distance Between Buildings</i> ⁽⁴⁾	15'
<i>Maximum Building Height</i> ⁽⁵⁾	40'
<i>Maximum Lot Coverage</i>	40%
<i>Minimum Required Landscaping</i>	30%

General Notes:

- 1: No more than one (1) full row of parking (*i.e. two [2] rows of parking with a drive aisle*) shall be allowed between the primary building façade and the right-of-way of FM-1141 and Quail Run Road.
- 2: The location of the *Front Yard Building Setback* as measured from the front property line.
- 3: The location of the *Rear Yard Building Setback* as measured from the rear property line.
- 4: Zero (0) feet with a fire rated wall.
- 5: Building height may be increased up to 60-feet if approved through a Specific Use Permit (SUP) by the Planning and Zoning Commission and City Council.

If this zoning change is approved and when the subject property is developed, the development will be required to conform to provide three (3) tiered screening adjacent to all residential properties and conform to all the requirements of the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, and any other applicable local, state or federal requirements.

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject property is situated within South Central Residential District and is designated for Quasi-Public land uses. In addition, the *District Map* shows that the subject property is an ideal place for a *Trail Plan Rest Stop/Trailblazer Pylon* for John King Boulevard in accordance with the John King Boulevard Corridor Plan (*see Subsection 02.02 of Appendix 'B', Corridor Plans, of the OURHometown Vision 2040 Comprehensive Plan*). The *Land Use Designations* section of the plan state that, “(t)he Quasi-Public land use is for land uses that are operated by a private non-profit educational, religious, recreational, charitable, or medical institution having the purpose primarily of serving the general public.” For the Planning and Zoning Commission and City Council’s review, staff has included excerpts from the Comprehensive Plan showing the *Land Use Plan* and *District Strategies* for the South Central Residential District. In this case, the applicant’s request would be better classified under the Public land use designation. According to the Comprehensive Plan “(t)he Public land use designation includes uses that are operated exclusively by a public body that serve the public’s health, safety or general welfare.” Staff should point out that while the Rockwall Independent School District (RISD) generally conforms with the Quasi-Public land use examples and the two land uses (Public and Quasi-Public) are very similar in nature, the Public land use designation is intended for public agencies. Based on this, the proposed zoning change will require the City Council to amend the Future Land Use Map from a Quasi-Public land use designation to a Public land use. This has been added to the *Conditions of Approval* for this case.

INFRASTRUCTURE

Based on the proposed request, the following infrastructure is required to be constructed to provide adequate public services for any development of the subject property:

- (1) **Roadways**. At the time of development, the developer shall verify the right-of-way width of John King Boulevard to ensure there is 110-feet of right-of-way. The applicant is also responsible for constructing an extension of Stableglen Drive through the subject property. This roadway is classified as a *Minor Collector* and will require a minimum of 60-feet of right-of-way with a 41-foot *back-of-curb to back-of-curb* concrete street. A five (5) foot sidewalk will be required to be constructed along both sides of the roadway. A ten (10) foot sidewalk along John King Boulevard is required to be extended from the existing *College and Career Academy* to the southern property line of the subject property.
- (2) **Water**. A 12-inch water line will need to be constructed in the right-of-way of Stableglen Drive from the northern property line to the southern property line. A 12-inch water is required to be extended from the *College and Career Academy* to the southern property line of the subject property. In addition, an infrastructure study will need to be performed in order to determine what additional water infrastructure is need to be looped or extended through the site.
- (3) **Wastewater**. An infrastructure study will need to be performed in order to determine the necessary improvements to the existing system needed to adequately serve the proposed development. The applicant may be required to pay existing pro-rata agreements if necessary.
- (4) **Drainage**. The applicant shall be required to perform a flood/detention study to delineate the fully developed 100-year localized floodplain for all ponds, creeks or streams, and draws on the subject property as well as provide detention of any proposed development.

STAFF ANALYSIS

The proposed zoning change is in conformance with the Planned Development District standards and with the underlying zoning of Neighborhood Services (NS) District as defined by the Unified Development Code (UDC). In addition, the change appears to conform to the policies and guidelines of the OURHometown Vision 2040 Comprehensive Plan; however, zoning is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On March 25, 2022, staff mailed 273 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Hickory Ridge, Hickory Ridge East, Lofland Farms, and Fontanna Ranch Homeowner's Associations (HOAs), which were the only Homeowner's Associations (HOAs) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received two (2) property owner notifications from two (2) property owners within the 500-foot notification area in favor of the applicant's request and one (1) property owner notification from one (1) property owner within the 500-foot notification area in opposition to the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request to rezone the subject property from an Agricultural (AG) District to a Planned Development (PD) District for Neighborhood Services (NS) District land uses, then staff would propose the following conditions of approval:

- (1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of engineering plans;

- (2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a Quasi-Public designation to a Public designation; and,
- (3) The applicant shall be responsible for maintaining compliance with the Planned Development District ordinance; and
- (4) Any construction resulting from the approval of this Zoning Change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 12, 2022, the Planning and Zoning Commission approved a motion to recommend approval of the Zoning Change by a vote of 6-0, with Commissioner Conway absent.

16 SOUTH CENTRAL RESIDENTIAL DISTRICT

DISTRICT DESCRIPTION

The *South Central Residential District* contains a mixture of established medium and low density residential subdivisions along with several large vacant tracts of land designated for low density residential land uses. At the center of the district, the Rockwall Independent School District (RISD) acquired a large tract of land that is the home of the new Career Academy School, with potential plans to add a stadium, high school, and middle school to the property in the future. In addition, the realignment of SH-276 will create a major intersection at the corner of SH-205 and SH-276 that is anticipated to be a major commercial corner after the completion of the realignment. Having some of the largest tracts of undivided land, the *South Central Residential District* is an ideal place for low-density master planned communities that are highly amenitized.

