

AGENDA
PLANNING AND ZONING COMMISSION WORK SESSION
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
August 27, 2019
6:00 P.M.

CALL TO ORDER

OPEN FORUM

CONSENT AGENDA

1. Approval of Minutes for the July 30, 2019 Planning and Zoning Commission meeting.
2. **P2019-032 (Korey)**
Consider a request by Jay and Terri Bedford of A. J. Bedford Group, Inc. on behalf of Raymond Jowers for the approval of a replat for Lot 8, Block A, Bodin Industrial Addition being a 2.029-acre parcel of land identified as Lot 7, Block A, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2040 Kristy Lane, and take any action necessary.
3. **P2019-034 (David)**
Consider a request by Matt Atkins of Engineering Concepts on behalf of Scott Lewis of RRDC, LTD. for the approval of a replat for Lots 29-33, Block A, Whisper Rock Addition being a 1.177-acre tract of land currently identified as Lots 1-5, Block A, Whisper Rock Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1206, 1210, 1214, 1218 & 1222 Whisper Rock Drive, and take any action necessary.
4. **P2019-036 (David)**
Consider a request by Price Pointer of TCB Construction Group, LLC for the approval of a replat for Lot 1, Block A, TCB Addition being a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District, addressed as 505 N. Goliad Street, and take any action necessary.
5. **SP2019-034 (Korey)**
Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Suresh Shridharani of Harlan Properties, Inc. for the approval of a site plan for the Emerson Farms Subdivision containing 107 single-family residential lots on a 138.756-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary.

APPOINTMENTS

6. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

ACTION ITEMS

7. Hold an election to elect a Chairman and Vice-Chairman for the Planning and Zoning Commission.

DISCUSSION ITEMS

8. **Z2019-017 (Korey)**
Hold a public hearing to discuss and consider a request by Lance Tyler of Marc Development, LLC for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Two-Family (2F) District land uses to allow townhomes on a 1.27-acre tract of land identified as Tract 29 & 29-1 of the S. S. McCurry Survey, Abstract No. 146, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, addressed as 1451 FM-1141, and take any action necessary.

9. Z2019-018 (Ryan)

Hold a public hearing to discuss and consider a request by Rob Whittle for the approval of an amendment to Planned Development District 5 (PD-5) to change the garage setback requirements for an 11.003-acre tract of land identified as Lots 1-40, Block A, the Highlands Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 5 (PD-5) for Zero Lot Line (ZL-5) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located at the northwest corner of the intersection of SH-66 and FM-1114, and take any action necessary.

10. Z2019-019 (Korey)

Hold a public hearing to discuss and consider a request by Doug Henderson of Crafton Communications, Inc. for the approval of a Specific Use Permit (SUP) allowing a *Freestanding Commercial Antenna* on a 0.0055-acre portion of a larger 1.24-acre parcel of land, identified as Lot 9, Block A, Horizon Ridge Center Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, addressed as 920 Rockwall Parkway, and take any action necessary.

11. Z2019-020 (David)

Hold a public hearing to discuss and consider a request by Todd Panzner for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 11.85-acre tract of land identified as Tract 1-1 of the J. H. Bailey Survey, Abstract No. 22, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-276 Overlay (SH-276 OV) District, generally located south of the intersection of Green Circle and SH-276, and take any action necessary.

12. P2019-017 (Korey)

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Suresh Shridharani of Harlan Properties, Inc. for the approval of a preliminary plat for the Emerson Farms Subdivision containing 107 single-family residential lots on a 138.756-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary.

13. P2019-031 (David)

Consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of the owner Jeff Kennemer of the Saddle Star Land Development, LLC for the approval of a final plat for Phase 1 of the Saddle Star South Subdivision containing 66 single-family residential lots on a 26.411-acre tract of land identified as a portion of a larger 44.292-acre tract of land identified as Tract 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

14. P2019-033 (Korey)

Consider a request by Bill Bricker of Columbia Development Company, LLC on behalf of David and Laura Cline for the approval of a replat for Lot 47, Block D, Park Place West Phase II Addition being a 0.184-acre parcel of land being currently identified as Lot 20, Block D, Park Place West Phase II Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, addressed as 408 Jordan Farm Circle, and take any action necessary.

15. P2019-035 (David)

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Adam Buczek of Stone Creek Phase 10, LTD for the approval of a final plat for Stone Creek, Phase X containing 118 single-family residential lots on a 36.428-acre tract of land identified as a portion of Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD-70) for Single Family-10 (SF-10) District land uses, located at the southwest corner of the intersection of Featherstone Drive and John King Boulevard, and take any action necessary.

16. SP2019-030 (David)

Discuss and consider a request by David A. Morales of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for an expansion of an existing office/warehouse/manufacturing facility on a 10.1893-acre tract of land identified Lot 2, Block A, SPR Packaging Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 1480 Justin Road, and take any action necessary.

17. SP2019-031 (Korey)

Discuss and consider a request by Ryan Moorman of R. D. Moorman, Inc. for the approval of a site plan for an office building on a 1.244-acre parcel of land identified as Lot 22, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 259 Ranch Trail, and take any action necessary.

18. SP2019-033 (Ryan)

Discuss and consider a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of Dan Bobst of J-BR2, LLC for the approval of a site plan for a strip retail center and restaurant on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas, situated within the Hillside Sub-District of Planned Development District 32 (PD-32), located within the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of the intersection of the IH-30 frontage road and Sunset Ridge Drive, and take any action necessary.

19. Director's Report of post Council meeting outcomes of Planning & Zoning cases (Ryan).

- ✓ P2019-029: Preliminary Plat for the Northgate Subdivision [*Approved*]
- ✓ P2019-026: Master Plat for the Northgate Subdivision [*Approved*]
- ✓ Z2019-015: SUP for a Minor Automotive Facility [*Approved*]
- ✓ Z2019-016: Legislative Update Text Amendment (*1st Reading*) [*Approved*]

ADJOURNMENT

20. Capital Improvements Advisory Committee Meeting (CIAC) [6:30 PM]

The City of Rockwall Planning and Zoning Commission reserves the right to adjourn into executive session at any time to discuss any matters listed on the agenda above, as authorized by Texas Local Government Code §55.071 (*Consultation with City Attorney*) or any other exception allowed under Chapter 551 of the Texas Local Government Code.

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 23rd day of August 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

OPEN FORUM

CONSENT AGENDA

1. SP2019-032 (David)

Discuss and consider a request by Janet Reid of Greenberg Farrow on behalf of Caitlin Kincaid of Texas Roadhouse Holdings, LLC for the approval of an amended site plan for a restaurant [*Texas Roadhouse*] on a 2.07-acre portion of a larger 8.613-acre tract of land identified as Tract 4 of the J. D. McFarland Survey, Abstract No. 145, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, IH-30 Overlay (IH-30 OV) District, generally located east of the intersection of Greencrest Boulevard and the IH-30 Frontage Road, and take any action necessary.

ACTION ITEMS

2. SP2019-030 (David)

Discuss and consider a request by David A. Morales of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for an expansion of an existing office/warehouse/manufacturing facility on a 10.1893-acre tract of land identified Lot 2, Block A, SPR Packaging Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 1480 Justin Road, and take any action necessary.

3. SP2019-031 (Korey)

Discuss and consider a request by Ryan Moorman of R. D. Moorman, Inc. for the approval of a site plan for an office building on a 1.244-acre parcel of land identified as Lot 22, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 259 Ranch Trail, and take any action necessary.

4. SP2019-033 (Ryan)

Discuss and consider a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of Dan Bobst of J-BR2, LLC for the approval of a site plan for a strip retail center and restaurant on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas, situated within the Hillside Sub-District of Planned Development District 32 (PD-32), located within the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of the intersection of the IH-30 frontage road and Sunset Ridge Drive, and take any action necessary.

ADJOURNMENT

The City of Rockwall Architecture Review Board (ARB) reserves the right to adjourn into executive session at any time to discuss any matters listed on the agenda above, as authorized by Texas Local Government Code §55.071 (*Consultation with City Attorney*) or any other exception allowed under Chapter 551 of the Texas Local Government Code.

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 23rd day of August 2019, by 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

MINUTES
PLANNING AND ZONING COMMISSION WORK SESSION
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
July 30, 2019
6:00 P.M.

I. CALL TO ORDER

Vice-Chairman Eric Chodun called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Jerry Welch, Mark Moeller, Tracey Logan, John Womble, and Annie Fishman. Absent from the meeting was Chairman Johnny Lyons. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, and Civil Engineer Sarah Hager.

II. OPEN FORUM

Vice-Chairman Chodun explained how Open Forum is conducted and asked if anyone wished to speak to come forward at this time. There being no one coming forward to speak Vice-Chairman Chodun closed the open forum.

III. CONSENT AGENDA

1. Approval of Minutes for the June 25, 2019 Planning and Zoning Commission meeting.

2. P2019-023

Consider a request by Rick Bates of RLK Engineering, Inc. on behalf of William Salee of Rockwall ISD for the approval of a replat for Lot 2, Block A, Rockwall High School Addition being a 35.295-acre parcel of land currently identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

3. P2019-028

Consider a request by Matthew Gardner of Halff Associates on behalf of Carolina Molina of Alvaplast US (*SPR Packaging*) for the approval of a replat for a 43.0139-acre tract of land identified as Lot 1, Block 1, Indalloy Addition; Tract 31 of the R. Ballard Survey, Abstract No. 29; and Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

Commissioner Moeller made a motion to approve the consent agenda. Commissioner Womble seconded the motion which passed by a vote of 6-0 with Chairman Lyons absent.

IV. APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.

Vice-Chairman Chodun advised the Commission that agenda item #7 would be moved to the end of the agenda and agenda items #9, #10, and #11 would be discussed together.

V. DISCUSSION ITEMS

5. Z2019-014

Hold a public hearing to discuss and consider a request by Jake Fears, PE of Weir & Associates, Inc. on behalf of Goliad Real Estate, LLC for the approval of a Specific Use Permit (SUP) for a *Restaurant, Less than 2,000 SF, with a Drive-Through or Drive-In* on a 0.50-acre portion of a larger 2.542-acre tract of land identified as Tract 1 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas,

zoned Planned Development District 65 (PD-65) for General Retail (GR) District land uses, situated within the North SH-205 Overlay (N. SH-205 OV) District, located at the northwest corner of the intersection of Pecan Valley Drive and N. Goliad Street [SH-205], and take any action necessary.

Vice-Chairman Chodun asked the applicant to come forward and speak.

Jake Fears
2201 E. Lamar Blvd. #200
Arlington, TX

Mr. Fears came forward and provided information regarding to the request. He shared that the SUP is to allow for a restaurant that will be approximately 500 square feet for a coffee kiosk. He indicated he was available for questions.

Vice-Chairman Chodun asked for questions from the Commission. There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

6. Z2019-015

Hold a public hearing to discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of the owner for the approval of a Specific Use Permit (SUP) for the expansion of an existing *Minor Auto Repair Garage* on a 1.1107-acre parcel of land identified as Lot 4, Block 1, Horizon Village Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 2581 Horizon Road [FM-3097], and take any action necessary.

Vice-Chairman Chodun asked the applicant to come forward and speak.

Greg Wallis
1520 IH-30
Rockwall, TX

Mr. Wallis came forward and provided details pertaining to the case. They are proposing what will be a Kwik Kar Oil Change. He indicated he was available for questions.

There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

Vice-Chairman Chodun advised the Commission that agenda items #8, #9 and #11 would be discussed together.

7. Z2019-016

Hold a public hearing to discuss and consider approval of a text amendment to various sections of the Unified Development Code [Ordinance No. 04-38] and Article IX, *Fences*, of Chapter 10, *Building and Building Regulations*, of the Municipal Code of Ordinances for the purpose of updating the codes to conform to changes made by the 86th Legislative Session, and take any action necessary.

Planning Director, Ryan Miller, provided details pertaining to the request. He explained that during the 86th Legislative Session several planning and zoning related bills were approved by the legislature that have major impacts to the City's codes. These bills could affect how the community grows and develops in the future. In order to amend the City's ordinances to address the new laws prior to their effective dates of September 1, 2019, City staff prepared the attached memorandum- which provides a synopsis and list of potential impacts of each of the major bills for the City Council's review, and held a work session with the City Council on July 15, 2019 to discuss possible steps that could be taken to continue to ensure that the City require the highest quality development possible. Through this work session staff was directed to make several changes to the Unified Development Code and Municipal Code of Ordinances including: (1) Changes to Article IV, Permissible Uses, of the UDC to require a Specific Use Permit for residential infill development in established subdivisions. (2) Changes to the landscape standards contained in Article VIII, Landscape Standards, of the UDC to increase the screening requirements. (3) Changes to Article V, District Development Standards, of the UDC to [1] increase the residential anti-monotony requirements, [2] remove all residential, commercial and industrial building

material requirements from the general standards, [3] change the variance/exception approval requirements, and [4] change the residential accessory building/structure requirements to require a Specific Use Permit. (4) Changes to Article X, Planned Development Regulations, of the UDC to remove material requirements.

Mr. Miller further noted that in making these changes staff has found several other sections of the code that require changes or adjustments as a result of the above amendments. Staff has also taken this opportunity to start to clean up other language in the code, clarify certain sections, and make the changes that were referenced in the OURHometown 2040 Comprehensive Plan. In addition to making the changes required by the 86th Legislature, the City Council also directed staff to make changes to the fence standards and move them from the Municipal Code of Ordinances to the UDC. Staff has incorporated this direction into the proposed amendment. Due to the magnitude of the required changes, staff is still in the process of preparing these amendments and will bring a full list of changes along with a draft ordinance to the Planning and Zoning Commission at the next scheduled meeting on August 12, 2019.

Mr. Miller indicated he was available for questions.

Vice-Chairman Chodun asked for questions from the Commission.

There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

8. P2019-029

Discuss and consider a request by Ryan Joyce of Michael Joyce Properties on behalf of Jen-Liang Wu of Unison Investment for the approval of a master plat for the Northgate Subdivision being a 61.45-acre tract of land identified as Tract 4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 88 (PD-88) for Single-Family 1 (SF-1) District land uses, located at the southwest corner of the intersection of Stodgehill Road [FM-3549] and Clem Road, and take any action necessary.

Vice-Chairman Chodun asked the applicant to come forward and speak.

Ryan Joyce
1189 Waters Edge Drive
Rockwall, TX

Mr. Joyce came forward and provided details pertaining to the three agenda items. He shared that zoning for the property was recently approved and they are now bringing forward the preliminary plat, master plat and site plan which was a condition of approval. The single phase development will consist of 40 lots and falls within the FM-3549 Overlay District and are conforms to the 30 foot landscape buffer requirement. He further noted that staff has provided them with comments and they will work with staff in addressing those. He indicated he was available for questions.

Commissioner Womble asked if there were any deviations from the original plan that was approved. Mr. Joyce indicated there were not.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

9. P2019-030

Discuss and consider a request by Ryan Joyce of Michael Joyce Properties on behalf of Jen-Liang Wu of Unison Investment for the approval of a preliminary plat for the Northgate Subdivision containing 61 single-family residential lots on a 61.45-acre tract of land identified as Tract 4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 88 (PD-88) for Single-Family 1 (SF-1) District land uses, located at the southwest corner of the intersection of Stodgehill Road [FM-3549] and Clem Road, and take any action necessary.

Agenda item was discussed with agenda item # 8.

10. SP2019-027

Discuss and consider a request by Russell Phillips of Horizon Road Self Storage, LLC for the approval of a site plan for a *Mini-Warehouse* facility on a 7.489-acre tract of land identified as Lot 23, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, generally situated north of Horizon Road and east of Ranch Trail Road, and take any action necessary.

Vice-Chairman Chodun asked the applicant to come forward.

Russell Phillips
521 Lorraine Way
Heath, TX

Mr. Phillips came forward and provided information pertaining to the case. He indicated he was available for questions.

Vice- Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.

11. SP2019-028

Discuss and consider a request by Ryan Joyce of Michael Joyce Properties on behalf of Jen-Liang Wu of Unison Investment for the approval of a site plan for the Northgate Subdivision being a 61.45-acre tract of land identified as Tract 4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 88 (PD-88) for Single-Family 1 (SF-1) District land uses, located at the southwest corner of the intersection of Stodgehill Road [FM-3549] and Clem Road, and take any action necessary.

Agenda item was discussed with agenda item # 8.

12. SP2019-029

Discuss and consider a request by Michael Bausch on behalf of the owner for the approval of a site plan for an addition to an existing *General Personal Service* business (*i.e. Jour Salon and Spa*) on a 4.211-acre tract of land identified as Lot C, Block 117, B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, addressed as 501 S. Goliad Street, and take any action necessary.

Vice-Chairman Chodun asked the applicant to come forward.

Michael Bausch
4318 Rosser Square
Dallas, TX

Mr. Bausch came forward and provided information pertaining to the request. They are proposing an addition to an existing structure to expand the current business. He indicated he was available for questions.

Vice-Chairman Chodun asked if the addition materials and paint will match the existing building. Mr. Bausch indicated that it would. Commissioner Fishman asked if with the additional space would additional parking be required. Planning Manager, David Gonzales, indicated that currently the site is over parked and therefor would not need to increase the parking.

There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.

13. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2019-011: Final Plat for Lot 1, Block A, Devoll Place Addition [Approved]
- ✓ P2019-026: Preliminary Plat for Lots 1-5, Block A, Park Station Addition [Approved]
- ✓ MIS2019-012: Alternative Tree Mitigation for Townplace Suites [Approved]
- ✓ SP2019-014: Variance for Retail Shopping Center and House of Worship [Approved]

249 Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced
250 case at the City Council meeting.

PLANNING AND ZONING COMMISSION CASE MEMO

PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Planning and Zoning Commission
DATE: August 27, 2019
APPLICANTS: Jay and Terri Bedford; *A. J. Bedford Group, Inc.*
CASE NUMBER: P2019-032; *Lot 8, Block A, Bodin Industrial Addition*

SUMMARY

Consider a request by Jay and Terri Bedford of A. J. Bedford Group, Inc. on behalf of Raymond Jowers for the approval of a replat for Lot 8, Block A, Bodin Industrial Addition being a 2.029-acre parcel of land identified as Lot 7, Block A, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 2040 Kristy Lane, and take any action necessary.

PLAT INFORMATION

The applicant is requesting to replat one (1) lot (*i.e. Lot 8, Block A, Bodin Industrial Addition*) for the purpose of abandoning a portion of an existing fire lane, public access, and detention easement. The subject property was annexed in 1980 [*Ordinance No. 80-09*], is zoned Light Industrial (LI) District, and is addressed as 2040 Kristy Lane.

- ☒ On September 26, 2017, the Planning and Zoning Commission approved a site plan [*Case No. SP2017-026*] for an industrial building on the subject property. On October 2, 2017, the City Council approved variances to the articulation requirements for the approved site plan. On May 7, 2018, the City Council approved a replat [*Case No. P2018-009*] for the subject property.
- ☒ The surveyor has completed the majority of the technical revisions requested by staff, and this plat - *- conforming to the requirements for plats as stipulated by the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- ☒ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.
- ☒ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lot 8, Block A, Bodin Industrial District*, staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;
- (2) Any construction resulting from the approval of this plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall

Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

- All Drainage/Detention shall be owned, operated, maintained, and replaced by property owner.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL

- We, HAWN HOLDINGS, L.C..., the undersigned owner of the land shown on this plat, and designated herein as the BODIN INDUSTRIAL TRACT subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the BODIN INDUSTRIAL TRACT subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;
- No buildings or structures shall be constructed or placed upon, over, or across the utility easements as described herein.
 - Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
 - The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
 - The developer and subdivision engineer shall bear total responsibility for maintenance, repair, and replacement of the detention/drainage and storm drain improvements.
 - The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
 - No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;
 - The property owner is responsible for the maintenance, repair, and replacement of the drainage and detention systems and easements.

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

PLANNING AND ZONING COMMISSION CASE MEMO

PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Planning and Zoning Commission
DATE: August 27, 2019
APPLICANT: Matt Atkins; *Engineering Concepts*
CASE NUMBER: P2019-034; *Lots 29-33, Block A, Whisper Rock Addition*

SUMMARY

Consider a request by Matt Atkins of Engineering Concepts on behalf of Scott Lewis of RRDC, LTD. for the approval of a replat for Lots 29-33, Block A, Whisper Rock Addition being a 1.177-acre tract of land currently identified as Lots 1-5, Block A, Whisper Rock Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1206, 1210, 1214, 1218 & 1222 Whisper Rock Drive, and take any action necessary.

PLAT INFORMATION

- ☑ The applicant is requesting the approval of a replat for a 1.177-acre tract of land [*i.e. Lot 29-33, Block A, Whisper Rock Addition*] for purpose of establishing a franchise utility easement along the north property line of the existing single family lots [*i.e. Lots. 1-5, Block A, Whisper Rock Addition*]. The *subject property* is zoned Planned Development District 47 (PD-47) and addressed as 1206, 1210, 1214, 1218 & 1222 Whisper Rock Drive.
- ☑ On June 7, 1999, the City Council approved Planned Development District 47 (PD-47) [*i.e. Ordinance No. 99-17*] to allow single-family residential land uses on the *subject property*.
- ☑ On January 16, 2018, the City Council approved a preliminary plat [*P2017-066*] for 28 single-family residential lots within Planned Development District 47 (PD-47).
- ☑ On December 17, 2018, the City Council approved the final plat [*P2018-043*].
- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat - *- conforming to the requirements for plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.
- ☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lots 29-33, Block A, Whisper Rock Addition*, staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;
- (2) Any construction resulting from the approval of this plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

VICINITY MAP
N.T.S.

Notes:

1. Bearings and grid coordinates are based on Texas State Plane Coordinates. Projection: State Plane NAD83 Texas North Central Zone 4202, Lambert Conformal Conic, Feet (TX83-NCF).
2. Unless otherwise noted, a 5/8" iron rod with a yellow cap stamped "RPLS 3963" will be set at all lot corners, whenever possible, after all construction for this subdivision is completed.
3. According to my interpretations of the Rockwall County, Texas and Incorporated Areas, Flood Insurance Rate Map Number 48397C0040L, dated September 26, 2008, the subject property lies within flood Zone "X" and is not shown to be within a Special Flood Hazard Area. This statement does not imply that the property and/or structures thereon will be free from flooding or flood damage. On rare occasions, greater floods can and will occur and flood heights may be increased by man-made or natural causes. This statement shall not create liability on the part of the surveyor.
4. The retaining walls located within the Retaining Wall Easements will be owned and maintained by the property owner of the lot in which the retaining wall is located. Retaining walls may not be located on the property lines between lots. The Retaining Wall Easements are private easements to provide access for construction and maintenance of the retaining walls by the affected lot owners.
5. The Homeowners Association or Property Owner will be responsible for all maintenance of the Common Area tracts and Landscape Easements.
6. The purpose of this Amending Plat is to change the Franchise Utility Easement along the north side of Lots 29-33 from 15 feet to 10 feet.

OWNER’S CERTIFICATE & DEDICATION

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS RRDC, LTD., BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING a 1.177 acre tract of land situated in the Edward Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas and being all of Lots 1 through 5, Block A, Whisper Rock, an addition to the City of Rockwall, recorded in Instrument 20190000010602, Plat Records of Rockwall County, Texas (PRRCT), and being more particularly described by metes and bounds as follows:

BEGINNING at a 5/8–inch iron rod with a yellow plastic cap stamped RPLS 3963 found for the northwest corner of said Lot 1, said corner being in the east right–of–way line of Ridge Road (FM 740) at the northwest corner of said 9.4769 acre tract;

THENCE South 85 degrees 43 minutes 42 seconds East, along the north line of said Lots 1 through 5, Block A and partly with the south lines of the original Benton Court Addition, an Addition to the City of Rockwall recorded in Cabinet D, Slide 69 (PRRCT), a distance of 415.34 feet to a 5/8–inch iron rod with a yellow plastic cap stamped RPLS 3963 found for the northeast corner of said Lot 5;

THENCE South 10 degrees 32 minutes 38 seconds West, along the east line of said Lot 5, a distance of 115.74 feet to a 5/8–inch iron rod with a yellow plastic cap stamped RPLS 3963 found for the beginning of a non–tangent curve to the left having a radius of 50.00 feet, whose chord bears South 72 degrees 54 minutes 23 seconds West, a distance of 28.43 feet, said corner being in the north right–of–way line of Whisper Rock Drive, a 50 ft. right–of–way;

THENCE Southwesterly, along the north line of said Whisper Rock Drive and said curve to the left, through a central angle of 33 degrees 01 minutes 59 seconds, an arc distance of 28.83 feet to a 5/8–inch iron rod with a yellow plastic cap stamped RPLS 3963 found for the end of said curve;

THENCE North 85 degrees 47 minutes 45 seconds West, continuing along the north line of said Whisper Rock Drive, a distance of 369.12 feet to a 5/8–inch iron rod with a yellow plastic cap stamped RPLS 3963 found for corner;

THENCE North 40 degrees 06 minutes 10 seconds West, continuing along the north line of said Whisper Rock Drive, a distance of 13.97 feet to a 5/8–inch iron rod with a yellow plastic cap stamped RPLS 3963 found for corner in the east line of said Ridge Road

THENCE North 05 degrees 35 minutes 24 seconds East continuing with the East Right –of–way line of said Ridge Road, a distance of 115.88 feet to the POINT OF BEGINNING and containing 51,266 square feet or 1.177 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

RRDC, LTD., the undersigned owner of the land shown on this plat, and designated herein as WHISPER ROCK, LOTS 29–33, BLOCK A, a subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicates to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. RRDC, LTD., further certifies that all other parties who have a mortgage or lien interest in the WHISPER ROCK, LOTS 29–33, BLOCK A subdivision have been notified and signed this plat. RRDC, LTD. understands and does hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. RRDC, LTD. also understands the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

Property owners are responsible for maintenance, repair and replacement of all retaining walls and drainage and detention systems in easements.

RRDC, LTD. further acknowledges that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; RRDC, LTD., its successors and assigns hereby waive any claim, damage, or cause of action that it may have as a result of the dedication of exactions made herein.

PLANNING AND ZONING COMMISSION CASE MEMO

PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Planning and Zoning Commission
DATE: August 27, 2019
APPLICANT: Price Pointer; *TCB Construction Group, LLC*
CASE NUMBER: P2019-036; *Lot 1, Block A, TCB Addition*

SUMMARY

Consider a request by Price Pointer of TCB Construction Group, LLC for the approval of a replat for Lot 1, Block A, TCB Addition being a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District, addressed as 505 N. Goliad Street, and take any action necessary.

PLAT INFORMATION

- ☑ The applicant is requesting the approval of a replat for a 0.23-acre parcel of land [*i.e. Lot 1, Block A, TCB Addition*] for purpose of establishing public access, drainage & detention easements for the subject property. The *subject property* is zoned Planned Development District 50 (PD-50) and addressed as 505 N. Goliad Street.
- ☑ On August 5, 2002, the City Council approved *Ordinance No. 02-46* zoning the property *Planned Development District 50 (PD-50)* for Residential Office (RO) District land uses.
- ☑ On June 3, 2019, the City Council approved a Specific Use Permit [*i.e. Ordinance No. 19-22, SUP No. S-208*] allowing the *Restaurant Less Than 2,000 SF without a Drive-Through or Drive-In* land use on the subject property.
- ☑ On June 20, 2019, the Historic Preservation Advisory Board (HPAB) approved a Certificate of Appropriateness (COA) for the purpose of converting a single-family home into a residential-office building.
- ☑ On June 25, 2019, the Planning and Zoning Commission approved a site plan for a restaurant less than 2,000 SF without a drive through for the subject property.
- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat - *- conforming to the requirements for plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.
- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.
- ☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lot 1, Block A, TCB Addition*, staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;
- (2) Any construction resulting from the approval of this plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

P2019-036: Replat – TCB Addition – 505 N. Goliad Street						
Please address the following comments (M= Mandatory Comments; I = Informational Comments).						
I.1 This is a request for the approval of a replat for Lot1, Block A, TCB Addition being a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District, addressed as 505 N. Goliad Street.						
I.2 For questions or comments concerning this case, please contact David Gonzales in the Planning Department at (972) 772-6488 or email dgonzales@rockwall.com.						
M.3 For reference, include the case number (P2019-036) in the lower right hand corner of all pages on future submittals						
I.4 The final plat shall conform to all standards and requirements of the Unified Development Code(UDC), the staff comments provided by the Planning, Engineering, Building Inspections, and Fire Department as indicated in the Project Plan Review document						
I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 3, 2019; however, it is encouraged for the applicants to submit revisions as soon as possible to give staff ample time to review the case for compliance. Please provide one (1) large copy [18" X 24" FOLDED] and one PDF version for a final review by staff.						
I.6 The Planning and Zoning meeting will be held on August 27, 2019. This case will be on the Consent Agenda.						
I.7 The City Council meeting will be held on September 3, 2019. This case will be on the Consent Agenda.						
I.8 Please note that once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions are to be approved (by staff) prior to the plat being submitted on mylar for filing.						
I.9 Staff recommends that a representative be present for the meetings as scheduled above. The meetings will be held in the City's Council Chambers and begin at 6:00 p.m.

STATE OF TEXAS
COUNTY OF ROCKWALL

All that certain lot, tract or parcel of land situated in the B.F. BOYDSTUN SURVEY, ABSTRACT NO. 14, City of Rockwall, Rockwall County, Texas, and being known as a part of Lot 20 of AMICK ADDITION, of not record, and also being a part of a tract of land as described in a Warranty deed from Eddie Walker to Stained Glass Creations, dated August 16, 2002 and being recorded in Volume 2364, Page 181 of the Real Property Records of Rockwall County, Texas, and Correction Warranty deed recorded in Volume 4754, Page 130 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

THENCE S. 00 deg. 20 min. 40 sec. W. along said right-of-way line, a distance of 84.84 feet to a TXDOT monument found for corner in the North line of a tract of land as described in a Warranty deed from Vana Margolese to Landau Properties, LP, dated January 23, 2002, and being recorded in Volume 2409, Page 181 of the Real Property Records of Rockwall County, Texas;

THENCE N. 02 deg. 05 min. 26 sec. W. along the West line of said tract, a distance of 87.95 feet to a 1/2" iron rod found for corner being the Northwest corner of said tract;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

I, the undersigned owner of the land shown on this plat, and designated herein as TCB ADDITION, LOT 1, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in TCB ADDITION, LOT 1, BLOCK A, have been notified and signed this plat.

I also understand the following;

- Until an escrow deposit is sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, stating that the developer and/or owner will pay for the improvements, or the developer and/or owner have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements until the escrow deposit may be used by the owner and/or developer to progress payments on the work program being used for such improvements by making certified requisitions to the city secretary, supported by evidence of work done, or

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

- 1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 48397C0030L dated SEPT 26, 2008, this property lies in Zone X. This property does not appear to lie within a 100-year flood plain.
- 2) BEARING SOURCE: CITY OF ROCKWALL CONTROL MONUMENT SYSTEM.
- 3) ALL 1/2" IRS ARE CAPPED WITH "YELLOW PLASTIC CAPS "RPLS 5034."
- 4) PROPERTY OWNER TO MAINTAIN, REPAIR, AND REPLACE DRAINAGE SYSTEMS ON SITE.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS PRICE POINTER & MANUEL LOZANO, BEING THE OWNERS OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the B.F. BOYDSTUN SURVEY, ABSTRACT NO. 14, City of Rockwall, Rockwall County, Texas, and being known as a part of Lot 20 of AMICK ADDITION, not of record, and also being a part of a tract of land as described in a Warranty deed from Eddie Walker to Stained Glass Creations, dated August 16, 2002 and being recorded in Volume 2364, Page 181 of the Real Property Records of Rockwall County, Texas, and Correction Warranty deed recorded in Volume 4754, Page 130 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a TXDOT monument found for corner in the West right-of-way line of State Highway 205 N. Goliad Street, at the intersection of said right-of-way with the north line of the above cited tract;

THENCE S. 00 deg. 20 min. 40 sec. W. along said right-of-way line, a distance of 84.84 feet to a TXDOT monument found for corner in the North line of a tract of land as described in a Warranty deed from Vana Margolese to Landau Properties, LP, dated January 23, 2002, and being recorded in Volume 2409, Page 181 of the Real Property Records of Rockwall County, Texas;

THENCE S. 89 deg. 41 min. 10 sec. W. along the common line between said tracts, a distance of 113.65 feet to a 1/2" iron rod found for corner at the Southwest corner of the above cited tract;

THENCE N. 02 deg. 05 min. 26 sec. W. along the West line of said tract, a distance of 87.95 feet to a 1/2" iron rod found for corner being the Northwest corner of said tract;

THENCE S. 88 deg. 48 min. 38 sec. E. a distance of 117.39 feet to the POINT OF BEGINNING and containing 9,975 square feet or 0.23 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as TCB ADDITION, LOT 1, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in TCB ADDITION, LOT 1, BLOCK A, have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development. Property owner is responsible for all maintenance, repair, and replacement of storm systems in easements.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

PLANNING AND ZONING COMMISSION CASE MEMO

PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Planning and Zoning Commission
DATE: August 27, 2019
APPLICANT: Chase Finch; Corwin Engineering, Inc.
CASE NUMBER: SP2019-034; *Site Plan for Emerson Farms Subdivision*

SUMMARY

Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Suresh Shridharani of Harlan Properties, Inc. for the approval of a site plan for the Emerson Farms Subdivision containing 107 single-family residential lots on a 138.756-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary.

BACKGROUND

The subject property was annexed on December 22, 2008 by *Ordinance No. 08-65*. On November 3, 2014, the City Council approved *Ordinance No. 14-50 [Case No. Z2014-030]*, establishing the development standards for Planned Development District 76 (PD-76) [*i.e. the Emerson Farms Subdivision*]. The single-family residential subdivision will be composed of 107 single-family homes on 138.756-acres of land.

PURPOSE

The applicant is requesting approval for a site plan for a 107-lot single-family, residential subdivision (*i.e. the Emerson Farms Subdivision*) for the purpose of laying out the development and depicting the proposed amenities, landscaping, and hardscape for the proposed development. In conjunction with this site plan, the applicant has submitted preliminary water, sewer, and drainage plans and a preliminary plat [*Case No. P2019-017*] that will be reviewed by the Parks and Recreation Board on September 4, 2019.

ADJACENT LAND USES AND ACCESS

The subject property is located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are several vacant tracts of land followed by SH-276, which is identified as a TxDOT6D (*Texas Department of Transportation, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan and delineates the city limits of the City of Rockwall. These areas are zoned Agricultural (AG) District.

South: Directly south of the subject property there is a large vacant tract of land that is zoned Agricultural (AG) District and which delineates the city limits of the City of Rockwall.

East: Directly east of the subject property is a large tract of land that is not located within the city limits of the City of Rockwall. Following this is FM-551, which is identified as a M4U (*major*

collector, four [4] lane, undivided roadway) on the City's Master Thoroughfare Plan. Beyond this is a large vacant tract of land that is zoned Agricultural (AG) District.

West: Directly west of the subject property is Dowell Road, which is identified as an M4U (*major collector, four [4] lane, undivided roadway*) on the City's Master Thoroughfare Plan and which delineates the city limits of the City of Rockwall. Beyond this there is a large tract of land containing several single-family homes. Following this is a vacant tract of land that is entitled for a single-family residential subdivision (*i.e. PD-66*). These areas are zoned Agricultural (AG) and Planned Development District 66 (PD-66) for Neighborhood Services (NS), Single-Family 8.4 (SF-8.4), and Single-Family 16 (SF-16) District.

DENSITY AND DIMENSIONAL REQUIREMENTS

The site plan shows that the 138.756-acre property will consist of 107 single-family estate lots. Specifically, the development will contain lots that will be a minimum of 150-feet in width and 250-feet in depth, and be a minimum of one (1) acre. The minimum size of each dwelling unit (*i.e. air conditioned space*) will be 2,600 SF and utilize a minimum of 80% primary materials (*e.g. stone, brick, and cementitious materials*). The proposed development will incorporate a rural-local roadway (*i.e. will not be curb and gutter*) and have a minimum front yard setback of 40-feet. The applicant has previously been granted approval to utilize On-Site Sewage Facilities (OSSF). The development will incorporate 20% open space and have a location for a neighborhood pocket park. The proposed housing product conforms to the City's anti-monotony requirements and will incorporate a combination of *traditional swing* (*i.e. J-Swing*) garages and a second single garage that is permitted to face the street. The submitted plan generally conforms to the technical requirements contained within the UDC for a property located within a Planned Development District 76 (PD-76). A summary of the density and dimensional requirements for the subject property are as follows:

Minimum Lot Width ⁽¹⁾	150'
Minimum Lot Depth	250'
Minimum Lot Area	43,560 SF
Minimum Front Yard Setback ⁽²⁾	40'
Minimum Side Yard Setback	25'
Minimum Side Yard Setback (Adjacent to a Street)	25'
Minimum Length of Driveway Pavement (Rear and Side Yard Only)	25'
Maximum Height ⁽³⁾	36'
Minimum Rear Yard Setback ⁽⁴⁾	25'
Minimum Area/Dwelling Unit (SF) ⁽⁵⁾	2,600 SF
Maximum Lot Coverage	45%
Minimum Number of Paved Off-Street Parking Spaces	2 Spaces
Minimum Distance Between Buildings	10'

General Notes:

- ^{1.} The minimum lot width shall be measured at the Front Yard Building Setback.
- ^{2.} The location of the Front Yard Building Setback as measured from the front property line.
- ^{3.} The Maximum Height shall be measured to the eave or top plate (whichever is greater) of the single family home.
- ^{4.} As measured from the rear yard property line.
- ^{5.} The minimum area/dwelling unit only includes air conditioned square space.

CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to approve the applicant's request then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the conditions contained within Planned Development District 76 (PD-76) [*Ordinance No 14-50*];

- (2) The development shall adhere to the recommendations of the Parks and Recreation Board; and
- (3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(8/22/2019 8:33 AM KC)						
1. Fire sprinkler protection required for all 1 & 2-family homes exceeding 5,000ft2, and all townhomes. Note that this is provided to the applicant as information only.						
2. Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 150-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway. (Exception: The fire code official is authorized to increase the dimension of 150 feet (45 720 mm) where the building is equipped throughout with an approved automatic sprinkler system; or where there are not more than two Group R-3 or Group U occupancies.)

Z2019-017; Zoning Change from AG to PD						
Please address the following comments (M= Mandatory Comments; I = Informational Comments)						
<p>I.1 This is a request by Lance Tyler of Marc Development, LLC for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Two-Family (2F) District land uses to allow townhomes on a 1.27-acre tract of land identified as Tract 29 & 29-1 of the S. S. McCurry Survey, Abstract No. 146, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, addressed as 1451 FM-1141.</p> <p>I.2 For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.</p> <p>M.3 For reference, include the case number (Z2019-017) in the lower right-hand corner of all pages on future submittals.</p> <p>I.4 This project is subject to all requirements stipulated by the Unified Development Code (UDC).</p> <p>M.5 In order to constitute a complete submittal all applications are required to provide the following elements: [1] concept plan, and [2] survey and legal description. This submittal is complete</p> <p>M.6 Zoning Change.</p> <p>1) Please review the draft ordinance and provide comments to staff prior to the Planning and Zoning Meeting on September 10, 2019.</p> <p>2) Please specify if this will be on one (1) lot or individual lots.</p> <p>I.7 The OURHometown Vision 2040 Comprehensive Plan stipulates various goals for residential developments. The following aspects of the applicant's proposal do not conform to the stated goals of the City's plan, and could be revised -- per staff's recommendations -- to bring the project closer to conformance with the plan:</p> <p>(1) CH. 8; Section 2.04; Goal #1 Policy #3 (Page 8-4). If approved to be used as an infill product adjacent to existing single-family homes, a townhome should incorporate similar development standards and materials as the adjacent housing. This is intended to create a product that is complementary and blends with the existing single-family homes.</p> <p>(2) CH. 8; Section 2.04; Goal #1 Policy #4 (Page 8-4). Niche parking should be provided adjacent to the street in the front of any townhome developments to provide sufficient visitor parking.</p> <p>(3) CH. 8; Section 2.04; Goal #1 Policy #4 (Page 8-4). When more than ten (10) units are proposed, townhome developments should be highly amenitized and incorporate a mix of lifestyle amenities that can justify the density of the development, and provide these residents with similar level of amenities that are enjoyed in a master planned communities.</p> <p>I.8 Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal, and a new application and fee will be required to resubmit the case.</p> <p>I.9 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; The Planning and Zoning Worksession is August 27, 2019 and the Planning & Zoning Meeting is September 10, 2019.</p>

The Courtland

BRIAN S. RHODES Registered Professional Land Surveyor (972) 475-8940

This is to certify that I have, this date, made a careful and accurate survey on the ground of property located at No. 1451 F.M. 1141, in the city of ROCKWALL, ROCKWALL COUNTY Texas.

STATE OF TEXAS §
COUNTY OF ROCKWALL §

BEING a 0.724 of an acre parcel of land situated in the Samuel S. McCurry Survey, Abstract No. 146, 1 1/2 miles northeast from the town of Rockwall, Texas, being a parcel of land conveyed to Basil H. Tanner and Nelda R. Tanner, as recorded in Instrument No. 2015000016186 of the Official Public Records of Rockwall County, Texas, as shown on survey, and being more particularly described by metes and bounds as follows:

BEGINNING at a found 1/2-inch iron rod for corner on the northwesterly right-of-way line of Farm to Market (F.M.) 1141, being the southeast corner of a called Green Space in Caruth Lakes, Phase 6, an addition to the City of Rockwall, according to the plat thereof, recorded in Volume F, Page 259, of the Plat Records of Rockwall County, Texas, and being the southwest corner of said Tanner parcel;

THENCE North 01 degrees 22 minutes 19 seconds West, leaving said right-of-way, a distance of 272.25 feet to a found 3/8-inch iron rod for corner, being the southwest corner of a parcel of land conveyed to Frank J. Tanner and Wilma G. Tanner, as recorded in Volume 134, Page 552, of the Deed Records of Rockwall County, Texas;

THENCE North 88 degrees 07 minutes 18 seconds East, along the south line of said Tanner/134-552 parcel, a distance of 158.42 feet to a set 1/2-inch yellow-capped iron rod for corner, being on the west line of Lot 1, Block X, of said addition, being on the west right-of-way line of John King Boulevard;

THENCE South 00 degrees 13 minutes 40 seconds West, along said right-of-way, a distance of 166.19 feet to a found "X" cut in concrete for corner, being on the northwesterly right-of-way line of said F.M. 1141;

THENCE South 65 degrees 08 minutes 37 seconds West, along said right-of-way, a distance of 136.40 feet to a found 1/2-inch iron rod for corner;

THENCE continuing along said right-of-way, South 26 degrees 57 minutes 27 seconds West, a distance of 60.41 feet to a PLACE OF BEGINNING and containing 31,540 square feet or 0.724 of an acre of land.

THIS CERTIFICATION DOES NOT TAKE INTO CONSIDERATION ADDITIONAL FACTS THAT AN ACCURATE TITLE SEARCH AND OR EXAMINATION MIGHT DISCLOSE.

1529 E. I-30, STE. 106, GARLAND, TX 75043 - FIRM REGISTRATION NO. 10194052
The plat hereon is true, correct, and accurate representation of the property as determined by survey, the lines and dimensions of said property being as indicated by the plat:

Z2019-018; Amendment to Planned Development District 5 (PD-5)						
Please address the following comments (M= Mandatory Comments; I = Informational Comments)						
I.1 This is a request for the approval of an amendment to Planned Development District 5 (PD-5) to change the garage setback requirements for an 11.003-acre tract of land identified as Lots 1-40, Block A, the Highlands Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 5 (PD-5) for Zero Lot Line (ZL-5) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, and located at the northwest corner of the intersection of SH-66 and FM-114.						
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmler@rockwall.com.						
M.3 For reference, include the case number (Z2019-018) in the lower right-hand corner of all pages on future submittals.						
I.4 The OURHometown Vision 2040 Comprehensive Plan stipulates various goals for residential developments. The following aspects of the applicant's proposal do not conform to the stated goals of the City's plan, and could be revised -- per staff's recommendations -- to bring the project closer to conformance with the plan:						
(1) CH. 8; Section 2.03; Goal #3 Policy #3 (Page 8-4). In cases where flat front entry garages (i.e. even with the front façade of the primary structure) are requested as part of a development no greater than 20% should be incorporated into the development. In addition, flat front entry garages should have a minimum of a 25-foot front yard building setback to allow vehicles to be parked in the driveway without overhanging public right-of-way. This type of garage may not be appropriate for all developments and should be generally discouraged.						
M.5 Please review the attached draft ordinance prior to the August 27, 2019 Planning & Zoning Commission meeting, and provide staff with your markups by September 4, 2019.						
I.6 Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal and a new application and fee will be required to resubmit the case.						
I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; however, it is encouraged for applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the September 10, 2019 Planning & Zoning Meeting. The Planning & Zoning Work Session meeting will be held on August 27, 2019.						
I.8 The projected City Council meeting dates for this case will be September 16, 2019 [1st Reading] & October 7, 2019 [2nd Reading].

Re: The Highlands

Dear Ryan,

We hereby request a change in zoning to allow us to have a 5-foot offset from the front façade of the home for the garages instead of a 20-foot offset. I have owned this property since 1992. It was zoned multifamily when I purchased it. I changed the zoning to 60 patio home lots when the City asked me to in the 1990's. We are willing to make our front building line for the homes 30 feet instead of 20 feet. We have designed many of the lots deeper than the traditional 50-foot lot. Approval of this request will allow us to build a more aesthetically pleasing front elevation. It will also result in our homes having more front yard landscaping.

I have enclosed a check made payable to the City of Rockwall for the applicable zoning request fees.

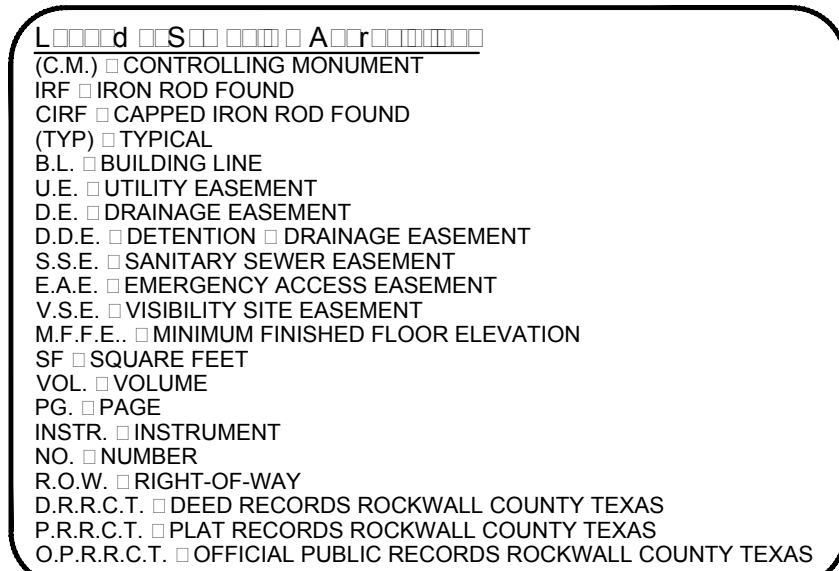

Sincerely,

A handwritten signature in black ink, consisting of a large, stylized 'R' followed by a cursive 'S' and a small mark.

Robert S. Whittle, President

1. THE BASIS OF BEARING FOR THIS SURVEY IS THE TEXAS COORDINATE SYSTEM 1983 NORTH CENTRAL ZONE (4202). GEODETIC BEARING ESTABLISHED BY GPS MEASUREMENTS TAKEN ON THE GROUND AND COMPUTED BY ONLINE POSITIONING USER SERVICE (OPUS) OFFERED BY THE NATIONAL GEODETIC SURVEY.
2. ALL CORNERS ARE 5/8" IRON RODS WITH CAP STAMPED "TNP" UNLESS OTHERWISE NOTED.
3. THE SURVEYOR, AS REQUIRED BY STATE LAW, IS RESPONSIBLE FOR SURVEYING INFORMATION ONLY AND BEARS NO RESPONSIBILITY FOR THE ACCURACY OF THE ENGINEERING DATA ON THIS PLAT.
4. THE SURVEYOR HAS MADE NO INVESTIGATION OR INDEPENDENT SEARCH FOR EASEMENTS, ENCUMBRANCES, OR ANY OTHER FACTS THAT AN ACCURATE AND CURRENT TITLE SEARCH MAY DISCLOSE.
5. THE PROPERTY SHOWN HEREON BY GRAPHIC SCALE IS LOCATED IN ZONE "X" WHICH IS NOT A FLOOD HAZARD AREA AND ZONE "A" NO BASE FLOOD ELEVATION DETERMINED ACCORDING TO MAP NO. 48397C0030 L AND 48397C0040 L, DATED SEPTEMBER 26, 2008 OF THE NATIONAL INSURANCE RATE MAP PREPARED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY. THIS FLOOD STATEMENT DOES NOT IMPLY THAT THE PROPERTY AND/OR THE STRUCTURE THEREON WILL BE FREE FROM FLOODING OR FLOOD DAMAGE. ON RARE OCCASIONS, GREATER FLOODS CAN AND WILL OCCUR AND FLOOD HEIGHTS MAY BE INCREASED BY MAN-MADE OR NATURAL CAUSES. THIS FLOOD STATEMENT SHALL NOT CREATE LIABILITY ON THE PART OF THE SURVEYOR.

BOUNDARY MAP

Legal Description

BEING 547.68 acres of land (also known as Planned Development No. 5, City of Rockwall) generally situated in Abstract 146, S. S. McCurry Survey, Abstract 122, M. B. Jones Survey, and Abstract 124, J. H. B. Jones Survey in the County of Rockwall, Texas and being more particularly described by metes and bounds as follows:

BEGINNING at a point on the Eastern Right of Way line of North John King Blvd. and East Quail Run Rd. (*located at NAD83 Texas State Plane GPS Coordinate (Grid): 2599456.003E, 7035211.252N Feet*), point also bears North 4°-12'-55" East a distance of 2,426.862 feet, from a White Water Ln. storm drainage inlet benchmark (*NAD83 Texas State Plane GPS Coordinate (Grid): 2598875.433E, 7032771.106 N feet*):

- 1 **THENCE** South 1°-55'-15" East, a distance of 87.002 feet, for a corner;
- 2 **THENCE** North 89°-59'-44" East, a distance of 139.965 feet, for a corner;
- 3 **THENCE** South 0°-12'-13" East, a distance of 752.184 feet, for a corner;
- 4 **THENCE** North 89°-26'-3" East, a distance of 113.821 feet, for a corner;
- 5 **THENCE** South 0°-28'-28" East, along the Eastern Right of Way line of North John King Blvd., distance of 1266.225 feet, for a corner;
- 6 **THENCE** South 89°-56'-36" West, a distance of 125.88 feet, for a corner;
- 7 **THENCE** South 1°-19'-57" East, along the Eastern boundary of the Caruth Lakes Addition, a distance of 484.248 feet, for a corner;
- 8 **THENCE** South 88°-7'-18" West, a distance of 222.984 feet, for a corner;
- 9 **THENCE** South 1°-10'-33" East, a distance of 419.674 feet, to the beginning of a curve to the left having a radius of 358.409 feet;
- 10 **Continuing** along said curve to the left, through a central angle of 13° 24' 34", a distance of 83.691 feet, a chord bearing of South 31°-54'-10" West, an arc length of 83.882 feet, tangent of 42.133 feet for a corner;
- 11 **THENCE** North 1°-41'-27" West, a distance of 143.627 feet, for a corner;
- 12 **THENCE** South 88°-32'-19" West, a distance of 207 feet, for a corner;
- 13 **THENCE** South 1°-41'-27" East, a distance of 490.818 feet, to a point;
- 14 **THENCE** South 1°-41'-27" East, a distance of 260.031 feet, for a corner;
- 15 **THENCE** South 89°-19'-55" East, a distance of 150.377 feet, for a corner;
- 16 **THENCE** South 1°-27'-36" East, a distance of 299.847 feet, for a corner;
- 17 **THENCE** North 87°-52'-30" East, a distance of 14.643 feet, for a corner;
- 18 **THENCE** South 0°-38'-51" East, a distance of 466.086 feet, for a corner;
- 19 **THENCE** North 89°-7'-10" East, a distance of 42.873 feet, for a corner;
- 20 **THENCE** South 1°-59'-37" East, along the centerline of FM1141, a distance of 755.941 feet, to the beginning of a curve to the right having a radius of 463.619 feet;
- 21 **Continuing** along said curve to the right, through a central angle of 25° 29' 28", a distance of 204.568 feet, a chord bearing of South 20°-17'-10" West, an arc length of 206.265 feet, tangent of 104.868 feet for a corner;
- 22 **THENCE** South 16°-36'-29" West, a distance of 0.296 feet, for a corner;
- 23 **THENCE** South 88°-11'-53" West, along the centerline of State Highway 66 (Williams St), a distance of 1265.935 feet, for a corner;
- 24 **THENCE** North 0°-29'-15" West, a distance of 154.265 feet, for a corner;
- 25 **THENCE** South 88°-21'-55" West, a distance of 249.226 feet, for a corner;
- 26 **THENCE** South 1°-55'-26" West, a distance of 116.711 feet, to a point;
- 27 **THENCE** South 0°-34'-45" East, a distance of 35.308 feet, for a corner;
- 28 **THENCE** South 89°-8'-43" West, a distance of 63.899 feet, to the beginning of a curve to the left having a radius of 892.973 feet;
- 29 **Continuing** along said curve to the left, through a central angle of 13° 56' 26", a distance of 83.691 feet, a chord bearing of South 82°-28'-34" West, an arc length of 217.267 feet, tangent of 109.173 feet to a point;

THENCE S 0° 23' W a distance of 150.0 ft.;
THENCE S 87° 22' E a distance of 345.0 ft.;
THENCE S 89° 52' E a distance of 318.0 ft.;
THENCE N 0° 08' E a distance of 124 ft.;
THENCE S 89° 52' E a distance of 203 ft.;
THENCE S 0° 08' W a distance of 124 ft.;
THENCE S 89° 52' E a distance of 1271 ft.; to the place of
beginning; providing for certain conditions; providing for
a penalty not to exceed the sum of Two Hundred Dollars (\$200.00)
for each offense; and declaring an emergency.

WHEREAS, the Planning and Zoning Commission of the City of Rockwall,
and the governing body of the City of Rockwall, in compliance with
the laws of the State of Texas and the ordinances of the City of
Rockwall, have given the requisite notices by publication and other-
wise, and after holding due hearings and affording a full and fair
hearing to all the property owners generally and to all persons
interested and situated in the affected area, and in the vicinity
thereof, and in the exercise of its legislative discretion, has
concluded that the Comprehensive Zoning Ordinance should be amended;
now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Comprehensive Zoning Ordinance of the City of
Rockwall, as heretofore amended, be, and the same is hereby amended
by amending the zoning map of the City of Rockwall so as to give the

following described property the following zoning classification,
to-wit:

That the following area be, and the same is hereby zoned Planned
Development District No. 5 under special conditions, to-wit:

Being a tract of land out of the S. S. McCurry Survey, containing
539.329 acres.

BEGINNING at the point of intersection of the north line of State
Highway No. 66 and the west line of F.M. Road No. 1141, in the City
of Rockwall, Texas;

THENCE N 35° 38' E a distance of 146.0 ft.;
THENCE N 1° 05' W a distance of 1562 ft.;
THENCE S 89° 07' W a distance of 207 ft.;
THENCE N 0° 34' W a distance of 775 ft.;
THENCE N 89° 28' 43" E a distance of 503.80 ft.;
THENCE S 0° 04' 13" E a distance of 159.34 ft.;
THENCE N 29° 46' 47" E a distance of 57.90 ft.;
THENCE N 0° 02' 00" E a distance of 434.46 ft.;
THENCE N 88° 40' 49" E a distance of 156.0 ft.;
THENCE S 0° 14' 37" W a distance of 313.30 ft.;
THENCE N 57° 05' 37" E a distance of 16.29 ft.;
THENCE N 88° 37' 57" E a distance of 172.06 ft.;
THENCE N 0° 10' 13" W a distance of 2306.01 ft.;
THENCE N 0° 30' E a distance of 490.21 ft.;
THENCE N 89° 11' W a distance of 889.50 ft.;
THENCE N 89° 48' W a distance of 856.0 ft.;
THENCE S 0° 50' E a distance of 958 ft.;
THENCE S 89° 22' W a distance of 1726.0 ft.;
THENCE N 0° 54' 08" W a distance of 1050 ft. more or less to a point
for corner in the south line of a county road;
THENCE N 89° 12' 18" W a distance of 1947.09 ft.;
THENCE S 89° 37' 49" W a distance of 575.0 ft.;
THENCE S 0° 54' 06" W a distance of 748.80 ft.;
THENCE S 13° 02' 36" E a distance of 1779.11 ft.;
THENCE S 40° 07' 36" E a distance of 112.0 ft.;
THENCE S 13° 02' 36" E a distance of 262.0 ft.;
THENCE S 12° 39' 31" E a distance of 109.04 ft.;
THENCE S 12° 12' 51" W a distance of 112.28 ft.;
THENCE S 11° 19' 07" E a distance of 246.50 ft.;
THENCE S 11° 35' E a distance of 7.0 ft.;

THENCE S 8° 50' E a distance of 196.5 ft.;
THENCE S 5° 50' E a distance of 277.5 ft.;
THENCE N 89° 25' E a distance of 537.0 ft.;
THENCE N 13° 02' 32" E a distance of 73.25 ft.;
THENCE N 89° 19' E a distance of 1499.70 ft.;
THENCE N 2° 58' W a distance of 20.90 ft.;
THENCE N 53° 18' E a distance of 60.01 ft.;
THENCE N 80° 30' E a distance of 43.50 ft.;
THENCE S 1° 37' W a distance of 1504.00 ft.;
THENCE S 1° 37' W a distance of 1483.1 ft.;
THENCE S 89° 35' E a distance of 778.0 ft.;
THENCE S 0° 23' W a distance of 150.0 ft.;
THENCE S 37° 22' E a distance of 345.0 ft.;
THENCE S 89° 52' E a distance of 318.0 ft.;
THENCE N 0° 08' E a distance of 124 ft.;
THENCE S 89° 52' E a distance of 203 ft.;
THENCE S 0° 08' W a distance of 124 ft.;
THENCE S 89° 52' E a distance of 1271 ft.; to the place of beginning;
providing for certain conditions; providing for a penalty not to
exceed the sum of Two Hundred Dollars (\$200.00) for each offense,
and declaring an emergency.

SECTION 2. That the above zoning classification as Planned Development District No. 5 is granted subject to the following special conditions:

(1) That the Planned Development District for Shopping Center Purposes shall be developed in accordance with the site plan for said area, which is attached to and made a part of this ordinance for all purposes.

(2) That all developments of property covered by this ordinance shall be in accordance with the approved site plan, and no substantial change in the development shall be permitted except after obtaining approval of the change of such site plan in the manner required for change and amendments to the Comprehensive Zoning Ordinance.

(3) Planned Development District permitting uses for Single Family Dwellings, Single Family Cluster Home housing, Duplexes, Townhouses, Multiple Family Dwellings. Neighborhood Service and General Retail, Church, School, Park, Community Center and Golf Course, subject to the approval of the site plan by the Planning and Zoning Commission prior to the issuance of any building permit or certificate

plan shall set forth the areas designated for the basic building areas, yards, setbacks, offstreet parking, points of access, sidewalks, drives, drainage facilities, utility easements, recreational areas and service areas appropriate to the location and function of the development, and shall provide for the dedication and improvement of any street deemed necessary by the Planning and Zoning Commission for access to the property, to adjacent property or for circulation around the site.

The General Retail area shall consist of not more than 36.6 acres. The Professional & Medical Offices area shall consist of not more than 13.5 acres. The Garden Apartments area shall consist of not more than 46.5 acres @ 16 units per acre. The Townhouse Clusters area shall consist of not more than 85.9 acres @ 7 units per acre. The Townhouse Community area shall consist of not more than 21.4 acres. Single Family area shall consist of not more than 325.8 acres; Platted SF-1 not more than 9.9 acres; Platted SF-2 not more than 83.3 acres; Platted SF-3 not more than 95.8 acres. The School area shall consist of not less than 17.9 acres. The Public Park area shall consist of not less than 95.6 acres. The Church and Day School area shall consist of not less than 4.0 acres.

The density, coverage, height, park and offstreet loading standards shall be as set forth on the site plan.

The requisite site plan may be approved in whole or in part provided the elements influencing the development of the entire tract, such as access, parking and circulation are considered by an overall site plan.

(4) That in the development of said property under Planned Development District No. 5 zoning classification, such property shall be developed in accordance with the regulations applicable to Neighborhood Service districts and General Retail district regulations under Comprehensive Zoning Ordinance, except where said regulations shall be different from the attached site plan, and to that extent said attached site plan shall control. Otherwise, as shown on said site plan the regulations applicable to the Neighborhood Service and General Retail districts relating to area regulations, offstreet parking loading regulations, height regulations, accessory building regulations, as contained in the Comprehensive Zoning Ordinance shall be applicable.

SECTION 3. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 4. That the above described tracts of land shall be used only in the manner and for the purposes provided for by the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended and as amended herein, by the granting of this zoning change.

SECTION 5. That any person, firm or corporation violating any of the provisions or terms of this ordinance shall be subject to the same penalty as provided for in the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended, and upon conviction shall be punished by a fine not to exceed the sum of Two Hundred Dollars (\$200.00) for each offense.

SECTION 6. WHEREAS, it appears that the above described property requires that it be given the above zoning classification in order to permit its proper development and in order to protect the public interest and general welfare of the City of Rockwall, and creates an urgency and an emergency in the preservation of the public health, safety and welfare, and requires that this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance, as the law in such cases provides.

DULY PASSED by the City Council of the City of Rockwall, Texas, on the 4th day of September, 1972.

APPROVED:

ORDINANCE NO 87-23

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO AMEND ORDINANCE 73-31, SO AS TO AMEND THE APPROVED PRELIMINARY PLAN ON "PD-5" PLANNED DEVELOPMENT DISTRICT NO. 5; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF ONE THOUSAND DOLLARS (\$1,000.00) FOR EACH OFFENSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Comprehensive Zoning Ordinance of the City of Rockwall should be amended as follows, NOW, THEREFORE,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Comprehensive Zoning Ordinance of the City of Rockwall, Texas, and Ordinance 73-31 as heretofore amended, be, and the same is hereby amended by amending the approved preliminary plan for "PD-5", Planned Development District No. 5, as it relates to approved land uses and approved development criteria. That said amended site plan is attached hereto as Exhibit "A" and said amended development criteria is attached hereto as Exhibit "B" and made a part hereof for all purposes.

SECTION 2. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby, repealed and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 3. That Planned Development District No. 5 shall be used only in the manner and for the purposes authorized by the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended and as amended hereby, provided that the amendment of the approved preliminary plan for Planned Development District No. 5 shall affect only the property shown thereon and said property shall be limited to the uses, density, area, setback and

other requirements set forth thereon, subject to the following special conditions:

a. That the amended site plan attached hereto as Exhibit "A" and the development criteria attached hereto as Exhibit "B", and made a part hereof shall control the development of Planned Development District No. 5 and any and all such development shall be in strict accordance with such site plan and development criteria.

b. No substantial change in development of "PD-5" shall be permitted except after obtaining approval of the change of such development through amendment of this site plan or other changes in the Comprehensive Zoning Ordinance applicable to Planned Development District No. 5 in the manner required for changes or amendments to the Comprehensive Zoning Ordinance.

c. All other area requirements for each use not specifically covered on the site plan attached as Exhibit "A" and the Development Criteria attached as Exhibit "B" shall be as required in the least restrictive zoning district in the Comprehensive Zoning Ordinance in which such use is allowed.

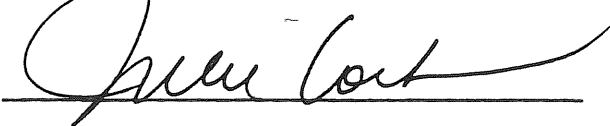

SECTION 4. Any person, firm or corporation violating any of the provisions of this ordinance shall be subject to the same penalty as provided for in the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended, and as amended hereby, and upon conviction shall be punished by a fine not to exceed the sum of One Thousand Dollars (\$1,000.00) for each offense, and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 5. This ordinance shall become effective from and after its passage and the publication of the caption as the law in such cases provides.

DULY PASSED by the City Council of the City of Rockwall, Texas, on the 18th day of May, 1987.

PLANNED DEVELOPMENT DISTRICT 5

SUMMARY

<u>USE</u>	<u>NET ACREAGE</u>	<u>TRACTS</u>
Single Family	208.60	2, 6, 7, 15 and 16
Multi-Family	29.80	14 and 18
Office	7.40	12
Retail	57.90	1, 3, 8, 9, 10, 11 and 17
Lake (Surface Area)	62.90	--
Flood Plain	98.60	--
Major Thoroughfares	26.90	--
Agriculture	9.80	4, 5, 13
Total	<u>501.90</u>	
Other, Single Family, YMCA	45.96	
Total	<u>547.86</u>	

This planned development district consists of approximately 501 acres and is located east of State Highway 205 and north of State Highway 66. The land is characterized by rolling terrain and a soil conservation lake of approximately 52 acres. The following development standards set forth use of land and development criteria by tracts. Tracts having similar use are grouped under a common set of criteria.

- I. SINGLE FAMILY -
 - Tract 15 - Gross Acreage - 39.1 Acres
 - Tract 16 - Gross Acreage - 29.3 Acres
 - PT. Tract 6 - Gross Acreage - 39.8 Acres
- A. Purpose: Standards for this use are intended for single family residential dwellings; public, denominational and private schools; churches; parks; and approved accessory buildings.
- B. Permitted Uses: The following uses shall be permitted:
 - 1. Agricultural uses on unplatted land, in accordance with all other adopted ordinances.
 - 2. One detached single-family dwelling per lot.
 - 3. Home occupations.
 - 4. Day care centers with less than 7 children enrolled at any one time.
 - 5. Paved automobile parking areas which are necessary to the uses permitted in this district.
 - 6. Municipally owned or controlled facilities, utilities, and uses.

7. One portable building per lot not larger than one hundred twenty (120) square feet in floor area nor taller than ten (10) feet in height, as an accessory to a residential use on the same lot.
8. Accessory buildings not to exceed fifteen (15) feet in height, provided the exterior covering contains only the same materials as the main structure, as an accessory to a residential use on the same lot.
9. Private residential swimming pools as an accessory to a residential use.
10. Private unlighted residential tennis courts on the same lot, as an accessory to a residential use.
11. Nurseries, greenhouses and gardens, as an accessory to a residential use of the same lot where the products are not to be sold.
12. An accessory use customarily related to a principal use authorized in SF-7 District classification.
13. Temporary real estate sales offices located on property being sold, limited to the period of sale of the lots with a two year initial period and one year extensions being authorized by the Planning and Zoning Commission, such offices to be maintained at all times.
14. Temporary on site construction offices limited to period of construction, with a two year initial period and one year extensions being authorized by the Planning and Zoning Commission, such offices to be maintained at all times.
15. Temporary concrete batching plants limited to the period of construction, upon approval of location and operation of the Building Official.

C. Conditional Uses: (A conditional use permit will be required for the following uses, following the procedure outlined in the Comprehensive Zoning Ordinance.)

1. A mobile home on an unsubdivided tract of five acres or more or used as a temporary construction office, subject to the conditions established in the Comprehensive Zoning Ordinance.
2. Paved parking facilities for nonresidential uses that are not allowed in this district if properly screened, buffered, and landscaped.
3. Facilities for railroads or those utilities holding a franchise under the City of Rockwall.
4. Institutional uses, including day care centers with more than 6 children.
5. Semi-public uses.

6. Accessory buildings in excess of fifteen (15) feet in height or a structure with exterior materials that are not contained in the main building, or portable storage buildings in excess of one hundred twenty (120) square feet or ten (10) feet in height used as an accessory to a residential use on the same lot.

D. Area Requirements:

1. Minimum lot area - 7,000 square feet
2. Maximum number of single family detached dwellings units per lot - 1
3. Minimum square footage per dwelling unit - 1200 square feet
4. Minimum lot frontage on a public street - 60 feet
5. Minimum lot depth - 100 feet
6. Minimum depth of front setback - 20 feet plus 1 foot for each foot in height over 25 feet.
7. Minimum depth of rear setback - 10 feet
8. Minimum width of side setback -
 - a. Internal lot - 6 feet
 - b. Abutting street - 15 feet
 - c. Abutting an arterial - 20 feet
9. Minimum distance between separate buildings on the same lot or parcel of land - 10 feet
10. Minimum length of driveway pavement from the public right-of-way for rear or side yards - 20 feet
11. Maximum building coverage as a percentage of lot area - 35 percent
12. Maximum height of structures - 32 feet
13. Minimum number of paved off-street parking spaces required for -
 - a. One single family dwelling unit - 2
An enclosed garage shall not be considered in meeting the off street parking requirements.
 - b. All other uses (See Off-street Parking section of Comprehensive Zoning Ordinance 83-23)

II. SINGLE FAMILY - Pt. Tract 6, gross acreage 40.0 Acres

A. Purpose: Standards for this use are intended for single family residential dwellings; public, denominational and private schools; churches; parks; and approved accessory buildings. This district is proposed to allow zero lot line development.

B. Permitted Uses: The following uses shall be permitted:

1. Agricultural uses on unplatted land, in accordance with all other adopted ordinances.
2. One detached single-family dwelling per lot.
3. Home occupations.
4. Day care centers with less than 7 children enrolled at any one time.
5. Paved automobile parking areas which are necessary to the uses permitted in this district.
6. Municipally owned or controlled facilities, utilities, and uses.
7. One portable building per lot not larger than one hundred twenty (120) square feet in floor area nor taller than ten (10) feet in height, as an accessory to a residential use on the same lot.
8. Accessory buildings not to exceed fifteen (15) feet in height provided the exterior covering contains only the same materials as the main structure, as an accessory to a residential use on the same lot.
9. Private residential swimming pools as an accessory to a residential use.
10. Private unlighted residential tennis courts on the same lot, as an accessory to a residential use.
11. Nurseries, greenhouses and gardens, as an accessory to a residential use of the same lot where the products are not to be sold.
12. An accessory use customarily related to a principal use authorized in SF-7 District classification.
13. Temporary real estate sales offices located on property being sold, limited to the period of sale of the lots with a two year initial period and one year extensions being authorized by the Planning and Zoning Commission, such offices to be maintained at all times.
14. Temporary on site construction offices limited to period of construction, with a two year initial period and one year extensions being authorized by the Planning and Zoning Commission, such offices to be maintained at all times.

15. Temporary concrete batching plants limited to the period of construction, upon approval of location and operation of the Building Official.

C. Conditional Uses: (A conditional use permit will be required for the following uses, following the procedure outlined in the Comprehensive Zoning Ordinance.

1. A mobile home on an unsubdivided tract of five acres or more or used as a temporary construction office, subject to the conditions established in the Comprehensive Zoning Ordinance.
2. Paved parking facilities for nonresidential uses that are not allowed in this district if properly screened, buffered, and landscaped.
3. Facilities for railroads or those utilities holding a franchise under the City of Rockwall.
4. Institutional uses, including day care centers with more than 6 children.
5. Semi-public uses.
6. Accessory buildings in excess of fifteen (15) feet in height or a structure with exterior materials that are not contained in the main building, or portable storage buildings in excess of one hundred twenty (120) square feet or ten (10) feet in height, used as an accessory to a residential use on the same lot.

D. Area Requirements:

1. Minimum lot area - 5,000 square feet
2. Maximum number of single family detached dwellings units per lot - 1
3. Minimum square footage per dwelling unit - 1200 square feet
4. Minimum lot frontage on a public street - 60 feet
5. Minimum lot depth - 100 feet
6. Minimum depth of front setback - 20 feet plus 1 foot for each foot in height over 25 feet.
7. Minimum depth of rear setback - 10 feet
8. Minimum width of side setback -
 - a. Internal lot - 6 feet
 - b. Abutting street - 15 feet

- c. Abutting an arterial - 20 feet
- 9. Minimum distance between separate buildings on the same lot or parcel of land - 10 feet
- 10. Minimum length of driveway pavement from the public right-of-way for rear or side yards - 20 feet
- 11. Maximum building coverage as a percentage of lot area - 35 percent
- 12. Maximum height of structures - 32 feet
- 13. Minimum number of paved off-street parking spaces required for -
 - a. One single family dwelling unit - 2
An enclosed garage shall not be considered in meeting the off street parking requirements.
 - b. All other uses (See Off-street Parking Section of Comprehensive Zoning Ordinance)

III. SINGLE FAMILY - MEDIUM DENSITY - Tract 2 - 47.9 Gross Acres
Tract 7 - 23.7 Gross Acres

- A. Purpose: Standards for this use allow for the construction of a single family detached cluster type housing development in which structures are arranged in closely related groups and placed on suitable terrain allowing preservation of natural topography and other site features. The maximum density for this district shall not exceed seven (7) dwelling units per gross acre. Arrangement of building sites, access, open space, building set backs and other platting features shall be approved at time of site plan approval.

Each tract designated in this planned development district for medium density use is on smaller parcels and is generally located adjacent to the lake and designated open space.

- B. Permitted Uses:
- 1. Agricultural uses on unplatted land, in accordance with all other adopted ordinances.
 - 2. One single-family detached dwelling per lot.
 - 3. Home occupations.
 - 4. Day care centers with less than 7 full time children enrolled at any one time.
 - 5. Paved automobile parking areas which are necessary to the uses permitted uses in this district.

6. Municipally owned or controlled facilities, utilities, and uses.
 7. Nurseries, greenhouses, and gardens, as an accessory to a residential use on the same lot where the products are not to be sold.
 8. An accessory use customarily related to a principal use.
 9. Temporary real estate sales offices located on property being sold, limited to the period of sale of the lots with a two year initial period and a one year extension being authorized by the Planning and Zoning Commission, such sales offices to be maintained at all times.
 10. Temporary on site construction offices limited to the period of construction, with a two year initial period and a one year extension being authorized by the Planning and Zoning Commission, such offices to be maintained at all times.
 11. Temporary concrete batching plants limited to the period of construction, upon approval of location and operation of the Building Official.
- C. Conditional Uses: (A conditional use permit will be required for the following uses, following the procedure outlined in the Comprehensive Zoning Ordinance.)
1. Paved parking facilities for nonresidential uses that are not allowed in this district provided they are property screened, buffered and landscaped.
 2. Facilities for those utilities holding a franchise under the City.
 3. Institutional uses, including day care centers with more than 6 children.
 4. Semi-public uses.
 5. Private residential tennis court used as an accessory to a residential use if not located on the same lot or utilizing lights.
 6. Associated recreation and/or community clubs.
- D. Area Requirements:
1. Minimum lot area - 3,500 square feet
 2. Maximum number of single family dwelling units per lot - 1
 3. Minimum square footage per dwelling unit - 1,000 square feet
 4. Minimum lot frontage on a public street - Development plan approval
 5. Minimum lot depth - 100 feet

- IV. MULTI-FAMILY RESIDENTIAL DISTRICT - Tract 14 - 20.4 Gross Acres
Tract 18 - 10.1 Gross Acres

- 8

6. Storage buildings used as an accessory to a residential use on the same lot.
7. Accessory recreational uses such as tennis courts, swimming pools, designed for use by residents of a specific project. Lighting for such uses shall be designed so as not to glare across property lines, nor glare into residential areas on the same property.
8. An accessory use customarily related to a principal use authorized in this district.
9. Temporary on site construction offices limited to the period of construction, with a two year initial period and one year extension being authorized by the Planning and Zoning Commission, such office to be maintained at all times.
10. Temporary concrete batching plants limited to the period of construction, upon approval of location and operation of the Building Official.

C. Conditional Uses: (A conditional use permit will be required for the following uses, following the procedure outlined in the Comprehensive Zoning Ordinance)

1. Facilities for railroads or those utilities holding a franchise under the City of Rockwall.
2. Institutional uses including day care centers with more than 6 full time children enrolled at one time, except in condominiums and apartments.
3. Semi-public uses.
4. Associated recreation and/or community clubs. Such uses shall be included in calculating the coverage requirements of this district.

D. Area Requirements:

1. Minimum site area - 10,000 square feet
2. Minimum lot area - 2,000 square feet of lot area per unit
3. Maximum density per gross acre - 14 units/acre
4. Minimum lot frontage on a public street - 60 feet
5. Minimum lot depth - 100 feet
6. Minimum depth of front setback - 25 feet
7. Minimum depth of rear setback*

- a. Abutting a single family, townhouse, or duplex district:

one story structure - 25 feet
two story structure - 50 feet
three story structure - 75 feet

- b. Abutting any other district - 10 feet

*Unenclosed carports may be built up to within 5 feet of any property line that abuts an alley and no closer than 20 feet from any street intersection.

8. Minimum width of side setback -

- a. Abutting a single family, townhouse, or duplex district:

one story structure - 25 feet
two story structure - 50 feet
three story structure - 75 feet

- b. Internal lot - 10 feet for a one story structure or 15 feet for structures two or more stories in height.

- c. Abutting street - 15 feet

- d. Abutting an arterial - 20 feet

9. Minimum distance between buildings on the same lot or parcel of land:

10 feet from main to accessory buildings
20 feet for 2 main buildings with doors or windows in facing walls
15 feet for 2 main buildings without doors or windows in facing walls

10. Maximum building coverage as a percentage of lot area - 45%

Each development containing over 100 dwelling units shall provide 300 square feet of open space per 2 and 3 bedroom unit, with at least one open area with the minimum dimensions of 200 feet by 150 feet. Swimming pools, tennis courts and other recreational facilities can be counted toward the overall open space requirement, but not toward the required 200 feet by 150 feet area.

11. Minimum amount of permanent, landscaped open space - 20% of total lot area, with 30% of total requirement located in front and alongside buildings along street frontages. Any parking lot with more than 2 rows of spaces shall have a minimum of 2% of the interior of the parking lot in landscaping. Such landscaping shall be counted toward the 20% total landscaping requirement. All required landscaped areas shall be permanently maintained and shall have an irrigation system installed meeting all applicable City codes, and approved by the Building Official.

12. Maximum height of structures - 36 feet
13. Minimum requirements for construction materials
 - a. Exterior walls - a minimum of 75% of each building wall shall consist of masonry material as defined, excluding stucco.
15. Minimum number of paved, striped, off-street parking spaces required for -
 - a. 0 bedroom or efficiency dwelling unit - 1.5 spaces per unit
 - b. 1 bedroom dwelling units - 1.5 spaces per unit
 - c. 2 bedroom dwelling units - 2 spaces per unit
 - d. 3 or more bedroom dwelling units - 2.5 spaces per unit
 - e. The average number of parking spaces for the total development shall not be less than 2 spaces per unit.
 - f. All other uses - See Off-street Parking Section of Comprehensive Zoning Ordinance

E. Required Conditions:

1. The owner shall submit to the Planning and Zoning Commission for review and approval, the site and building plan for the proposed development. A site plan shall be submitted and approved prior to an application for a building permit and shall contain drawings to scale to indicate as needed:
 - a. Location of all structures proposed and existing on the subject property and within twenty (20) feet on adjoining property;
 - b. Landscaping and/or fencing of yards and setback areas and proposed changes;
 - c. Design of ingress and egress;
 - d. Location of adjacent zoning districts;
 - e. Off-street parking and loading facilities;
 - f. Height of all structures;
 - g. Proposed uses;
 - h. Location and types of all signs, including lighting and heights;
 - i. Location and type of lighting;
 - j. Fire lanes;

- k. Solid waste facilities; and
- l. Utility service locations.

V. OFFICE DISTRICT - Tract 12 - 8.2 Gross Acres

- A. Purpose: Standards for this use provide for various types of office and similar activities to be built which furnish neighborhood and community services.
- B. Permitted Uses:
 - 1. Agricultural uses on unplatted land, in accordance with all other adopted ordinances.
 - 2. Office buildings for professional occupations including: executive, administrative, legal, accounting, writing, clerical, stenographic, drafting, and real estate.
 - 3. Medical offices, including clinics, where activities are conducted within a totally enclosed building.
 - 4. Banks, credit unions, savings and loan associations.
 - 5. Other uses similar to the above.
 - 6. Paved parking lots, not including commercial parking lots.
 - 7. Institutional uses.
 - 8. Municipally owned or controlled facilities, utilities, and uses.
 - 9. Drive-through windows that are accessory to permitted uses in this district.
 - 10. An accessory use customarily related to a principal use authorized in this district such as a pharmacy or apothecary shop, stores limited to corrective garments or bandages, or optical company or eating establishments accessory to the office complex or eating establishments accessory to the office complex for the convenience of the occupants and clients may be permitted, provided it is within the building to which it is accessory and does not have a direct outside entrance for customers.
 - 11. Temporary on site construction offices, limited to the period of construction, upon approval of the Building Official.
 - 12. Temporary concrete batching plant limited to the period of construction, upon approval of location and operation by the Building Official.