DISTRICT STRATEGIES

The *South Central Residential District* is anticipated to add additional suburban developments in the western and southern areas of the district. Taking this into consideration the following are the strategies for this district:

- 1 **Suburban Residential.** This district has several large tracts of land that can support highly amenitized master planned communities. These developments should look to incorporate Traditional Neighborhood Design (TND) design principles to create unique developments from the more traditional suburban design prevalent in the northern districts. These developments should include a mix of larger to mid-sized lots.
- 2 **Commercial Land Uses.** Commercial in the northern areas of this district are intended to support the existing and proposed residential developments and should be compatible in scale with the adjacent residential structures. Commercial areas along SH-205 can include supportive and larger commercial developments. Larger commercial developments and cluster development is anticipated at the intersection of S. Goliad Street [SH-205] and SH-276 and S. Goliad Street [SH-205] and John King Boulevard. All commercial development should use berms, landscaping and large buffers to transition to residential land uses.
- 3 **John King Boulevard Trail Plan.** A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'A'* of this Comprehensive Plan.

APPLICANT: Robert Howman; Glenn Engineering Corp
CASE NUMBER: Z2022-015; Zoning Change Agricultural (AG) District to a Planned Development (PD) with Neighborhood Services (NS) District

SUMMARY

Hold a public hearing to discuss and consider a request by Robert Howman of Glenn Engineering Corp. on behalf of William Salee of the Rockwall Independent School District (RISD) for the approval of a Zoning Change from an Agricultural (AG) District to a Planned Development (PD) District for Neighborhood Services (NS) District land uses for a 76.068-acre tract of land identified as Tracts 14-01 & 14-11 of the J. M. Glass Survey, Abstract No. 88, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, generally located at the northwest corner of the intersection of FM-1141 and E. Quail Run Road, and take any action necessary.

BACKGROUND

On August 30, 1999, the subject property was annexed by the City Council through *Ordinance No. 99-33 [Case No. A1999-001]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. The subject property has been remained vacant since annexation.

PURPOSE

On March 18, 2022, the applicant -- *Robert Howman of Glenn Engineering Corp.* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for Neighborhood Services (NS) District land uses and development standards. Specifically, the land uses and development standards were limited to only allow facilities for the Rockwall Independent School District (RISD).

ADJACENT LAND USES AND ACCESS

The subject property is located northwest corner of the intersection of FM-1141 and E. Quail Run Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is the Dalton Ranch Subdivision, which consists of 151-lots on 62.33-acres and zoned Planned Development (PD-58) District. North of this subdivision is SH-276, which is identified as a TXDOT6D (*i.e. Texas Department of Transportation, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

South: Directly south of the subject property is E Quail Run Road which is identified as a M4U (*i.e. major collector, four [4] lane, undivided highway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the corporate limits of the City of Rockwall followed by several properties with single-family homes situated on them.

East: Directly east of the subject property is FM-1141 which is identified as a M4D (*i.e. major collector, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. East of this are two (2) tracts of land (*i.e. Tract 14 [48.267-acre] and Tract 4 [101.43-acre], Abstract No. A0088 of the JM Glass Survey*) which are zoned as Agriculture (AG) District.

West: Directly west of the subject property is the Stoney Hollow Addition, which is zoned Single-Family 16 (SF-16). West of this is Gideon Grove which consists of 72-lots and zoned Planned Development 77 (PD-77). Beyond this is the Saddle Star Estates Subdivisions, which consists of 66-lots and zoned Planned Development 79 (PD-79). West of this is N. John King Boulevard, which is identified as a P6D (i.e. *principal arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

YELLOW: SUBJECT PROPERTY

CONFORMANCE TO CITY'S CODES

According to Subsection 04.03, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), “(t)he Neighborhood Services (NS) District is a zoning district intended to provide limited retail land uses near neighborhoods for the purpose of supplying the day-to-day retail and personal service needs of residents.” This section goes on to state that “(t)he Neighborhood Services (NS) District is typically located at limited corner locations on arterials in existing developments, and is intended to serve small service areas. Since these sites are typically... surrounded by residential development they can appear to be spot zones; however, the Comprehensive Plan acknowledges the need to create neighborhood units, which involve the need for limited retail and service uses in close proximity to neighborhoods. The Neighborhood Services (NS) District should not contain uses that create excessive amounts of traffic, noise, litter or that would not be conducive to residential adjacency. Due to the residential adjacency of this zoning district, increased landscaping and buffering requirements are necessary.” In this case, the Neighborhood Services (NS) District is the base zoning district for the Planned Development District; however, the land uses will be limited to only allowing a: [1] *Public or Private Primary School*, [2] *Public or Private Secondary School*, [3] *Public Park or Playground*, and/or [4] *Track or Stadium*. In addition, the *Temporary Education Building for a Public or Private School* and *Accessory Building or Storage* land uses will be allowed through a Specific Use Permit (SUP). The purpose of selecting the Neighborhood Services (NS) District as the base zoning was because it is the lowest intensity non-residential

zoning district, but as stated previously staff has further restricted this district. A summary of the proposed density and dimensional requirements is as follows:

Table 1: Density and Dimensional Requirements

Minimum Lot Width	100'
Minimum Lot Depth	200'
Minimum Lot Area	1-Acre or 43,560 SF
Minimum Front Yard Setback ^{(1) & (2)}	30'
Minimum Side Yard Setback	10'
Minimum Rear or Side Yard Setback (Adjacent to a Street)	30'
Minimum Rear Yard Setback ⁽³⁾	10'
Minimum Distance Between Buildings ⁽⁴⁾	15'
Maximum Building Height ⁽⁵⁾	40'
Maximum Lot Coverage	40%
Minimum Required Landscaping	30%

General Notes:

- 1: No more than one (1) full row of parking (i.e. two [2] rows of parking with a drive aisle) shall be allowed between the primary building façade and the right-of-way of FM-1141 and Quail Run Road.
- 2: The location of the *Front Yard Building Setback* as measured from the front property line.
- 3: The location of the *Rear Yard Building Setback* as measured from the rear property line.
- 4: Zero (0) feet with a fire rated wall.
- 5: Building height may be increased up to 60-feet if approved through a Specific Use Permit (SUP) by the Planning and Zoning Commission and City Council.