C. Conditional Uses: (A conditional use permit will be required for the following uses, following the procedure outlined in the Comprehensive Zoning Ordinance)

1. Funeral homes.
2. Semi-public uses.
3. Private club as an accessory to a general restaurant.
4. New buildings with over 5,000 square feet of floor area, or additions of over 40% of the existing floor area or over 5,000 square feet with combustible structural construction materials.
5. Buildings with less than 90% brick and glass exterior walls.
6. Any structure over 36 feet in height.

D. Required Conditions

1. All business operations including storage shall be conducted within a completely enclosed building (except for off street parking or loading).
2. The owner, or developer, shall submit, prior to issuance of a building permit, the Planning and Zoning Commission and the City Council for review and approval, a site and building plan for the proposed development. The contents of this site and building plan shall comply with the requirements as specified in Article III of Ordinance 83-23. Upon approval, such development shall comply with approved site plan.

E. Area Requirements:

1. Minimum site size - 6,000 square feet
2. Minimum site frontage on a public street - 60 feet
3. Minimum site depth - 100 feet
4. Minimum depth of front setback - 25 feet from the future ROW as shown on the adopted thoroughfare plan or as actually exists, whichever is greater.
5. Minimum width of side setback -
 - a. Without fire retardant wall - 6 feet
 - b. With fire retardant wall - 0 feet
 - c. Abutting residentially zoned property - 20 feet plus $\frac{1}{2}$ the building height over 36 feet.
 - d. Abutting an arterial - 25 feet from future right-of way.

- e. Abutting all other streets - 20 feet
 - f. In no case shall more than a 50 feet setback be required.
6. Minimum depth of rear setback -
- a. Non residential property with alley and fire retardant wall - 0 feet.
 - b. Without fire retardant wall or alley - 20 feet
 - c. Residential property - 200 feet plus $\frac{1}{2}$ the building height over 36 feet.
 - d. In no case shall more than a 50 feet setback be required.
7. Minimum distance between detached buildings on the same lot or parcel of land -
- a. Without fire retardant wall - 15 feet
 - b. With fire retardant wall - 0 feet
8. Minimum requirement for construction materials -
- a. Structures -
 - (1) All structural materials for new buildings greater than 5,000 square feet in floor area, or additions of more than 40% of the existing floor area or exceed 5,000 square feet, shall consist of 100% non-combustible materials.
 - (2) All structural materials for new buildings 5,000 square feet or less in floor area, and any additions to existing buildings 40% or less than the existing floor area and 5,000 square feet or less may consist of combustible materials rated a minimum of one-hour fire resistive on all walls, floors, and ceilings.
 - b. Exterior walls - Each exterior wall shall consist of 90% brick and glass.
9. Maximum building coverage as a percentage of lot area - 40%
10. Maximum amount of impervious coverage as a percentage of lot area - 80%
11. Minimum amount of landscaped areas as a percentage of total lot area - 20%, with 20% of the total requirement located in front and along-side buildings along street frontages. Any parking lot with more than

2 rows of spaces shall have a minimum of 2% of the interior of the parking lot in landscaping. Such landscaping shall be counted toward the 20% total landscaping requirement. All required landscaped areas shall be permanently maintained and shall have irrigation system installed meeting all applicable City codes and approved by the Building Official.

12. Maximum floor area ratio - 2:1
13. Maximum height of structures - 60 feet. Any structure over 36 feet shall require a conditional use permit.
14. Minimum number of paved off-street parking spaces required - (See Off-street Parking section of Comprehensive Zoning Ordinance) Off street parking shall not be permitted in the required front setback in this district.
15. Maximum number of entrances and/or exits -
 - a. Arterial streets - 1 per each 200 feet of street frontage per site, or as approved by the City Council.
 - b. Collector streets - 1 per each 100 feet of street frontage per site, or as approved by the City Council.
 - c. Local streets - 1 per each 50 feet of street frontage per site, or as approved by the City Council.
16. Lots with non-residential uses that have a side or rear contiguous or separated only by an alley, or easement or street, from any residential district must be separated from such residential district by a buffer as defined, or as approved by the City Council.
17. The building code may impose more restrictive area requirements depending on the size, use and construction of the structures.

VI. GENERAL RETAIL - Tract 1 - 11.5 Gross Acres
Tract 3 - 10.3 Gross Acres
Tract 9 - 14.5 Gross Acres
Tract 8 - 7.4 Gross Acres
Tract 10 - 4.7 Gross Acres
Tract 11 - 12.2 Gross Acres
Tract 17 - 8.6 Gross Acres

- A. Purpose: Standards for this zoning category provides for neighborhood and community retail and related uses.
- B. Permitted Uses:
 1. Agricultural use of unplatted land in accordance with all other adopted ordinances.

2. Any retail businesses, personal services, professional service, or business service conducted within a completely enclosed building, except the following: lumber yards or contractor yards, farm equipment or other heavy equipment sales or service, farm products warehousing and storage or stockyards, general warehousing or storage.
3. Banks, including drive through facilities.
4. Office buildings.
5. Restaurants, including accessory outdoor seating, without drive-in or drive through facilities.
6. Paved parking lots, not including commercial parking lots.
7. Retail outlets where gasoline products are sold. Two pumps only in Tracts 1, 3 and 17.
8. Other uses similar to the above.
9. Telephone, telegraph, television, radio or similar media stations, centers, studios, but not including public microwave, radio, and television towers.
10. Institutional uses.
11. Municipally owned or controlled facilities, utilities, and uses.
12. Automotive repair, as an accessory to a retail use, provided all work is conducted wholly within a completely enclosed building.
13. An accessory use customarily related to a principal use authorized in this district.
14. Temporary indoor and outdoor fund raising events sponsored by nonprofit organizations with permit and approval of the Building Official.
15. Temporary sale of Christmas trees with permit and approval of the Building Official.
16. Temporary on-site construction offices limited to the period of construction upon approval of the Building Official.
17. Temporary concrete batching plant limited to the period of construction, upon approval of location and operation by the Building Official.

- C. Conditional Uses: (A conditional use permit will be required for the following uses, following the procedure outlined in the Comprehensive Zoning Ordinance.)

1. A mobile home on an unsubdivided tract of five acres or more or used as a construction office.
2. Funeral Homes.
3. Car wash.
4. Theaters and auditoriums.
5. Facilities for railroads or those utilities holding a franchise under the City of Rockwall not allowed as permitted uses.
6. Semi-public uses.
7. Amusement parks, circus or carnival grounds, commercial amusement or recreation developments, indoor amusements, arcades in accordance with all other applicable ordinances, located more than 300 feet from any residentially zoned land.
8. Drive-through window as an accessory to a restaurant.
9. Private club as an accessory to a general restaurant.
10. New buildings with over 5,000 square feet of floor area, or additions of over 40% of existing floor area or over 5,000 square feet with combustible structural construction materials.
11. Buildings with less than 90% masonry exterior walls.
12. Any structure over 36 feet in height.

D. Required Conditions

1. All business establishments other than those selling a service shall be retail service establishments dealing directly with customers. All goods produced on the premise shall be sold at retail prices on premises where produced.
2. All business operations including storage shall be conducted within a completely enclosed building, unless specifically authorized for the use as listed (except for off street parking or loading, and incidental display of retail items for sale) excluding retail outlets where gasoline products are sold.

E. Prohibited Uses:

1. Any building erected or land used for other than one or more of the preceding specified uses.

2. Any use of property that does not meet the required minimum lot size; front, side and rear yard dimension; and/or lot width; or exceeds the maximum height, building coverage or density per gross acre as required.
3. The storage, sale, lease or rental of more than one (1) boat, or more than five (5) hauling trailers is prohibited.

F. Area Requirements:

1. Minimum site size - 6,000 square feet
2. Minimum site frontage on a public street - 60 feet
3. Minimum site depth - 100 feet
4. Minimum depth of front setback - 20 feet from the future R.O.W. as shown on the adopted thoroughfare plan, or as actually exists, whichever is greater.
5. Minimum width of side setback -
 - a. Without fire retardant wall - 15 feet
 - b. With fire retardant wall - 0 feet
 - c. Abutting residentially zoned property - 20 feet plus $\frac{1}{2}$ the building height over 36 feet.
 - d. Abutting an arterial - 20 feet from the future R.O.W. as shown on the adopted thoroughfare plan, or as actually exists, whichever is greater.
 - e. Abutting all other streets - 15 feet
 - f. In no case shall more than a 50 feet setback be required.
6. Minimum depth of rear setback -
 - a. Abutting non-residentially zoned property, with fire retardant wall and alley separating - 0 feet
 - b. Without fire retardant wall or alley - 20 feet
 - c. Abutting residentially zoned property - 20 feet plus $\frac{1}{2}$ the building height over 36 feet
 - d. In no case shall more than a 50 feet setback be required.
7. Minimum distance between detached buildings on the same lot or parcel of land -

- a. Without fire retardant wall - 15 feet
 - b. With fire retardant wall - 0 feet
8. Minimum requirement for construction materials -
- a. Structures -
 - (1) All structural materials for new buildings greater than 5,000 square feet in floor area, or additions of more than 40% of the existing floor area or exceeding 5,000 square feet, shall consist of 100% non-combustible materials.
 - (2) All structural materials for new buildings 5,000 square feet or less in floor area, and any additions to existing buildings 40% or less than the existing floor area and 5,000 square feet or less may consist of combustible materials rated a minimum of one-hour fire resistive on all walls, floors, and ceilings.
 - b. Exterior walls - Each exterior wall shall consist of 90% masonry materials as defined in the Comprehensive Zoning Ordinance.
9. Maximum building coverage as a percentage of lot area - 40%
10. Maximum amount of impervious coverage as a percentage of lot area - 90%
11. Minimum amount of landscaped areas as a percentage of total lot area - 10%, with 20% of the total requirement located in front and along-side buildings along street frontages. Any parking lot with more than 2 rows of spaces shall have a minimum of 2% of the interior of the parking lot in landscaping. Such landscaping shall be counted toward the 20% total landscaping requirement. All required landscaped areas shall be permanently maintained and shall have irrigation system installed meeting all applicable City codes and approved by the Building Official.
12. Maximum floor area ratio - 2:1
13. Maximum height of structures - 60 feet. Any structure which exceeds 36 feet shall require a conditional use permit.
14. Minimum number of paved off-street parking spaces required - See Off-street Parking section of the Comprehensive Zoning Ordinance.
15. Maximum number of entrances and/or exits -
- a. Arterial streets - 1 per each 200 feet of street frontage per site, or as approved by the City Council.

- b. Collector streets - 1 per each 100 feet of street frontage per site, or as approved by the City Council.
 - c. Local streets - 1 per each 50 feet of street frontage per site, or as approved by the City Council.
16. Lots with non-residential uses that have a side or rear contiguous or separated only by an alley, easement or street, from any residential district must be separated from such residential district by a buffer as defined, or as approved by the City Council.
17. The building code may impose more restrictive area requirements depending on the size, use and construction of the structures.

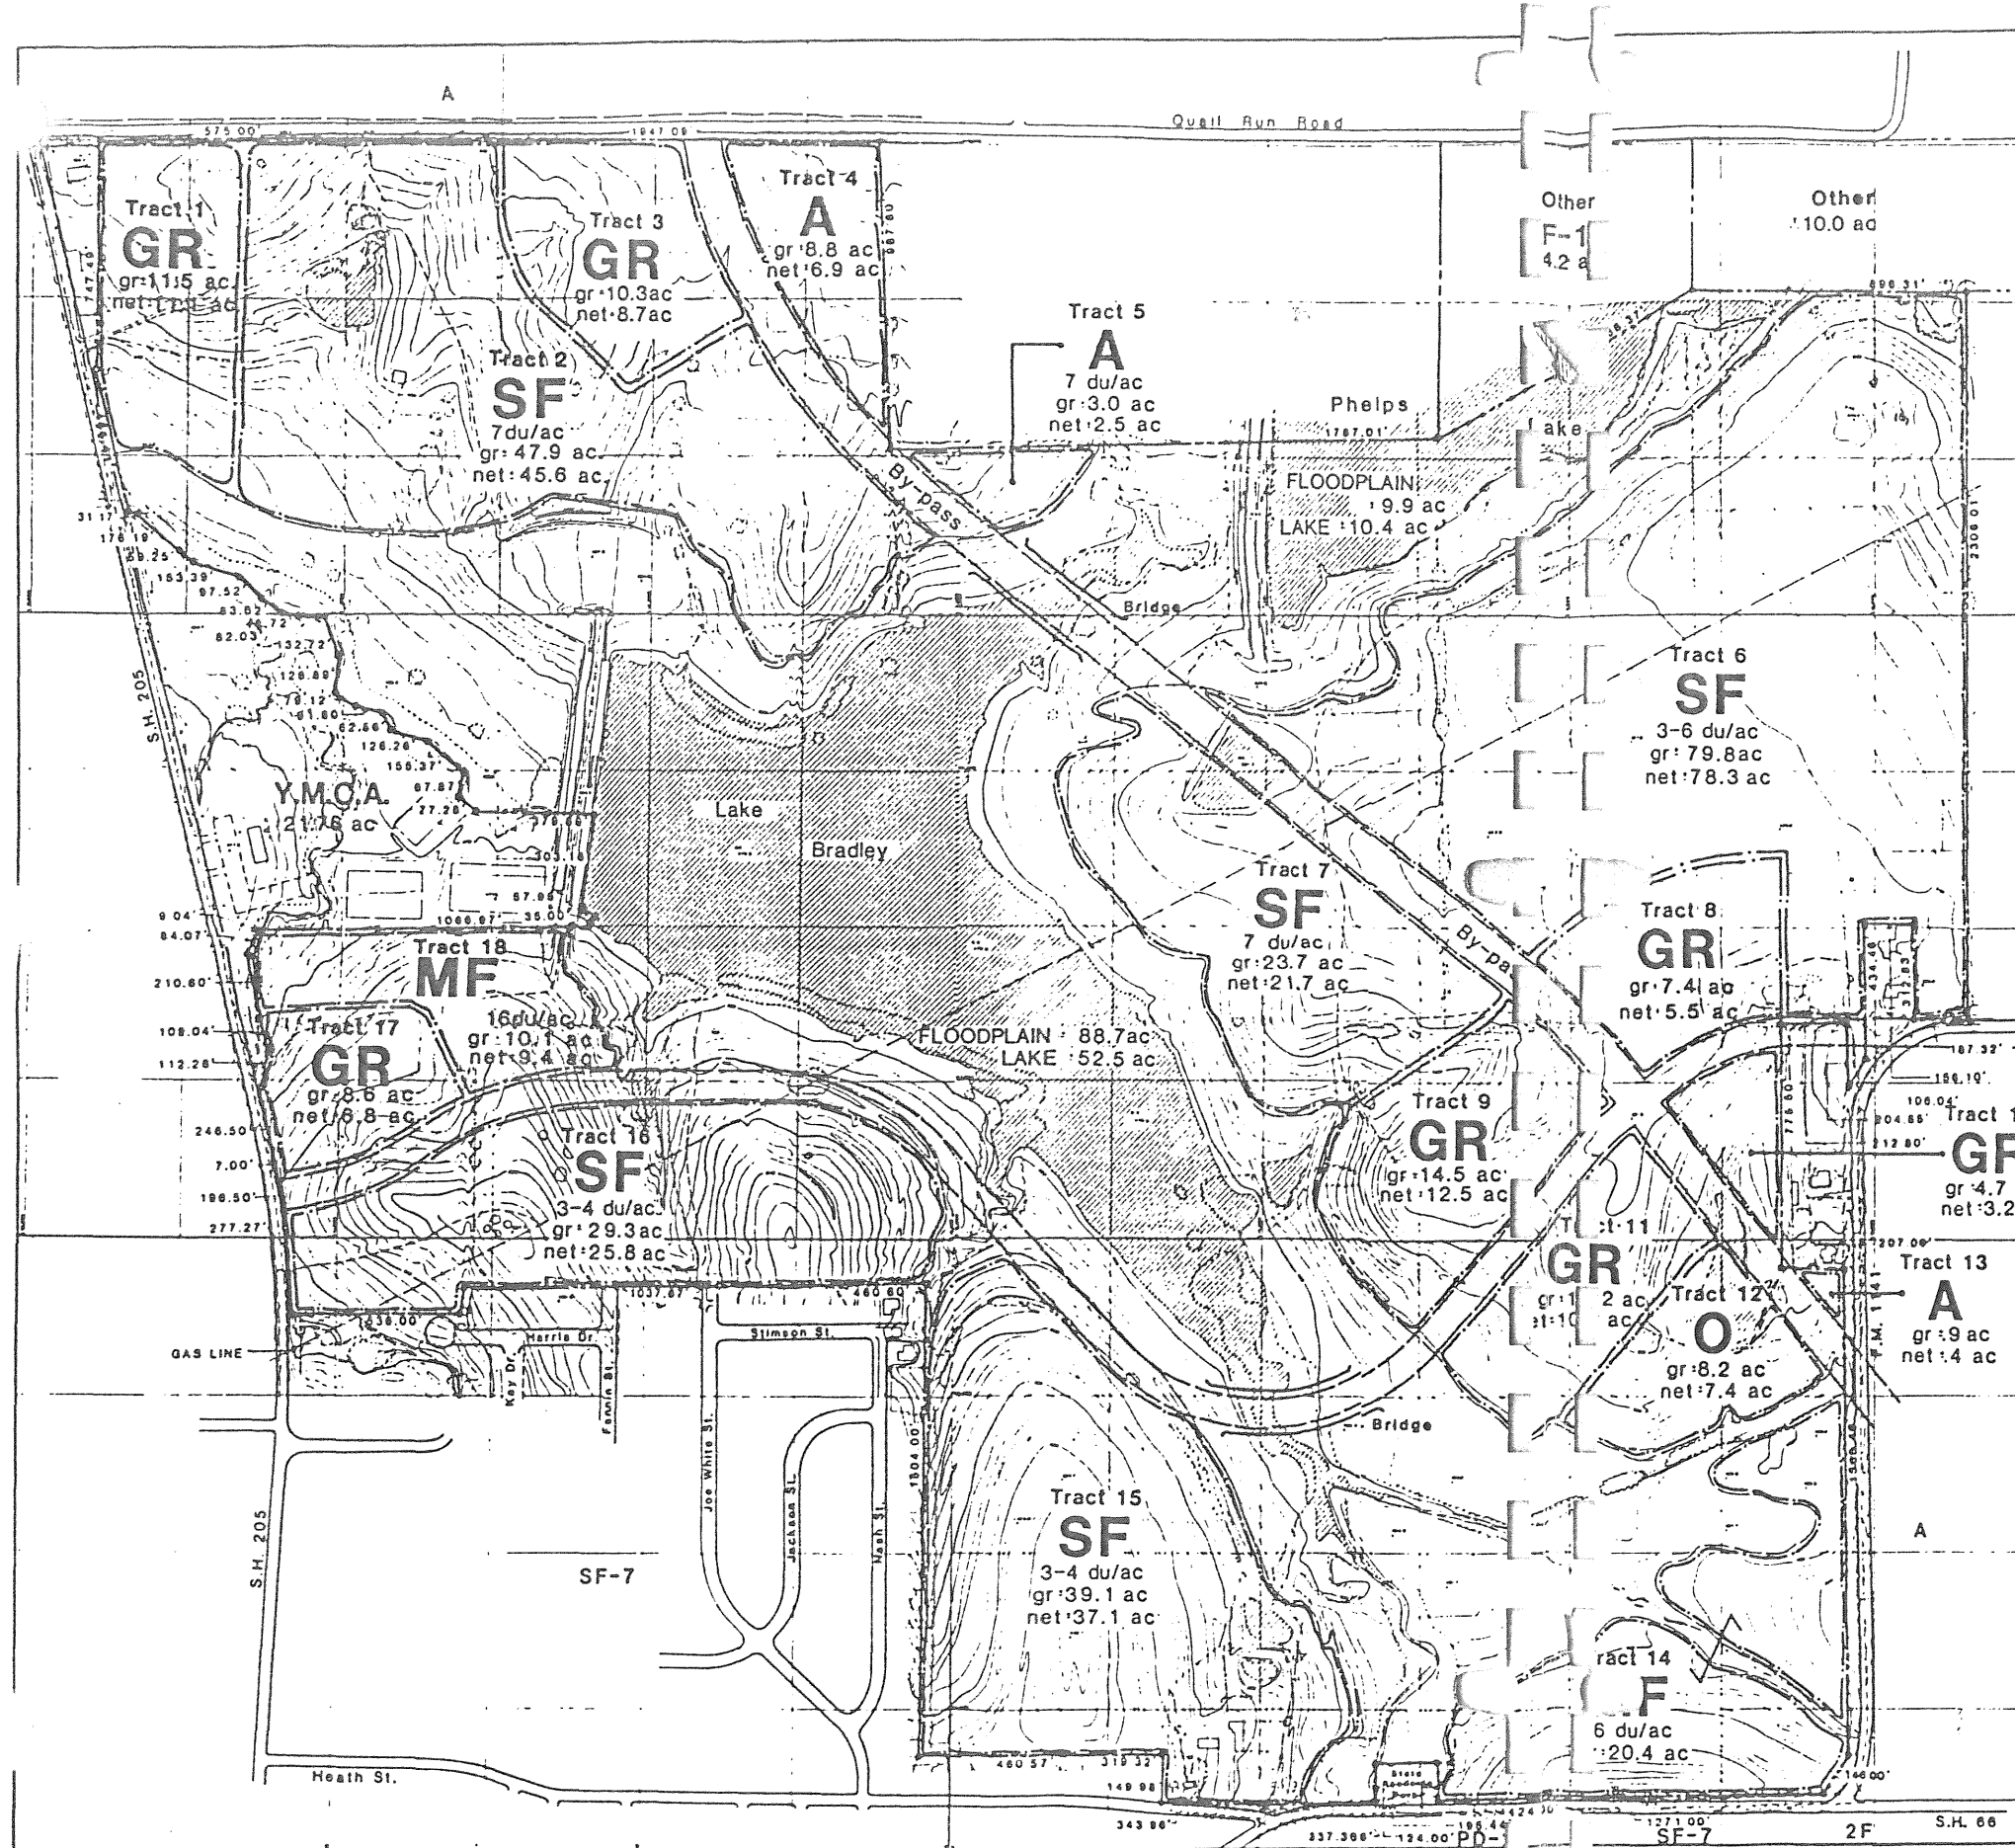

VII. AGRICULTURE

- A. Purpose: Parcels shown by Tracts 4, 5 and 13 on the Preliminary Plan are for "A" District. These parcels shall be subject to the requirements of the Agricultural Zoning District of Ordinance 83-23 until other use is established for the parcels through normal rezoning procedures.

VIII. SPECIAL CONDITIONS

- A. 1. Prior to approval of a development plan or plat on any portion of the tracts marked 1 through 18 or the area indicated as flood plain on Exhibit "B", a flood/drainage study addressing all of the above parcels shall be completed by the developer.
2. Upon completion of the drainage study and a park development plan completed by the City, the property owner hereby agrees to dedicate all lake and flood plain areas determined to be appropriate for public open space/recreation uses.
- B. 1. Prior to approval of a development plan or plat along any portion of the proposed roads shown on Exhibit "B", a route study for that road shall be completed. If a route study has already been completed by the City or others, the developer shall pay his pro rata share of the cost of this study. Based on linear front footage of property abutting said road. If the developer is required to prepare a route study which must address property outside the boundaries indicated on Exhibit "B" the developer shall be reimbursed through pro rata agreements when that property develops.
2. If, prior to the time of development of any tract adjacent to one of the proposed roads, construction of the road by another source is planned, the developer shall dedicate the appropriate right-of-way as required by the City's Thoroughfare Plan and applicable ordinances, upon completion of a route study. If a road is constructed by others, the developer shall be required to pay the pro rata share of the cost of construction, based on linear front footage of property abutting said road.

- C. If development occurs in phases, the developer may be required to preliminary plat a larger area than planned for a particular phase to ensure a well-planned cohesive development.
- D. All development planned on tracts that abut the flood plain area shall be planned in such a way as to complement and not detrimentally affect the planned use of the flood plain/open space.

preliminary plan planned development district 5

City of Rockwall

ORDINANCE NO. 88-11

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF ROCKWALL A HERETOFORE AMENDED SO AS TO CHANGE THE ZONING ON A TRACT OF LAND WHICH IS MORE FULLY DESCRIBED HEREIN FROM "PD-5" PLANNED DEVELOPMENT CLASSIFICATION TO "SF-10" SINGLE FAMILY CLASSIFICATION; CORRECTING THE OFFICIAL ZONING MAP; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a change in the classification of a zoning district has been requested by John and Lynelle Yingling for the property more specifically described in Exhibit "A" attached hereto; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Comprehensive Zoning Ordinance of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas:

SECTION 1. That the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended, be and the same is hereby amended by amending the zoning map of the City of Rockwall so as to

give "SF-10" Single Family District classification to the tract of land described in Exhibit "A".

SECTION 2. That the property described in Exhibit "A" shall be used only in the manner and for the purposes provided for in the Comprehensive Zoning Ordinance of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future.

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. Any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS (\$2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 5. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, nor shall adjudication affect any other section or provision of the Comprehensive Zoning Ordinance of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 6. That all ordinances of the City of Rockwall in conflict with the provisions of this be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such case provides.

DULY PASSED AND APPROVED this 4th day of April, 1988.

APPROVED:

John R. Miller

Mayor

ATTEST:

1st reading 3/21/88

2nd reading 4/4/88

STATE OF TEXAS
COUNTY OF ROCKWALL

Whereas, John R. and Lynelle C. Yingling, being owners of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows;

Being, a tract of land situated in the S.S. McCurry Survey, Abstract No. 146, Rockwall County, Texas, and being part of a 10.00 acre tract recorded in Volume 270, Page 207, Deed Records of Rockwall County, Texas, and being more particularly described as follows;

Beginning at the southeast corner of said 10.00 acre tract, a fence corner post for corner;

Thence, N.0°13'50"W., along a fence line, a distance of 490.21 feet to a iron stake for corner;

Thence, N.89°20'02"E., along the center of Quail Run Road, a distance of 439.22 feet to a iron stake for corner;

Thence, S.0°13'50"E., leaving said Road, a distance of 501.58 feet to a iron stake for corner;

Thence, N.89°11'W., along the south line of said 10.00 acre tract, a distance of 439.28 feet to the PLACE OF BEGINNING and containing 5.00 acres of land.

ORDINANCE NO. 96-25

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF ROCKWALL AND ORDINANCE NO, 87-23 AS HERETOFORE AMENDED SO AS TO AMEND THE APPROVED PRELIMINARY PLAN FOR PD-5 ATTACHING THE AMENDING PRELIMINARY PLAN; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the Preliminary Plan for portions of PD-5, as described in Exhibits "A", "B" and "C" has been submitted by Robert S. Whittle; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the state of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Comprehensive Zoning Ordinance of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas:

SECTION 1. That the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended, be and the same is hereby amended by amending the approved Preliminary Plan for PD-5 for those areas identified in Exhibits "A", "B" and "C". That said amended Preliminary Plans are attached hereto and made apart hereof for all purposes.

SECTION 2. That the tracts identified in Exhibits "A", "B" and "C" shall be used only in the manner and for the purposes and with the conditions provided for herein and the Comprehensive Zoning Ordinance of the City of Rockwall as heretofore amended, as amended herein by granting this amendment to the approved Preliminary Plan for PD-5 shall affect only the property described in Exhibits "A", "B" and "C" and said property shall be limited to the uses, density, area, setback and other requirements set forth herein.

SECTION 3. That development in areas in Exhibits "A", "B" and "C" shall meet the area requirements as shown in Exhibit "D" attached hereto and made apart hereof.

SECTION 4. No substantial change in development of the areas as shown in Exhibits "A", "B" and "C" shall be permitted except after obtaining approval of the change of such development through amendment of the Preliminary Plan in the manner required for changes or amendments to the Comprehensive Zoning Ordinance.

SECTION 5. Prior to or in conjunction with any plat submittal, a concept plan must be submitted for review and approval by the Planning and Zoning Commission and City Council. The concept plan shall include the following items.

- (i) Identify the location of any amenities planned for the residential areas.
- (ii) A detailed street layout for each phase that will be subject to review and approval by the Planning and Zoning Commission and City Council that identifies the location, type and general design of screening of alleys and along major roads.
- (iii) Identify location of neighborhood entry features for each area.

SECTION 6. The S. H. 205 Bypass route is currently shown on the adopted Thoroughfare Plan crossing this PD. No final alignment has been determined for this road. Under our subdivision requirements a property owner is generally required to construct or escrow the cost of up to two lanes of a perimeter road as shown on the Thoroughfare Plan or up to four lanes if the road is shown to go through the middle of a property. Since this Bypass is a state road, the developer will only be required to dedicate the right of way for the Bypass unless the road is needed for circulation inside the development, in which case the normal requirements of the subdivision requirements will apply.

SECTION 7. Prior to any final plat approval of the first phase of the development, the owner(s) of the property must execute and file an instrument creating a Homeowners Association for the residential areas shown in Exhibit "B" and "C". The Homeowners Association will be responsible for the maintenance of all common areas (including the areas designated as common areas in the Caruth Lake Phase One Addition), screening walls and features, landscape areas; deed restriction enforcement; and all other functions required to maintain the quality of the development. The property owner of the area shown in Exhibit "C" will provide and opportunity for the existing homeowners in Caruth Lake Phases One and Two to join the this newly created Homeowners Association. The residential property shown in Exhibit "B" can have a separate Homeowners Association to provide for the above mentioned functions.

SECTION 8. Items not specifically addressed in this ordinance shall comply with the Zoning Ordinance No. 83.23, Subdivision Ordinance, Engineering Standards of Design, Code of Ordinances, as amended or as may be amended in the future and any other development related ordinances as currently approved or as may be amended or approved in the future.

SECTION 9. The General Retail tract as described in Exhibit "A" shall be limited to

those uses and requirements listed in the General Retail district of the Comprehensive Zoning Ordinance and subject to site plan approval by the Planning and Zoning Commission and City Council.

SECTION 10. The tracts shown in Exhibit "C" as tracts 4, 5, & 7 and the area shown in Exhibit "B" shall comply with the area, use and all other requirements of the Single-Family 8,400 zoning district requirements of the Comprehensive Zoning Ordinance as currently adopted or as may hereafter amended.

SECTION 11. The tracts shown in Exhibit "C" as tracts 1, 3, & 6 shall comply with the area, use and all other requirements of the Single-Family 7,000 zoning district requirements of the Comprehensive Zoning Ordinance as currently adopted or as may hereafter amended.

SECTION 12. The tract shown in Exhibit "C" as tracts 2 shall comply with the area, use and all other requirements of the Zero-lot line zoning district requirements of the Comprehensive Zoning Ordinance as currently adopted or as may hereafter amended.

SECTION 13. The area as shown on Exhibit "D" will be maintained by the property owner in a timely manner consistent with the City of Rockwall ordinances. The property owner will grade, sod, and mow the lot in a timely manner consistent with the City of Rockwall ordinances until homes are built on the lot(s).

SECTION 14. Any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS (\$2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 15. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, nor shall adjudication affect any other section or provision of the Comprehensive Zoning Ordinance of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 16. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed to the extent of that conflict.

SECTION 17. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such case provides.

STATE OF TEXAS
COUNTY OF ROCKWALL

BEING a tract or parcel of land situated in the S.S. McCurry Survey, Abstract No. 146, Rockwall County, Texas, and being a part of that 502.566 acre tract of land described in Deed to Caruth Lake Development Corporation recorded in Volume 694, Page 47, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found in the center of Quail Run Road at the Northwest corner of said tract;

THENCE: Continuing with the center of Quail Run Road North 88° 25' 16" East a distance of 575.00 feet to a 1/2" iron rod set for a corner;

THENCE: Continuing with the center of Quail Run Road North 89° 35' 13" East a distance of 73.91 feet to a 1/2" iron rod set for corner;

THENCE: South 01° 28' 40" East a distance of 1401.79 feet to a 1/2" iron rod set for a corner;

THENCE: North 60° 17' 00" West a distance of 699.27 feet to a 1/2" iron rod set for a corner on the East right-of-way line of State Highway 205;

THENCE: North 14° 13' 17" West along said right-of-way line a distance of 300.00 feet to a 1/2" iron rod set for corner;

THENCE: North 00° 17' 37" West a distance of 747.52 feet to the Point of Beginning and containing 18.0000 acres of land.

The plat hereon is a true, correct, and accurate representation of the property as determined by survey, the lines and dimensions of said property being as indicated by the plat. There are no encroachments, conflicts, or protrusions, except as shown.

STATE OF TEXAS
COUNTY OF ROCKWALL

BEING a tract or parcel of land situated in the M.B. Jones Survey, Abstract No. 122 and the S.S. McCurry Survey, Abstract No. 146, Rockwall County, Texas, and being a part of that 502.566 acre tract of land described in Deed to Caruth Lake Development Corporation recorded in Volume 694, Page 47, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

COMMENCING at a 1/2" iron rod found in the center of Quail Run Road, said point also being the Northwest corner of said 502.566 acre tract:

THENCE: North 88° 25' 16" East along said centerline, a distance of 575.00 feet to a 1/2" iron rod set at an angle point in said road;

THENCE: Continuing with said centerline North 89° 35' 13" East a distance of 73.91 feet to a 1/2" iron rod set for the POINT OF BEGINNING;

THENCE: Continuing with said centerline North 89° 35' 13" East a distance of 1873.37 feet to a 1/2" iron rod set for a corner;

THENCE: South 03° 27' 16" East a distance of 970.63 feet to a 1/2" iron rod set for a corner;

THENCE: North 88° 29' 58" East a distance of 433.18 feet to a 1/2" iron rod set for a corner;

THENCE: South 01° 30' 02" East a distance of 132.49 feet to a 1/2" iron rod set for a corner;

THENCE: South 28° 44' 08" West a distance of 84.14 feet to a 1/2" iron rod

at the beginning of a curve to the right having a central angle of 127°

37", a radius of 50.00 feet and a chord that bears North 87° 23' 34"

West a distance of 89.78 feet;

THENCE: Along the arc of said curve an arc distance of 111.48 feet to a 1/2"

iron rod set at a point of reverse curve having a central angle of 67° 58'

47", a radius of 30.00 feet and a chord that bears North 57° 30' 39" West

a distance of 33.54 feet;

THENCE: Along the arc of said curve an arc distance of 35.59 feet to a 1/2" iron rod set for a corner;

THENCE: South 88° 29' 58" West a distance of 80.41 feet to a 1/2" iron

rod set at a beginning of a curve to the left having a central angle of 55°

08' 19", a radius of 225.00 feet and a chord that bears South 60° 55' 48"

West a distance of 208.27 feet;

THENCE: Along the arc of said curve an arc distance of 216.53 feet to a 1/2" iron rod set for a corner;

THENCE: South 33° 21' 39" West a distance of 222.86 feet to a 1/2" iron

rod set on a curve to the right having a central angle of 146° 23' 44", a

radius of 50.00 feet and a chord that bears South 69° 41' 19" West a

distance of 95.73 feet;

THENCE: Along the arc of said curve an arc distance of 127.75 feet to a 1/2" iron rod set for a corner;

THENCE: North 73° 59' 00" West a distance of 835.78 feet to a 1/2" iron rod set for a corner;

THENCE: South 67° 54' 00" West a distance of 540.00 feet to a 1/2" iron rod set for a corner;

THENCE: South 84° 17' 00" West a distance of 305.00 feet to a 1/2" iron rod set for a corner;

THENCE: North 60° 17' 00" West a distance of 105.73 feet to a 1/2" iron rod set for a corner;

THENCE: North 01° 28' 40" West a distance of 1401.79 feet to the Point of Beginning and containing 61.4123 acres of land.

PAGE

...that 1.00 acre tract of land conveyed to John R. Yingling and wife, recorded in Volume 826, Page 179, Deed Records, Rockwall County, Texas;

THENCE: East a distance of 210.47 feet to a 1/2" iron rod found for a corner;

THENCE: East a distance of 524.01 feet to a 1/2" iron rod found for a corner;

THENCE: North 00° 48' 45" West a distance of 248.44 feet to the East side of a 6" iron post found set in place for a corner, said point being on the most Easterly North line of said 502.586 acre tract;

THENCE: South 89° 48' 53" East a distance of 456.78 feet with said North line to a fence corner post;

THENCE: South 00° degree 11' 28" East a distance of 281.83 feet to a 5/8" iron rod found for an angle point at the Northwest corner of the Lake Hill Addition, phase 2, as described in Cabinet A, Slide 309, of the Plat Records of Rockwall County, Texas;

THENCE: South 01° 08' 16" East with the said West line of Lake Hill Addition, Phase 2 a distance of 612.00 feet to a 5/8" iron rod found for an angle point and the Southwest corner of the said Lake Hill Addition, phase 2, as the Northwest corner of Lake Hill Addition, phase 1, as described in Cabinet A, Slide 272, of the map Records of Rockwall County, Texas;

THENCE: South 00° 50' 21" East, with the said West line of Lake Hill Addition, phase 1, 1398.39 feet to a 1/2" iron rod found on the North line of State Farm to Market Road no. 1141, an 80-foot wide public Right-of-Way;

THENCE: South 86° 47' 35" West a distance of 77.84 feet with said North line to a 5/8" iron rod found at the beginning of a curve to the left having a central angle of 17° 43' 55", a radius of 368.39 feet, and a chord that bears South 77° 56' 36" West a distance of 110.48 feet;

THENCE: Along said curve and continuing with said North line an arc distance of 110.92 feet to a 5/8" iron rod found for a corner;

THENCE: North 00° 57' 56" West a distance of 313.41 feet to a 5/8" iron rod found for a corner;

THENCE: South 87° 53' 15" West a distance of 157.35 feet to a 5/8" iron rod found for a corner;

THENCE: South 01 degree 10' 33" East a distance of 421.15 feet to a 5/8" iron rod found for a corner on the Northwest line of said FM-1140, said point being on an intersecting curve to the left having a central angle of 15° 36' 55", a radius of 368.39 feet, and a chord that bears South 31° 18' 32" West a distance of 84.96 feet;

THENCE: Along said curve and with said Northwest line an arc distance of 85.16 feet to a 5/8" iron rod found at a corner at the most Easterly Southeast corner of that 3.207 acre tract of land described in Deed recorded in Volume 47, Page 469, Deed Records, Rockwall County, Texas;

THENCE: North 01 degree 41' 27" West a distance of 148.71 feet to a 5/8" iron rod found at the Northeast corner of said 3.207 acre tract;

THENCE: South 88° 32' 18" West a distance of 207.00 feet to a fence corner post at the Northwest corner of said 3.207 acre tract;

THENCE: South 01 degree 41' 27" East passing at 874.66 feet a fence corner post at the Southwest corner of said 3.207 acre tract and the Northwest corner of that tract of land conveyed to Billy Joe Pruitt by Deed recorded in Volume 86, page 212, Deed Records, Rockwall County, Texas, and continuing a total distance of 760.85 feet to a fence corner post at the Southwest corner of said Pruitt tract;

THENCE: South 89° 19' 55" East a distance of 167.43 feet to a 5/8" iron rod found for a corner on the West line of FM-1141;

THENCE: South 01 degree 20' 34" East a distance of 1106.28 feet with said West line to a 5/8" iron rod found for a corner;

THENCE: South 02° 43' 34" East a distance of 343.04 feet continuing with said West line to a 5/8" iron rod found at the beginning of a curve to the right having a central angle of 14° 01' 32", a radius of 533.14 feet, and a chord that bears South 04° 17' 12" West a distance of 130.18 feet;

THENCE: Along said curve and continuing with said West line an arc distance of 130.51 feet to a 5/8" iron rod found for a corner at the right-of-way cut-back at State Hwy. 66, a 60-foot Right-of-Way;

THENCE: South 34° 13' 31" West a distance of 123.80 feet with said cut-back to a point for a corner from which a concrete right-of-way monument bears South 54° 47' 00" East a distance of 0.60 feet;

THENCE: South 88° 24' 25" West a distance of 1271.19 feet with said North line to a 5/8" iron rod found at the Southeast corner of a State of Texas Roadside Park;

THENCE: North 02° 45' 43" East a distance of 119.65 feet to a fence corner post at the Northeast of said Park;

THENCE: South 88° 24' 23" West a distance of 202.98 feet generally along a fence line to a 5/8" iron rod found at the Northwest corner of said Park;

THENCE: South 02° 45' 43" West a distance of 119.65 feet to a fence corner post for a corner;

THENCE: South 88° 24' 23" West a distance of 318.00 feet generally along a fence line to a 5/8" iron rod found for a corner;

THENCE: South 89° 56' 28" West a distance of 360.69 feet to a 5/8" iron rod found at the Southeast corner of the Hal Phelps Addition, an addition to the City of Rockwall recorded in Cabinet A, Page 10, Plat Records, Rockwall County, Texas;

THENCE: North 00° 00' 48" West a distance of 150.40 feet to a bolt d'arc stake found at the northeast corner of said Addition;

THENCE: South 88° 54' 07" West a distance of 776.89 feet to a 5/8" iron rod found for a corner on the East line of the Wade Addition, an addition to the City of Rockwall recorded in Cabinet A, Page 3, Plat Records, Rockwall County, Texas;

THENCE: North 00° 16' 31" West a distance of 1506.02 feet to a 1/2" iron rod set for a corner at the Northeast corner of said Addition;

THENCE: South 88° 42' 10" West a distance of 867.28 feet to a 1/2" iron rod set at the Northwest corner of said Addition and the Northeast corner of the previously mentioned Harris Heights Phase 3;

THENCE: South 88° 23' 18" West a distance of 266.98 feet to the Point of Beginning and containing 309.267 acres of land including approximately 92.376 acres contained within the 100 year flood plain and 3.285 acres contained within easements having defined widths, leaving a net area of 213.606 acres of land.

STATE OF TEXAS
COUNTY OF ROCKWALL

BEING a tract or parcel of land situated in the M.B. Jones Survey, Abstract No. 122 and the S.S. McCurry Survey, Abstract No. 148, Rockwall County, Texas, and being a part of that 602.566 acre tract of land described in Deed to Caruth Lake Development Corporation recorded in Volume 694, Page 47, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found on the North line of Harrie Heights Phase Three, an addition to the City of Rockwall recorded in Cabinet B, Page 122, Plat Records, Rockwall County, Texas and at the Southeast corner of Caruth Lake No. 3, an addition to the City of Rockwall recorded in Cabinet , Page , Plat Records, Rockwall County, Texas;

THENCE: Along the East lines of said Caruth Lake No. 3, all to 1/2" iron rods found for corners, as follows: North 01' 24' 00" West a distance of 188.25 feet; South 88' 36' 00" West a distance of 21.14 feet to an intersecting curve to the right having a central angle of 14° 58' 57", a radius of 710.10 feet and a chord that bears North 08° 06' 32" East a distance of 185.18 feet; Along said curve an arc distance of 185.69 feet; North 15° 36' 00" East a distance of 448.68 feet to the Southerly line of Caruth Lane, a 60-foot Right-of-Way; South 72° 43' 38" East a distance of 7.60 feet with said Southerly line to the Southeast corner of said Caruth Lane; and North 17° 16' 22" East a distance of 65.00 feet to the Northeast corner of said Caruth Lane, said point also being on the Southerly line of a future public park;

THENCE: Traversing said 502.566 acre tract with the Southerly, Easterly, and Northerly lines of said future public park, all to 1/2" iron rods set for corners, as follows: South 72° 43' 38" East a distance of 688.10 feet; South 48° 01' 00" East a distance of 1140.00 feet; South 40° 16' 00" East a distance of 502.00 feet; South 25° 48' 00" East a distance of 1000.00 feet; North 63° 59' 00" East a distance of 1685.57 feet; North 01 degree 20' 34" West a distance of 450.00 feet; South 63° 59' 00" West a distance of 1211.68 feet;

THENCE: North 40° 27' 00" West a distance of 2963.32 feet, continuing with the Northerly line of said future public park to a point for a corner in Caruth Lake;

THENCE: West a distance of 600.00 feet continuing with said Northerly line to a point for a corner in Caruth Lake;

THENCE: North a distance of 900.00 feet continuing with said line to a 1/2" iron rod set for a corner;

THENCE: Leaving said Northerly line and continuing to traverse said 502.566 acre tract, all to 1/2" iron rods for corners, as follows: South 73° 59' 00" East a distance of 376.78 feet to an intersecting curve to the right having a central angle of 146° 29' 44", a radius of 50.00 feet, and a chord that bears North 69° 41' 19" East a distance of 96.73 feet; Along said curve an arc distance of 127.76 feet; North 33° 21' 35" East a distance of 222.86 feet to the beginning of a curve to the right having a central angle of 66° 08' 19", a radius of 225.00 feet, and a chord that bears North 60° 55' 48" East a distance of 208.27 feet; Along said curve an arc distance of 216.53 feet; North 88° 29' 58" East a distance of 80.41 feet to the beginning of a curve to the right having a central angle of 67° 58' 47", a radius of 30.00 feet, and a chord that bears South 57° 30' 39" East a distance of 33.54 feet; Along said curve an arc distance of 35.59 feet to the Point of Reverse Curve of a curve to the left having a central angle of 127° 44' 37", a radius of 60.00 feet and a chord that bears South 87° 23' 34" East a distance of 89.78 feet; Along said curve an arc distance of 111.48 feet; North 28° 44' 08" East a distance of 84.14 feet; and North 01 degree 30' 02" West a distance of 132.49 feet to a North line of said 602.566 acre tract;

THENCE: North 88° 29' 58" East a distance of 1343.16 feet with said North line and generally along a fence line to a point for a corner in Phelps Lake;

THENCE: North 60° 41' 47" East a distance of 871.82 feet to a 2" iron pipe with a 1/2" iron rod in the top found for a corner at the Southwest corner of that 1.00 acre tract of land conveyed to John R. Yingling and wife, Lynelle C. Yingling, by Deed recorded in Volume 826, Page 179, Deed Records, Rockwall County, Texas;

THENCE: South 00° 49' 43" East a distance of 210.47 feet to a 1/2" iron rod found for a corner;

THENCE: North 89° 10' 17" East a distance of 624.01 feet to a 1/2" iron rod found for a corner;

THENCE: North 00° 49' 43" East a distance of 248.44 feet to the East side of a 6" iron post found set in concrete for a corner, said point being on the most Easterly North line of said 502.566 acre tract;

THENCE: South 89° 46' 63" East a distance of 456.78 feet with said North line to a fence corner post;

THENCE: South 00 degree 11' 28" East a distance of 281.83 feet to a 5/8" iron rod found for an angle point and the Northwest corner of the Lake Hill Addition, phase 2, as described in Cabinet A, Slide 309, of the Plat Records of Rockwall County, Texas;

THENCE: South 01° 08' 16" East with the said West line of Lake Hill Addition, Phase 2 a distance of 612.00 feet to a 5/8" iron rod found for an angle point and the Southwest corner of the said Lake Hill Addition, phase 2, and the Northwest corner of Lake Hill Addition, phase 1, as described in Cabinet A, Slide 272, of the map Records of Rockwall County, Texas;

THENCE: South 00° 50' 21" East, with the said West line of Lake Hill Addition, phase 1, 1398.39 feet to a 1/2" iron rod found on the North line of State Farm to Market Road no. 1141, an 80-foot wide public Right-of-Way;

THENCE: South 86° 47' 36" West a distance of 77.84 feet with said North line to a 5/8" iron rod found at the beginning of a curve to the left having a central angle of 17° 43' 55", a radius of 358.39 feet, and a chord that bears South 77° 55' 36" West a distance of 110.48 feet;

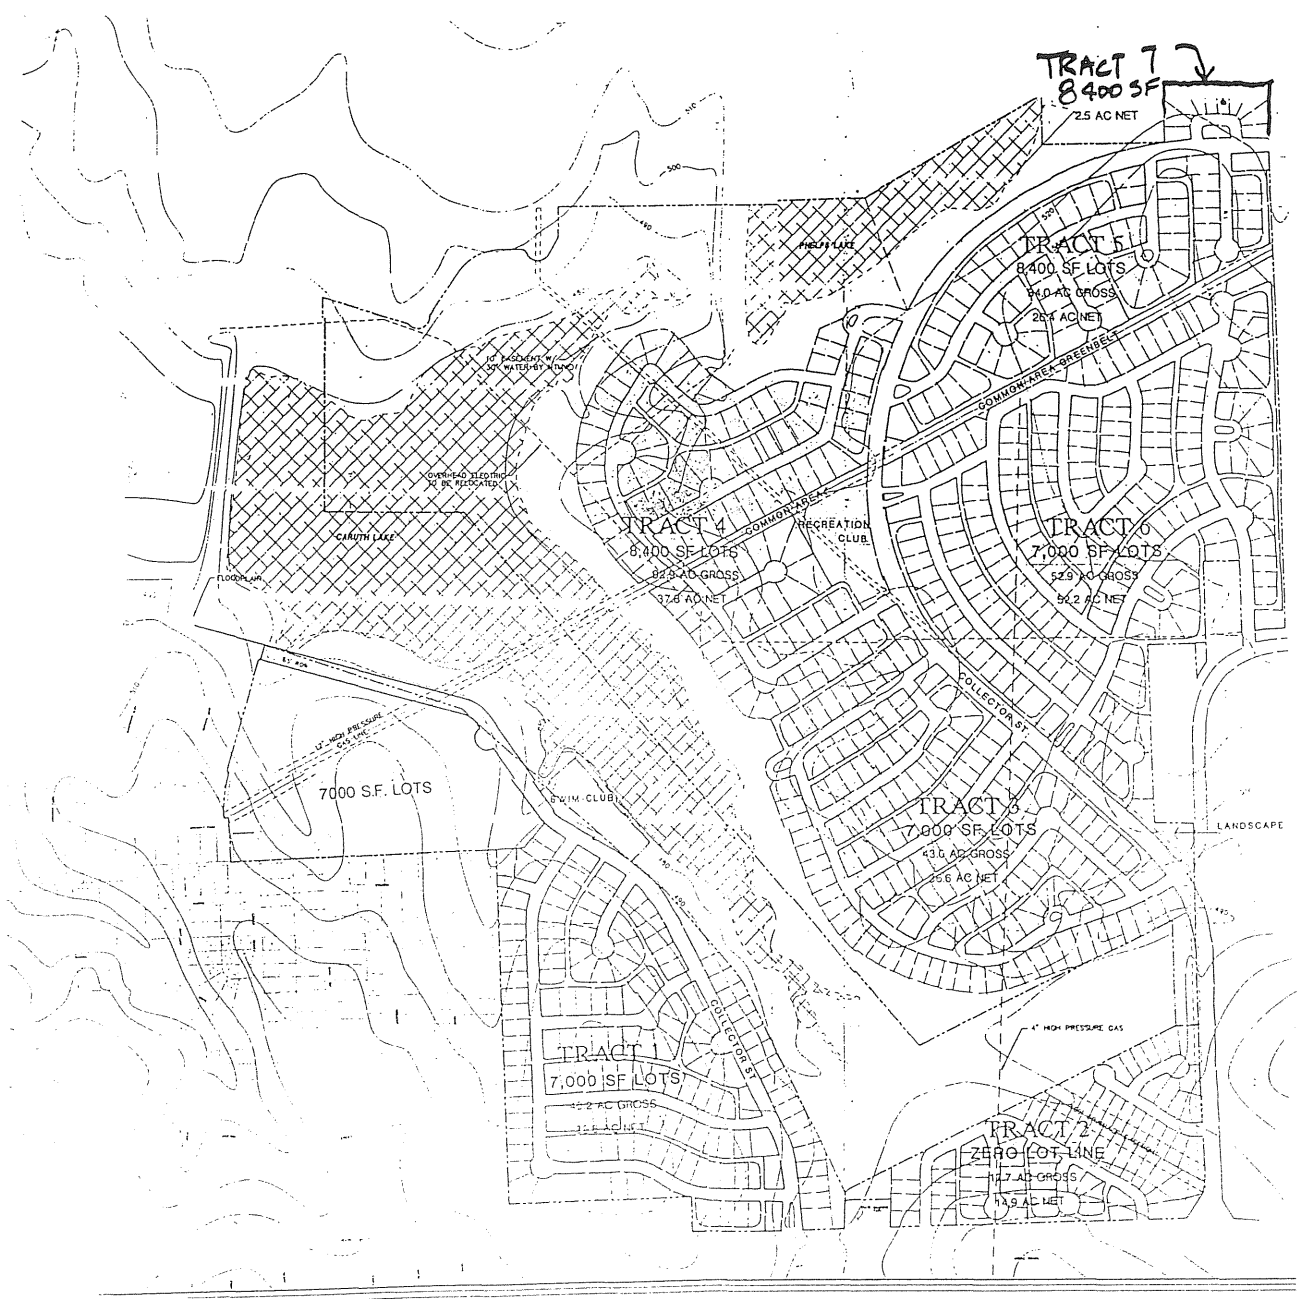

THENCE: Along said curve and continuing with said North line an arc distance of 110.92 feet to a 5/8" iron rod found for a corner;

THENCE: North 00° 57' 56" West a distance of 313.41 feet to a 5/8" iron rod found for a corner;

THENCE: South 87° 63' 13" West a distance of 157.36 feet to a 5/8" iron rod found for a corner;

THENCE: South 01 degree 10' 33" East a distance of 421.15 feet to a 5/8" iron rod found for a corner on the Northwest line of said FM-1140, said point being on an intersecting curve to the left having a central angle of 13° 36' 55", a radius of 358.39 feet, and a chord that bears South 31° 18' 32" West a distance of 84.96 feet;

THENCE: Along said curve and with said Northwest line an arc distance of 85.16 feet to a 5/8" iron rod found for a corner at the most Easterly Southeast corner of that 3.207 acre tract of land described in Deed recorded in Volume 47, Page 469, Deed Records, Rockwall County, Texas.

ORDINANCE NO. 00-28

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF ROCKWALL AND ORDINANCE 96-25 AS HERETOFORE AMENDED SO AS TO APPROVE ZONING AND AMEND A PORTION OF THE PRELIMINARY PLAN FOR PD-5 - PLANNED DEVELOPMENT NO. 5 ATTACHING THE AMENDING PRELIMINARY PLAN DESCRIBED AS EXHIBIT A INCLUDING A CHANGE IN ZONING FROM GR, GENERAL RETAIL TO PD-5 - PLANNED DEVELOPMENT NO.5 FOR TRACTS 11 AND 11-1, J.H.B. JONES ABSTRACT NO. 124, CONTAINING 1.58 ACRES OF LAND; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the Preliminary Plan for a portion of PD-5 with special conditions, as described in Exhibit "A" including a change in zoning from "GR", General Retail to PD-5, Planned Development No. 5 for Tracts 11 and 11-1, J.H.B. Jones Abstract No. 124, containing 1.58 acres of land; has been submitted by Robert S. Whittle; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Comprehensive Zoning Ordinance of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas:

Section 1. That the Comprehensive Zoning Ordinance of the City of Rockwall, as heretofore amended, be and the same is hereby amended by the approval of the amended Preliminary Plan for PD-5 with special conditions for the area identified in Exhibit "A" including a change in zoning from GR, General Retail, to PD-5, Planned Development No. 5 for Tracts 11 and 11-1, J.H.B. Jones Abstract

No. 124, containing 1.58 acres of land. That said Preliminary Plans are attached hereto and made a part hereof for all purposes.

Section 2. That the tract of land described in the attached Exhibit "A" shall be used only in the manner and for the purposes provided for in the Comprehensive Zoning Ordinance of the City of Rockwall as heretofore amended, as amended herein by granting of this approval of this amended preliminary Plan for a portion of PD-5 shall affect only the property described in the attached Exhibit "A" and said property shall be limited to the uses, density, area, setback and other requirements set forth herein.

Section 3. That development in the area within Exhibit "A" shall be limited to uses and requirements listed in the General Retail district of the Comprehensive Zoning Ordinance and subject to site plan approval by the Planning and Zoning Commission and City Council with the following additional uses:

- (a) Planned shopping center of less than 19 acres and neighborhood convenience centers.
- (b) Restaurants, including accessory outdoor seating, with drive-through facilities.
- (c) Pharmacy, with drive-through facility.
- (d) Retail convenience store limited to six gas pump dispensers subject to strict architectural review by the Planning and Zoning Commission and City Council.

Section 4. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS (\$2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Comprehensive Zoning Ordinance No. 83-23 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications

of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

DULY PASSED AND APPROVED this 2nd day of October, 2000.

EXHIBIT "A"

STATE OF TEXAS COUNTY OF ROCKWALL

BEING a tract or parcel of land situated in the S.S. McCurry Survey, Abstract No. 146, Rockwall County, Texas and being a part of that 502.566 acre tract of land described in Deed to Caruth Lake Development Corporation recorded in Volume 694, Page 47, Deed Records, Rockwall County, Texas, and being that 1.58 acre tract of land conveyed to Henry H. Crumbley by Deed recorded in Volume 91, Page 202, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a ½" iron rod set at the intersection of the Northeast line of State Hwy. 205, a 100-foot right-of-way, with the center of Quail Run Road, said point being the northwest corner of said Crumbley tract:

THENCE: North 88° 25' 16" East with the center of Quail Run Road, said point being the North line of said Crumbley tract and then the north line of said 502.566 acre tract a distance of 759.40 feet to a ½" iron rod set for corner:

THENCE: North 89° 35' 13" East a distance of 73.91 feet continuing with said lines to a ½" iron rod set for corner:

THENCE: Leaving said line and traversing said 502.566 acre tract as follows:
South 1° 25' 40" East a distance of 1,401.79 feet to a ½" iron rod set for a corner;
North 60° 17' 00" West a distance of 6999.27 feet to a ½" iron rod set for a corner on the previously mentioned line of said State Hwy. 205:

THENCE: North 14° 13' 17" West a distance of 1,185.90 feet with said line to the Point of Beginning and containing **852,904.80 square feet** or **19.58 acres** of land.

EXHIBIT "A"

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS AMENDING PLANNED DEVELOPMENT DISTRICT 5 (PD-5) [ORDINANCE NO.'S 73-31, 87-23, 88-11, 96-25 & 00-28] AND THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, FOR THE PURPOSE OF AMENDING PLANNED DEVELOPMENT DISTRICT 5 (PD-5), BEING A ~547.68-ACRE TRACT OF LAND SITUATED WITHIN THE S. S. McCURRY SURVEY, ABSTRACT NO. 146, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A' AND DEPICTED IN EXHIBIT 'B' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Rob Whittle for the approval of an amendment to Planned Development District 5 (PD-5) [Ordinance No.'s 73-31, 87-23, 88-11, 96-25 & 00-28] for the purpose of amending the garage orientation requirements for an 11.003-acre portion of the larger ~547.68-acre Planned Development District, which is situated within the S. S. McCurry Survey, Abstract No. 146, City of Rockwall, Rockwall County, Texas, identified as Planned Development District 5 (PD-5), and more fully described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 5 (PD-5) [Ordinance No.'s 73-31, 87-23, 88-11, 96-25 & 00-28] and the Unified Development Code [Ordinance No. 04-38] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the approval of this ordinance shall supersede all requirements stipulated in Ordinance No.'s 73-31, 87-23, 88-11, 96-25 & 00-28;

SECTION 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

SECTION 3. That development of the *Subject Property* shall generally be in accordance with the *Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 4. That development of the *Subject Property* shall generally be in accordance with the *PD Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 5. That the official zoning map of the City of Rockwall, Texas be corrected to reflect the change in zoning described here in.

SECTION 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars (\$2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code [Ordinance No. 04-38], and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code [Ordinance No. 04-38] of any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code [Ordinance No. 04-38] (including references to the Unified Development Code), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

SECTION 9. That this ordinance shall take effect immediately from and after its passage;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 7TH DAY OF OCTOBER, 2019.

EXHIBIT 'A':
Legal Description

EXHIBIT 'B':
Concept Plan

EXHIBIT 'C':
PD Development Standards

(A) Purpose.

- (1) October 7, 2019. The purpose of this amendment to Planned Development District 5 (PD-5) is to consolidate *Ordinance No.'s 73-31, 87-23, 88-11, 96-25 & 00-28*; however, this ordinance does not change the intent, restrictions or land uses established in any previous ordinance with the exception of changing the garage setback requirements for *Tract 2* as depicted in *Exhibit 'B'* of this ordinance.

(B) Density and Development Standards

- (1) Tracts 1 & 3. The area identified as *Tracts 1 & 3* in *Exhibit 'B'* of this ordinance shall be subject to the land use and development standards permitted for the Single-Family 7 (SF-7) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code (UDC) of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future.
- (2) Tracts 4, 5 & 6. The area identified as *Tracts 4, 5 & 6* in *Exhibit 'B'* of this ordinance shall be subject to the land use and development standards permitted for the Single-Family 8.4 (SF-8.4) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code (UDC) of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future.
- (3) Tract 2. The area identified as *Tract 2* in *Exhibit 'B'* of this ordinance shall be subject to the land use and development standards permitted for the Zero Lot Line (ZL-5) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code (UDC) of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additional conditions:
- (a) Garage Orientation. Garages shall be permitted to be oriented in a front entry configuration; however, garages oriented toward the street in a front entry configuration must be situated a minimum of five (5) feet behind the front building façade of the primary structure. In addition, properties utilizing a front entry configuration shall have a minimum of a 25-foot front yard building setback. In this case the front façade of the primary structure does not include an accessory structure attached to the primary structure (e.g. a porch, sunroom, etcetera). All garage configurations that are not front entry shall meet the requirements of Article VI, *Parking and Loading*, of the Unified Development Code (UDC).
- (4) Tract 7. The area identified as *Tract 7* in *Exhibit 'B'* of this ordinance shall be subject to the land use and development standards permitted for the General Retail (GR) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code (UDC) of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additional land uses being permitted *by-right*:
- ☑ Planned Shopping Center (*Less Than 19.0-Acres*)
 - ☑ Neighborhood Convenience Center
 - ☑ Restaurants
 - ☑ Restaurants with Drive Through/Drive-In Facilities
 - ☑ Restaurants with Accessory Outdoor Seating
 - ☑ Pharmacy with Drive Through/Drive-In Facilities
 - ☑ Retail Store Limited to Six (6) Gas Pump Dispensers¹

Notes:

EXHIBIT 'C':
PD Development Standards

¹: Subject to review by the Architectural Review Board (ARB), Planning and Zoning Commission, and City Council.

- (5) Tract 8. The area identified as *Tract 8* in *Exhibit 'B'* of this ordinance shall be subject to the land use and development standards permitted for the Agricultural (AG) District as stipulated by Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code (UDC) of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future, with the following additional land uses being permitted *by-right*:

☒ Community or Recreation Club (*Public or Private*)

- (6) Tract 9. The area identified as *Tract 9* in *Exhibit 'B'* of this ordinance is designated as open space/public park land.

Z2019-019; SUP for Freestanding Commercial Antenna						
Please address the following comments (M= Mandatory Comments; I = Informational Comments)						
I.1 This is a request by Doug Henderson of Crafton Communications, Inc. for the approval of a Specific Use Permit (SUP) allowing a Freestanding Commercial Antenna on a 0.0055-acre portion of a larger 1.24-acre parcel of land, identified as Lot 9, Block A, Horizon Ridge Center Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, addressed as 920 Rockwall Parkway.						
I.2 For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.						
M.3 For reference, include the case number (Z2019-019) in the lower right-hand corner of all pages on future submittals.						
I.4 This project is subject to all requirements stipulated by the Unified Development Code (UDC).						
M.5 In order to constitute a complete submittal all applications are required to provide the following elements: [1] concept plan, [2] survey and legal description, [3] elevations for the equipment cabinet and antenna tower. The current submittal did not contain elevations for the proposed equipment cabinet and this will be required prior to the case being taken to the Planning and Zoning Commission for action.						
M.6 Specific Use Permit (SUP).						
1) Please review the draft ordinance and provide comments to staff prior to the Planning and Zoning Meeting on September 10, 2019.						
2) Please provide elevations for the equipment cabinet.						
I.7 Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal, and a new application and fee will be required to resubmit the case.						
I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; The Planning and Zoning Worksession is August 27, 2019 and the Planning & Zoning Meeting is September 10, 2019.

The Honorable Members of
The Rockwall City Council and The Rockwall Planning and Zoning Commission
385 S. Goliad Street
Rockwall, TX 75097

RE: Letter of Intent - SUP for a Wireless Communication Tower at 920 Rockwall Parkway

Dear Members of the City Council and Planning and Zoning Commission:

AT&T, represented by Crafton Communications, is pleased to submit this Application for SUP to allow development of a 110 FT Monopole Communication Tower with a landscaped equipment compound at 920 Rockwall Parkway. The proposed site part of the Fire Station property at that location.

The subject facility is needed to meet the rapidly increasing demand for wireless voice and data services in the residential and retail neighborhoods surrounding the fire station. This demand has placed a strain on AT&T's limited capacity. AT&T would like to stress, however, that this proposal is aimed at addressing the concern for better wireless coverage well before there is a problem for general or emergency calls.

The search for a site was thorough, and it should be noted that there were no opportunities for collocating on existing structures, an option that is much preferred whenever possible. With approval of this site, the City will be encouraging other telecom carriers to collocate on the AT&T structure, which will be made available for leasing at market rates established by master lease agreements within the industry.

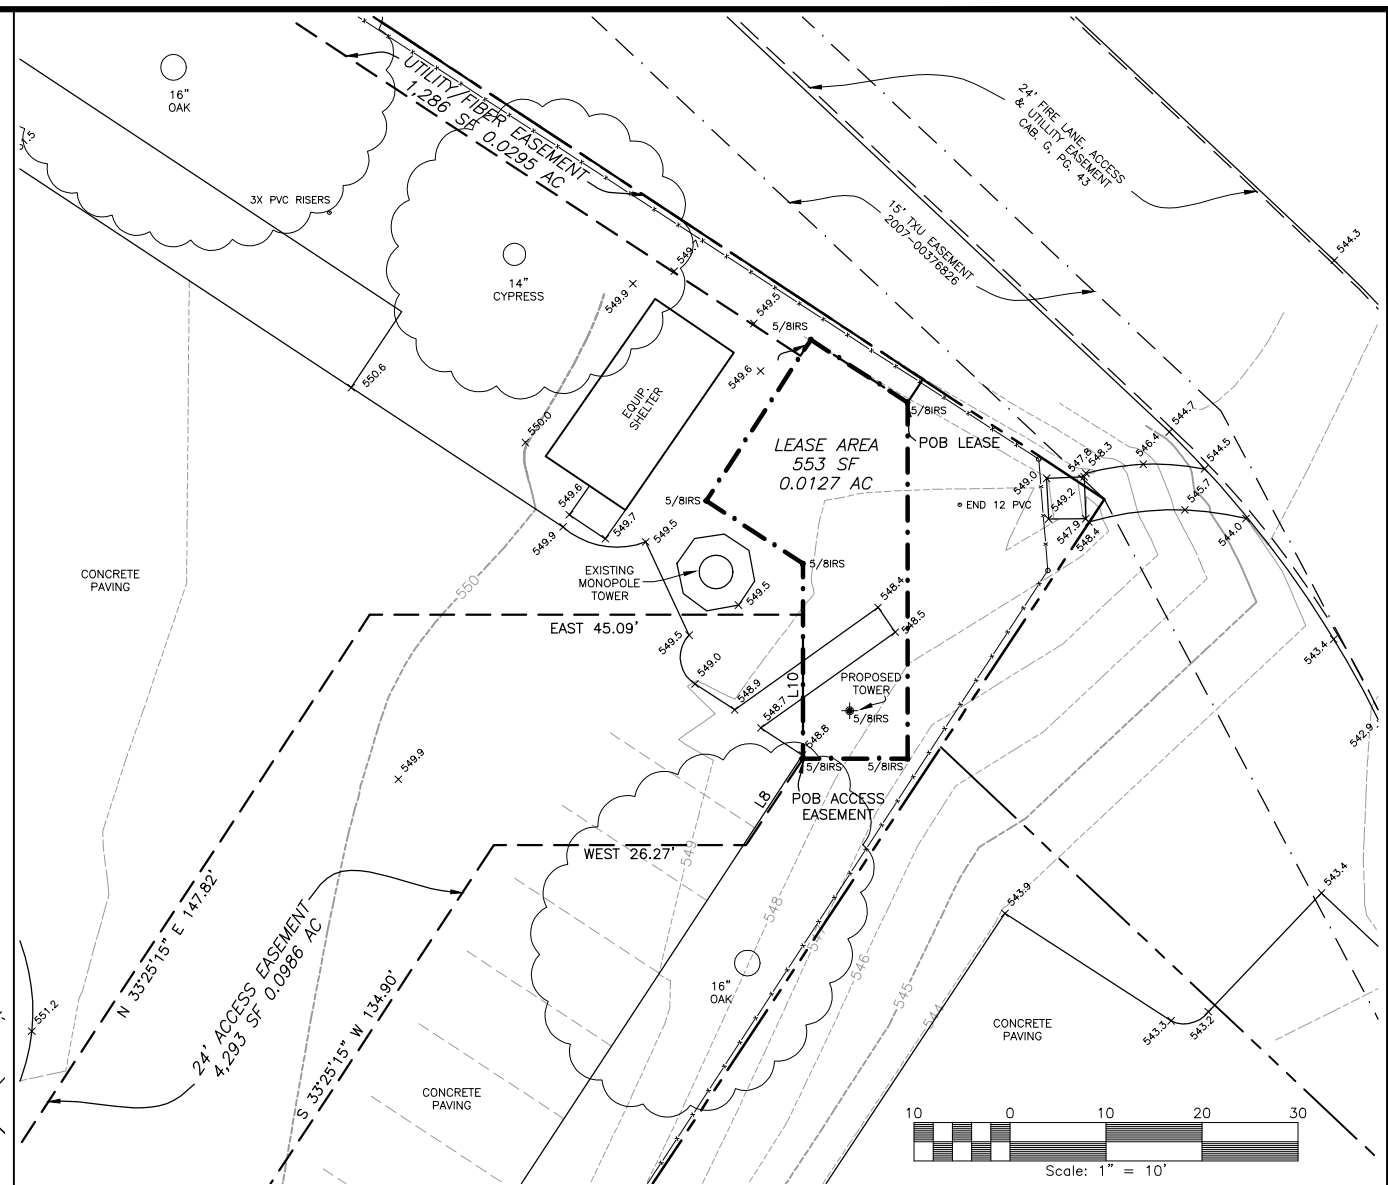

This proposal is also an opportunity to make the existing telecom site more attractive. AT&T is planning to remove some of the existing chain link fencing and replace it with decorative wrought iron, surrounding the existing equipment as well as the new equipment. This fence in turn will be surrounded with evergreen Leyland Cypress trees.

AT&T is proud to be of service to the people who call Rockwall home. This un-manned site will work hard in its service to the community while placing no service demand on drainage, water, sewer, schools, parks or roads.

We look forward to visiting with you regarding this project.
Thank you for your thoughtful consideration.

Doug Henderson, AICP
Site Acquisition Contractor

LEASE AREA and SUP ZONING PARCEL
AT&T at 920 Rockwall Parkway, Rockwall, Texas

BEING a tract of land situated in the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, also being situated in Lot 9, Block A, Horizon Ridge Center, an addition to the City of Rockwall, Rockwall County, Texas, according to the plat thereof recorded in Cabinet E, Page 149, Plat Records, Rockwall County, Texas, and being out of and a portion of that certain tract of land conveyed to City of Rockwall, Texas by Special Warranty Deed dated October 15, 1999, and recorded in Volume 1738, Page 8, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

COMMENCING at a 1/2" iron rod found for the northwesterly corner of said Lot 9, Block A, Horizon Ridge Center, same being the southwesterly corner of Lot 17, Block A, Presbyterian Hospital of Rockwall Addition, an addition to the City of Rockwall, Rockwall County, Texas, according to the plat thereof recorded in Cabinet G, Page 315, Plat Records, Rockwall County, Texas, and being on the easterly right-of-way line of Rockwall Parkway (60' public right-of-way);

THENCE along the northerly line of said Lot 9, Block A, Horizon Ridge Center, same being the southerly line of Lot 17, Block A, Presbyterian Hospital of Rockwall Addition, South 56 degrees 34 minutes 45 seconds East, a distance of 247.96 feet to a Point;

THENCE through the interior of said Lot 9, Block A, Horizon Ridge Center, South 33 degrees 25 minutes 15 seconds West, a distance of 2.90 feet to the POINT OF BEGINNING hereof;

THENCE continuing through the interior of said Lot 9, Block A, Horizon Ridge Center, the following six (6) courses:

1. SOUTH, a distance of 37.09 feet to a 5/8" iron rod set with cap marked "WEBB-4125";
2. WEST, a distance of 10.90 feet to a 5/8" iron rod set with cap marked "WEBB-4125";
3. NORTH, a distance of 20.32 feet to a 5/8" iron rod set with cap marked "WEBB-4125";
4. North 56 degrees 58 minutes 25 seconds West, a distance of 12.00 feet to a 5/8" iron rod set with cap marked "WEBB-4125";
5. North 33 degrees 01 minutes 35 seconds East, a distance of 20.00 feet to a 5/8" iron rod set with cap marked "WEBB-4125";
6. South 56 degrees 58 minutes 25 seconds East, a distance of 12.00 feet to the POINT OF BEGINNING hereof and containing 0.0127 acres or 553 square feet of land, more or less.

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW A *FREESTANDING COMMERCIAL ANTENNA* IN A GENERAL RETAIL (GR) DISTRICT, SITUATED ON A 0.0055-ACRE PORTION OF A LARGER 1.24-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 9, BLOCK 1, HORIZON RIDGE CENTER ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Doug Henderson of Crafton Communications on behalf of the owner for the approval of a Specific Use Permit (SUP) to allow a *freestanding commercial antenna* in a General Retail (GR) District on a 0.0055-acre portion of a larger 1.24-acre parcel of land being described as Lot 9 Block 1, Horizon Ridge Center Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, addressed as 920 Rockwall Parkway, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [Ordinance No. 04-38] of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

SECTION 1. That the Unified Development Code (UDC) [Ordinance No. 04-38] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *freestanding commercial antenna* as stipulated by Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [Ordinance No. 04-38], on the *Subject Property*; and,

SECTION 2. That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 4.4, *General Retail (GR) District*, of Section 4, *Commercial Districts*, of Article V,

District Development Standards, of the Unified Development Code (UDC) [Ordinance No. 04-38] as heretofore amended and as may be amended in the future, and shall be subject to the following:

2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *freestanding commercial antenna* on the *Subject Property* and conformance to these stipulations is required for continued operations:

- 1) The *freestanding commercial antenna* shall generally conform to the concept plan and building elevations depicted in *Exhibits 'B' and 'C'* of this ordinance;
- 2) The developer shall plant a thick vegetative screening utilizing three (3) tiered screening (*i.e. small to mid-size shrubs, large shrubs or accent trees, and canopy trees*) adjacent to the boundaries of the leased area.

2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

- 1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (\$2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 7TH DAY OF OCTOBER, 2019.

Jim Pruitt, Mayor

ATTEST:

Kristy Cole, City Secretary

<p>(8/21/2019 4:21 PM DG)</p> <p>Z2019-020: Zoning Change from AG to C– Green Circle</p> <p>Please address the following comments (M= Mandatory Comments; I = Informational Comments).</p>						
<p>I.1 This is a request for the approval of a zoning change from an Agricultural(AG) District to a Commercial (C) District for a 11.85-acre tract of land identified as Tract 1-1 of the J. H. Bailey Survey, Abstract No. 22, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-276 Overlay (SH-276 OV) District, generally located south of the intersection of Green Circle and SH276.</p>						
<p>I.2 For questions or comments concerning this case, please contact David Gonzales in the Planning Department at (972) 772-6488 or email dgonzaless@rockwall.com.</p>						
<p>M.3 For reference, include the case number (Z2019-020) in the lower right hand corner of all pages on future submittals</p>						
<p>I.4 The proposed zoning change shall conform to all standards and requirements of the Unified Development Code(UDC), staff comments provided by the Planning Engineering, Building Inspections, and Fire Department as indicated in the Project Plan Review document</p>						
<p>M.5 If approved, the proposed zoning shall conform to all standards and requirements of Article V, of the Unified Development Code (UDC); including the SH-276 Overlay (SH-276 OV) District, General Commercial District standards, and the District Development Standards.</p>						
<p>I.6 According to the OURHometown Vision 2040 Comprehensive Plan the subject property is located within the South Central Estates District, and according to the Future Land Use Map contained within this document the subject property is designated for Commercial/Retail & Parks and Open Space land uses. The proposed zoning request does conform to this designation and appears to conform to the district strategies for the South Central Estates District however, zoning does remain a discretionary decision for the City Council.</p>						
<p>I.7 Please review the attached draft ordinance prior to the August 27, 2019 Planning & Zoning Commission meeting, and provide staff with your markups by September 4, 2019.</p>						
<p>I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; however, it is encouraged for applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the September 10, 2019 Planning & Zoning Meeting. The Planning & Zoning Work Session meeting will be held on August 27, 2019.</p>						
<p>I.9 The projected City Council meeting dates for this case will be September 16, 2019 [1st Reading] & October 7, 2019 [2nd Reading].</p>						
<p>I.10 Staff recommends that a representative be present for the meetings as scheduled above. The meetings will be held in the City's Council Chambers and begin at 6:00 p.m.</p>						

** The following is for your information for the site plan and engineering review.

- 4% Engineering Fees.
- Impact fees.
- All parking to be 20'x9' and parallel spaces to be 22'x9'.
- Must show all existing and proposed utilities.
- Water and Sewer Utilities shall be Minimum of 8-inch diameter and meet City Specs.
- Min easement is 20'. Water, sewer, and storm lines must have 10' of easement on both sides of the line.
- Flood Study will have to be performed to determine the 100-Yr fully developed floodplain and water surface elevations that is on this property. Any reclamation of floodplain will require study. Must conform to Cities Flood Hazard Damage and Prevention Ordinance and Standards of Design.
- If building height exceeds 30' tall, the fire lane radii must be 30' or radius of 20'. Minimum width is 24'.
- Retaining walls 3' and over must be designed by an engineer. All retaining walls to be rock or stone face. No smooth concrete walls.
- TxDOT has plans to widen SH 276 (see attached image of schematic) A reserve area for future ROW to be acquired by TxDOT will need to be provided.
- Need to show that Blackland WSC can serve the location with the proper fire flow and that it doesn't exceed their allotted service connections per the City contract.
- Must meet all City Standards of Design and Construction.

Flood Study will need to be updated and performed to determine actual 100-yr fully developed floodplain. See attached City GIS map of Floodplain which is more expansive.

DESCRIPTION

All that certain lot, tract or parcel of land situated in the J.H. BAILEY SURVEY, ABSTRACT NO. 22, Rockwall County, Texas, and being a part of that 47.10 acres tract of land as described in a Warranty Deed from Billie M. Peoples and Donnie B. Peoples, dated February 2, 1998 and being recorded in Volume 1084, Page 266 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner, said point being N. 89 deg. 50 min. 18 sec. W. 223.09 feet and along a curve to the right having a central angle of 09 deg. 14 min. 53 sec., a radius of 2924.79 feet, a chord of N. 88 deg. 12 min. 51 sec. W. 471.58 feet and an arc distance of 472.08 feet from a 3/8" iron rod found at the Northeast corner of the above cited tract, said point being in the South right-of-way line of State Highway 276;

THENCE S. 00 deg. 11 min. 00 sec. E. (Controlling bearing line) parallel to the East line of said tract, a distance of 1285.02 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner in the South line of said tract;

THENCE S. 89 deg. 49 min. 44 sec. W. along the South line of said tract, a distance of 440.11 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner;

THENCE N. 00 deg. 06 min. 26 sec. E. a distance of 1013.49 feet to a 1/2" iron rod found for corner;

THENCE N. 89 deg. 54 min. 05 sec. E. a distance of 166.59 feet to a 3/8" iron rod found for corner;

THENCE N. 00 deg. 59 min. 19 sec. W. a distance of 267.66 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner in the South right-of-way line of Green Loop and in the North boundary line of said 47.10 acres tract;

THENCE N. 88 deg. 54 min. 17 sec. E. along Green Loop a distance of 270.73 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner in the Southwest right-of-way line of State Highway 276;

THENCE in a Southeasterly direction along a curve to the left having a central angle of 00 deg. 01 min. 44 sec., a radius of 2924.79 feet, a chord of S. 89 deg. 49 min. 44 sec. W. 440.11 feet, along said right-of-way line an arc distance of 1.47 feet to the POINT OF BEGINNING and containing 11.85 acres of land.