If this zoning change is approved and when the subject property is developed, the development will be required to conform to provide three (3) tiered screening adjacent to all residential properties and conform to all the requirements of the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, and any other applicable local, state or federal requirements.

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject property is situated within *Northeast Residential District* and is designated for *Quasi-Public* land uses. The *Land Use Designations* section of the plan state that, “(t)he *Quasi-Public* land use is for land uses that are operated by a private non-profit educational, religious, recreational, charitable, or medical institution having the purpose primarily of serving the general public.” For the Planning and Zoning Commission and City Council’s review, staff has included excerpts from the Comprehensive Plan showing the *Land Use Plan* and *District Strategies* for the *Northeast Residential District*. In this case, the applicant’s request would be better classified under the *Public* land use designation. According to the Comprehensive Plan “(t)he *Public* land use designation includes uses that are operated exclusively by a public body that serve the public’s health, safety or general welfare.” Staff should point out that while the Rockwall Independent School District (RISD) generally conforms with the *Quasi-Public* land use examples and the two land uses (*Public* and *Quasi-Public*) are very similar in nature, the *Public* land use designation is intended for public agencies. Based on this, the proposed zoning change will require the City Council to amend the Future Land Use Map from a *Quasi-Public* land use designation to a *Public* land use. This has been added to the *Conditions of Approval* for this case.

INFRASTRUCTURE

Based on the proposed request, the following infrastructure is required to be constructed to provide adequate public services for any development of the subject property:

- (1) Roadways. A Traffic Impact Analysis (TIA) will be required at the time the civil engineering is submitted. At the time of development, the developer shall verify the right-of-way width of FM-1141 to ensure there is 65-feet of right-of-way from the centerline of the roadway. Depending on the Traffic Impact Analysis (TIA), FM-1141 could require turn lanes and acceleration/deceleration lanes to be constructed. In addition, the developer shall verify the right-of-way width of E. Quail Run Road to ensure that there is a 32.50-feet of right-of-way from the centerline of the roadway. A minimum of a 24-foot concrete roadway shall be constructed along E. Quail Run Road; however, this roadway may need to be expanded

depending on the Traffic Impact Analysis (TIA). The applicant is also responsible for constructing a 45-foot *back-of-curb to back-of-curb* concrete roadway in a 65-foot right-of-way for the extension of Panhandle Drive from its current dead end location to E. Quail Run Road. Any additional right-of-way necessary to establish a 65-foot right-of-way for North County Lane shall be dedicated, and this roadway must be expanded to be a 45-foot *back-of-curb to back-of-curb* concrete street.

- (2) Water. A twelve (12) inch water line will need to be constructed in the Panhandle Drive right-of-way to the south property line and along North Country Lane to connect to FM-1141.
- (3) Wastewater. The developer shall be required to pay all applicable pro-rata agreements at the time of site/civil approval.
- (4) Drainage. Detention will be required and sized per the required detention study.

STAFF ANALYSIS

The proposed zoning change is in conformance with the Planned Development District standards and with the underlying zoning of Neighborhood Services (NS) District as defined by the Unified Development Code (UDC). In addition, the change appears to conform to the policies and guidelines of the OURHometown Vision 2040 Comprehensive Plan; however, zoning is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On March 25, 2022, staff mailed 128 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Stoney Hollow and Dalton Ranch Homeowner's Associations (HOAs), which were the only Homeowner's Associations (HOAs) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received two (2) property owner notifications from two (2) property owners within the 500-foot notification buffer in opposition of the applicant's request and one (1) property owner notifications from one (1) property owner within the 500-foot notification buffer in favor of the applicants request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve of the applicant's request to rezone the subject property from an Agricultural (AG) District to a Panned Development (PD) District for Neighborhood Services (NS) District land uses, then staff would propose the following conditions of approval:

- (1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of engineering plans;
- (2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a Quasi-Public designation to a Public designation; and,
- (3) The applicant shall be responsible for maintaining compliance with the Planned Development District ordinance; and
- (4) Any construction resulting from the approval of this Zoning Change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On April 12, 2022, the Planning and Zoning Commission approved a motion to recommend approval of the Zoning Change by a vote of 6-0, with Commissioner Conway absent.

I am not in favor of NS zone that could include retail such as car wash, pet shop, dry cleaning, etc. A school is being built on this land & I don't see how a retail space would fit in. 2 lane road cannot handle traffic.

11 NORTHEAST RESIDENTIAL DISTRICT

↑ NORTHERN ESTATES DISTRICT (PAGE 1-24)

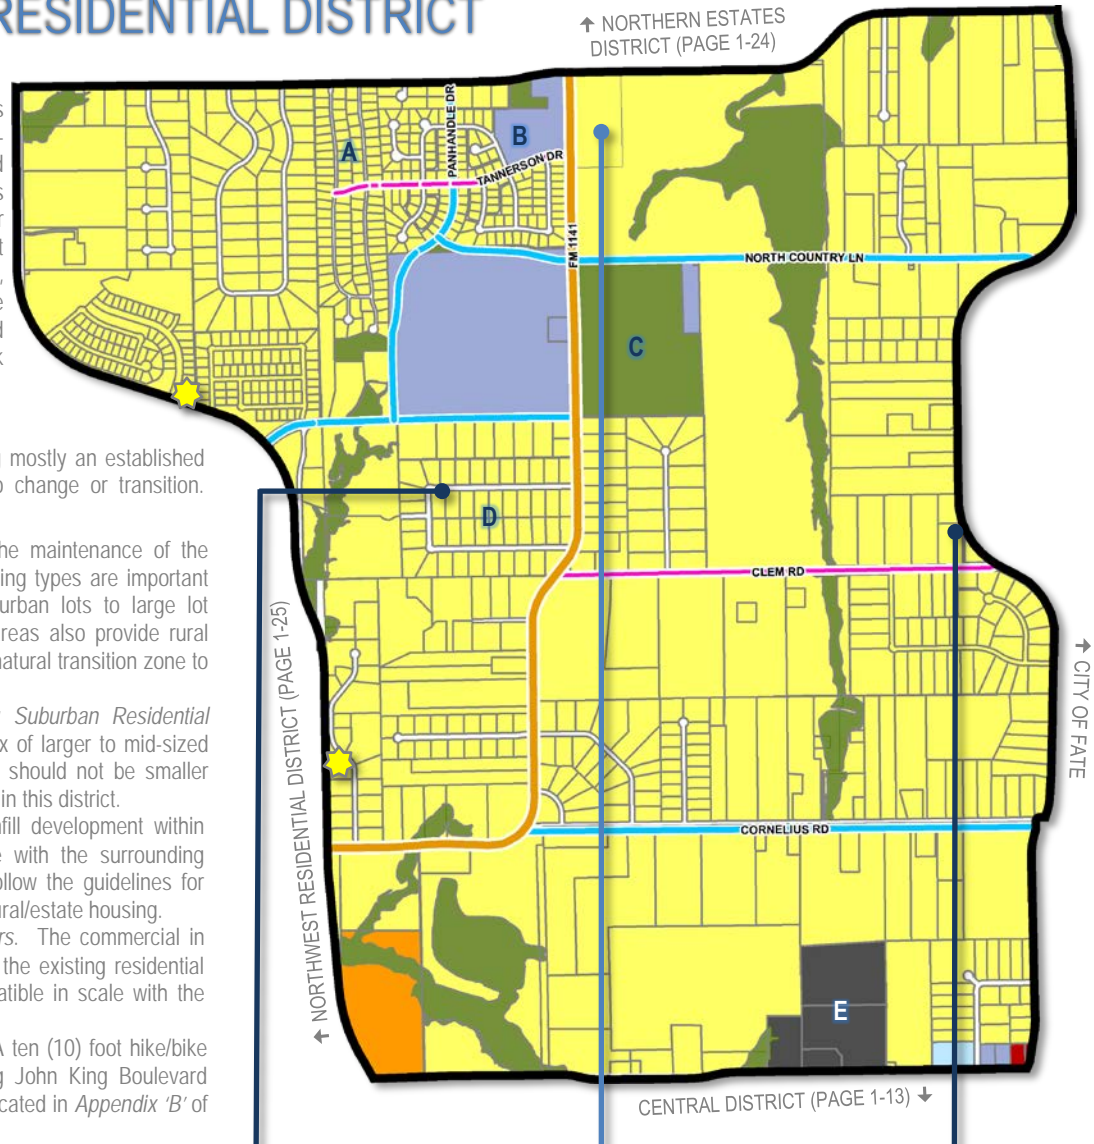

DISTRICT DESCRIPTION

The *Northeast Residential District* is characterized by its established low-density residential subdivisions and rural/estate style lots. This district is anticipated to be a future growth center for the City, having several large vacant tracts of land suitable for low-density, residential development. In addition, the City currently owns a large tract of land that will be a northern community park and serve this district in the future.

DISTRICT STRATEGIES

The *Northeast Residential District* being mostly an established residential district, is not anticipated to change or transition. The strategies for this district are:

- 1 *Estate and Rural Residential.* The maintenance of the *Estate and Rural Residential* housing types are important to balancing the diversity of suburban lots to large lot housing within the City. These areas also provide rural reserves for the City and create a natural transition zone to the east, towards FM-3549.
- 2 *Suburban Residential.* Any new *Suburban Residential* developments should include a mix of larger to mid-sized lots. Lots in these developments should not be smaller than existing *Suburban Residential* in this district.
- 3 *Infill Development.* Residential infill development within this district should be compatible with the surrounding structures and should generally follow the guidelines for low density, suburban housing or rural/estate housing.
- 4 *Neighborhood/Convenience Centers.* The commercial in this district is intended to support the existing residential subdivisions and should be compatible in scale with the adjacent residential structures.
- 5 *John King Boulevard Trail Plan.* A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'B'* of this Comprehensive Plan.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Honorable Mayor and City Council Members

FROM: Mary Smith, City Manager

DATE: April 14, 2022

SUBJECT: Extension of Sewer Services in Lake Rockwall Estates (LRE)

In 2009, the City annexed the Lake Rockwall Estates (LRE) neighborhood into the City. For many years, a private water and sewer provider, Aqua America, served LRE residents. Aqua operated a package sewer plant on Horizon Road near County Line Road. We spent several years after annexation attempting to acquire the right to serve water and sewer to LRE. This included legislative efforts as well as direct negotiations, which ultimately led to our purchasing their systems in 2013. Aqua had to remove the Sewer Plant as a condition of the agreement and that was done shortly after the agreement was finalized.

The utilities in LRE are a hodge-podge of water and sewer mains that were built to a rural standard. Most of the water and sewer connections are to the back of the property in an easement unlike other neighborhoods with services to the street. There are several streets either completely or partially un-sewered. On those streets, septic systems are the norm. The lots are generally too small for the systems to function well and many lots are vacant and cannot get a permit for a system. These streets appear on the attached map and include all of Renee, Nicole, Russell, and parts of Wayne, Yvonne, and Evans. In all 261 lots, either has a septic system or are vacant.