- NOTES
- 1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 480543 0075 B dated Sept 17, 1980, this property lies in Zone A & C. This property does appear to lie within a 100-year flood plain.
 - 2) BEARING SOURCE: RECORDED DEED IN VOL. 1084, PG. 266, R.P.R.C.T.
 - 3) ALL 1/2" IRS ARE CAPPED WITH YELLOW PLASTIC CAPS "R.S.C.I. RPLS 5034."

SURVEYOR'S CERTIFICATE

I, Harold D. Fetty III, Registered Professional Land Surveyor No. 5034, do hereby certify that the above plat of the property surveyed for BILLIE M. PEOPLES, et al F.M. HIGHWAY 276, ROCKWALL COUNTY, Texas, is the result of a careful collection of the best evidence available to me and my opinion is based on the facts as found at the time of survey. This survey meets the requirements of the Minimum Standards of Practice as approved and published by the Texas Board of Professional Land Surveying, effective September 1, 1992 and subsequent revisions, and the same was surveyed under my supervision on the ground this the 8th day of February, 2000.

DESCRIPTION

All that certain lot, tract or parcel of land situated in the J.H. BAILEY SURVEY, ABSTRACT NO. 22, Rockwall County, Texas, and being a part of that 47.10 acres tract of land as described in a Warranty deed from Billie Marie Peoples to Michael L. Peoples and Donnie B. Peoples, dated February 2, 1996 and being recorded in Volume 1084, Page 266 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner, said point being N. 89 deg. 50 min. 18 sec. W. 223.09 feet and along a curve to the right having a central angle of 09 deg. 14 min. 53 sec., a radius of 2924.79 feet, a chord of N. 85 deg. 12 min. 51 sec. W. 471.58 feet, and an arc distance of 472.09 feet from a 3/8" iron rod found at the Northeast corner of the above cited tract, said point being in the South right-of-way line of State Highway 276;

THENCE S. 00 deg. 11 min. 00 sec. E. (Controlling bearing line) parallel to the East line of said tract, a distance of 1285.02 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner in the South line of said tract;

THENCE S. 89 deg. 49 min. 44 sec. W. along the South line of said tract, a distance of 440.11 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner;

THENCE N. 00 deg. 06 min. 26 sec. E. a distance of 1013.49 feet to a 1/2" iron rod found for corner;

THENCE N. 89 deg. 54 min. 05 sec. E. a distance of 166.59 feet to a 3/8" iron rod found for corner;

THENCE N. 00 deg. 59 min. 19 sec. W. a distance of 267.66 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner in the South right-of-way line of Green Loop and in the North boundary line of said 47.10 acres tract;

THENCE N. 88 deg. 54 min. 17 sec. E. along Green Loop a distance of 270.73 feet to a 1/2" iron rod set with yellow plastic cap stamped "R.S.C.I. RPLS 5034" for corner in the Southwest right-of-way line of State Highway 276;

THENCE in a Southeasterly direction along a curve to the left having a central angle of 00 deg. 01 min. 44 sec., a radius of 2924.79 feet, a chord of S. 80 deg. 34 min. 33 sec. E., 1.47 feet, along said right-of-way line an arc distance of 1.47 feet to the POINT OF BEGINNING and containing 11.85 acres of land.

NOTES

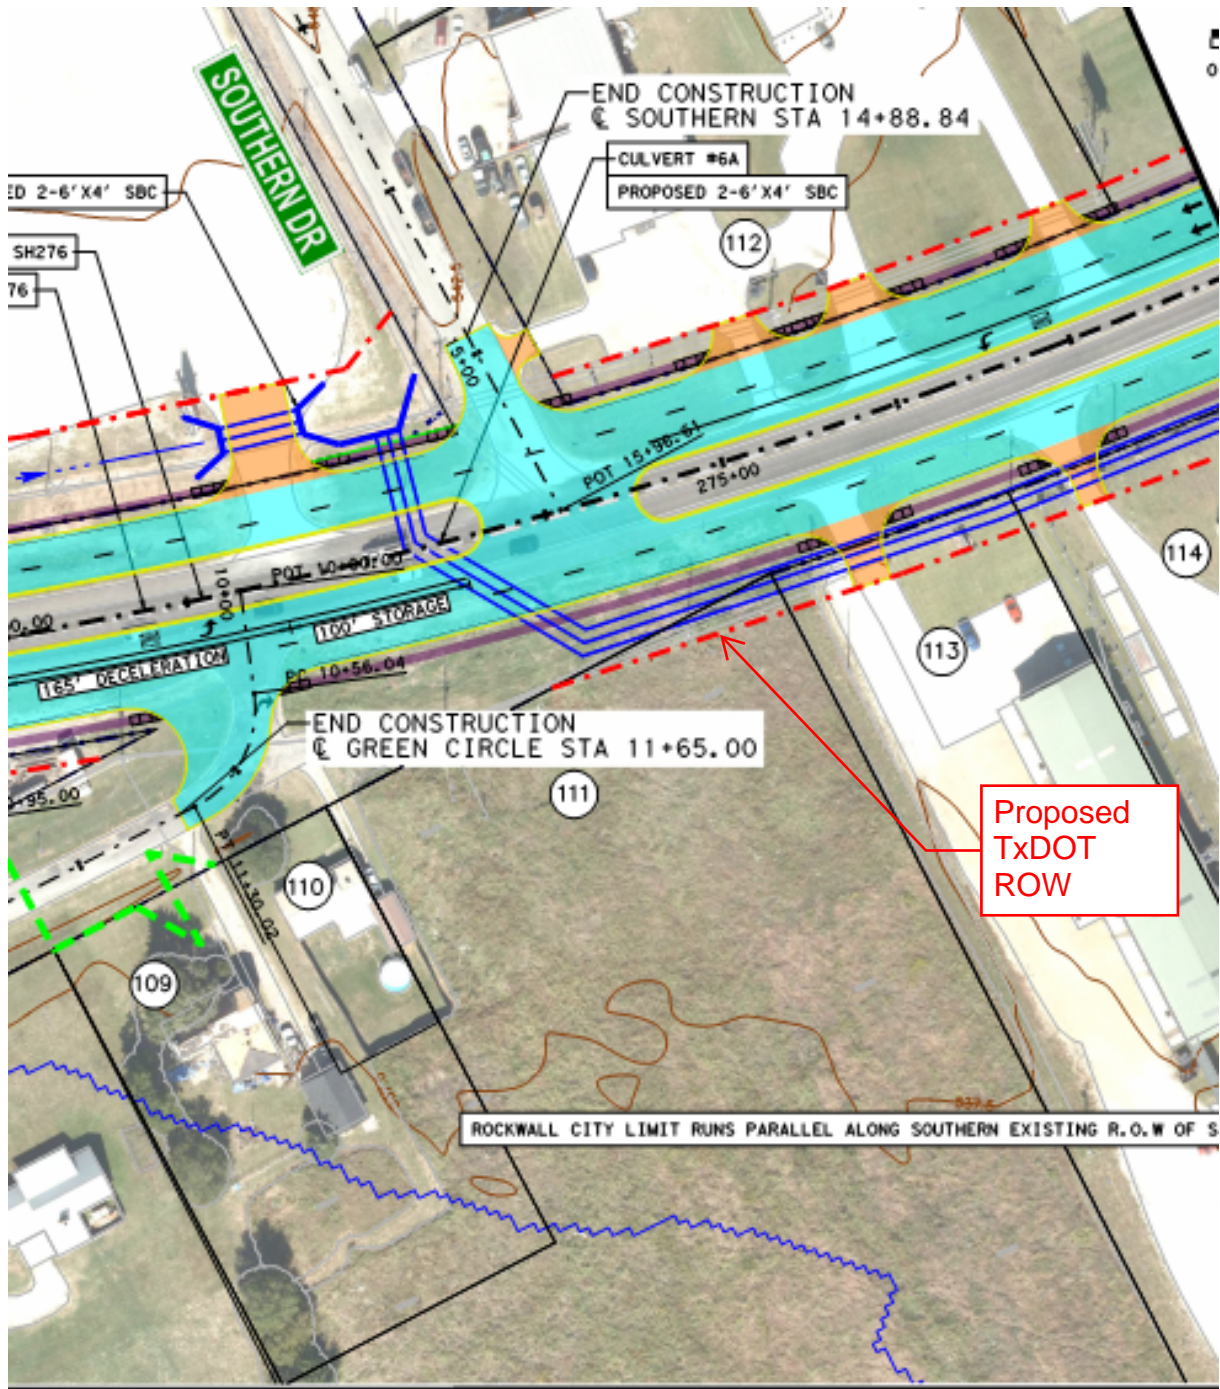

- 1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 480543 0075 B dated Sept 17, 1980, this property lies in Zone A & C. This property does appear to lie within a 100-year flood plain.

Zoning Application Letter

From: Todd Richard Panzner (toddrichardpanzner@yahoo.com)

To: kbrooks@rockwall.com

Date: Friday, August 16, 2019, 12:50 PM CDT

To Mr. Korey Brooks and the planners at the City of Rockwall,

I, Todd Richard Panzner, on this day of Friday, August 16th, 2019, am making a formal, written request to make a zone change for the undeveloped and vacant 11.85 acre parcel of land located at 5651 Green Circle, which is due south of Southern Junction Live. I am requesting and applying to change the zoning from agricultural, which it is currently zoned as, to commercial, which is what it is designated as on the City of Rockwall's "Future Land Use Map." I, along with my two sisters, Heather Panzner and Shannon Panzner, are the current owners of this property.

Attached to this letter you will find a PDF copy of the existing survey for the above-referenced property.

Thank you for consideration in this matter.

Respectfully,

Todd Richard Panzner

Harold D. Fetty III, R.P.L.S. No. 5034

CITY OF ROCKWALL

ORDINANCE NO. 19-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A COMMERCIAL (C) DISTRICT FOR AN 11.85-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1-1 OF THE J. H. BAILEY SURVEY, ABSTRACT NO. 22, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Todd Panzner for the approval of a change in zoning from an Agricultural (AG) District to a Commercial (C) District for an 11.85-acre tract of land identified as Tract 1-1, of the J. H. Bailey Survey, Abstract No. 22, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-276 Overlay (SH-276 OV) District, generally located south of the intersection of Green Circle and SH-276, and more specifically depicted in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from an Agricultural (AG) District to a Commercial (C) District; and

SECTION 2. That the *Subject Property* shall be used and developed only in the manner and for the purposes provided for a *Commercial (C) District* as stipulated by Subsection 1.1, *Use of Land and Buildings*, of Article IV, *Permissible Uses*, and Subsection 4.05, *Commercial (C) District*, of Section 4, *Commercial Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in the

zoning described herein.

SECTION 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (\$2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

SECTION 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS,
ON THIS THE 7TH DAY OF OCTOBER, 2019.**

Jim Pruitt, *Mayor*

ATTEST:

Kristy Cole, *City Secretary*

APPROVED AS TO FORM:

Frank J. Garza, *City Attorney*

ENGINEERING (4/18/2019 11:51 AM SH) - 4% Engineering inspection fees. - Must meet all City Standards of Design and Construction. - Retaining walls 3' and over must be designed by an engineer. All retaining walls to be rock or stone face. No Smooth concrete walls. - Detention is required. Manning's C-value is per zoning type. - 4:1 max slope for grading. - Need Geotech report and Waters of the US study. - Dowell Road to be a M4U roadway with 65ft ROW width and 45ft paving width. You must dedicate the ROW and escrow the paving and storm costs at 115%. - Must loop water line one site. - Need to show that Blackland WSC can serve the location with the proper fire flow and that it doesn't exceed their allotted service connections per the City contract. - There needs to be a cul-de-sac at the end of Street E. - All ditches to be maintained, repaired, and reconstructed by property owner. - 60' dedicated ROW not an easement for the connection of Street E to Dowell Rd. <p>P2019-017 Emerson Farms</p> <p>Please address the following comments (M= Mandatory Comments; I = Informational Comments).</p> <p>I.1 This is a request by Chase Finch of Corwin Engineering, Inc. on behalf of Suresh Shridharani of Harlan Properties, Inc. for the approval of a preliminary plat for the Emerson Farms Subdivision containing 107 single-family residential lots on a 138.756-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road.</p> <p>I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.</p> <p>M.3 For reference, include the case number (P2019-017) in the lower right hand corner of all pages on future submittals.</p> <p>M.4 Please note per the PD Ordinance, a PD Site plan showing site/hardscape/landscape/and treescape plans has to be submitted before or with the preliminary plat.</p> <p>M.5 Please note that the streets do not match the original approved streets. This is important in this case because the PD granted certain exceptions to specific streets.</p> <p>M.6 Please note that the lot and block designations do not match the original. This is important in this case because the PD granted certain exceptions to specific lots.</p> <p>M.7 Please note that the street sections do not appear to match the originally approved street sections.</p> <p>M.8 Please provide a hatch for the ROW dedication. It is difficult to determine exactly what is being dedicated. Additionally, this seems to look different than a typical ROW dedication. As shown, the plat shows that area being part of the subdivision. It appears that the property line between Lot 1, Block F and Lot 2, Block B is missing.</p> <p>M.9 Please indicate the city limits.</p> <p>Please note that the open space area adjacent to Dowell Road is much smaller than originally approved. Was this originally a park?</p> <p>M.10 Please note that open spaces indicated within the subdivision do not match the chart. For instance, Block F has two open spaces; however there is no asterisk on the chart. Additionally Lot 18, Block A is indicated as Lot 17 on the chart.</p> <p>M.11 Please provide flood elevations.</p> <p>M.12 Please provide street name in lieu of "Street A" and so forth</p> <p>M.13 Please label all drainage easements as "Drainage and Detention Easement" since you show those areas being detention easements.</p> <p>M.14 Please note that the acreage on the PD shows 138.79 and the acreage on the preliminary plat shows 138.756.</p> <p>I.15 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Worksession for this case is April 30, 2019 and the Planning and Zoning Meeting for this case is May 14, 2019. The Park Board Meeting for this case is May 7, 2019. The City Council Meeting is May 20, 2019.</p> <p>M.16 A representative is required to attend all meetings.</p>						

Reviewed for preliminary Approval:

Planning & Zoning Commission Chairman

Date

I hereby certify that the above and foregoing plat of an addition to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall, on the _____ of _____, 2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

Mayor, City of Rockwall

LOCATION MAP
N.T.S.

- 4% Engineering inspection fees.
- Must meet all City Standards of Design and Construction.
- Retaining walls 3' and over must be designed by an engineer. All retaining walls to be rock or stone face. No Smooth concrete walls.
- Detention is required. Manning's C-value is per zoning type.
- 4:1 max slope for grading.
- Need Geotech report and Waters of the US study.
- Dowell Road to be a M4U roadway with 65ft ROW width and 45ft paving width. You must dedicate the ROW and escrow the paving and storm costs at 115%.
- Must loop water line one site.
- Need to show that Blackland WSC can serve the location with the proper fire flow and that it doesn't exceed their allotted service connections per the City contract.

P2019-031: Final Plat – Saddle Star South, Phase 1 Addition						
Please address the following comments (M= Mandatory Comments; I = Informational Comments).						
I.1 This is a request for the approval of a final plat for Phase 1 of the Saddle Star South Subdivision containing 66 single-family residential lots on a 26.411-acre tract of land identified as a portion of a larger 44.292-acre tract of land identified as Tract 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard						
I.2 For questions or comments concerning this case, please contact David Gonzales in the Planning Department at (972) 772-6488 or email dgonzales@rockwall.com.						
M.3 For reference, include the case number (P2019-031) in the lower right hand corner of all pages on future submittals						
I.4 The final plat shall conform to all standards and requirements of Planned Development District 79 (PD-79), the Unified Development Code (UDC), and staff comments provided by the Planning, Engineering, Building Inspections, and Fire Department as indicated in the Project Plan Review document						
M.5 Provide a revised Master Plat that conforms to the proposed final plat. The final plat submitted indicates 66 single family homes for Phase 1. The Master Plat approved in 2016 (Case No. SP2016-023) indicates a total of 86 single family homes to be constructed for Phase 1. [Section 38-7(d).12, of Art. I, of Chapter 38, of the Municipal Code of Ordinances].						
I.6 Submittal and approval of street names prior to the plat being filed. Contact Lance Singleton, GIS Supervisor – lsingleton@rockwall.com.						
M.7 Provide a label for all open spaces to read as follows: Open Space To Be Maintained by the Homeowner's Association (HOA). [Ordinance No. 16-39 -- Planned Development District 79 [PD-79] – Exhibit 'C', 12. Open Space]						
M.8 Provide filing information for all easements outside of Phase 1 (i.e. utility, drainage & detention, access & firelane easements) prior to submittal of mylars for filing of the plat. Please verify off-site easement detail that may be affected by the reconfiguration of the lots associated from the comments provided for M.9 & M.10.						
M.9 Verify/correct lot dimensions for Lots 1 and 9, Block C (facing Rocking H Trail) to standards established in PD-79 for the minimum lot width and depth. [Ordinance No. 16-39 -- Planned Development District 79 [PD-79] – Exhibit 'C', 3]. Provide labels meeting the minimums for lot width and depth.						
M.10 Verify/correct lot dimensions for Lots 1-5, Block C (facing Rocking H Trail) to standards established in PD-79 for the minimum lot depth. [Ordinance No. 16-39 -- Planned Development District 79 [PD-79] – Exhibit 'C', 3]. These lots indicate less than 125-feet of depth.						
I.11 Relabel the 50-ft access easement along John King Blvd to "50-ft Pedestrian Access Easement".						
I.12 Notary certificate is not necessary when plat is stamped by surveyor.						
I.13 The 10-ft trail located along John King Blvd should meander rather than appear to be a sidewalk. Additionally, the landscaping should be dispersed on both sides of the meandering trail system.						

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
<p>I.14 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; however, it is encouraged for the applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the September 10, 2019 Planning and Zoning Meeting. The Planning and Zoning Work Session will be held on August 27, 2019.</p>						
<p>I.15 The City Council meeting for this case is scheduled to be held on September 16, 2019.</p>						
<p>I.16 Please provide one (1) large copy [18" X 24" FOLDED] and one PDF version for a subsequent/final review by staff.</p>						
<p>I.17 Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal and a new application and fee will be required to resubmit the case.</p>						
<p>I.18 Please note that once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions are to be approved (by staff) prior to the plat being submitted on mylar for filing.</p>						
<p>I.19 Staff recommends that a representative be present for the meetings as scheduled above. The meetings will be held in the City's Council Chambers and begin at 6:00 p.m.</p>

OWNER’S CERTIFICATE & DEDICATION

WHEREAS SADDLE STAR SOUTH HOLDINGS LLC, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING a 26.411 acre tract of land situated in the P.B. Harrison Survey, Abstract No. 97, Rockwall County, Texas, and being part of a 34.325 acre tract of land described in a Special Warranty Deed to Saddle Star Holdings, LLC, recorded in Instrument 20180000013211, Deed Records, Rockwall County, Texas (DRRCT), and being part of a 44.292 acre tract of land described in a Special Warranty Deed to CDT Rockwall/2017, LLC, recorded in Instrument 20170000001746, Deed Records, Rockwall County, Texas (DRRCT), said 26.294 acre tract being more particularly described by metes and bounds as follows:

BEGINNING at a 1/2–inch capped iron rod stamped, “6081,” found for corner in the northeasterly right–of–way line of John Kind Boulevard (120 ft. right–of–way) at the common north corner of Part 1 of Parcel 16 conveyed to the City of Rockwall, recorded in Volume 5124, Page 210, DRRCT and Parcel 15 conveyed to the City of Rockwall, recorded in Volume 5951, Page 84, DRRCT, said corner being the south corner of said 34.325 acre tract and also being in the common line of said First Tract and a called 29.185 acre tract of land conveyed to Gideon Grove Ltd., recorded in Instrument 20150000014609, DRRCT;

THENCE North 72 degrees 06 minutes 44 seconds West, along the common northeasterly line of said John Kind Boulevard, said 34.325 acre tract and said Part 1, a distance of 1,126.56 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the beginning of a tangent curve to the right having a radius of 1,140.00 feet whose chord bears North 54 degrees 55 minutes 41 seconds West, a distance of 673.62 feet;

THENCE in the northwesterly direction, along said curve to the right, and last mentioned common line, through a central angle of 34 degrees 22 minutes 08 seconds, an arc distance of 683.83 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the end of said curve;

THENCE South 84 degrees 16 minutes 58 seconds East, a distance of 41.84 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 49 degrees 55 minutes 55 seconds East, a distance of 152.40 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 58 degrees 29 minutes 53 seconds East, a distance of 50.35 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 49 degrees 55 minutes 55 seconds East, a distance of 220.14 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the beginning of a non–tangent curve to the right having a radius of 57.50 feet, whose chord bears North 71 degrees 13 minutes 07 seconds East, a distance of 94.87 feet;

THENCE Northeasterly, with said curve to the right, through a central angle of 111 degrees 10 minutes 32 seconds, an arc distance of 111.57 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the end of said curve;

THENCE North 43 degrees 25 minutes 25 seconds East, a distance of 89.23 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 48 degrees 23 minutes 33 seconds East, a distance of 200.00 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 48 degrees 35 minutes 07 seconds East, a distance of 63.78 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 66 degrees 47 minutes 40 seconds East, a distance of 63.38 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 72 degrees 06 minutes 44 seconds East, a distance of 657.61 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 84 degrees 20 minutes 49 seconds East, a distance of 50.00 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the beginning of a non–tangent curve to the right having a radius of 275.00 feet, whose chord bears South 17 degrees 22 minutes 23 seconds West, a distance of 111.72 feet;

THENCE Southwesterly, with said curve to the right, through a central angle of 23 degrees 26 minutes 23 seconds, an arc distance of 112.50 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the end of said curve;

THENCE North 88 degrees 42 minutes 33 seconds East, a distance of 182.77 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner in the west line of Block A, Windmill Valley Subdivision, an addition to the City of Rockwall, recorded in Cabinet A, Page 157, PRRCT;

THENCE South 01 degrees 17 minutes 27 seconds East, along the common line of said 34.325 acre tract and said Block A, a distance of 85.38 feet to a 1/2–inch iron rod found for the southwest corner of said Block A, and being the northwest corner of said 29.185 acre tract;

THENCE South 01 degrees 30 minutes 45 seconds East, along the common line of said 29.185 acre tract and 44.292 acre tract, a distance of 761.52 feet to the PLACE OF BEGINNING AND CONTAINING 1,150,479 square feet or 26.411 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

SADDLE STAR SOUTH HOLDINGS, LLC, the undersigned owner of the land shown on this plat, and designated herein as the SADDLE STAR ESTATES SOUTH, PHASE ONE, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicates to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. SADDLE STAR SOUTH HOLDINGS, LLC further certifies that all other parties who have a mortgage or lien interest in the SADDLE STAR ESTATES SOUTH, PHASE ONE subdivision have been notified and signed this plat. SADDLE STAR SOUTH HOLDINGS, LLC understands and does hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. SADDLE STAR SOUTH HOLDINGS, LLC also understand the following:

- No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
- Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
- The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
- The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
- The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
- No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or
- Property owner/H.O.A. shall be responsible for all maintenance, repair and replacement of all drainage and detention systems.

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city’s engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

SADDLE STAR SOUTH HOLDINGS, LLC further acknowledges that the dedications and/or exaction’s made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; SADDLE STAR SOUTH HOLDINGS, LLC, it’s successors and assigns hereby waive any claim, damage, or cause of action that SADDLE STAR SOUTH HOLDINGS, LLC may have as a result of the dedication of exactions made herein.

BEFORE ME, the undersigned authority, on this date personally appeared Robert C. Myers, known to me to be the person whose name is subscribed to the foregoing instrument and acknowledged to me that he executed the same for the purposes and consideration therein stated.

GIVEN MY HAND AND SEAL OF OFFICE THIS ____ DAY OF _____, 2019.

NOTARY PUBLIC FOR THE STATE OF TEXAS

APPROVAL CERTIFICATE

Planning & Zoning Commission, Chairman Date

APPROVED:
I hereby certify that the above and foregoing plat of an addition to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall on the ____ day of _____, 2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

WITNESS OUR HANDS, this ____ day of _____, 2019.

Mayor, City of Rockwall City Secretary City Engineer

Notes:

- Bearings and Grid Coordinates shown hereon are per NAD 83 based on City of Rockwall Monument No.
- A 5/8–inch iron rod with a yellow cap stamped RPLS “3963” will be set at all lot corners, when ever possible, following the completion of this subdivision. Offsets to corners will be set in areas impeded by retainer walls or other obstacles lying on the actual lot corner.
- By graphical plotting, no part of the parcel described hereon lies within a Special Flood Hazard Area (SPHA) as delineated on the Rockwall County, Texas and Incorporated Areas, Flood Insurance Rate Map, Map Number 48397C0030L, dated September 26, 2008. The Surveyor utilized the above referenced floodplain information for this determination and the Surveyor does not certify that revised floodplain information has or has not been published by FEMA or some other source. on occasion, greater floods can and will occur and flood heights may be increased by man–made or natural causes. The above flood statement shall not create liability on the part of the surveyor.
- HOA must maintain, repair, and replace all non–standard street and regulatory sign poles and fixtures or other approved non–standard items.
- It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83–54.

BEING a 26.411 acre tract of land situated in the P.B. Harrison Survey, Abstract No. 97, Rockwall County, Texas, and being part of a 34.325 acre tract of land described in a Special Warranty Deed to Saddle Star Holdings, LLC, recorded in Instrument 20180000013211, Deed Records, Rockwall County, Texas (DRRCT), and being part of a 44.292 acre tract of land described in a Special Warranty Deed to CDT Rockwall/2017, LLC, recorded in Instrument 20170000001746, Deed Records, Rockwall County, Texas (DRRCT), said 26.294 acre tract being more particularly described by metes and bounds as follows:

BEGINNING at a 1/2–inch capped iron rod stamped, “6081,” found for corner in the northeasterly right–of–way line of John Kind Boulevard (120 ft. right–of–way) at the common north corner of Part 1 of Parcel 16 conveyed to the City of Rockwall, recorded in Volume 5124, Page 210, DRRCT and Parcel 15 conveyed to the City of Rockwall, recorded in Volume 5951, Page 84, DRRCT, said corner being the south corner of said 34.325 acre tract and also being in the common line of said First Tract and a called 29.185 acre tract of land conveyed to Gideon Grove Ltd., recorded in Instrument 20150000014609, DRRCT;

THENCE North 72 degrees 06 minutes 44 seconds West, along the common northeasterly line of said John Kind Boulevard, said 34.325 acre tract and said Part 1, a distance of 1,126.56 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the beginning of a tangent curve to the right having a radius of 1,140.00 feet whose chord bears North 54 degrees 55 minutes 41 seconds West, a distance of 673.62 feet;

THENCE in the northwesterly direction, along said curve to the right, and last mentioned common line, through a central angle of 34 degrees 22 minutes 08 seconds, an arc distance of 683.83 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the end of said curve;

THENCE South 84 degrees 16 minutes 58 seconds East, a distance of 41.84 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 49 degrees 55 minutes 55 seconds East, a distance of 152.40 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 58 degrees 29 minutes 53 seconds East, a distance of 50.35 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 49 degrees 55 minutes 55 seconds East, a distance of 220.14 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the beginning of a non–tangent curve to the right having a radius of 57.50 feet, whose chord bears North 71 degrees 13 minutes 07 seconds East, a distance of 94.87 feet;

THENCE Northeasterly, with said curve to the right, through a central angle of 111 degrees 10 minutes 32 seconds, an arc distance of 111.57 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the end of said curve;

THENCE North 43 degrees 25 minutes 25 seconds East, a distance of 89.23 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE North 48 degrees 23 minutes 33 seconds East, a distance of 200.00 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 48 degrees 35 minutes 07 seconds East, a distance of 63.78 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 66 degrees 47 minutes 40 seconds East, a distance of 63.38 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 72 degrees 06 minutes 44 seconds East, a distance of 657.61 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner;

THENCE South 84 degrees 20 minutes 49 seconds East, a distance of 50.00 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the beginning of a non–tangent curve to the right having a radius of 275.00 feet, whose chord bears South 17 degrees 22 minutes 23 seconds West, a distance of 111.72 feet;

THENCE Southwesterly, with said curve to the right, through a central angle of 23 degrees 26 minutes 23 seconds, an arc distance of 112.50 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner at the end of said curve;

THENCE North 88 degrees 42 minutes 33 seconds East, a distance of 182.77 feet to a 1/2–inch iron rod with a yellow cap stamped, “RPLS 3963,” set for corner in the west line of Block A, Windmill Valley Subdivision, an addition to the City of Rockwall, recorded in Cabinet A, Page 157, PRRCT;

THENCE South 01 degrees 17 minutes 27 seconds East, along the common line of said 34.325 acre tract and said Block A, a distance of 85.38 feet to a 1/2–inch iron rod found for the southwest corner of said Block A, and being the northwest corner of said 29.185 acre tract;

THENCE South 01 degrees 30 minutes 45 seconds East, along the common line of said 29.185 acre tract and 44.292 acre tract, a distance of 761.52 feet to the PLACE OF BEGINNING AND CONTAINING 1,150,479 square feet or 26.411 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

SADDLE STAR SOUTH HOLDINGS, LLC, the undersigned owner of the land shown on this plat, and designated herein as the SADDLE STAR ESTATES SOUTH, PHASE ONE, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicates to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. SADDLE STAR SOUTH HOLDINGS, LLC further certifies that all other parties who have a mortgage or lien interest in the SADDLE STAR ESTATES SOUTH, PHASE ONE subdivision have been notified and signed this plat. SADDLE STAR SOUTH HOLDINGS, LLC understands and does hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. SADDLE STAR SOUTH HOLDINGS, LLC also understand the following:

- No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
- Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
- The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
- The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
- The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
- No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or
- Property owner/H.O.A. shall be responsible for all maintenance, repair and replacement of all drainage and detention systems.

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city’s engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

SADDLE STAR SOUTH HOLDINGS, LLC further acknowledges that the dedications and/or exaction’s made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; SADDLE STAR SOUTH HOLDINGS, LLC, it’s successors and assigns hereby waive any claim, damage, or cause of action that SADDLE STAR SOUTH HOLDINGS, LLC may have as a result of the dedication of exactions made herein.

NOTARY PUBLIC FOR THE STATE OF TEXAS

APPROVAL CERTIFICATE

Planning & Zoning Commission, Chairman Date

APPROVED:
I hereby certify that the above and foregoing plat of an addition to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall on the ____ day of _____, 2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

WITNESS OUR HANDS, this ____ day of _____, 2019.

Mayor, City of Rockwall City Secretary City Engineer

Notes:

- Bearings and Grid Coordinates shown hereon are per NAD 83 based on City of Rockwall Monument No.
- A 5/8–inch iron rod with a yellow cap stamped RPLS “3963” will be set at all lot corners, when ever possible, following the completion of this subdivision. Offsets to corners will be set in areas impeded by retainer walls or other obstacles lying on the actual lot corner.
- By graphical plotting, no part of the parcel described hereon lies within a Special Flood Hazard Area (SPHA) as delineated on the Rockwall County, Texas and Incorporated Areas, Flood Insurance Rate Map, Map Number 48397C0030L, dated September 26, 2008. The Surveyor utilized the above referenced floodplain information for this determination and the Surveyor does not certify that revised floodplain information has or has not been published by FEMA or some other source. on occasion, greater floods can and will occur and flood heights may be increased by man–made or natural causes. The above flood statement shall not create liability on the part of the surveyor.
- HOA must maintain, repair, and replace all non–standard street and regulatory sign poles and fixtures or other approved non–standard items.
- It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83–54.

OWNER'S CERTIFICATE

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS DAVID CLINE AND LAURA CLINE are the owners of a **0.184 acre** tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas according to the Warranty Deed Instrument No. 20190000011166 Official Public Records, Rockwall County, Texas and being **LOT 20, BLOCK D** of the **AMENDING PLAT for PARK PLACE WEST PHASE II ADDITION** according to the plat recorded in Cabinet G, Slides 100 -104 of Official Public Records of Rockwall, County Texas and being more particularly described as follows:

BEGINNING at a 1/2” iron rod with cap found for the southeast corner of said *Lot 20* and being the northeast corner of Lot 19 of said Park Place West Phase II and being located in the west line of Jordan Farm Circle (57' width);

THENCE departing the west line f said Jordan Farm Circle with the the south line of said *Lot 20* and the north line of said Lot 19 , **NORTH 79°47'00" WEST** a distance of **110.00** feet to a 5/8 inch iron rod set for corner and being located in the east line of Renfro Street (40' right-of-way);

THENCE along the east line of said Renfro Street, **NORTH 10°13'00" EAST** a distance of **73.00** feet to a 5/8 inch iron rod set for corner in the south line of a 20' Alley;

THENCE departing the east line fo said Renfro Street with the south line of said 20' Alley, **SOUTH 79°47'00" EAST** a distance of **110.00** feet to a 5/8 inch iron rod set for corner in the west line of said Jordan Farm Circle;

THENCE along the west line of said Jordan Farm Circle, **SOUTH 10°13'00" WEST** a distance of **73.00** feet to the **POINT OF BEGINNING**;

CONTAINING within these metes and bounds **0.184 acre** or **8,030** square feet of land more or less.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL

We, **DAVID CLINE AND LAURA CLINE**, the undersigned owners of the land shown on this plat, and designated herein as **LOT 47, BLOCK D, PARK PLACE PHASE II ADDITION** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **PARK PLACE PHASE II ADDITION** subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

7. Property owner is responsible for maintenance, repair, and reconstruction of all detention/drainage facilities in easements.

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

Given upon my hand and seal of office this ____ day of _____, 2019

Notary Public in and for the State of Texas

NOTES:

1. The purpose of this Replat is to abandon a 8' "Fire Lane, Access & Utility Easement".
2. It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.
3. Basis of Bearings: Bearings are based on the Final Plat of PARK PLACE WEST PHASE II ADDITION recorded in Cabinet G, Slides 100 - 104, Plat Records Rockwall County, Texas.
4. FLOOD STATEMENT: According to Community Panel No. 48397C0040L, dated September 26, 2008 of the Federal Emergency Management Agency, National Flood Insurance Program map this property is within Flood Zone “A” which is the area of 100-year flood with base flood elevations and flood hazard factors determined. The location of Flood Zone “A” shown hereon is approximate and is for informational purposes only and shall not create liability on the part of the Surveyor as to it's accuracy.
5. Property owner/HOA is responsible for all maintenance and repair of Open Space and Drainage Easements.
6. NOTICE: Selling a portion of this addition by metes and bounds is a violation of city subdivisions ordinance and state platting statutes and is subject to fines and withholding of utilities and building certificates.

OWNER'S CERTIFICATE

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS DAVID CLINE AND LAURA CLINE are the owners of a **0.184 acre** tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas according to the Warranty Deed Instrument No. 20190000011166 Official Public Records, Rockwall County, Texas and being **LOT 20, BLOCK D** of the **AMENDING PLAT for PARK PLACE WEST PHASE II ADDITION** according to the plat recorded in Cabinet G, Slides 100 -104 of Official Public Records of Rockwall, County Texas and being more particularly described as follows:

BEGINNING at a 1/2” iron rod with cap found for the southeast corner of said *Lot 20* and being the northeast corner of Lot 19 of said Park Place West Phase II and being located in the west line of Jordan Farm Circle (57' width);

THENCE departing the west line f said Jordan Farm Circle with the the south line of said *Lot 20* and the north line of said Lot 19 , **NORTH 79°47'00" WEST** a distance of **110.00** feet to a 5/8 inch iron rod set for corner and being located in the east line of Renfro Street (40' right-of-way);

THENCE along the east line of said Renfro Street, **NORTH 10°13'00" EAST** a distance of **73.00** feet to a 5/8 inch iron rod set for corner in the south line of a 20' Alley;

THENCE departing the east line fo said Renfro Street with the south line of said 20' Alley, **SOUTH 79°47'00" EAST** a distance of **110.00** feet to a 5/8 inch iron rod set for corner in the west line of said Jordan Farm Circle;

THENCE along the west line of said Jordan Farm Circle, **SOUTH 10°13'00" WEST** a distance of **73.00** feet to the **POINT OF BEGINNING**;

CONTAINING within these metes and bounds **0.184 acre** or **8,030** square feet of land more or less.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL

We, **DAVID CLINE AND LAURA CLINE**, the undersigned owners of the land shown on this plat, and designated herein as **LOT 47, BLOCK D, PARK PLACE PHASE II ADDITION** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **PARK PLACE PHASE II ADDITION** subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

7. Property owner is responsible for maintenance, repair, and reconstruction of all detention/drainage facilities in easements.

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

NOTES:

1. The purpose of this Replat is to abandon a 8' "Fire Lane, Access & Utility Easement".
2. It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.
3. Basis of Bearings: Bearings are based on the Final Plat of PARK PLACE WEST PHASE II ADDITION recorded in Cabinet G, Slides 100 - 104, Plat Records Rockwall County, Texas.
4. FLOOD STATEMENT: According to Community Panel No. 48397C0040L, dated September 26, 2008 of the Federal Emergency Management Agency, National Flood Insurance Program map this property is within Flood Zone “A” which is the area of 100-year flood with base flood elevations and flood hazard factors determined. The location of Flood Zone “A” shown hereon is approximate and is for informational purposes only and shall not create liability on the part of the Surveyor as to it's accuracy.
5. Property owner/HOA is responsible for all maintenance and repair of Open Space and Drainage Easements.
6. NOTICE: Selling a portion of this addition by metes and bounds is a violation of city subdivisions ordinance and state platting statutes and is subject to fines and withholding of utilities and building certificates.

<p>(8/21/2019 2:36 PM DG)</p> <p>P2019-035: Final Plat – Stone Creek, Phase X Addition</p> <p>Please address the following comments (M= Mandatory Comments; I = Informational Comments).</p>						
<p>I.1 This is a request for the approval of a final plat for Stone Creek, Phase X containing 118 single-family residential lots on a 36.428-acre tract of land identified as a portion of Tract 3 of the S. King Survey, Abstract No. 131, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 70 (PD-70) for Single Family-10 (SF-10) District land uses, located at the southwest corner of the intersection of Featherstone Drive and John King Boulevard</p>						
<p>I.2 For questions or comments concerning this case, please contact David Gonzales in the Planning Department at (972) 772-6488 or email dgonzales@rockwall.com.</p>						
<p>M.3 For reference, include the case number (P2019-035) in the lower right hand corner of all pages on future submittals</p>						
<p>I.4 The final plat shall conform to all standards and requirements of Planned Development District 70 (PD-70), the Unified Development Code (UDC), staff comments provided by the Planning, Engineering, Building Inspections, and Fire Department as indicated in the Project Plan Review document</p>						
<p>I.6 Submittal and approval of street names prior to the plat being filed Contact Lance Singleton, GIS Supervisor – lsingleton@rockwall.com.</p>						
<p>I.7 Provide a label for all open spaces to read as follows: Open Space To Be Maintained by the Homeowner's Association (HOA).</p>						
<p>M.8 Verify/correct lot dimensional information for: Lots 58 & 59, Block FF; Lot 8, Block HH; and Lots 11 & 12, Block II, to standards established in PD-70 for the minimum lot width. According to Ordinance No. 09-44 [Planned Development District 70 (PD-70)], Table 2, of Exhibit 'C', B-Special Development Standards, "***Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by twenty percent (20%) in lot width measured at the front property line provided that the lot width will be met at the front building line..." Table 1, of Exhibit 'C', A – General Requirements, Lot Type C requires lots to have a minimum lot size of 60-feet X 120-feet. Provide labels meeting or exceeding the minimum standards for lot width for each of the lots listed</p>						
<p>M.9 Verify/correct lot dimensional information for: Lot 7, Block JJ to standards established in PD-70 for the minimum lot depth. According to Ordinance No. 09-44 [Planned Development District 70 (PD-70)], Table 1, of Exhibit 'C', A – General Requirements, Lot Type C requires lots to have a minimum lot size of 60-feet X 120-feet. Provide a label that meets or exceeds the minimum standard for lot depth for the lot listed</p>						
<p>M.10 Four (4) retention ponds are to be provided by the developer. According to Ordinance No. 09-44 [Planned Development District 70 (PD-70)], Table 1, of Exhibit 'C', C. Standards for District Design and Connectivity, 6.d, states that the developer shall provide a minimum of four (4) retention ponds in the District with hard edges and fountain features as generally shown on the Concept Plan. The exact configurations and location of the ponds will be determined at development. All retention pond hard edges shall be similar to the hard edge shown on Appendix C. Provide detail of the proposed pond and fountain, and the location of the pond.</p>						
<p>I.11 Notary certificate is not necessary when plat is stamped by surveyor.</p>						
<p>I.12 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; however, it is encouraged for the applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the September 10, 2019 Planning and Zoning Meeting. The Planning and Zoning Work Session will be held on August 27, 2019.</p>						

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
I.13	The City Council	meeting for this case is scheduled to be held on September 16, 2019.				
I.14	The Parks and Recreation Board	Meeting for this case is scheduled to be held on September 4, 2019.				
I.15	Please provide one (1) large copy [18" X 24" FOLDED] and one PDF version for a subsequent/final review by staff.					
I.16	Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal and a new application and fee will be required to resubmit the case.					
I.17	Please note that once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions are to be approved (by staff) prior to the plat being submitted on mylar for filing.					
I.18	Staff recommends that a representative be present for the meetings as scheduled above. The meetings will be held in the City's Council Chambers and begin at 6:00 p.m.					