County standards require 1.5 acres per building lot to support an on-site septic system. The City has worked with a few developments to lower that standard to about 1 acre. Other counties require .5 acre for the system. In the case of the LRE neighborhood, there are lots as small as 5,000 - 7,000 square feet with a septic system. Many of the systems are aged and failing resulting in complaints of odor and undesirable materials on the ground. There are also buildable lots in this part of the neighborhood that would support a stick-built home if they were on the City's sewer system.

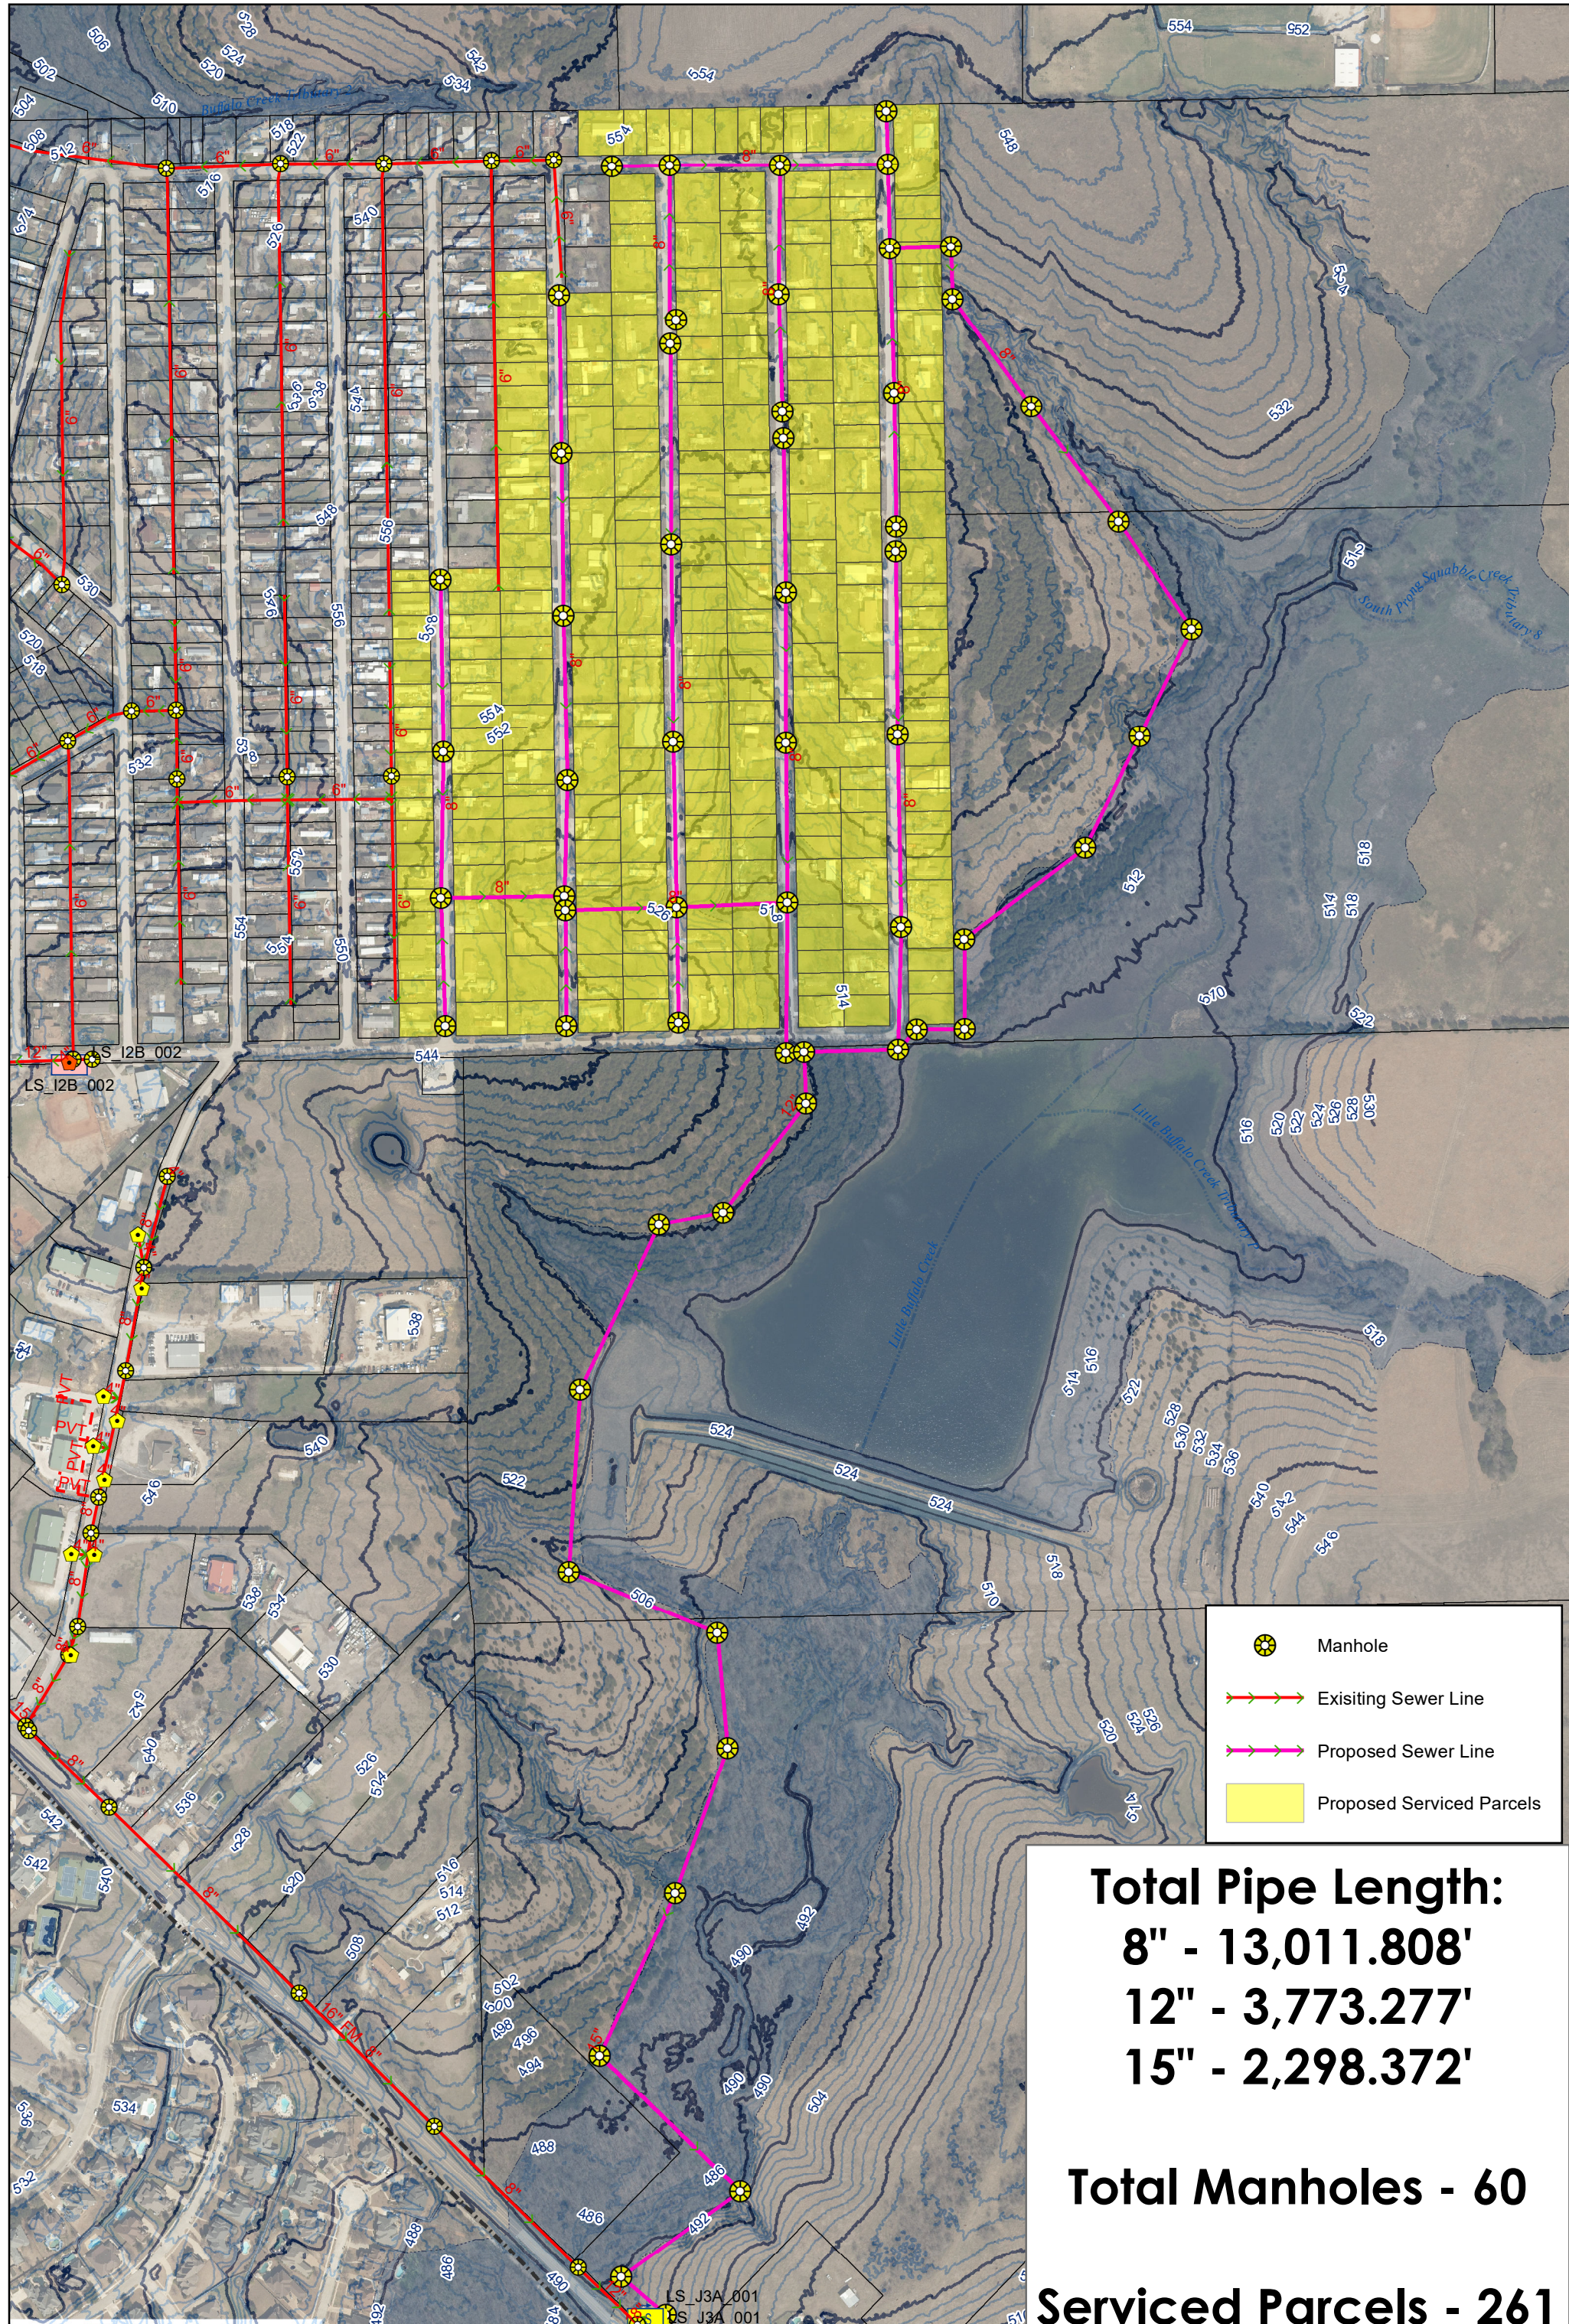

In 2021, the American Rescue Plan became law creating a program to provide infrastructure funds, which would allow us to remedy this situation. The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program provides funding to municipalities and counties based on population. Expenditure of the funds are limited to four areas, which include replacing lost revenues, responding to Covid 19, premium pay for certain employees, and most significantly "to invest in water, sewer, and broadband infrastructure".

The funds were sent automatically – all we had to do was say we wanted them rather than the more typical reimbursement basis. Treasury released the first tranche late last year and the second tranche will be released twelve months after the first. Entities receiving more than \$10 million must make quarterly reports of progress in expending the funds. The City of Rockwall is slated to receive \$11,370,401.64 in total. Funds must be obligated by December 31, 2024 and expended by December 31, 2026.

Staff and our consulting engineers have done a study to evaluate the sewer infrastructure in LRE and determined that installing sanitary sewer mains tied to the city's sewer system in this neighborhood would provide service to 223 lots and remove 159 active septic systems. The estimated project cost is \$9,500,000 based on the engineer's review of the scope of the project. We would propose to plan to use the federal funds to move forward with engineering plans for this project. The construction project would be subject to public bid and bid award by City Council later.

We are in the process of studying other areas of the City with septic systems to determine if we can use the remaining funds for this same purpose.

Staff requests Council consider approval of the engineering contract with Birkhoff, Hendricks, and Carter in the amount of \$744,920 to design the sanitary sewer system in the unserved area of Lake Rockwall Estates from the State and Local Fiscal Recovery Funds.

Scope of Services

Little Buffalo Creek Trunk Sewer and Lake Rockwall Estates Sanitary Sewer Improvements

Project Description:

The City of Rockwall (City) desires to engage the services of Birkhoff, Hendricks and Carter, L.L.P. (Consultant) to provide engineering design, bidding, construction administration, surveying for easements and design, land rights acquisition, and geotechnical services for the following projects:

Little Buffalo Creek Trunk Sewer Improvements

The Little Buffalo Creek Trunk Sewer as shown by the City of Rockwall’s 2018 Wastewater System Master Plan, is proposed to begin at the outfall of the proposed Lake Rockwall Estates (LRE) Sanitary Sewer Improvements, near the intersection of County Line Road and Renee Drive. The proposed improvements include approximately 4,700 linear feet (LF) of 15-inch diameter sanitary sewer, discharging into the City’s existing F.M. 3097 No. 1 Lift Station.

Lake Rockwall Estates (LRE) Sanitary Sewer Improvements

The eastern portion of the Lake Rockwall Estates (LRE) subdivision is currently served by on-site sanitary sewer septic systems. The proposed LRE Sanitary Sewer Improvements include gravity sanitary sewers within the subdivision, allowing the existing services to be transferred from on-site septic systems to the City’s wastewater collection system. The proposed sanitary sewer improvements are expected to be placed under the existing asphalt streets where feasible. The improvements include approximately 12,250 LF of proposed 8-inch diameter sanitary sewer, two hundred eighty (280) sanitary sewer service connections, including abandonment of septic tanks in-place on private property, and rehabilitation of the existing asphalt pavement.

F.M. 3097 No. 1 Lift Station Improvements

The Little Buffalo Creek Trunk Sewer is proposed to discharge into the existing F.M. 3097 No. 1 Lift Station. The existing lift station will be expanded to its buildout capacity of 4.3 million gallons per day (MGD) as shown by the City’s 2019 Wastewater Master Plan. The scope of the design phase includes replacement of two existing submersible pumps, associated electrical and standby generator improvements, and site improvements. The site improvements are proposed to expand the footprint of the existing site to improve accessibility for operation and maintenance, including replacement of the perimeter fencing, widening of the existing concrete site pad, and acquisition of additional easement.

F.M. 3097 No. 2 Lift Station Improvements

The existing F.M. 3097 No. 2 Lift Station is located downstream of the F.M. 3097 No. 1 Lift Station. The existing lift station will be expanded to its buildout capacity of 5.6 million gallons per day (MGD) as shown by the City’s 2019 Wastewater Master Plan. One of the pumps was upgraded to buildout capacity in 2020, and the scope of the design includes replacement of the second existing submersible pump and associated electrical and standby generator improvements.

A project location map identifying each project is attached at the end of this Exhibit A.

 - b) Considerations to include existing topography (contours), the proximity of the Soil Conservation Lake, and comparison of options for proposed crossing of Little Buffalo Creek, including replacement of the existing 12-inch sanitary sewer located along F.M. 3097 with a new 15-inch sanitary sewer or crossing of Little Buffalo Creek with a new 15-inch sanitary sewer adjacent to and north of the existing F.M. 3097 No. 1 Lift Station site.
 - c) Identify and address major challenges associated with each route.
 - d) Determine expected easement acquisition requirements for each route.
 - e) Prepare route study exhibits plotted at a scale of not less than 1" = 100' showing parcel lines, preliminary trunk sewer alignments, existing utilities, and expected easement requirements.
 - f) Formulate conceptual project budgets for each route.
- 1.2.6. Conduct conceptual cost-comparison analysis for the proposed LRE Sanitary Sewer Improvements. Two options for general layout/configuration of the improvements will be considered.