LEGAL DESCRIPTION

THENCE, South 00° 35' 35" East, continuing along said north line, for a distance of 21.11 feet, to a 1/2 inch iron rod found:

THENCE, South 89° 24' 25" West, continuing along said north line, for a distance of 226.33 feet, to a 1/2 inch iron rod found at the point of curvature of a curve to the left, having a radius of 1560.00 feet, a central angle of 08° 38' 43";

THENCE, continuing along said north line and with said curve to the left for an arc distance of 235.39 feet (Chord Bearing South 85° 05' 03" West - 235.16 feet), to a 1/2 inch iron rod found at the point of reverse curvature of a curve to the right, having a radius of 880.00 feet, a central angle of 36° 03' 38";

THENCE, continuing along said north line and with said curve to the right for an arc distance of 553.85 feet (Chord Bearing North 81° 12' 30" West - 544.75 feet), to a 1/2 inch iron rod found on a non-tangent curve to the right, having a radius of 475.00 feet, a central angle of 01° 01' 09";

THENCE, continuing along said north line and with said curve to the right for an arc distance of 8.45 feet (Chord Bearing North 28° 02' 57" East - 8.45 feet), to a 1/2 inch iron rod found;

THENCE, North 61° 26' 29" West, continuing along said north line, for a distance of 201.15 feet, to a 1/2 inch iron rod found in the east line of Stone Creek Phase IV, an addition to the City of Rockwall, as described in Cab. H, Pgs. 317-318, in said Plat Records and being the northwest corner of said Stone Creek Phase IX;

THENCE, North 32° 48' 57" East, along the east line of said Stone Creek Phase IV, for a distance of 68.38 feet, to a 1/2 inch rod found at the most easterly northeast corner of said Stone Creek Phase IV;

THENCE, North 65° 00' 04" West, along the north line of said Stone Creek Phase IV, for a distance of 283.02 feet, to a 1/2 inch iron rod found, being in a south line of Stone Creek Phase I, an addition to the City of Rockwall, as described in Cabinet G, Pages 359-365 in said Plat Records, being on a non-tangent curve to the left, having a radius of 1030.00 feet, a central angle of 37° 07' 00";

THENCE, departing the north line of said Stone Creek Phase IV and along the south line of said Stone Creek Phase I and with said curve to the left for an arc distance of 577.36 feet (Chord Bearing North 58° 24' 09" East - 569.83 feet), to a 1/2 inch iron rod found, being the southeast corner of Lot 10 Block I out of said Stone Creek Phase I, same being the south line of Stone Creek Phase IIa, an addition to the City of Rockwall, as described in Cabinet H, Pages 293-294 in said Plat Records;

THENCE, South 59° 19' 11" East, departing the south line of said Stone Creek Phase I and along the south line of said Stone Creek Phase IIa, for a distance of 164.69 feet, to a 1/2 inch iron rod found being the southwest corner of said Stone Creek Phase IIa;

THENCE, North 30° 40' 49" East, along the east line of said Stone Creek Phase IIa, for a distance of 90.28 feet, to a 1/2 inch iron rod found being the point of curvature of a curve to the left, having a radius of 1125.00 feet, a central angle of 24° 31' 11";

THENCE, continuing along said east line and with said curve to the left for an arc distance of 481.44 feet (Chord Bearing North 11° 40' 00" East - 477.78 feet), to a 1/2 inch iron rod found at the point of tangency;

THENCE, North 00° 35' 35" West, continuing along said east line, for a distance of 460.08 feet, to a 1/2 inch iron rod found being in the south line of Featherstone Drive, an addition to the City of Rockwall, as described in Cab. H, Pgs. 33-34, in said Plat Records;

THENCE, North 89° 25' 13" East, departing said east line and with said south line, for a distance of 50.00 feet, to a 1/2 inch iron rod found;

THENCE, North 00° 35' 35" West, continuing along said south line, for a distance of 15.00 feet, to a 1/2 inch iron rod found;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 133.20 feet, to a 1/2 inch iron rod found, being on a curve to the left, having a radius of 110.00 feet, a central angle of 34° 10' 49";

THENCE, continuing along said south line and with said curve to the left for an arc distance of 65.62 feet (Chord Bearing South 73° 29' 23" East - 64.65 feet), to a 1/2 inch iron rod found, being the point of tangency;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 125.01 feet, to a 1/2 inch iron rod found;

THENCE, South 00° 35' 35" East, continuing along said south line, for a distance of 15.00 feet, to a 1/2 inch iron rod found;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 50.00 feet, to a 1/2 inch iron rod found;

THENCE, North 00° 35' 35" West, continuing along said south line, for a distance of 15.00 feet, to a 1/2 inch iron rod found;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 190.00 feet, to a 1/2 inch iron rod found at the most easterly southeast corner of said Featherstone Drive and being in the west line of John King Boulevard (120' R.O.W.), as described in Doc. No. 2007-0038477 in said Deed Records;

THENCE, South 00° 35' 35" East, along the west line of said John King Boulevard, for a distance of 142.99 feet, to a 1/2 inch iron rod found being the point of curvature of a curve to the left, having a radius of 1260.00 feet, a central angle of 20° 22' 32";

THENCE, continuing along said west line and with said curve to the left for an arc distance of 448.08 feet (Chord Bearing South 10° 46' 51" East - 445.72 feet), to a 1/2 inch iron rod found;

THENCE, South 19° 17' 03" East, continuing along said west line, for a distance of 34.76 feet, to a nail found;

THENCE, South 15° 03' 48" East, continuing along said west line, for a distance of 61.67 feet, to a nail found on a non-tangent curve to the left, having a radius of 1271.00 feet, a central angle of 05° 21' 14";

THENCE, continuing along said west line and with said curve to the left for an arc distance of 118.77 feet (Chord Bearing South 27° 58' 51" East - 118.72 feet), to a nail found in the east line of said Stone Creek Balance, being in said Hays Road;

THENCE, South 00° 35' 35" East, departing said west line and along the east line of said Stone Creek Balance and with said Hays Road, for a distance of 191.20 feet, to a 1/2 inch iron rod found at the most northerly corner of Part 2, R.O.W. Dedication, as described in Doc. No. 2007-0038477, in said Deed Records being on a curve to the left, having a radius of 380.00 feet, a central angle of 22° 31' 28"; THENCE, South 89° 24' 25" West, along the north line of said Stone Creek Phase IX, for a distance of 222.00 feet, to a 1/2 inch iron rod found;

THENCE, departing the east line of said Stone Creek Balance Tract and continuing along Hays Road with the west line of said Part 2 tract and along said curve to the left having an arc distance of 149.39 feet (Chord Bearing South 10° 53' 46" West - 148.43 feet), to a 1/2 inch iron rod found;

THENCE, South 00° 21' 58" East, continuing along said lines, for a distance of 136.79 feet, to a nail found at the southwest corner of said Part 2 tract;

THENCE, North 89° 38' 02" East, along the south line of said Part 2 tract, for a distance of 30.11 feet, to a 1/2 inch iron rod found at the southeast corner of said Part 2 tract, being in east line of said Stone Creek Balance tract and said Hays Road;

THENCE, South 00° 35' 35" East, along the east line of said Stone Creek Balance tract and with Hays Road, for a distance of 339.01 feet, to the POINT OF BEGINNING and containing 36.428 acres of land.

SURVEYOR CERTIFICATE

I, WARREN L. CORWIN, do hereby certify that the plat shown hereon accurately represents the results of an on-the-ground survey made under my direction and supervision and all corners are as shown thereon and there are no encroachments, conflicts, protrusions or visible utilities on the ground except as shown and said plat has been prepared in accordance with the platting rules and regulations of the City Plan Commission of the City of Rockwall, Texas.

LEGAL DESCRIPTION

THENCE, South 00° 35' 35" East, continuing along said north line, for a distance of 21.11 feet, to a 1/2 inch iron rod found:

THENCE, South 89° 24' 25" West, continuing along said north line, for a distance of 226.33 feet, to a 1/2 inch iron rod found at the point of curvature of a curve to the left, having a radius of 1560.00 feet, a central angle of 08° 38' 43";

THENCE, continuing along said north line and with said curve to the left for an arc distance of 235.39 feet (Chord Bearing South 85° 05' 03" West - 235.16 feet), to a 1/2 inch iron rod found at the point of reverse curvature of a curve to the right, having a radius of 880.00 feet, a central angle of 36° 03' 38";

THENCE, continuing along said north line and with said curve to the right for an arc distance of 553.85 feet (Chord Bearing North 81° 12' 30" West - 544.75 feet), to a 1/2 inch iron rod found on a non-tangent curve to the right, having a radius of 475.00 feet, a central angle of 01° 01' 09";

THENCE, continuing along said north line and with said curve to the right for an arc distance of 8.45 feet (Chord Bearing North 28° 02' 57" East - 8.45 feet), to a 1/2 inch iron rod found;

THENCE, North 61° 26' 29" West, continuing along said north line, for a distance of 201.15 feet, to a 1/2 inch iron rod found in the east line of Stone Creek Phase IV, an addition to the City of Rockwall, as described in Cab. H, Pgs. 317-318, in said Plat Records and being the northwest corner of said Stone Creek Phase IX;

THENCE, North 32° 48' 57" East, along the east line of said Stone Creek Phase IV, for a distance of 68.38 feet, to a 1/2 inch rod found at the most easterly northeast corner of said Stone Creek Phase IV;

THENCE, North 65° 00' 04" West, along the north line of said Stone Creek Phase IV, for a distance of 283.02 feet, to a 1/2 inch iron rod found, being in a south line of Stone Creek Phase I, an addition to the City of Rockwall, as described in Cabinet G, Pages 359-365 in said Plat Records, being on a non-tangent curve to the left, having a radius of 1030.00 feet, a central angle of 37° 07' 00";

THENCE, departing the north line of said Stone Creek Phase IV and along the south line of said Stone Creek Phase I and with said curve to the left for an arc distance of 577.36 feet (Chord Bearing North 58° 24' 09" East - 569.83 feet), to a 1/2 inch iron rod found, being the southeast corner of Lot 10 Block I out of said Stone Creek Phase I, same being the south line of Stone Creek Phase IIa, an addition to the City of Rockwall, as described in Cabinet H, Pages 293-294 in said Plat Records;

THENCE, South 59° 19' 11" East, departing the south line of said Stone Creek Phase I and along the south line of said Stone Creek Phase IIa, for a distance of 164.69 feet, to a 1/2 inch iron rod found being the southwest corner of said Stone Creek Phase IIa;

THENCE, North 30° 40' 49" East, along the east line of said Stone Creek Phase IIa, for a distance of 90.28 feet, to a 1/2 inch iron rod found being the point of curvature of a curve to the left, having a radius of 1125.00 feet, a central angle of 24° 31' 11";

THENCE, continuing along said east line and with said curve to the left for an arc distance of 481.44 feet (Chord Bearing North 11° 40' 00" East - 445.72 feet), to a 1/2 inch iron rod found at the point of tangency;

THENCE, North 00° 35' 35" West, continuing along said east line, for a distance of 460.08 feet, to a 1/2 inch iron rod found being in the south line of Featherstone Drive, an addition to the City of Rockwall, as described in Cab. H, Pgs. 33-34, in said Plat Records;

THENCE, North 89° 25' 13" East, departing said east line and with said south line, for a distance of 50.00 feet, to a 1/2 inch iron rod found;

THENCE, North 00° 35' 35" West, continuing along said south line, for a distance of 15.00 feet, to a 1/2 inch iron rod found;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 133.20 feet, to a 1/2 inch iron rod found, being on a curve to the left, having a radius of 110.00 feet, a central angle of 34° 10' 49";

THENCE, continuing along said south line and with said curve to the left for an arc distance of 65.62 feet (Chord Bearing South 73° 29' 23" East - 64.65 feet), to a 1/2 inch iron rod found, being the point of tangency;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 125.01 feet, to a 1/2 inch iron rod found;

THENCE, South 00° 35' 35" East, continuing along said south line, for a distance of 15.00 feet, to a 1/2 inch iron rod found;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 50.00 feet, to a 1/2 inch iron rod found;

THENCE, North 00° 35' 35" West, continuing along said south line, for a distance of 15.00 feet, to a 1/2 inch iron rod found;

THENCE, North 89° 25' 13" East, continuing along said south line, for a distance of 190.00 feet, to a 1/2 inch iron rod found at the most easterly southeast corner of said Featherstone Drive and being in the west line of John King Boulevard (120' R.O.W.), as described in Doc. No. 2007-0038477 in said Deed Records;

THENCE, South 00° 35' 35" East, along the west line of said John King Boulevard, for a distance of 142.99 feet, to a 1/2 inch iron rod found being the point of curvature of a curve to the left, having a radius of 1260.00 feet, a central angle of 20° 22' 32";

THENCE, continuing along said west line and with said curve to the left for an arc distance of 448.08 feet (Chord Bearing South 10° 46' 51" East - 445.72 feet), to a 1/2 inch iron rod found;

THENCE, South 19° 17' 03" East, continuing along said west line, for a distance of 34.76 feet, to a nail found;

THENCE, South 15° 03' 48" East, continuing along said west line, for a distance of 61.67 feet, to a nail found on a non-tangent curve to the left, having a radius of 1271.00 feet, a central angle of 05° 21' 14";

THENCE, continuing along said west line and with said curve to the left for an arc distance of 118.77 feet (Chord Bearing South 27° 58' 51" East - 118.72 feet), to a nail found in the east line of said Stone Creek Balance, being in said Hays Road;

THENCE, South 00° 35' 35" East, departing said west line and along the east line of said Stone Creek Balance and with said Hays Road, for a distance of 191.20 feet, to a 1/2 inch iron rod found at the most northerly corner of Part 2, R.O.W. Dedication, as described in Doc. No. 2007-0038477, in said Deed Records being on a curve to the left, having a radius of 380.00 feet, a central angle of 22° 31' 28"; THENCE, South 89° 24' 25" West, along the north line of said Stone Creek Phase IX, for a distance of 222.00 feet, to a 1/2 inch iron rod found;

THENCE, departing the east line of said Stone Creek Balance Tract and continuing along Hays Road with the west line of said Part 2 tract and along said curve to the left having an arc distance of 149.39 feet (Chord Bearing South 10° 53' 46" West - 148.43 feet), to a 1/2 inch iron rod found;

THENCE, South 00° 21' 58" East, continuing along said lines, for a distance of 136.79 feet, to a nail found at the southwest corner of said Part 2 tract;

THENCE, North 89° 38' 02" East, along the south line of said Part 2 tract, for a distance of 30.11 feet, to a 1/2 inch iron rod found at the southeast corner of said Part 2 tract, being in east line of said Stone Creek Balance tract and said Hays Road;

THENCE, South 00° 35' 35" East, along the east line of said Stone Creek Balance tract and with Hays Road, for a distance of 339.01 feet, to the POINT OF BEGINNING and containing 36.428 acres of land.

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
<p>(8/21/2019 7:46 PM DG)</p> <p>SP2019-030; Amended Site Plan for SPR Packaging</p> <p>Please address the following comments (M= Mandatory Comments; I = Informational Comments)</p>						
<p>I.1 This is a request for the approval of a site plan for an expansion of an existing office/warehouse/manufacturing facility on a 10.1893-acre tract of land identified Lot 2, Block A, SPR Packaging Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 1480 Justin Road.</p>						
<p>I.2 For questions or comments concerning this case please contact David Gonzales in the Planning Department at(972) 772-6488 or email dgonzales@rockwall.com.</p>						
<p>M.3 For reference, include the case number (SP2019-030) in the lower right-hand corner of all pages on future submittals</p>						
<p>I.4 This project is subject to all requirements stipulated by the Unified Development Code(UDC); including the District Development Standards, of Article V, that are applicable to the subject property.</p>						
<p>I.5 Please note that the property will require a replat prior to the issuance of a building permit</p>						
<p>M.6 Site Plan. Please make the following clarifications on the site plan to ensure staff can properly review this project and convey all of the required elements to the City's boards and commissions:</p>						
<p>1) Please provide a label to the parking count for the ten(10) spaces adjacent to the western portion of the proposed addition</p>						
<p>2) Please remove the Legend that includes the concrete pavement thickness. This is to be determined by the engineering department during the civil submittal process and is not considered for review during this site plan process</p>						
<p>3) The proposed relocated dumpster enclosure is facing Justin Road. According to Subsection 6.02, General Overlay District Standards, of Article V, District Development Standards, of the UDC, dumpster enclosures shall be located to the side or rear of the buildings and shall not front onto a public right-of-way. Please reposition the dumpster enclosure so that it is not visible from public right-of-way or provide a screening plan showing how the proposed dumpster enclosure can be screened utilizing landscaping.</p>						
<p>4) Parking for an office use requires a minimum of one(1) parking space per 300-SF (i.e. 1:300 SF) of gross floor area. The proposed 22,564 SF addition requires a minimum of 75 parking spaces. Approval of a variance to Section 5, Off-Street Parking Requirements, of Article VI, Parking and Loading is required by the Planning and Zoning Commission.</p>						
<p>M.7 Dumpster Enclosure. According to Subsection 1.05, District Development Standards, of Article V, District Development Standards, of the UDC, trash/recycling enclosures shall be four (4) sided and shall be screened by a minimum six (6) foot, solid masonry dumpster enclosure that utilizes the same masonry materials as the primary building and incorporates an opaque, self-latching gate. Please provide the required detail</p>						
<p>M.8 Building Elevations. According to Subsection 5.02, of the General Industrial District Standards, of Article V, District Development Standards, of the UDC, requires a minimum of 20% stone (i.e. natural or synthetic/cultured) on all building façades. In this case, the construction of the addition does not include stone on any façade. This will require a variance from the Planning and Zoning Commission pending a recommendation from the Architectural Review Board(ARB).</p>						
<p>M.9 Building Elevations. According to Subsection 5.02, General Industrial District Standards, of Article V, District Development Standards, of the UDC, each exterior wall of a building's façade shall consist of a minimum of 90% primary materials and ten (10) percent secondary materials. In this case, the construction of the addition exceeds the maximum 10% secondary materials on all façades by incorporating EIFS and Aluminum Composite Material(ACM) panels. The south facing façade will be composed of 14.1% EIFS & 10.3% ACM, east façade is 43.6% EIFS & 6.1% ACM, and the west façade is 43.6% EIFS & 6.1% ACM materials. This will</p>						

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
require a variance from the Planning and Zoning Commission pending a recommendation from the Architectural Review Board(ARB).						
M.10 Building Elevations. Please review the articulation formulas contained in Section 5.01.C of Article V, District Development Standards, of the UDC. The submitted building elevations do not appear to meet all the formulas required for building articulation. This will require a variance from the Planning and Zoning Commission pending a recommendation from the Architectural Review Board(ARB).						
M.11 Building Elevations. Please make the following clarifications and changes to the building elevations to ensure staff can properly review this project and convey all of the required elements to the City's boards and commissions:						
1) Indicate all HVAC units on the building elevations so that staff can ensure that they meet the screening requirements dictated by the UDC (Subsection. 1.05.C.3; Art. V; UDC). Only one (1) unit appears to be drawn in. Is this the only RTU for the addition?						
2) Please provide a detail for the EIFS, the plan indicates "4" EIFS". Is this stucco?						
M.12 Landscape Plan. Please make the following clarifications and changes to the landscape plan to ensure staff can properly review this project and convey all of the required elements to the City's boards and commissions:						
1) Please use a lighter gray scale to distinguish between the existing landscaping and the new landscape materials to be added						
M.13 Treescape Plan. According to Section 3.4, Treescape Plan Review Process, of Article IX, of the UDC, the director of planning and zoning, or his/her designee, shall review the treescape plan and approve the plan per the requirements of this article, or forward any recommendations to the planning and zoning commission. As part of the treescape plan review process, the city has the right to request changes or adjustments in the layout and design of a development to save trees. The planning and zoning commission will review and approve or disapprove the treescape plan. The decision of the planning and zoning commission may be appealed to the city council. The treescape plan requires approval by the Planning and Zoning Commission as submitted.						
M.14 Photometric Plan. According to Section 3.3, Minimum Requirements, of Article VII, Environmental Performance, of the UDC, the maximum allowable light intensity measured at the property line of any non-residentially zoned lot shall be 0.2 FC. In this case, the submitted photometric plan conforms to the requirements of the UDC.						
M.15 Based on the submittal staff has identified the following variances						
1) Building Materials. The proposed addition exceeds the maximum permitted percentage of secondary materials and does not include a minimum of 20% stone.						
2) Building Articulation. The proposed addition does not meet the articulation standards established by the UDC.						
3) Dumpster Enclosure. The proposed relocation of the dumpster enclosure faces a public street.						
To be able to request a variance, an applicant needs to provide a letter stating the justification for each variance requested and indicate a minimum of two (2) compensatory measures that directly tie to offsetting the impact of the variance. Please also note that all of the requested variances will require a simple majority vote for approval.						
I.16 Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal and a new application and fee will be required to resubmit the case.						

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
<p>I.17 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; however, it is encouraged for applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the September 10, 2019 Planning & Zoning Meeting. The Planning & Zoning Work Session meeting will be held on August 27, 2019.</p>						
<p>I.18 The Architectural Review Board (ARB) meeting will be held on August 27, 2019 and will begin at 5:00 p.m. in the City's Council Chambers. The ARB will forward a recommendation to the Planning and Zoning Commission.</p>						
<p>I.19 Staff recommends that a representative be present for the meetings as scheduled above. The Planning and Zoning meeting will be held in the City's Council Chambers and will begin at 6:00 p.m.</p>

PLANT LIST

SYMBOL	BOTANICAL NAME	COMMON NAME	QTY.	SIZE	REMARKS
CE	<i>Ulmus crassifolia</i>	Cedar Elm	2	3" cal.	container grown, 12' ht., 4' spread, 4" branching ht., matching
LE	<i>Ulmus parvifolia</i> 'Sempervirens'	Lacebark Elm	3	3" cal.	container grown, 12' ht., 4' spread, 4" branching ht., matching
AB	<i>Abelia grandiflora</i> 'Edward Goucher'	Dwarf Abelia 'Edward Goucher'	39	5 gal.	container full, 24" spread, 36" o.c.
AN	<i>Juniperus tobiira</i> 'Andorra'	Andorra Juniper	50	5 gal.	container full, 20" spread, 24" o.c.
IH	<i>Raphiolepis indica</i> 'Clara'	Indian Hawthorne 'Clara'	32	5 gal.	container full, 20" spread, 36" o.c.
MFG	<i>Nassella tenuissima</i>	Mexican Feathergrass	145	1 gal.	container full, 24" o.c.
	<i>Cynodon dactylon</i>	Common Bermudagrass			solid sod, refer to Solid Sod Notes

NOTE: ALL TREES SHALL HAVE STRAIGHT TRUNKS AND BE MATCHING WITHIN VARIETIES.
PLANT LIST IS AN AID TO BIDDERS ONLY. CONTRACTOR SHALL VERIFY ALL QUANTITIES ON PLAN.
ALL HEIGHTS AND SPREADS ARE MINIMUMS. ALL PLANT MATERIAL SHALL MEET OR EXCEED REMARKS AS INDICATED.

LANDSCAPE NOTES

- CONTRACTOR SHALL VERIFY ALL EXISTING AND PROPOSED SITE ELEMENTS AND NOTIFY LANDSCAPE ARCHITECT OF ANY DISCREPANCIES. SURVEY DATA OF EXISTING CONDITIONS WAS SUPPLIED BY OTHERS.
- CONTRACTOR SHALL LOCATE ALL EXISTING UNDERGROUND UTILITIES AND NOTIFY LANDSCAPE ARCHITECT OF ANY CONFLICTS. CONTRACTOR SHALL EXERCISE CAUTION WHEN WORKING IN THE VICINITY OF UNDERGROUND UTILITIES.
- CONTRACTOR SHALL PROVIDE A MINIMUM 2% SLOPE AWAY FROM ALL STRUCTURES.
- CONTRACTOR SHALL FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS AS INDICATED. LEAVE AREAS TO RECEIVE TOPSOIL 3" BELOW FINAL FINISHED GRADE IN PLANTING AREAS AND 1" BELOW FINAL FINISHED GRADE IN LAWN AREAS.
- ALL PLANTING BEDS AND LAWN AREAS SHALL BE SEPARATED BY STEEL EDGING. NO STEEL EDGING SHALL BE INSTALLED ADJACENT TO BUILDINGS, WALKS, OR CURBS. CUT STEEL EDGING AT 45 DEGREE ANGLE WHERE IT INTERSECTS WALKS AND CURBS.
- TOP OF MULCH SHALL BE 1/2" MINIMUM BELOW THE TOP OF WALKS AND CURBS.
- ALL LAWN AREAS SHALL BE SOLID SOD BERMUDAGRASS, UNLESS OTHERWISE NOTED ON THE DRAWINGS.
- ALL REQUIRED LANDSCAPE AREAS SHALL BE PROVIDED WITH AN AUTOMATIC UNDERGROUND IRRIGATION SYSTEM WITH RAIN AND FREEZE SENSORS AND EVAPOTRANSPIRATION (ET) WEATHER-BASED CONTROLLERS AND SAID IRRIGATION SYSTEM SHALL BE DESIGNED BY A QUALIFIED PROFESSIONAL AND INSTALLED BY A LICENSED IRRIGATOR.
- CONTRACTOR SHALL PROVIDE BID PROPOSAL LISTING UNIT PRICES FOR ALL MATERIAL PROVIDED.
- CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL REQUIRED LANDSCAPE AND IRRIGATION PERMITS.

MAINTENANCE NOTES

- THE OWNER, TENANT AND THEIR AGENT, IF ANY, SHALL BE JOINTLY AND SEVERALLY RESPONSIBLE FOR THE MAINTENANCE OF ALL LANDSCAPE.
- ALL LANDSCAPE SHALL BE MAINTAINED IN A NEAT AND ORDERLY MANNER AT ALL TIMES. THIS SHALL INCLUDE MOWING, EDGING, PRUNING, FERTILIZING, WATERING, WEEDING AND OTHER SUCH ACTIVITIES COMMON TO LANDSCAPE MAINTENANCE.
- ALL LANDSCAPE AREAS SHALL BE KEPT FREE OF TRASH, LITTER, WEEDS AND OTHER SUCH MATERIAL OR PLANTS NOT PART OF THIS PLAN.
- ALL PLANT MATERIAL SHALL BE MAINTAINED IN A HEALTHY AND GROWING CONDITION AS IS APPROPRIATE FOR THE SEASON OF THE YEAR.
- ALL PLANT MATERIAL WHICH DIES SHALL BE REPLACED WITH PLANT MATERIAL OF EQUAL OR BETTER VALUE.
- CONTRACTOR SHALL PROVIDE SEPARATE BID PROPOSAL FOR ONE YEAR'S MAINTENANCE TO BEGIN AFTER FINAL ACCEPTANCE.

CITY OF ROCKWALL NOTES

- NO TREES WITHIN 5'-0" OF ANY UTILITIES
- IRRIGATION SYSTEM WILL MEET REQUIREMENTS IN THE UDC

GENERAL LAWN NOTES

- CONTRACTOR SHALL COORDINATE OPERATIONS AND AVAILABILITY OF EXISTING TOPSOIL WITH ON-SITE CONSTRUCTION MANAGER.
- CONTRACTOR SHALL LEAVE LAWN AREAS 1" BELOW FINAL FINISHED GRADE PRIOR TO TOPSOIL INSTALLATION.
- CONTRACTOR SHALL FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS AS INDICATED ON CIVIL PLANS. ADJUST CONTOURS TO ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS. PROVIDE UNIFORM ROUNDING AT TOP AND BOTTOM OF SLOPES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
- ALL LAWN AREAS SHALL BE FINE GRADED, IRRIGATION TRENCHES COMPLETELY SETTLED AND FINISH GRADE APPROVED BY THE OWNER'S CONSTRUCTION MANAGER OR LANDSCAPE ARCHITECT PRIOR TO LAWN INSTALLATION.
- CONTRACTOR SHALL REMOVE ALL ROCKS 3/4" DIAMETER AND LARGER, DIRT CLODS, STICKS, CONCRETE SPOOLS, ETC. PRIOR TO PLACING TOPSOIL AND LAWN INSTALLATION.
- CONTRACTOR SHALL MAINTAIN ALL LAWN AREAS UNTIL FINAL ACCEPTANCE. THIS SHALL INCLUDE, BUT NOT BE LIMITED TO: MOWING, WATERING, WEEDING, CULTIVATING, CLEANING AND REPLACING DEAD OR BARE AREAS TO KEEP PLANTS IN A VIGOROUS, HEALTHY CONDITION.
- CONTRACTOR SHALL GUARANTEE ESTABLISHMENT OF ACCEPTABLE TURF AREA AND SHALL PROVIDE REPLACEMENT FROM LOCAL SUPPLY IF NECESSARY.

SOLID SOD NOTES

- PLANT SOD BY HAND TO COVER INDICATED AREAS COMPLETELY. ENSURE EDGES OF SOD ARE TOUCHING. TOP DRESS JOINTS BY HAND WITH TOPSOIL TO FILL VOIDS.
- ROLL GRASS AREAS TO ACHIEVE A SMOOTH, EVEN SURFACE, FREE FROM UNNATURAL UNDULATIONS.
- WATER SOD THOROUGHLY AS SOD OPERATION PROGRESSES.
- IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MARCH 1, OVER-SEED BERMUDAGRASS SOD WITH WINTER RYEGRASS, AT A RATE OF FOUR (4) POUNDS PER ONE THOUSAND (1000) SQUARE FEET.

LANDSCAPE TABULATIONS

THE CITY OF ROCKWALL, TEXAS

STREET LANDSCAPING

- 10' wide landscape buffer with one tree per 50 l.f.

INDUSTRIAL BLVD.: 684 l.f. Required (14) trees, 3" cal.	Provided (14) existing trees, 4" cal. +
JUSTIN RD.: 671 l.f. Required (14) trees, 3" cal.	Provided (2) trees, 3" cal. (12) existing trees, 4" cal. +

PARKING LOT LANDSCAPING

- 5% of the interior parking lot shall be landscape.
- One (1) tree for every ten (10) parking spaces.
- All parking spaces shall be a minimum eighty (80) feet from a tree.

Total interior parking lot area: 42,134 s.f.
Total parking spaces: 105 spaces

Required 2,107 s.f. (5%) (11) trees	Provided 6,346 s.f. (15%) (3) trees, 3" cal. (11) existing trees
---	---

SITE LANDSCAPING

- 10% of the total site shall be landscaped for LIGHT INDUSTRIAL.
- 100% of the total requirements shall be located in the front of and along side buildings for LIGHT INDUSTRIAL.

Total site: 10.18 AC; 443,480 s.f.

Required 44,348 s.f. (10%) 44,348 s.f. (100%)	Provided 115,268 s.f. (26%) 77,707 s.f.
---	---

DETENTION BASIN REQUIREMENTS

- A minimum of one (1) tree for every 750 s.f. of dry land area.

Dry Land Area: 26,232 s.f. Required (35) trees	Provided (35) existing trees

Wall luminaires with directed light

Housing: One piece die-cast aluminum supplied with universal mounting bracket for direct attachment to 3/16" or 4" octagonal wiring box. Die castings are marine grade, copper free (a 0.3% copper content) A360.0 aluminum alloy.

Enclosure: One piece die-cast aluminum cover frame secured by captive socket head, stainless steel screws threaded into stainless steel inserts. Semi-specular, anodized aluminum internal reflector. Safety glass with optical texture. Fully gasketed for weather tight operation using a molded silicone rubber O-ring gasket.

Electrical: 29.8W LED luminaire, 35 total system watts, -30°C start temperature. Integral 120V through 277V electronic LED driver, 0-10V dimming. LED module(s) are available from factory for easy replacement. Standard LED color temperature is 3000K with an 85 CRI. Available in 4000K (85 CRI); add suffix K4 to order.

Note: LEDs supplied with luminaire. Due to the dynamic nature of LED technology, LED luminaire data on this sheet is subject to change at the discretion of BEGA-US. For the most current technical data, please refer to www.bega-us.com.

Finish: All BEGA standard finishes are polyester powder coat with minimum 5 mil thickness. Available in four standard BEGA colors: Black (BLK), White (WHT), Bronze (BRZ), Silver (SLV). To specify, add appropriate suffix to catalog number. Custom colors supplied on special order.

CSA certified to U.S. and Canadian standards, suitable for wet locations. Protection class IP65

Weight: 8.8 lbs.

Luminaire Lumens: 3496

LED recessed wall luminaires - asymmetrical forward throw

BEGA

Application
LED recessed wall luminaire with asymmetrical forward throw distribution for superior illumination of ground surfaces from an extremely low mounting height. The optimal mounting height between 1' and 1.5' above finished grade.

Materials
Luminaire housing and faceplate constructed of die-cast aluminum marine grade, copper free (a 0.3% copper content) A360.0 aluminum alloy
Clear safety glass
Reflector made of pure anodized aluminum
Silicone applied robotically to casting, plasma treated for increased adhesion
High temperature silicone gasket
Mechanically captive stainless steel fasteners
Stainless steel screw clamps
Composite installation housing

NRTL listed to North American Standards, suitable for wet locations
Protection class IP65
Weight: 2.0 lbs

Operating voltage	120-277V AC
Minimum start temperature	-40° C
LED module wattage	8.7W
System wattage	11.0W
Controlability	0-10V, TRIAC, and ELV dimmable
Color rendering index	Ra>90
Luminaire lumens	585 lumens (3000K)
Lifetime at Ta=15°C	70,000 h (L70)
Lifetime at Ta=25°C	64,000 h (L70)

LED color temperature
□ 2700K - Product number + K27
□ 3000K - Product number + K3
□ 3500K - Product number + K35
□ 4000K - Product number + K4

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires - see website for details

Finish
All BEGA standard finishes are matte, textured polyester powder coat with minimum 3 mil thickness.

Available colors: □ Black (BLK) □ White (WHT) □ RAL: □ Bronze (BRZ) □ Silver (SLV) □ CUS: □

Fully enclosed luminaire with installation housing ensures seamless integration and weather-tight operation.

SPR OFFICE ADDITION SITE PLAN SUBMITTAL
REQUESTED VARIANCES

On behalf of SPR Packaging, the following is a list of variances to the City of Rockwall Development Codes that we wish to submit to your office for the Site Plan Submittal.

SPR Packaging, located at 1480 Justin Rd., proposes a two-story 22,564 square foot Office Addition to the southwest corner of their current Office / Warehouse facility. In connection with this project, we request the following variances:

A. Off-Street Parking Requirements

1. Article VI, section 2.3 indicates that when a building is expanded, the provisions for parking and loading shall be provided for the portion of land use and/or building that has been added. By this calculation, the proposed addition would require 75 spaces. Due to site constraints, only a total of 57 new parking spaces can be provided with this addition. However, a small project that will be completed in advance of this project will add 17 spaces while only requiring 9 spaces. Together, these two projects require 84 spaces and provide 74. The Owner feels that the total parking provided on-site (158 spaces) is adequate for their actual needs.

The Owner wishes to be granted a variance to reduce the required parking amount.

B. Construction Materials:

1. In order to achieve the desired architectural aesthetic, the Owner wishes to be granted a variance to eliminate requirements for stone and masonry on the building facades and the 10% maximum of secondary materials based on Article V, Section 4.01.A.2 Exception.

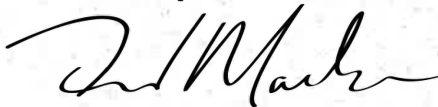

C. Building Articulation:

1. In order to achieve the desired architectural aesthetic, the Owner wishes to be granted a variance to the requirements for Horizontal and Vertical Articulation of Facades.

SPR Office Addition
Requested Variances
08/14/19
Page 2

Although the Owner has requested these variances, it is their intent to provide a unique and aesthetically pleasing architectural design constructed of high-quality materials. Additionally, as a compensatory measure for not having the required parking amount, two (2) additional trees will be added to the landscaping fronting Justin Rd.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Morales", written in a cursive style.

David A. Morales
Project Architect

SP2019-031; Site Plan for 259 Ranch Trail						
Please address the following comments (M= Mandatory Comments; I = Informational Comments)						
<p>I.1 This is a request by Ryan Moorman of R. D. Moorman, Inc. for the approval of a site plan for an office building on a 1.244-acre parcel of land identified as Lot 22, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 259 Ranch Trail.</p> <p>I.2 For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.</p> <p>M.3 For reference, include the case number (SP2019-031) in the lower right-hand corner of all pages on future submittals.</p> <p>I.4 This project is subject to all requirements stipulated by the Unified Development Code (UDC).</p> <p>M.5 In order to constitute a complete submittal all applications are required to provide the following elements: [1] a site plan and [2] landscape/treescape plan. This submittal is complete.</p> <p>M.6 Site Plan. Please make the following clarifications on the replat to ensure staff can properly review this project and convey all of the required elements to the City's boards and commissions:</p> <ol style="list-style-type: none"> 1) Please note that that the existing metal building will need to be removed in order to construct the proposed building. 2) Please check with the Engineering Department to ensure that the proposed driveway meets the driveway spacing requirements. 3) Please note that all of the existing asphalt will need to be removed and replaced with concrete conforming to the Engineering Standards of Design in the Municipal Code of Ordinances. 4) Please provide pavement materials and thickness 5) In order to prevent trees from interfering with the overhead utilities, please provide accent trees in the landscape buffer adjacent to Ranch Trail Road and move the canopy trees to the interior. 6) Please note that outside storage is prohibited <p>M.7 Site Plan. No equipment screening shown. According to Subsection 1.05, Screening Standards, of Article V, District Development Standards, of the Unified Development Code (UDC), utility equipment and air conditioning units shall be screened from view from any adjacent street or property utilizing plantings, berms, walls matching the main structure, or an architectural feature that is integral to the building's design. Please show and label how the mechanical equipment will be screened on the existing building and the proposed building.</p> <p>M.8 Dumpster Enclosure. No detail of the dumpster enclosure was provided. According to Subsection 1.05, General Standards, of Article V, District Development Standards, of the UDC, trash and recycling enclosures shall be screened by a minimum six (6) foot tall, solid masonry dumpster enclosure that utilizes the same masonry materials as the primary building and incorporates an opaque, self-latching gate. Please provide the required detail.</p> <p>M.9 Building Elevations. The building elevations do not meet the horizontal articulation requirements. According to Subsection 4.01, General Commercial District Standards, of Article V, District Development Standards, of the Unified Development Code (UDC), facades shall have a maximum wall length of three (3) times the wall height or an exception to the articulation standards is required to be approved by the Planning and Zoning Commission. According to Subsection 9.01 Exceptions to the General Standards, of Article XI, Zoning Related Applications of the Unified Development Code, of the Unified Development Code (UDC), in cases where an exception(s) are being requested, the applicant shall provide compensatory measures that directly offset the request exception. These may include –but not limited to – a masonry wainscot on all four [4] sides of the building, increased landscaping (i.e. additional canopy trees, accent trees, landscaping percentage, etc.). Additionally the Unified Development Code (UDC) requires the applicant to provide[1] a written appeal outlining the reasons for the exception, [2] the unique or extraordinary condition, and/or undue hardship created by the strict adherence to the technical requirements, and [3] the proposed compensatory measures as detailed above.</p> <p>I.10 Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal, and a new application and fee will be required</p>						

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
to resubmit the case.						
I.11 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; The Planning & Zoning Meeting September 10, 2019.

(8/22/2019 10:51 AM KC) General comment notes: 1. Two means of fire apparatus access shall be provided for the following a)Buildings or facilities exceeding 30-feet or three stories in height b)Buildings or facilities having a gross building area of more than 62,000 square feet (Exception: Projects having a gross building area of up to 124,000 square feet that have a single approved fire apparatus access road when all buildings are equipped throughout with approved automatic sprinkler systems) c)Multiple-family residential projects having more than 100 dwelling units (Exception: Projects having up to 200 dwelling units may have a single approved fire apparatus access road when all buildings, including nonresidential occupancies, are equipped throughout with approved automatic sprinkler systems) d)Multiple-family residential projects having more than 200 dwelling units. 2. Where two fire apparatus access roads are required they shall be placed a distance apart equal to not less than one half of the length of the maximum overall diagonal dimension of the lot or area to be served, measured in a straight line between accesses. (Exception: Fire Marshal shall approve layout for multiple-family residential projects.) 3. Fire lane cannot exceed 10 % in grade change, 5% cross slope, and angles of approach and departure not to exceed 8%. 4. For buildings 30-feet or more and/or 3 or more stories in height minimum interior turning radius of 30 feet. 5. All adopted fire codes and 2015 International Fire Code requirements are enforced

<p>SP2019-033; Site Plan for Harbor Heights Restaurant and Retail</p> <p>Please address the following comments (M= Mandatory Comments; I = Informational Comments)</p> <p>I.1 This is a request for the approval of a site plan for a strip retail center and restaurant on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas, situated within the Hillside Sub-District of Planned Development District 32 (PD-32), located within the IH-30 Overlay (IH-30 OV) District, and located at the southwest corner of the intersection of the IH-30 frontage road and Sunset Ridge Drive.</p> <p>I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.</p> <p>M.3 For reference, include the case number (SP2019-033) in the lower right-hand corner of all pages on future submittals.</p> <p>I.4 This project is subject to all requirements stipulated by Ordinance No. 19-25 -- the approved PD Development Plan for this property--, Resolution No. 10-40 -- the design guidelines for PD-32 --, Ordinance No. 17-22 -- Planned Development District 32 (PD-32) --, and the Unified Development Code (UDC).</p> <p>M.5 In order to constitute a complete submittal all applications are required to provide the following elements [1] a site plan, [2] building elevations, [3] a landscape plan, [4] photometric plan, [5] lighting cut sheets, and a [6] material sample board. In addition, Ordinance No. 19-25 requires that an open space master plan be submitted for the proposed park area and pedestrian accessways and Ordinance No. 17-22 requires a streetscape plan be submitted. The current submittal did not contain a material sample board, streetscape plan or open space master plan. These will be required prior to the case being taken to the Planning and Zoning Commission for action.</p> <p>I.6 Please note that the property will require a replat prior to the issuance of a building permit.</p> <p>I.7 Please note that the two (2) buildings that are labeled as future buildings will require site plan approval and that the approval of this site plan does not constitute approval of these pad sites.</p> <p>M.8 Site Plan. Please make the following clarifications on the site plan to ensure staff can properly review this project and convey all of the required elements to the City's boards and commissions:</p> <p>1) On the site plan Building 'A' and Building 'B' are identified as future building pads; however, the building elevations are also labeled Building 'A' and Building 'B'. Please clarify and standardize the labeling of the proposed and future buildings across all plan sets.</p> <p>2) Please provide a note adjacent to the retaining wall that runs parallel to the northern and eastern boundary indicating that it will have a rock face in conformance with Ordinance No. 17-22.</p> <p>M.9 Site Plan. The proposed dumpster enclosure is facing IH-30. According to Subsection 6.02, General Overlay District Standards, of Article V, District Development Standards, of the UDC, dumpster enclosures shall be located to the side or rear of the buildings and shall not front onto a public right-of-way. Please reposition the dumpster enclosure so that it is not visible from public right-of-way or provide a screening plan showing how the proposed dumpster enclosure can be screened utilizing landscaping.</p> <p>M.10 Dumpster Enclosure. No detail of the dumpster enclosure was provided. According to Subsection 6.02, General Overlay District Standards, of Article V, District Development Standards, of the UDC, trash and recycling enclosures shall be screened by a minimum eight (8) foot tall, solid masonry dumpster enclosure that utilizes the same masonry materials as the primary building and incorporates an opaque, self-latching gate. Please provide the required detail.</p> <p>M.11 Seat Wall and Pedestrian Access Easement. According to Ordinance No. 19-25 a seat wall and two (2) pedestrian access easements are required to be constructed that are consistent with the design guidelines contained in Resolution No. 10-40. Please review the design guidelines and revise the site plan to show these elements. In addition, please provide an elevation of the seat wall for staff's review.</p> <p>I.12 Building Elevations. Resolution No. 10-40 lays out three (3) architectural styles (i.e. Tuscan, Traditional, and/or Transitional) that are acceptable within Planned Development District 32 (PD-32). The proposed building elevations do not appear to adhere to any of the recommended architectural styles.</p> <p>M.13 Building Elevations. According to Ordinance No. 19-25, "(a) All building materials and color schemes proposed for this development should conform to the requirements stipulated by Planned Development District 32 (PD-32). Please redesign the buildings using elements of one (1) of the approved three (3) architectural styles, and indicate the style on the elevations. Any variation to these architectural styles will require approval by the Planning and Zoning Commission upon recommendation by the Architectural Review Board (ARB).</p>						

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
<p>M.14 Building Elevations. According to Section 6.2, General Overlay District Standards, of Article V, District Development Standards, of the UDC, each exterior wall of a building's façade shall consist of a minimum of 90% primary materials and ten (10) percent secondary materials. In this case, the east façade of Building 'A' incorporates 11.4% metal and the east façade of Building 'B' incorporates 13.2%, which is identified as a secondary material. This will require a variance from the Planning and Zoning Commission pending a recommendation from the Architectural Review Board (ARB).</p> <p>M.15 Building Elevations. Please review the articulation formulas contained in Section 4.01.C of Article V, District Development Standards, of the UDC. The submitted building elevations do not appear to meet all the formulas required for building articulation. To demonstrate conformance please include the calculations adjacent to the facades depicted on the building elevations.</p> <p>M.16 Building Elevations. Please make the following clarifications and changes to the building elevations to ensure staff can properly review this project and convey all of the required elements to the City's boards and commissions:</p> <ol style="list-style-type: none"> 1) Indicate all HVAC units on the building elevations so that staff can ensure that they meet the screening requirements dictated by the UDC (Sec. 6.C.3; Art. V; UDC). 2) Please add a note indicating that parapets on tower elements shall be finished on both sides utilizing the same exterior materials and that no bituminous or flat membrane-type of finish will be visible from public right-of-way (Sec. 6.C.2; Art. V; UDC). 3) Indicate the height of all retaining walls adjacent to public right-of-way. According to the conditions of approval associated with Case No. Z2019-013, no retaining wall adjacent to public right-of-way shall exceed seven (7) feet in height. <p>M.17 Streetscape Plan. Please provide a streetscape plan that shows conformance to the requirements of Ordinance No. 17-22. According to this ordinance the required streetscape plan shall include cut sheets and product specification sheets indicating the proposed products and a plan indicating the location of all the products.</p> <p>M.18 Landscape Plan. Please make the following clarifications and changes to the landscape plan to ensure staff can properly review this project and convey all of the required elements to the City's boards and commissions:</p> <ol style="list-style-type: none"> 1) Please label a 20-foot landscape buffer adjacent to IH-30 (Sec. 6.02.E; Art. V; UDC). 2) A minimum of two (2) canopy and four (4) accent trees are required in the 20-foot landscape buffer adjacent to IH-30 (Sec. 6.02.E; Art. V; UDC). Please indicate conformance to this requirement on the landscape plan. As a note these plantings can be clustered inside the landscape buffer. 3) Please provide an exhibit showing that all parking spaces are located within 80-feet from the trunk of a large canopy tree (Sec. 5.9; Art. VIII, UDC). 4) Please indicate the types of canopy trees, ornamental trees, shrubs, ground cover, and perennials being proposed. 5) Please provide an exhibit of the proposed landscaping pots and plantings. 6) Please provide landscape screening on all four (4) sides of the transformer adjacent to the western property line and the transformer adjacent to the proposed entry drive. <p>M.19 Photometric Plan. Ordinance No. 17-22 stipulates a design standard for all pedestrian scale street lighting and parking lot light fixtures. The proposed pedestrian scale street light does appear to conform to the design standard; however, the parking lot light fixture does not appear to conform to the light standard. Please revise and provide a cut sheet for the proposed parking lot light fixture.</p> <p>M.20 Photometric Plan. According to Section 3.3, Minimum Requirements, of Article VII, Environmental Performance, of the UDC, the maximum allowable light intensity measured at the property line of any non-residentially zoned lot shall be 0.2 FC. In this case, the submitted photometric plan exceeds these maximum values along the north, west and east property lines. Please revise the photometric plan to show conformance with the code requirements.</p> <p>M.21 Based on the submittal staff has identified the following variances:</p> <ol style="list-style-type: none"> 1) Building Materials. Both buildings exceed the maximum permitted percentage of secondary materials. 2) Lighting Standards. The proposed plan exceeds 0.2 FC at the property line and is utilizing the wrong light fixture style for parking lot lighting. 3) Landscaping. The proposed landscaping plan does not adhere to the General Overlay District Requirements. 						

Type of Review / Notes	Contact	Sent	Due	Received	Elapsed Status	Remarks
<p>To be able to request a variance, an applicant needs to provide a letter stating the justification for each variance requested and indicate a minimum of two(2) compensatory measures that directly tie to off-setting the impact of the variance. Please also note that all of the requested variances will require a ¾-majority vote for approval.</p> <p>I.22 Please note that failure to address all comments provided by staff by 5:00 PM on September 4, 2019 will result in the automatic denial of the case on the grounds of an incomplete submittal. No refund will be given for cases that are denied due to an incomplete submittal and a new application and fee will be required to resubmit the case.</p> <p>I.23 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on September 4, 2019; however, it is encouraged for applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the September 10, 2019 Planning & Zoning Meeting. The Planning & Zoning Work Session meeting will be held on August 27, 2019.</p>

Description

This contemporary styled **D154-TS20 Series** combines a cast aluminum housing, a spun aluminum shade and segmented reflector to create an efficient luminaire with Type III (**HR3**) or Type V (**HR5**) light distribution. Some of the most popular brackets for use with this fixture are shown below, however there are others available in the "Brackets & Wall Luminaires" section of this catalog.

Installation

The luminaire will mount to the bracket as shown on the reverse page. Post top luminaire brackets will mount to a 3" OD post or tenon with (6) 5/16" stainless steel set screws. Wall bracket models have four 3/8" holes for mounting (wall mount hardware is not included).

Electrical

- High power factor ballast (HPF), core and coil type, pre-wired and tested
- Easy ballast pod access
- 4KV pulse rated porcelain socket
- Suitable for wet location

Lens

Clear smooth flat tempered glass (**GL**)

Finish

Premium quality thermoset polyester powdercoat (see Finish Selection)

PT01/D154-TS20/HR-GL

WBR03/D154-TS20

PT12/D154-TS20

EPA: 2.58
Also available in three and four light combinations.

AGENDA
CAPITAL IMPROVEMENT ADVISORY COMMITTEE
City Hall, 385 South Goliad, Rockwall, Texas
Council Chambers
August 27, 2019
6:30 P.M.

CALL TO ORDER

APPOINTMENTS

1. MIS2019-001 (Ryan)

Appointment with Eddie Hass of Freese and Nichols, Inc. to discuss the Draft Roadway Impact Fee Report and an appointment with Matt Hickey, PE of Birkhoff, Hendricks & Carter LLP to discuss the Draft Water and Wastewater Impact Fee Report.

DISCUSSION ITEMS

- 2.** Additional discussion concerning the Impact Fee Update and Capital Improvements Advisory Committee issues.

ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 23rd day of August 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

2019 Update of Roadway Impact Fees

Chapter 1: Introduction

Shrinking funds available for transportation improvements on city thoroughfares limit many cities from upgrading infrastructure to meet increasing travel demands. To meet the needs of new growth, many cities collect "impact fees" from new development to help fund transportation improvements necessitated by such development. What is unique about impact fees is that they often finance roadway improvements that are considered "offsite" to new development. However, when considering the traffic implications created by new development on the roadway system, impact fees provide a means by which infrastructure may keep pace with new development.

Texas initially authorized the use of impact fees with the 1987 legislature. Now codified in Chapter 395 of the Texas Local Government Codes, the legislation authorizes cities to collect fees from new developments to finance new construction or expansion of capital improvements such as water treatment and distribution facilities, storm and wastewater facilities, and transportation facilities. The law stipulates that all fees collected from new development must not exceed the maximum amount calculated by the methodology described therein.

The law also mandates that impact fee systems be updated periodically to ensure that an appropriate cost per service unit is calculated commensurate with an impact fee capital improvements program. The law also mandates that as new transportation improvements are completed, actual costs are inserted into the cost per service unit calculation to reflect a more accurate reading of service area costs as opposed to estimated costs that were established at the onset of the impact fee system. Finally, new capital improvement projects may be added to the program, subject to meeting eligibility requirements.

In September 2001, Chapter 395 was amended which revised called for several technical and administrative changes of impact fee systems including:

- Expansion of the permissible service area structure for roadway facilities from three to six miles;
- A credit for the portion of ad valorem tax revenues generated by improvements over the program period, or the credit equal to 50% of the total projected cost of implementing the capital improvements plan;
- A city's share of costs on the federal or Texas highway system, including matching funds and costs related to utility line relocation, the establishment of curbs and gutters, sidewalks, drainage appurtenances, and rights-of-way;
- Increase in the time period of update of impact fee land use assumptions and capital improvements plan from a three to five-year period;
- Changes in compliance requirements as they relate to annual reporting; and
- Consolidation of the land use assumptions and capital improvements plan hearings.

The implementation and administration of roadway impact fee systems offers several advantages to both a city and new development among which include: 1) a systematic, structured approach to assessment of fees, 2) a clear, equitable distribution of costs associated with the impact of new development, 3) the ability to pool funds for project initiation within a service area, 4) assurance that fees collected will be spent in the area where new development is occurring, 5) up-front knowledge of fees to be imposed, 6)

INTRODUCTION

credits for developer participation, and 7) ability for developers to demonstrate that, pursuant to city guidelines, specific unit equivalencies (service unit generation) may be different from those presented in the land use equivalency table.

Recognizing the need to provide adequate facilities and desiring to have equitable funding of transportation improvements, the City of Rockwall embarked in the development of a roadway impact fee system in January 2008 and is updating the program to comply with legislative requirements identified in Chapter 395. The program was updated in 2013. This update amends the roadway capital improvements program based on updated land use assumptions as well as, input by the designated impact fee Capital Improvements Advisory Committee. To assist with this study, the City of Rockwall retained Freese and Nichols, Inc. to update the roadway impact fee system.

Study Methodology

To update the roadway impact fee for the City of Rockwall, a series of work tasks were undertaken and are described below:

1. Meetings were held with the City of Rockwall Staff and the Capital Improvement Advisory Committee to discuss the approach and roadway methodology to be used in the study update.
2. Impact fee service areas were reviewed and amended for any city annexations. Roadway service areas are contained to the current city limits.
3. The vehicle-mile of travel (VMT) during the PM peak hour was retained as the unit of measure for the roadway impact fee system.
4. A roadway conditions inventory was conducted on Rockwall thoroughfares for lane geometries, roadway classifications and segment lengths. New arterial and/or collector streets not previously assessed were added to the program database.
5. The existing roadway network was evaluated based on traffic volume count data collected May 2019, to determine roadway capacity, current utilization, and if any capacity deficiencies exist within each impact fee service area.
6. Projected 10-year growth, in terms of vehicle-miles of demand, was calculated for the service areas based on updated land use assumptions (projections of population and employment growth) prepared by Rockwall City Staff in June 2019 and supplemented with the updated land use equivalency table. The Land Use Assumptions for Impact Fees report was reviewed and approved by the Capital Improvements Advisory Committee (CIAC) prior to development of VMT growth projections and capital improvements plan (CIP) update.
7. The existing impact fee CIP was evaluated with updated traffic count data to ensure that excess capacity remained within each impact fee project for retention in the system. The analysis of the existing impact fee CIP revealed excess capacity and therefore could remain in the impact fee program.

INTRODUCTION

8. A roadway impact fee CIP was reviewed and amended relative to projected growth from the updated land use assumptions, analysis of existing system deficiencies, likelihood of project initiation over the short-term, the Rockwall Comprehensive Plan, and input by the CIAC and City Staff. The CIP was amended for John King Boulevard to include portions of the roadway that were previously out of the city and the addition of several new projects to the program.
9. Roadway costs associated with construction, engineering, right-of-way, and project financing for recoupment projects were provided by the City. Cost estimates for new projects were prepared by Freese and Nichols. Costs for study updates are eligible for recovery and were included in the total project cost. Roadway cost data was compiled and distributed by service area.
10. The cost of capacity supplied, cost attributable to new development and the maximum cost per service unit was calculated for each service area. A credit of 50% was applied to the overall cost of the capital improvements program for use in the calculation of the cost per service unit.
11. This report was prepared to document the procedures, findings, and conclusions of the study.

Organization of Report

This report describes the background information, analysis, and findings of the study in six parts, with a chapter devoted to each:

- Roadway Impact Fee Service Areas (Chapter 2)
- Roadway Impact Fee Service Units (Chapter 3)
- Existing Conditions Analysis (Chapter 4)
- Projected Conditions Analysis (Chapter 5)
- Calculation of Impact Fees (Chapter 6)
- Conclusion (Chapter 7)

Chapter 2: Roadway Impact Fee Service Areas

Chapter 395 requires that service areas be defined for impact fees to ensure that facility improvements are in proximity to the area that is generating the need. Legislation mandates that roadway service areas be limited to a six-mile maximum and must be located within the current city limits. Roadway service areas are different from other impact fee service areas, which can include the city limits and Extra-Territorial Jurisdiction (ETJ). This is primarily because roadway systems are "open" to both local and regional use as opposed to a defined limit of service that is provided with water and wastewater systems. The result is that new development can only be assessed an impact fee based on the cost of necessary capital improvements within that service area.

The service area structure was developed using the criteria defined in Chapter 395 as it relates to conformance with city limits and the six-mile boundary limits. Other considerations included use of physical or natural features, potential roadway projects and their relation to undeveloped areas of the community, and the planning areas used in long-range plan efforts (for consideration of service area expansion due to possible annexation).

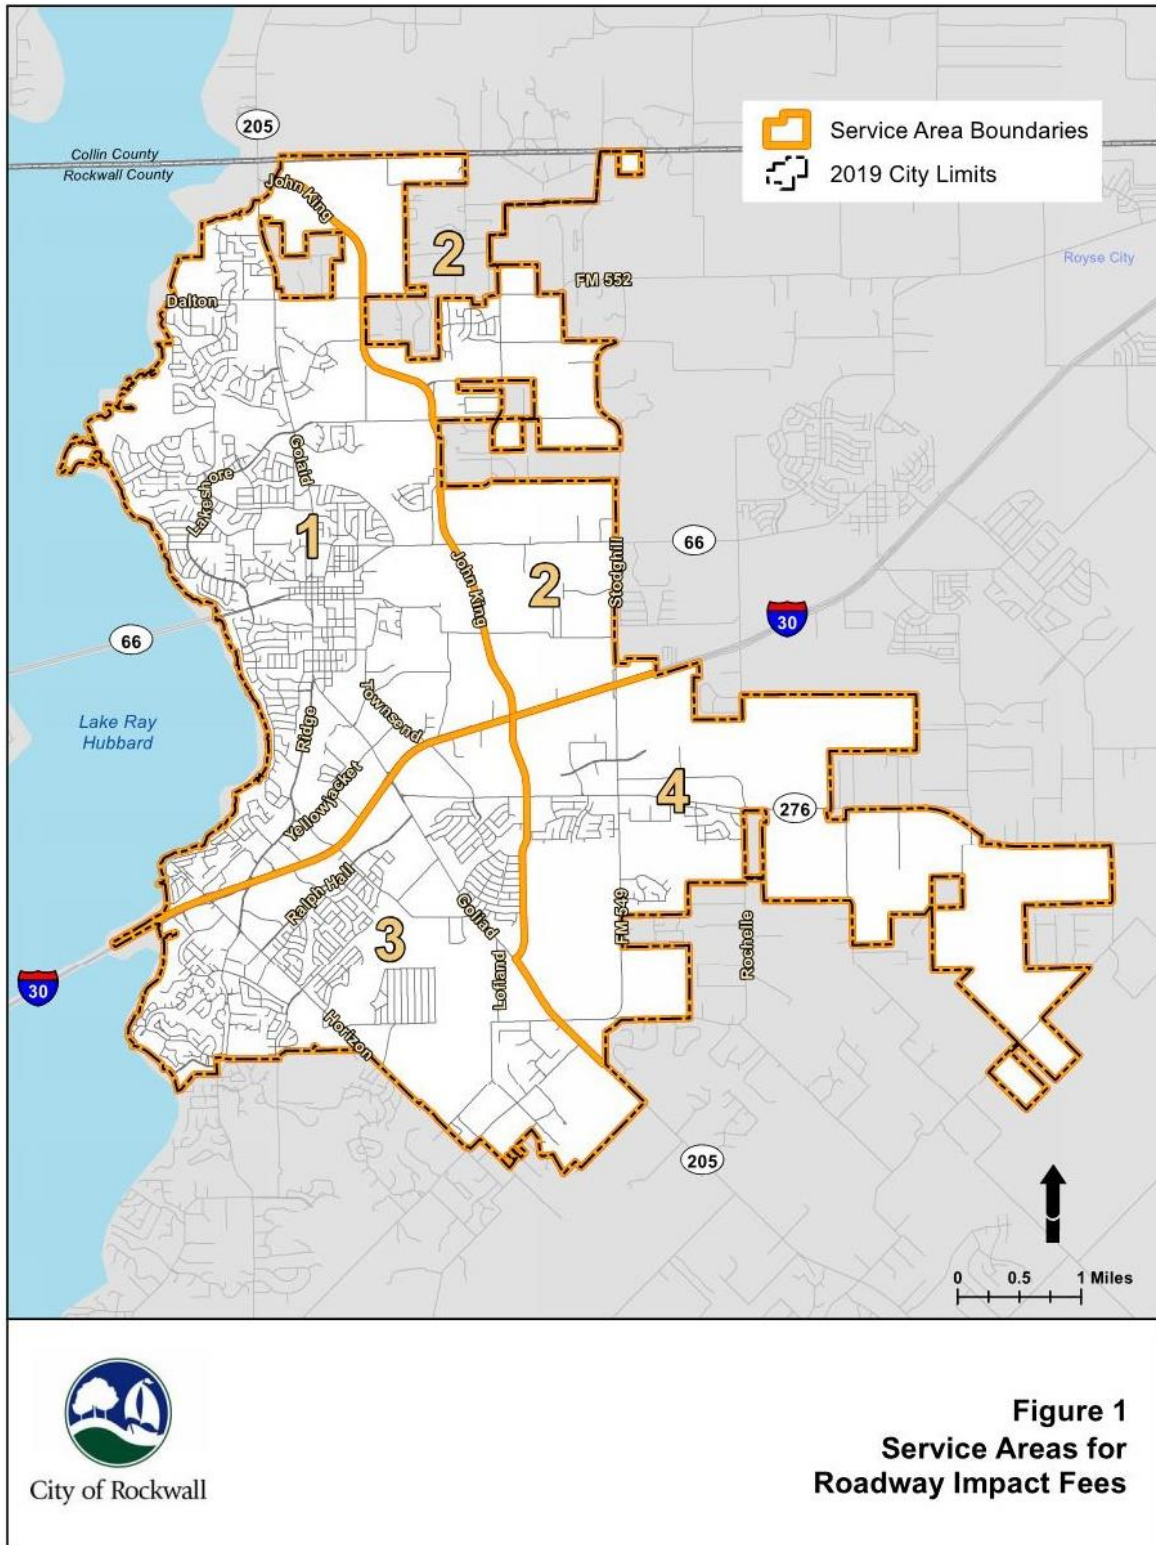

Four service areas were initially developed for the program in 2007 and have been retained in each of the program updates and are generally delineated by John King Boulevard and IH-30. Changes to the service area structure include city annexations on the northern and southern sector of the city. The service area structure for Rockwall is illustrated in **Figure 1**.

ROADWAY IMPACT FEE SERVICE AREAS

City of Rockwall

Figure 1: Service Areas for Roadway Impact Fees

Chapter 3: Roadway Impact Fee Service Units

An important aspect of the impact fee system is the determination of the proper service unit to be used to calculate and assess impact fees for new developments. As defined in Chapter 395, "Service unit means a standardized measure of consumption, use, generation, or discharge attributable to an individual unit of development in accordance with generally accepted engineering or planning standards for a particular category of capital improvements or facility expansions."

To determine the roadway impact fee for a development, the service unit must accurately identify the impact that the development will have on the transportation system serving the development. This impact is a combination of the number of new trips generated by the development, the peaking characteristics of the land-use(s) within the development, and the length of each new trip on the transportation system.

The correct service unit must also reflect the supply, which is provided by the roadway system, and the demand placed on the system during the time in which peak, or design, conditions are present on the system. Transportation facilities are designed and constructed to accommodate volumes expected to occur during the peak hours (design hours). These volumes typically occur during the morning (AM) and evening (PM) rush hours as motorists travel to and from work.

The vehicle-mile was retained as the service unit for calculating and assessing transportation impact fees in Rockwall. The vehicle-mile as a service unit establishes a way to relate the intensity of land development to the demand on the system with published trip generation data. It also recognizes state legislation requirements with regards to trip length.

The PM peak hour was retained as the time period for assessing impacts because the greatest demand for roadway capacity occurs during this hour. Roadways are sized to meet this demand, and roadway capacity can more easily be defined on an hourly basis. Traffic volume data collected in May 2019 was used as the basis for the system update.

Service Units

Service units create a link between supply (roadway projects) and demand (development). Both can be expressed as a combination of the number of vehicles traveling during the peak hour and the distance traveled by these vehicles in miles.

Service Unit Supply

For roadway capital projects improvement, the number of service units provided during the peak hour is simply the product of the capacity of the roadway in one hour and the length of the project. For example:

Given a four-lane divided roadway project with a 600 vehicle per hour per lane capacity and a length of two miles, the number of service units provided is:

$$600 \text{ vehicles per hour per lane} \times 4 \text{ lanes} \times 2 \text{ miles} = 4,800 \text{ vehicle-miles}$$

Service Unit Demand

The demand placed on the system can be expressed in a similar manner. For example, a development generating 100 vehicle trips in the PM peak hour with an average trip length of two miles would generate:

$$100 \text{ vehicle-trips} \times 2 \text{ miles/trip} = 200 \text{ vehicle-miles}$$

Likewise, the existing demand placed on the roadway network is calculated in the same manner with a known traffic volume (peak hour roadway tube counts) on a street and a given segment length.

Service Units for New Development

An important objective in the development of the impact fee system is the development of a specific service unit equivalency for individual developments. The vehicle-miles generated by a new development are a function of the trip generation and average trip length characteristics of that development. The following describes the process used to develop the vehicle-equivalency table, which relates land use types and sizes to the resulting vehicle-miles of demand created by that development.

Travel characteristics were reviewed and deemed to be similar in nature to the previous system update, and therefore no changes were made to the resultant land use equivalency table.

Trip Generation

Trip generation information for the PM peak hour was based on data published in the Tenth Edition of *Trip Generation* by the Institute of Transportation Engineers (ITE). *Trip Generation* is a reference publication that contains travel characteristics of over 160 land uses across the nation and is based on empirical data gathered from over 4,600 studies that were reported to the Institute by public agencies, developers and consulting firms. Data contained in this publication is generally accepted for use in studies by transportation engineers throughout the nation. Data not available was drawn from other published information. Rates were established for specific land use types within the broader categories of residential, office, commercial, industrial and institutional land uses. Within each of the land use categories, a rate was also established for any land uses not specifically identified.

Adjustments

The actual "traffic impact" of a specific site for impact fee purposes is based on the amount of traffic added to the street system as a result of new development. To accurately estimate new trips generated, adjustments must be made to trip generation rates and equations to account for pass-by and diverted trips. The added traffic is adjusted so that each development is assigned only for a portion of trips associated with a specific development and thus reducing the possibility of over-counting by counting only primary trips generated. Trip generation rates were reduced by percentages presented in **Table 1** to isolate the primary trip purpose.

Pass-by trips are those trips that are already on a route for a different purpose and simply stop at a development on that route. For example, a stop at a convenience store on the way home from the office is a pass-by trip for the convenience store. A pass-by trip does not create an additional burden on the street system and therefore should not be counted in the assessment of impact fees of a convenience store.

A diverted trip is a similar situation, except that a diversion is made from the regular route to make an interim stop. For example, a trip from work to home using Ridge Road (from IH-30) would be a diverted trip if the travel path were changed Yellow Jacket and Goliad for the purpose of stopping at a retail site. On a system-wide basis, this trip places a slightly additional burden on the street system but in many cases, this burden is minimal.

Table 1 contains the documented estimates of trip rate adjustments used in determining the appropriate rate to use in the impact fee calculation process. Adjustments were based on studies documented in the ITE trip generation manual.

The resulting recommended trip rates are illustrated as part of Table 3 Land Use/Vehicle Mile Equivalency Table illustrated later in this chapter. Rates were developed in lieu of equations to simplify the assessment of impact fees by the City and likewise, the estimation of impact fees by persons who may be required to pay an impact fee in conjunction with a development project.

A local study may also be conducted to confirm rates in *Trip Generation* or change rates to reflect local conditions. In such cases, a minimum of three sites should be counted. Selected sites should be isolated in nature with driveways that specifically serve the development and not other land uses. The results should be plotted on the scatter diagram of the selected land use contained in *Trip Generation* for comparison purposes. It is recommended that no change be approved unless the results show a variation of at least fifteen percent across the range of sample sizes surveyed. *Trip Generation* was used as the primary source of information for this study.

Trip Length

Trip lengths (in miles) are used in conjunction with site trip generation to estimate vehicle-miles of travel. Trip length data was based on information generated in the 1995 North Central Texas Council of Governments (NCTCOG) Workplace Survey and the National Workplace Survey. These travel characteristics were applied to Rockwall to determine average trips lengths for common land use types.

Table 2 summarizes the derived average trip lengths for major land use categories. These trip lengths represent the average distance that a vehicle will travel between an origin and destination of which either the origin or destination contains the land-use category identified below. Data compiled by the Workplace Survey represents the best available information on trip lengths for this area.

Adjustments

The assessment of an individual development's impact fee is based on the premise that each vehicle-trip has an origin and a destination and that the development end should pay for one-half of the cost necessary to complete each trip. Thus, the development is charged only for a portion of the vehicle-trip associated with that development.

To prevent double charging, and to fairly attribute the demand placed on the system to each trip end location, the trip length was adjusted to remove travel on the federal roadway system and then divided by two to reflect half of the vehicle trip to and from the development. Data from the NCTCOG travel forecast model was used to compare vehicle-miles of travel (VMT) by roadway functional class. Data revealed 43% of travel to use the federal system and thus the average trip length was reduced by this percentage to reflect localized travel on city streets (reflected in column 2). The average trip length, localized trip length, and adjustment for one-half trip length are illustrated in column 3 of Table 2. Where specific land uses were considered to exhibit different trip length characteristics than those identified in Table 3, engineering judgment was used to estimate the average trip length. Finally, as the service area structure was based on a six-mile boundary, those land uses that exhibited trip lengths greater than six miles were limited to this threshold.

Service Unit Equivalency Table

The result of combining the trip generation and trip length information is an equivalency table which establishes the service unit rate for various land uses. These service unit rates are based on an appropriate development unit for each land use. For example, a dwelling unit is the basis for residential uses, while 1,000 gross square feet of floor area is the basis for office, commercial, and retail uses. Other less common land uses are based on appropriate independent variables.

Separate rates have been established for specific land uses within the broader categories of residential, commercial, industrial and institutional to reflect the differences between land uses within the categories. However, even with these specific land use types, information is not available for every conceivable land use, so limitations do exist.

The updated equivalency table is illustrated in **Table 3**. Table 3 is reflective of adjusted trip rates (detailed in Table 1) and trip lengths (Table 2).

Chapter 4: Existing Conditions Analysis

Chapter 395 identifies specific requirements necessary in the capital improvements plan for impact fees. The existing conditions, including defining the existing roadway system, and analysis of the total capacity, the level of current usage, and commitments for usage of the existing roadway, are required as part of the capital improvements plan. This chapter discusses the existing conditions.

Existing Conditions

An inventory of the collector and arterial roadway facilities was conducted to determine existing conditions throughout Rockwall. This analysis determines the capacity provided by the existing roadway system, the demand currently placed on the system, and the potential existence of deficiencies on the system. Updated data for the inventory was obtained from traffic volume counts conducted by the City and field reconnaissance of current roadway sections.

The roadways were divided into segments based on volume changes, major intersections, service area boundaries, and capacity changes. For each roadway segment, the length, number of lanes, cross-section, and PM peak hour volume data were obtained. Lane capacities were assigned to each segment based on functional street classification, associated roadway lane capacities and the present number of lanes. Lane capacities used in the analysis are shown in **Table 4**.

Table 4: Roadway Facility Vehicle-Mile Lane Capacities

Roadway Facility	Designation	Hourly Vehicle-Mile Capacity per Lane Mile of Roadway Facility
Divided Arterial	DA	600
Divided Collector	DC	500
Undivided Arterial	UA	575
Undivided Collector	UC	475

Roadway hourly volume capacities are based on information reflecting Level-of-Service “C” operation, as identified in the transportation element of the Rockwall Comprehensive Plan.

Existing Volumes

Existing directional PM peak hour volumes were obtained from automated traffic counts conducted in May 2019 by the City. Automated traffic counts at 25 separate locations were collected on major roadways (as identified in the Thoroughfare Plan as arterial or collector status) throughout Rockwall. To minimize the total number of counts, data was collected at locations where traffic volumes would typify link volumes on the major segments within the immediate area. For segments not counted, existing volumes were used, or estimates were developed based on data from adjoining roadway counts.

Data was compiled for roadway segments throughout the city and entered into the database for use in calculations. A summary of volumes by roadway segment is included in **Appendix D** as part of the existing capital improvements database.

Vehicle-Miles of Existing Capacity Supply

An analysis of the total capacity for each service area was performed. For each roadway segment, the existing vehicle-miles of capacity supplied were calculated using the following equation:

$$\text{Vehicle-Miles of Capacity} = \text{Link capacity per peak hour per lane} \times \text{Number of lanes} \times \text{Length of segment (miles)}$$

A summary of the current capacity available on the roadway system is shown in **Table 5**. It is important to note that the roadway capacity depicted in Table 5 is system-wide for most major roadways and not restricted to those roadways proposed in the impact fee capital improvements plan. Directional calculations of capacity were performed separately. For a detailed listing of vehicle-miles of capacity by roadway segment, refer to Appendix D.

Vehicle-Miles of Existing Demand

The level of current usage in terms of vehicle-miles was calculated for each roadway segment. The vehicle-miles of existing demand were calculated by the following equation:

$$\text{Vehicle-Miles of Demand} = \text{PM peak hour volume} \times \text{Length of segment (miles)}$$

Table 5 also lists total vehicle-miles of demand. Appendix D includes a detailed listing of vehicle-miles of demand by directional roadway segment.

Vehicle-Miles of Existing Excess Capacity and Deficiencies

For each roadway segment, the existing vehicle-miles of excess capacity and/or deficiencies were calculated. Each direction was evaluated to determine if vehicle demands exceeded the available capacity. If demand exceeded capacity in one or both directions, the deficiency is deducted from the supply associated with the impact fee capital improvement plan. A summary of peak hour excess capacity and deficiencies are shown in **Table 6**. A detailed listing of the existing excess capacity and deficiencies by roadway segment is also located in Appendix D.

Table 5: Peak Hour Vehicle-Miles of Existing Capacity and Demand

Service Area	Capacity (Veh-Mile)	Demand (Veh-Mile)
1	32,508	18,560
2	10,799	4,944
3	21,972	16,417
4	9,674	6,816
Total	74,952	46,738

Table 6: Peak Hour Vehicle-Miles of Excess Capacity and Deficiencies

Service Area	Excess Capacity (Veh-Mile)	Deficiencies (Veh-Mile)
1	15,085	1,137
2	5,854	0
3	6,480	925
4	3,666	808
Total	31,085	2,871

Chapter 5: Projected Conditions Analysis

Chapter 395 requires a description of all capital improvements or facility expansions and their costs necessitated by and attributable to new development within the service area. This chapter describes the projected growth, vehicle-miles of new demand, capital improvements program, vehicle-miles of new capacity supplied, and costs of the roadway improvements.

Projected Growth

The projected growth for each transportation service area is represented by the increase in the number of new vehicle-miles generated over the 10-year planning period. The basis for the calculation of new demand is the population and employment projections that were prepared as part of a technical report entitled Land Use Assumptions for Roadway Impact Fees by the Rockwall Planning Department in June 2019. Estimates of population and employment were prepared for the years 2019 and 2029.

Population data was provided in terms of the number of dwelling units, households and persons. Employment data is aggregated into three sectors of employees: basic, service and retail. These employment sectors serve as the typical components used in the traffic forecast modeling process. The employment grouping also correlate with the North American Industrial Classification (NAIC) system and include: basic employment (NAIC 210000-422999) generally encompasses the industrial and manufacturing uses; service employment (NAIC 520000-928199) encompasses government, office and professional uses; and retail employment (NAIC 440000-454390) generally includes commercial and retail use.

Projected Vehicle-Miles of New Demand

Projected vehicle-miles of demand were calculated based on the growth expected to occur during the 10-year planning period and the service unit generation for each of the population and employment data components (basic, service and retail). Separate calculations were performed for each data component and were then aggregated for the service area. Vehicle-miles of demand for population growth were based on dwelling units, and vehicle-miles of demand for employment were based on the number of employees and estimates of square footage per employee.

Table 7 lists the projected vehicle-miles of demand over the 10-year planning period for Rockwall. **Appendix C** contains the projected demand calculation worksheet.

Table 7: Vehicle-Miles of New Demand

Service Area	Projected 10-Year Growth (Vehicle-Miles)
1	13,731
2	3,676
3	13,001
4	2,814
Total	33,222

Capital Improvements Program

Evaluation of Existing Impact Fee CIP

At the outset of the update process, capacity of the CIP was evaluated to ensure that excess capacity remained in impact fee projects. Chapter 395 mandates that only CIP projects with excess capacity are eligible for consideration. The initial impact fee program contained only one project, John King Boulevard, which extended from the northern city limit to Goliad Street (SH205) just north of FM549. Traffic volume count data collected at several locations within this corridor was used to determine if excess capacity remains on this project. The analysis revealed all segments of John King Boulevard to contain excess capacity and therefore can be retained in the program.

Impact Fee CIP

John King Boulevard was the lone project identified for the initial impact fee program in 2008 and 2013 update. At the time the impact fee system was initiated, not all portions of this roadway in the north were within the city limits. The segment between FM552 and SH205 was within the county and not eligible for impact fee consideration. With annexations in 2013, additional portions of the facility were included in the program. As part of this update, five projects were added to the program. Three of the added projects recently implemented and considered recoupment. Two other projects are planned for implementation in the upcoming years. Costs estimates for new project segments were prepared by Freese and Nichols. Actual costs for project recoupment were provided by City Staff. **Figure 2** illustrates the location of this capital improvement in relation to the city and associated service areas. Project costs were broken into general categories of construction, engineering, right-of-way and finance (debt service). The breakout of costs among the various service areas are listed in **Table 8**.