- a) Options are expected to include placement of sanitary sewer system under the existing asphalt street pavement and placement within the existing parkway (between edge of street and right-of-way (ROW)).
 - b) Conceptual layout of proposed sanitary sewer system will consider existing topography (contours), available ROW and easements, and potential conflicts with existing above ground (e.g., buildings) and below ground (e.g., existing water line) improvements.
 - c) Identify and address major challenges associated with each option.
 - d) Determine expected easement acquisition requirements.
 - e) Prepare exhibits plotted at a scale of not less than 1" = 100' showing parcel lines, preliminary sanitary sewer alignments, existing utilities, and expected easement requirements.
 - f) Formulate conceptual project budgets for each option.
- 1.2.7. Conduct preliminary engineering evaluation for the F.M. 3097 No. 1 Lift Station Improvements
- a) Review existing and future land use within lift station service area and confirm projected buildout design flow to be used in sizing of proposed firm pumping design capacity.
 - b) Conduct one site visit to observe existing conditions.
 - c) Finalize selection of two new pumps and determine any associated modifications needed to the existing electrical and standby generator systems.
 - d) Prepare preliminary layout exhibit showing proposed site improvements including expansion for existing concrete pavement, driveway, and perimeter fencing.
 - e) Determine expected easement acquisition requirements.
 - f) Formulate conceptual project budget.
- 1.2.8. Conduct preliminary engineering evaluation for the F.M. 3097 No. 2 Lift Station Improvements
- a) Review existing and future land use within lift station service area and confirm projected buildout design flow to be used in sizing of proposed firm pumping design capacity.
 - b) Conduct one site visit to observe existing conditions (to be combined with site visit for FM 3097 No. 1 Lift Station).
 - c) Finalize selection of one new pump and determine any associated modifications needed to the existing electrical and standby generator systems.
 - d) Formulate conceptual project budget.
- 1.2.9. Prepare preliminary engineering report summarizing the findings from Little Buffalo Creek Trunk Sewer route study , LRE Sanitary Sewer System cost-comparison analysis and preliminary evaluation of FM. 3097 Lift Station No. 1 and No. 2 improvements. The letter report will include route and lift station layout exhibits, project budgets, and recommendations for proposed improvements.
- 1.2.10. Submit the preliminary engineering report to the City for review in electronic PDF format.
- 1.2.11. Meet with the City virtually or in-person to review and discuss the preliminary engineering report.
- 1.2.12. Incorporate the City comments, finalize and submit the preliminary engineering report to the City in electronic PDF format.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Mary Smith, City Manager
Joey Boyd, Assistant City Manager

FROM: Travis Sales, Parks, Recreation and Animal Services Director

DATE: April 18, 2022

SUBJECT: 2022 Founders Day Festival

The 2022 City of Rockwall Founders Day will be held at Harry Myers Park on Saturday, May 21st beginning at 10:00am and concluding around 9:00pm.

This year our main stage entertainment will open with Chris Colston from 4:00 – 5:30pm, and then supporting our headliner we have Jason Boland and the Stragglers from 6:00 – 7:30pm, and we finish the evening with our headliner Kevin Fowler from 8:00 – 9:30pm. These talented artists are sure to provide high quality entertainment and performances to our Rockwall residents.

In 2014, the City Council amended sec. 30-2, Regulated Activities in Parks which permitted the possession and consumption of alcohol in Harry Myers Park for City-sponsored events as designated by the City Council. Since Founders Day Festival was held on the Square for eight years prior to the 2014 festival, patrons have been permitted to bring their own alcoholic beverages to the festival. When the venue location changed in 2014, the City Council has considered this matter each year as to whether or not to allow alcohol in Myers Park on the day of the festival.

With the 2022 festival just a few weeks away, the City Council has the discretion to designate the event as a City-sponsored event where the possession and consumption of alcohol would be permitted. The designation must be granted annually and expires at the conclusion of the event and can be limited to all or a portion of Harry Myers Park. As with all previous Founders Day Festivals, coordination and planning is already underway with the Rockwall Police Department and the Rockwall Fire Department.

Discuss and consider granting permission for an alcohol waiver associated with the city's May 21, 2022 Founders Day Festival at Harry Myers Park in accordance with Chapter 30, Article I, Sec. 30-2, "Regulated Activities in Parks" of the Code of Ordinances, and take any action necessary.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Honorable Mayor and City Council Members
FROM: Kristy Teague, City Secretary/Asst. to the City Manager
DATE: April 14, 2022
SUBJECT: Adoption of an Official “City Seal”

At the February 22, 2022 meeting, Council authorized the City Manager to enter into a contract with a vendor (Kofile) who is working on a large project to preserve and scan in old, historic, city documents (prior to 1950, with some dating back as far as the 1800’s). As part of this project, the vendor has asked the City to identify what it would like ‘inscribed’ (in ‘gold foil lettering’) on the front of each new book.

Staff has discussed this internally and does not believe it would be appropriate or make sense to affix the current (or past) city ‘logo’ to the front of the books, since Lake Ray Hubbard (symbolic within the sailboat contained as part of the city’s logo) did not even exist in Rockwall back in ‘historic’ times. In lieu of the city logo, we feel it will be most appropriate to affix the “official city seal” to the front of the newly preserved, historic books.

In looking into this possibility, staff discovered that two different city seals have been utilized on past official records (i.e. resolutions, minutes, ordinances, etc.) of the City. The one that has been utilized in more recent years is shown on the left below. This one has been identified on documents from about 1990’s to present. The one that has been found on much older, city documents is shown on the right below. This one (with star in the center) has been identified on much older documents (1970’s and prior).

Newer City Seal

Older City Seal

I have searched old city records but have been unable to locate any indication that the Rockwall City Council has ever formally adopted an ‘official city seal.’ In addition, City Attorney Frank Garza has checked with the TX Secretary of State’s

Office and has confirmed that the City of Rockwall does not have an official city seal on file with the state either.

Therefore, staff is asking Council to consider formally adopting one of the 'seals' above as the official seal for our City. Thereafter, if the Council so desires, staff will work with Mr. Garza's office to get our official city seal formally designated and filed with the TX Secretary of State's Office.

Staff is available to answer any questions you may have.