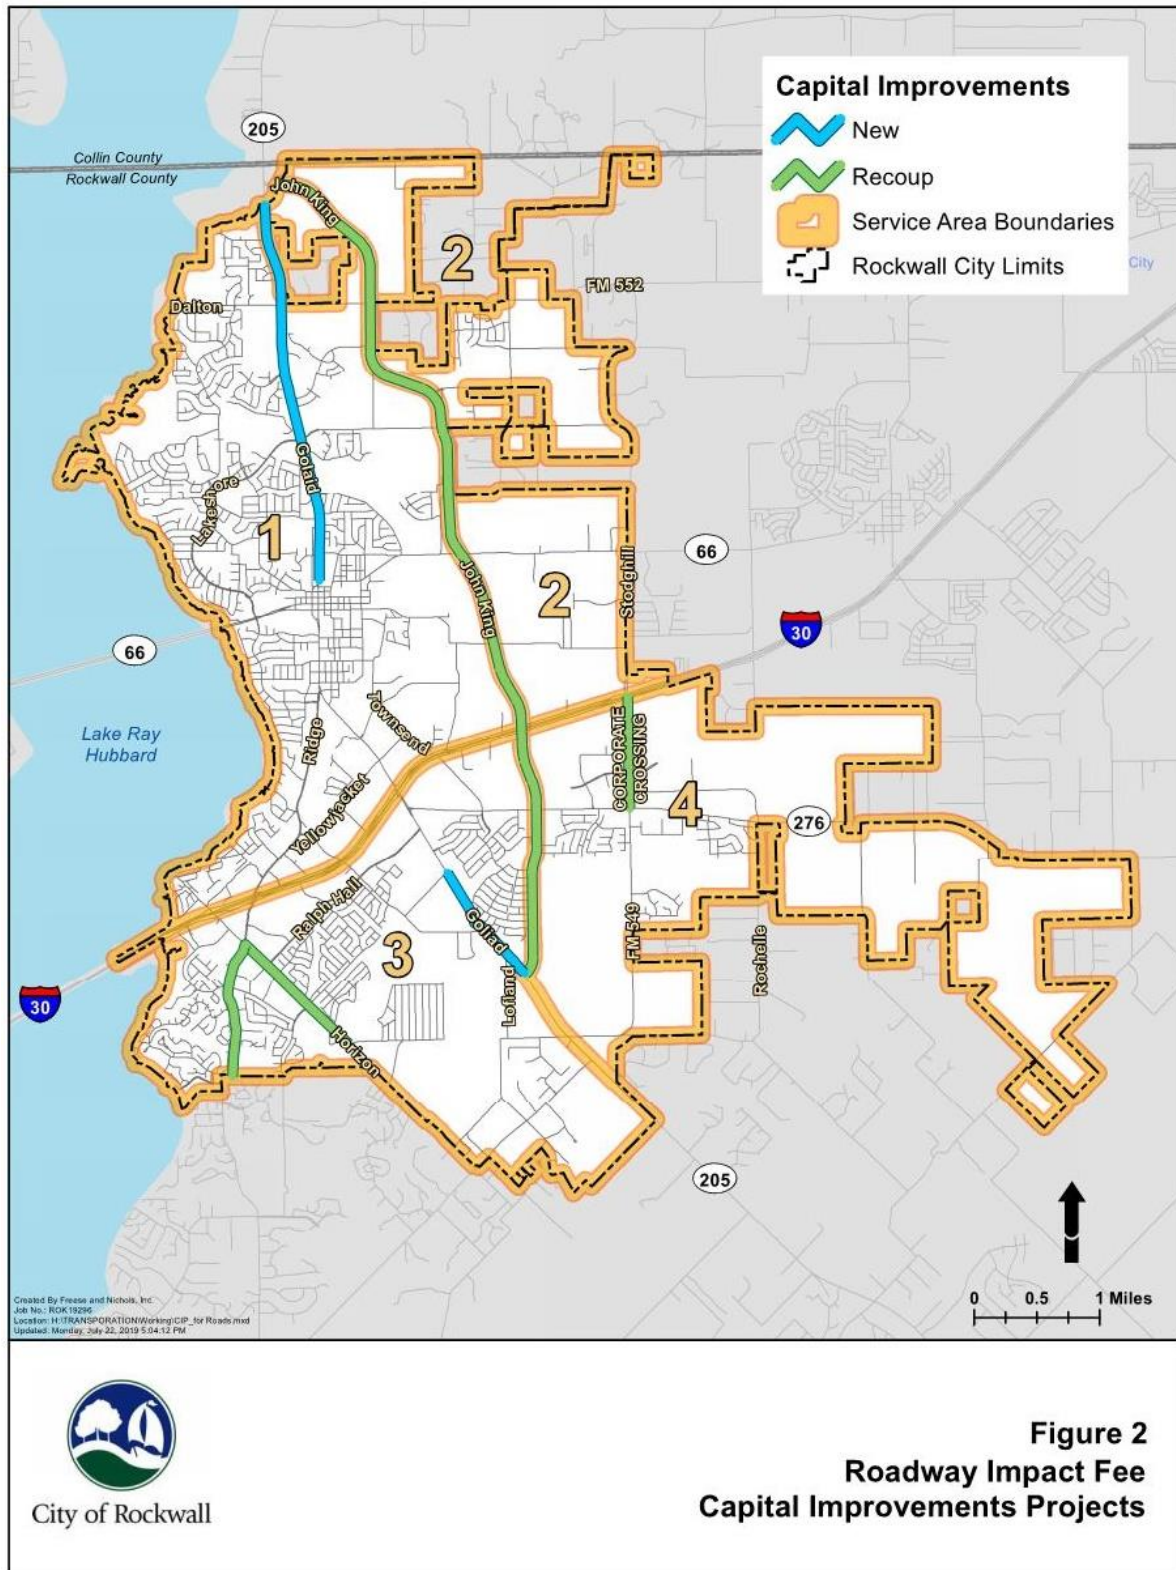

The cost of the impact fee program is \$145.9 million. When considering the state mandated credit (50%), the cost eligible for impact fee consideration totals \$72.9 million. The impact fee CIP also includes the cost of two five-year updates estimated at \$40,000 each.

Projected Vehicle-Miles Capacity Available for New Growth

The vehicle-miles of new capacity supply were calculated similar to the vehicle-miles of existing capacity supplied. The equation used was:

$$\text{Vehicle-Miles of New Capacity Supplied} = \begin{aligned} &\text{Link capacity per peak hour per lane} \\ &\times \text{Num. of lanes within Service Area} \\ &\times \text{Length of segment (miles)} \end{aligned}$$

Vehicle-miles of new supply provided by the CIP are listed in **Table 9**. While the project has not been built, there are system deficiencies (by service area) that have been removed from the total supply to properly account for new “net” availability. Table 9 depicts net availability of supply by the CIP. **Appendix E** details capacity calculations provided by the CIP program.

Table 9: Vehicle-Miles of New Capacity Supplied

Service Area	Vehicle-Miles of New Capacity Supplied	Vehicle-Miles of Net New Capacity Supplied
1	13,836	5,869
2	6,096	3,114
3	11,489	4,476
4	4,751	2,405
Total	36,172	15,864

Cost of Roadway Improvements

The total and net cost to implement the roadway improvements plan projects by service area is shown in **Table 10**. If traffic exists on proposed CIP project roadways or there are any deficiencies present in each respective service area, the total system cost is adjusted to reflect the net capacity being made available by the impact fee program. In other words, only the unused portion of the CIP and its associated costs are considered eligible. A detailed listing by project segment in each service area can be found in **Appendix F**. **Appendix G** details system costs by service area.

Table 10: Summary of Roadway Improvements Plan Cost Analysis

Service Area	Actual Cost of Proposed Impact Fee Program	Adjusted Cost (50% Credit) of Proposed Impact Fee Program
1	\$73,550,103	\$36,775,052
2	\$31,656,236	\$15,828,118
3	\$26,175,186	\$13,087,593
4	\$14,519,597	\$7,259,799
Total	\$145,901,123	\$72,950,562

State law is specific in identifying that only the portion of the CIP necessitated and attributable to new development is eligible for cost recovery. For example, if only 60% of the net service units supplied by the CIP are needed in the next 10 years, only 60% of the cost (credited at 50% per legislative requirements) may be considered in the calculation of fees. All the capacity provided by the impact fee CIP will be necessitated to address future growth over the 10-year planning period. The cost attributable to new

PROJECTED CONDITIONS ANALYSIS

City of Rockwall

growth is \$31.9 million and represents the citywide cost to implement projects on the impact fee program. **Table 11** depicts CIP costs attributable to new growth by service area.

Table 11: Capital Improvements Plan Costs Attributable to New Development

Service Area	Adjusted Cost (50% Credit) of Net New Capacity	Adjusted Cost (50% Credit) Attributable to New Growth
1	\$15,598,596	\$15,598,596
2	\$8,084,777	\$8,084,777
3	\$5,098,520	\$5,098,520
4	\$3,675,714	\$3,675,714
Total	\$31,993,304	\$31,993,304

Chapter 6: Calculation of Impact Fees

This chapter discusses the calculation of the cost per service unit and the calculation of roadway impact fees. The transportation impact fee will vary by the land use, service area, and size of the development. Examples are included to better illustrate the method by which the transportation impact fees are calculated.

Cost Per Service Unit

The cost per service unit is calculated by dividing the cost of the CIP necessitated and attributable to new demand (net cost) by the projected service units of growth over the 10-year planning period.

Generally, the cost per service unit varies by service area because of variations in cost of CIP, projected growth and the number of service units necessitated by new growth between zones. Where net capacity supplied is greater than demand, the cost per service unit is simply the cost of the net capacity divided by the number of service units provided. In this case, only the portion of the CIP necessitated by new development is used in the calculation. If the net capacity supplied is *less* than projected new demand, then the cost per service unit is calculated by dividing the total cost of net supply by the portion of new demand attributable and necessary by development. The result is generally a decrease in the cost per service unit, because such cost is spread over the larger number of service units of growth.

Table 12 lists the results of the cost per service unit calculation by service area. The actual cost per service unit reflects the true burden to the City for the implementation of the roadway capital improvements program. As per state law, a credit for the portion of ad-valorem tax revenues generated by improvements over the program period, or a credit equal to 50% of the total projected cost of implementing the capital improvements plan must be given. Based on this analysis, the maximum collection rate reflects the maximum amount per service unit that can be charged to follow the state statute. **Appendix G** details the maximum fee per service unit calculation for each service area.

Table 12: Cost Per Service Unit Summary

Service Area	Actual Cost Per Service Unit	Maximum Fee per Service Unit (50% Credit)
1	\$2,272.00	\$1,136.00
2	\$4,398.00	\$2,199.00
3	\$784.00	\$392.00
4	\$2,612.00	\$1,306.00
Total	\$1,926.00	\$963.00

CALCULATION OF IMPACT FEES

Calculation of Roadway Impact Fees

The calculation of roadway impact fees for new development involves a two-step process. Step one is the calculation of the total number of service units that will be generated by the development. Step two is the calculation of the impact fee due by the new development.

Step 1: Determine number of service units (vehicle-miles) generated by the development using the equivalency table.

$$\begin{array}{ccccc} \text{No. of Development} & & \times & & \text{Vehicle-miles} & = & \text{Development's} \\ \text{Units} & & & & \text{per development unit} & & \text{Vehicle-miles} \end{array}$$

Step 2: Calculate the impact fee based on the fee per service unit for the service area where the development is located.

$$\begin{array}{ccccc} \text{Development's} & & \times & & \text{Fee per} & = & \text{Impact Fee due} \\ \text{Vehicle-miles} & & & & \text{vehicle-mile} & & \text{from Development} \end{array}$$

Examples: The following fees would be assessed to new developments in Service Area 3 if the cost per service unit were retained at the current collection rate \$256.00 (adopted in 2008, retained in 2013).

Single-Family Dwelling

$$\begin{array}{l} 1 \text{ dwelling unit} \times 3.12 \text{ vehicle-miles/dwelling unit} = 3.12 \text{ vehicle-miles} \\ 3.12 \text{ vehicle-miles} \times \$256.00 / \text{vehicle-mile} = \$798.72 \end{array}$$

20,000 square foot (s.f.) Office Building

$$\begin{array}{l} 20 (1,000 \text{ s.f. units}) \times 3.92 \text{ vehicle-miles/1,000 s.f. units} = 78.40 \text{ vehicle-miles} \\ 78.40 \text{ vehicle-miles} \times \$256.00 / \text{vehicle-mile} = \$20,070.40 \end{array}$$

100,000 s.f. Retail Center

$$\begin{array}{l} 100 (1,000 \text{ s.f. units}) \times 1.77 \text{ vehicle-miles/1,000 s.f. units} = 177.00 \text{ vehicle-miles} \\ 177.00 \text{ vehicle-miles} \times \$256.00 / \text{vehicle-mile} = 45,312.00 \end{array}$$

200,000 s.f. Industrial Development

$$\begin{array}{l} 200 (1,000 \text{ s.f. units}) \times 1.77 \text{ vehicle-miles/1,000 s.f. units} = 354.00 \text{ vehicle-miles} \\ 354.00 \text{ vehicle-miles} \times \$256.00 / \text{vehicle-mile} = \$90,624.00. \end{array}$$

Chapter 7: Conclusions

Chapter 395 authorizes the assessment and collection of impact fees in Texas for transportation related capital improvements that must be met in order to assess and collect impact fees. This study was conducted to fulfill the requirements of Chapter 395 in developing a transportation-related impact fee for the City of Rockwall.

Three service areas were created for Rockwall. This service area structure was configured so that no point is greater than the six-mile maximum set forth by law. The six-mile limit ensures that roadway improvements are near the development paying the fees that it serves.

Vehicle-miles of travel in the PM peak hour are used as the service unit for calculating and assessing impact fees. Vehicle-miles establish a relationship between the intensity of land development and the demand on the roadway system using published trip generation data and average trip length. The PM peak hour is used as the time period for assessment because typically the greatest demand for roadway capacity occurs during this hour. Additionally, roadways are sized to meet this demand and roadway capacity can more accurately be defined on an hourly basis.

The service units (vehicle-miles) for new development are a function of trip generation and the average trip length for specific land uses. Trip generation information was based on data published by the Institute of Transportation Engineers as reported in the initial study. Where appropriate, trip generation rates were adjusted to reflect the primary trip purpose. This ensures that new development is assigned for the portion of trips associated with that specific development. Average trip length data was based on information compiled by NCTCOG and based on data from a NCTCOG Workplace Survey, statistics from the US Census Bureau National Workplace Survey and tailored to Rockwall.

The result of combining trip generation and trip length information is an equivalency table that establishes a service unit rate for various land uses. Separate rates were established for specific land uses within the broader categories of residential, community, industrial and institutional uses.

An analysis of existing conditions revealed that the current roadway system provides over 74,952 vehicle-miles of capacity. The existing demand placed on the system was determined to be 46,738 vehicle-miles. Evaluation of the existing roadway system found 2,871 vehicle-miles of deficiencies on the existing roadway network.

Projected growth, in terms of vehicle-miles over the 10-year planning period, was based on population and employment data that was prepared in the Land Use Assumptions for Roadway Impact Fees dated August 2019 by the City Planning Department. Based on this growth, the projected vehicle-miles of demand calculated to be 33,222.

Rockwall City Staff identified the roadway impact fee capital improvements program for the 10-year planning period. Projects eligible for this CIP include arterial and collector streets that have been designated on the officially adopted Thoroughfare Plan of the City. Developer funded roadways are not eligible for inclusion in calculating impact fees. Projects totaling \$145.9 million, was identified for impact fee consideration based on need, projected growth, project affordability and achievability, financial

CONCLUSIONS

City of Rockwall

considerations, jurisdictional issues, the Thoroughfare Plan, and staff recommendation. The credited (50%) cost attributable to new growth is \$72.94 million and represents 100% of the net capacity made available for development by impact fee roadway projects. The recommended CIP program will provide 15,864 vehicle-miles of new net capacity.

The *actual* cost per service unit was calculated to be between \$784.00 and \$4,398.00 and was based on the total cost of net capacity supplied by the CIP and the demand attributable to new development over the 10-year planning period. State legislation requires that a credit for the portion of ad-valorem tax revenues generated by improvements over the program period, or a credit equal to 50% of the total projected cost of implementing a roadway impact fee capital improvements program be given. Based on a 50% credit, the cost per service unit ranges between \$392.00 and \$2,199.00.

The determination of fees due from new development is based upon the size of development, its associated service unit generation (equivalency table) and the cost per service unit derived or adopted for each service area.

APPENDICES

APPENDICES

A. Roadway Impact Fee Definitions

APPENDICES

ROADWAY IMPACT FEE DEFINITIONS

Average Trip Length - the average actual travel distance between two points. The average trip length by specific land use varies.

Diverted Trip - similar to pass-by trip, but a diversion is made from the regular route to make an interim stop.

Impact Fee - a charge or assessment imposed by a city against new development to generate revenue for funding or recouping roadway improvements necessitated and attributable to new development.

Maximum Fee Per Service Unit - the highest impact fee that may be collected by the City per vehicle-mile of supply. Calculated by dividing the costs of the capital improvements by the total number of vehicle-miles of demand expected in the 10-year planning period.

Pass-by Trip - a trip made as an intermediate stop on the way from an origin to a primary trip destination. For example, a stop at a convenience store on the way to office from home.

PM Peak Hour - the hour when the highest volume of traffic typically occurs. Data collection (May 2019) revealed the peak hour of travel between 5:00 and 6:00 pm for Rockwall.

PM Peak Hour Traffic Counts - the number of vehicles passing a certain point during the peak hours of travel. Traffic counts are conducted during the PM peak hour because the greatest demand for roadway capacity occurs during this hour.

Primary Trip - a trip made for the specific purpose of visiting a destination; for example, from home to office.

Roadway Demand - the demand placed on the roadway network as a result of development. Determined by multiplying the trip generation of a specific land use by the average trip length.

Roadway Supply (or Capacity) - the number of service units provided by a segment of roadway over a period of time. Determined by multiplying the lane capacity by the roadway length.

Service Area - the area within the city boundaries to be served by capital improvements. Criteria for developing the service area structure include; 1) restricted to six-mile limit by legislation (to ensure proximity of roadway improvements to development), 2) conforms to census or forecast model boundaries, 3) projects on CIP as boundaries, 4) effort to match roadway supply with projected demand, or 5) city limit boundaries.

APPENDICES

Service Unit - a measure of use or generation attributable to new development for roadway improvements. Also used to measure supply provided by existing and proposed roadway improvements.

Trip - a single, one-direction vehicle movement from an origin to a destination.

Trip Generation - the total trip ends for a land use over a given period or the total of all trips entering and exiting a site during that designated time. Used in the development of 10-year traffic demand projections and the equivalency table for Rockwall. Based primarily on data prepared by the Institute of Transportation Engineers (ITE).

Vehicle - for impact fee purposes, any motorized appurtenance that carries passengers and/or goods on the roadway system during peak periods of travel.

Vehicle-mile - a unit used to express both supply and demand provided by, and placed on, the roadway system. A combination of a number of vehicles traveling during a given time period and the distance in which these vehicles travel in miles.

B. Land Use Definitions

APPENDICES

LAND USE DEFINITIONS

Residential

Single-Family Detached - Any single-family detached home on an individual lot is included in this category. A typical example of this land use is a home in a suburban subdivision. Also included are duplex residential units and manufactured homes and other residential land uses not specified above.

Multi-Family - This land use includes both low-rise ("walk-up" dwellings) and high-rise multi-family apartments. An apartment is defined as a dwelling unit that is located within the same building with three or more dwelling units. Also included in this land use are residential condominiums, townhomes, triplex and quadplex units. Residential condominiums and townhomes are defined as single-family units that have at least one other single-family unit within the same building structure.

Independent Senior Living Facility - Retirement communities - restricted to adults or senior citizens - contain residential units like apartments or condominiums and are usually self-contained villages. They may also contain special services such as medical facilities, dining facilities, and some limited supporting retail facilities.

Office

General Office Building - A general office building houses one or more tenants and is the location where affairs of a business, commercial or industrial organization, and professional activity are conducted. The building or buildings may be limited to one tenant or contain a mixture of tenants including professional services, insurance companies, investment brokers, company headquarters, and services for the tenants such as a bank or savings and loan, a restaurant or cafeteria, and several retail facilities. Also included in this category are office parks, and other office uses not specified above.

Medical Office Building - A building that provides diagnoses and outpatient care on a routine basis but is unable to provide prolonged in-house medical and surgical care. One or more private physicians or dentists generally operate this type of facility.

Commercial/Retail

General Retail - General retail includes a variety of land uses that include shopping centers, home improvement stores, hardware stores selling a complete assortment of food, household goods and materials, apparel, servicing items. A shopping center is an integrated group of commercial establishments that is planned, developed, owned, and managed as a unit. It is related to its market area in terms of size, location, and type of store. Shopping centers provide on-site parking facilities. Some centers may include non-merchandising uses such as small office professional services, post offices, banks, health clubs, video rentals, and recreational facilities such as ice-skating rinks or video arcades.

APPENDICES

Restaurant - This land use consists of sit-down eating establishments. Quality and high-turnover (sit-down) restaurants are included in this category. Quality restaurants usually have a turnover rate of at least one hour or longer. The turnover rate for a high-turnover (sit-down) restaurant is usually less than one hour.

Fast Food Restaurant - This category includes fast food restaurants with or without drive-through windows, such as McDonalds, Burger King, Dunkin Donuts, and Taco Bell. Some establishments may include an indoor or outdoor playground.

Convenience Store/Gas Station - Any convenience market that sells convenience foods, newspapers, magazines, and often, beer and wine and may have gasoline pumps. Gas stations generally are located at intersections or freeway interchanges and may include facilities for servicing, repairing, fueling motor vehicles and may have convenience stores. Convenience stores/gas stations that have a fast-food restaurant contained within should be calculated on a separate basis based on the appropriate independent variable.

Bank - This land use includes walk-in and drive-in banks. Walk-in banks are generally free-standing buildings with their own parking lots. These banks do not have drive-in windows. Drive-in banks provide banking facilities for the motorist while in a vehicle; many also serve patrons who walk into the building. Savings and loan companies should also be included in this category.

Hotel/Motel – A place of lodging that provides sleeping accommodations, small restaurants, lounges, and meeting spaces. Some hotels or motels may provide banquet rooms or other retail and service shops.

Furniture and Appliance Sales - A store specializing in the sale of furniture, household appliances and goods and often, carpeting.

Theater – This land use consists of a movie or live theater and contains audience seating, single or multiple auditoriums, lobby, offices and refreshment stands.

Self-Storage Facilities - A self-serve storage unit or vault that is rented for the storage of goods. Each unit is physically separated from other units and access is usually provided through an overhead door or other common access point.

Industrial

General Industrial – General industrial includes a variety of land uses such as light industrial, manufacturing, salvage, facilities for preparation/assembly and warehouse/distribution of goods. Other uses include materials testing laboratories, high-tech facilities and assemblers of technical equipment. Most facilities are free standing and devoted to a single use. Also included in this category are any other industrial uses not specified above.

Manufacturing – Facilities where the primary activity is the conversion or fabrication of raw materials to finished products. In addition to production of goods, manufacturing facilities may also have ancillary office, warehouse and associated functions.

APPENDICES

Warehousing – These facilities are primarily devoted to the storage of materials. These facilities differ from mini warehouse in that they are generally not self-service in nature.

Institutional

Private School - Private schools serve students between the kindergarten and middle school or high school levels. Private schools are usually centrally located in residential communities in order to facilitate student access and have no student drivers.

Community College - Community college provides two and four-year advanced degrees. Vocational and technical schools are other uses that may fall under this category.

Day Care Center - A day care center is a facility where care for pre-school age children is provided, normally during the daytime hours. Day care facilities generally include classrooms, offices, eating areas, and playgrounds. Some centers also provide after-school care for older children.

Hospital - A hospital is any institution where medical or surgical care is given to non-ambulatory and ambulatory patients, and overnight accommodations are provided.

Nursing Home - A nursing home is any facility whose primary purpose is to care for persons who are unable to care for themselves. The term applies to rest homes, chronic care, and convalescent homes.

Religious Facilities – Churches, synagogues or houses of worship that provide public worship services, and generally house an assembly hall or sanctuary, meeting rooms, classrooms, and occasionally dining, catering, or party facilities.

Activity Centers – A recreational center or private club such as a YMCA that may offer classes and clubs for adults and children; a day care or a nursery school, meeting rooms, swimming pools and whirlpools; saunas, tennis, racquetball and handball courts, exercise classes, weightlifting equipment and locker rooms. Some may offer a small restaurant or snack bar within.

U.S. Post Office – A building that contains service windows for mailing packages and letters, post office boxes, offices, sorting and distributing facilities for mail and vehicle storage areas.

D. Existing Capital Improvements

APPENDICES

EXISTING CAPITAL IMPROVEMENTS

Definitions

LANES	The total number of lanes in both directions available for travel.
TYPE	The type of roadway (used in determining capacity): DA = divided arterial UA = undivided arterial UC = undivided collector
PK-HR VOLUME	The existing volume of cars on the roadway segment traveling during the afternoon (P.M.) peak hour of travel. A and B indicate the two directions of travel. Direction A is a northbound or eastbound and direction B is southbound or westbound. If only one half of the roadway is located within the service area (see % in service area), the opposing direction will have no volume in the service area.
% IN SERVICE AREA	If the roadway is located on the boundary of the service area (with the city limits running along the centerline of the roadway), then half of the roadway is inventoried in the service area and the other half is not. This value is either 50% or 100%.
VEH-MI SUPPLY PK-HR	The number of total service units (vehicle-miles) supplied within the service area, based on the length and established capacity of the roadway type.
VEH-MI TOTAL DEMAND PK-HR	The total service unit (vehicle-mile) demand created by existing traffic on the roadway segment in the afternoon peak hour.
EXCESS CAPACITY PK-HR VEH-MI	The number of service units supplied but unused by existing traffic in the afternoon peak hour.
EXISTING DEFICIENCIES PK-HR VEH-MI	The number of service units of demand in excess of the service units supplied.

NOTE: Excess capacity and existing deficiencies are calculated separately for each direction. It is possible to have excess capacity in one direction and an existing deficiency in the other. When both directions have excess capacity or deficiencies, the total for both directions are presented.

E. Roadway Improvement Plan Projects

APPENDICES

ROADWAY IMPROVEMENTS PLAN PROJECTS

Definitions

LANES	The total number of lanes in both directions available for travel.
TYPE	The type of roadway (used in determining capacity): DA = divided arterial
PK-HR VOLUME	the existing volumes of cars on the roadway segment traveling during the afternoon (P.M.) peak hour of travel.
% IN SERVICE AREA	If the roadway is located on the boundary of the service area (with the city limits running along the centerline of the roadway), then half of the roadway is inventoried in the service area and the other half is not. This value is either 50% or 100%.
VEH-MI SUPPLY TOTAL	The number of total service units (vehicle-miles) supplied within the service area, based on the length and established capacity of the roadway type.
VEH-MI TOTAL DEMAND PK-HR	The total service unit (vehicle-mile) demand created by existing traffic on the roadway segment in the afternoon peak hour.
EXCESS CAPACITY PK-HR VEH-MI	The number of service units supplied but unused by existing traffic in the afternoon peak hour.

APPENDICES

ROADWAY IMPROVEMENTS PLAN COST ANALYSIS

Definitions

LANES	The total number of lanes in both directions available for travel.
TYPE	The type of roadway (used in determining capacity): DA = divided arterial
% IN SERVICE AREA	If the roadway is located on the boundary of the service area (with the city limits running along the centerline of the roadway), then half of the roadway is inventoried in the service area and the other half is not. This value is either 50% or 100%.
TOTAL SEGMENT COST	The estimated cost (in dollars) of the entire segment of the proposed improvement.
TOTAL COST IN SERVICE AREA	The estimated cost (in dollars) of the portion of the proposed roadway improvement within the service area.

CITY OF ROCKWALL
2019 – 2029 WATER & WASTEWATER IMPACT FEE UPDATE

SECTION I – INTRODUCTION

A. GENERAL

In accordance with the requirements of Chapter 395.052 of the Local Government Code, this report establishes the City of Rockwall's Capital Improvement Plan for water and wastewater impact fees and calculates the maximum allowable fee for each. Land use assumptions for impact fees were generated under a separate document prepared by the City of Rockwall's Planning Department.

Chapter 395, of the Local Government Code is an act that provides guidelines for financing capital improvements required by new development in municipalities, counties, and certain other local governments. The basis for determination of an impact fee requires the preparation and adoption of a land use plan and growth assumption, and the preparation of a 10-year capital improvement plan. The capital improvement plan requires an analysis of total capacity, the level of current usage and commitments of capacity of existing capital improvements. From these two phases, a maximum impact fee is calculated.

The Act allows the maximum impact fee to be charged if revenues from future ad valorem taxes, and water and sewer bills are included as a credit in the analysis. If not, the Act allows the maximum fee to be set at 50% of the calculated maximum fee. The following items were included in the impact fee calculation:

1. The portion of the cost of the new infrastructure that is to be paid by the City, including engineering, property acquisition and construction cost.
2. Existing excess capacity in lines and facilities that will serve future growth and which were paid for in whole or part by the City.
3. Engineering and quality control fees for construction projects.
4. Interest and other finance charges on bonds issued by the City to cover its portion of the cost. 5% is assumed for this analysis.

The engineering analysis portion of the Water and Wastewater Fee determines utilized capacity cost of the major water distribution and wastewater collection facilities between the year 2019 and the year 2029. Facilities in this analysis include, water pump stations, water storage tanks, water transmission lines and wastewater collection lines. The North Texas Municipal Water District (NTMWD) water treatment, and water distribution components were excluded from this analysis. The study period is a ten-year period with 2019 as the base year. The impact fee calculations for the water and wastewater systems are based on land use assumptions prepared by the City of Rockwall. Prior to this impact fee update, the City's Water Distribution and Wastewater Collection hydraulic models were updated for 2019, 2029 and buildout conditions. The hydraulic model results are available for review from the City of Rockwall. The equivalency factors utilized in this analysis conform to the American Water Works Association Standards (C700 - C703).

B. WATER & WASTEWATER IMPACT FEE GLOSSARY

1. Advisory Committee means the capital improvements advisory committee established by the City for purposes of reviewing and making recommendations to the City Council on adoption of the City's impact fee program.
2. Area-Related Facility means a capital improvement or facility expansion which is designated in the impact fee capital improvements plan and which is not a site-related facility. Area-Related Facility may include capital improvements that are located off-site, or within or on the perimeter of the development site.
3. Assessment means the determination of the amount of the maximum impact fee per service unit that can be imposed on new development.
4. Capital Improvement means either a water facility or a wastewater facility with a life expectancy of three or more years, to be owned and operated by or on behalf of the City.
5. City means the City of Rockwall, Texas.
6. Credit means the amount of the reduction of an impact fee due, determined under this ordinance or pursuant to administrative guidelines that is equal to the value of area-related

facilities provided by a property owner pursuant to the City's subdivision or zoning regulations or requirements, for the same type of facility.

7. Debt Service means the 20-year financing costs of projects applied to all eligible existing and proposed water and wastewater facilities.
8. Facility Expansion means either a water facility expansion or a sewer facility expansion.
9. Impact Fee means either a fee for water facilities or a fee for wastewater facilities, imposed on new development by the City pursuant to Chapter 395 of the Texas Local Government Code in order to generate revenue to fund or recoup the costs of capital improvements or facility expansion necessitated by and attributable to such new development. Impact fees do not include the dedication of rights-of-way or easements for such facilities, or the construction of such improvements, imposed pursuant to the City's zoning or subdivision regulations.
10. Impact Fee Capital Improvements Plan means either a water capital improvements plan or a wastewater capital improvement plan adopted or revised pursuant to the impact fee regulations.
11. Land Use Assumptions means the projections of population and growth, and associated changes in land uses, densities and intensities over at least a ten-year period, as adopted by the City and as may be amended from time to time, upon which the capital improvements plans are based.
12. Land Use Equivalency Table means a table converting the demands for capital improvements generated by various land uses to numbers of service units, as may be amended from time to time.
13. New Development means the subdivision of land; the construction, reconstruction, redevelopment, conversion, structural alteration, relocation, or enlargement of any structure; or any use or extension of the use of land; any of which increases the number of service units.

14. Recoupment means the imposition of an impact fee to reimburse the City for capital improvements that the City had previously oversized to serve new development.
15. Service Area means either a water service area or wastewater service area which impact fees for capital improvements or facility expansion will be collected for new development occurring within such area, and within which fees so collected will be expended for those types of improvements or expansions identified in the type of capital improvements plan applicable to the service area.
16. Service Unit means the applicable standard units of measure shown on the land use equivalency table in the Impact Fees Capital Improvements Plan that can be converted to water meter equivalents, for water or for wastewater facilities, which serves as the standardized measure of consumption, use or generation attributable to the new unit of development.
17. Site-Related Facility means an improvement or facility which is for the primary use or benefit of a new development, and/or which is for the primary purpose of safe and adequate provision of water or wastewater facilities to serve the new development, and which is not included in the impact fees capital improvements plan and for which the property owner is solely responsible under subdivision or other applicable development regulations.
18. Utility Connection means installation of a water meter for connecting a new development to the City's water system, or connection to the City's wastewater system.
19. Wastewater Facility means a wastewater interceptor or main, lift station or other facility included within and comprising an integral component of the City's collection system for wastewater. Wastewater facility includes land, easements or structure associated with such facilities. Wastewater facility excludes site-related facilities.

20. Wastewater Facility Expansion means the expansion of the capacity of any existing wastewater improvement for the purpose of serving new development, but does not include the repair, maintenance, modernization, or expansion of an existing sewer facility to serve existing development.
21. Wastewater Capital Improvements Plan means the adopted plan, as may be amended from time to time, which identifies the wastewater facilities or wastewater expansions and their associated costs which are necessitated by and which are attributable to new development, for a period not to exceed 10 years.
22. Water Facility means a water main, pump station, storage tank or other facility included within and comprising an integral component of the City's water storage or distribution system. Water facility includes CCN acquisition, land, easements or structures associated with such facilities. Water facility excludes site-related facilities.
23. Water Facility Expansion means the expansion of the capacity of any existing water facility for the purpose of serving new development, but does not include the repair, maintenance, modernization, or expansion of an existing water improvement to serve existing development.
24. Water Capital Improvements Plan means the adopted plan, as may be amended from time to time, which identifies the water facilities or water expansions and their associated costs which are necessitated by and which are attributable to new development, for a period not to exceed 10 years.
25. Water Meter means a device for measuring the flow of water to a development, whether for domestic or for irrigation purposes.

C. LAND USE ASSUMPTIONS (Prepared By: City of Rockwall Planning Department)

The impact fee land use assumptions utilized in this update were prepared by the City of Rockwall's Planning Department and are presented in a separate document. The land use assumptions projected an ultimate residential population of approximately 149,525 in the City of Rockwall's ultimate planning boundary.

The residential and non-residential growth provided by the City for the year 2019 through 2029 is summarized in Table No. 1.

TABLE NO. 1
Residential and Non-Residential Growth from 2019 to 2029

Year	LUA Residential Population *	Residential Population Served **	Non-Residential Uses***	
			Employees	
2019	49,616	44,748	25,369	
2029	73,228	64,768	34,064	
Res. Growth Rate	1.48		Non-Res. Growth Rate	1.34

* Residential Population Inside Planning Boundary

** Residential Population Served Inside Existing City of Rockwall City Limit Boundary

*** Basic – Industrial Land Uses

*** Service – Office & Institutional Land Uses

*** Retail – Commercial Land Uses

As shown in Table No. 1, increases in the residential population and non-residential uses will occur during the 10-year capital recovery period. The water demand and wastewater flows from the residential and non-residential uses dictate the ultimate size of facilities, while the rate of growth is important to determine the timing of system improvements to meet the City's growing needs. The eligible water impact fee facilities are shown on **Exhibit 1**. The eligible wastewater facilities are shown on **Exhibit 2** in this report.

SECTION II

WATER & WASTEWATER C.I.P. AND IMPACT FEE ANALYSIS

A. DEFINITION OF A SERVICE UNIT – WATER AND WASTEWATER

Chapter 395 of the Local Government Code requires that impact fees be based on a defined service unit. A “service unit” means a standardized measure of consumption, use generation, or discharge attributable to an individual unit of development calculated in accordance with generally accepted engineering or planning standards. This impact fee defines a water and wastewater service unit to be a *5/8-inch water meter* and has referred to this service unit as a Single Family Living Unit Equivalent (SFLUE). The SFLUE is based on the continuous duty capacity of a 5/8-inch water meter. This is the City of Rockwall’s typical meter used for a single family detached dwelling, and therefore is considered to be equivalent to one “living unit”. Other meter sizes can be compared to the 5/8-inch meter through a ratio of water flows as published by the American Water Works Association as shown in **Table No. 2** below. This same ratio is then used to determine the proportional water and wastewater impact fee amount for each water meter size.

TABLE NO. 2

Living Unit Equivalencies For Various Types and Sizes of Water Meters

Meter Type	Meter Size	Continuous Duty Maximum Rate (gpm) ^(a)	Ratio to 5/8” Meter
Simple	5/8”	10	1.0
Simple	1”	25	2.5
Simple	1-1/2”	50	5.0
Simple	2”	80	8.0
Compound	2”	80	8.0
Turbine (Irrigation)	2”	160	16.0
Compound	3”	160	16.0
Turbine (Irrigation)	3”	350	35.0

B. CALCULATION OF WATER & WASTEWATER - LIVING UNIT EQUIVALENTS

The City of Rockwall provided the existing water meter count by size category as of December 2018. In total, there are 15,680 domestic water and irrigation meters serving an existing population of 49,616 residents and business. **Table No. 3** shows the number of existing meters, the living unit equivalent factor and the total number of living unit equivalents for each sized water meter.

Similar, the City provided the number of wastewater accounts by corresponding water meter size. This number of wastewater accounts is 15,053. **Table No. 4** illustrates the existing wastewater accounts and the SFLUE's. The difference between the water and wastewater accounts is irrigation meters are not included in the wastewater accounts.

The residential growth rate of 1.48 in **Table 1** was applied to 5/8-inch through 1-1/2-inch meters. The non-residential growth rate of 1.34 in **Table 1** was applied to 2-inch through 12-inch meters. Utilizing these growth rates in a straight-line extrapolation of the existing water and wastewater accounts, the numbers of new accounts was calculated for the year 2029. City records indicate the historical growth of 5/8-inch and 1-inch meters is approximately 96% 5/8-inch meters and 4% 1-inch meters for the base meter sizes. These percentages were applied to the total growth of 5/8-inch and 1-inch meters. Living unit equivalents were then applied to the water meters and wastewater accounts for 2019 and 2029, resulting in a total number of living units. The difference in the total number of 2019 and 2029 living units results in the new living unit equivalents during the impact fee period. The calculation of living unit equivalents is summarized in **Table 3** and **Table 4**.

TABLE NO. 3
Water Living Unit Equivalents 2019 – 2029

Meter Size	2019			2029			New Living Unit Equivalents During Impact Fee Period
	Number of Water Meters	Living Unit Equivalent Ratio for 5/8"	Total Number of Living Units	Number of Water Meters	Living Unit Equivalent Ratio for 5/8"	Total Number of Living Units

C. COST OF FACILITIES

Unit costs for proposed water and wastewater lines larger than 12 inches in diameter that are anticipated to be constructed between 2019 and 2029 by private development include the City's oversize cost participation only. These water and wastewater lines are colored green on **Exhibits 1 and 2**. Oversize cost participation from City is based on availability of funds. For City participation, the developer must bid the 12-inch as a base and the oversize as an additive alternate. City initiated water and wastewater lines include the full cost of the proposed facility. These water and wastewater lines are colored red on **Exhibits 1 and 2**. Developer initiated water and wastewater line projects which are 12 inches or less in diameter are not included in this Impact Fee analysis, as the cost for these size lines are the responsibility of the developer. These water and wastewater lines are colored light blue (cyan) on **Exhibits 1 and 2**.

Actual construction costs of the various existing elements of the water and wastewater systems were utilized where the information was known. The existing cost of facilities was determined from Contractor's final pay requests, City purchase orders, bid tabulation forms and developer's agreements. Existing water and wastewater facilities included in the impact fee analysis are only those with excess capacity available for future growth are colored dark blue on **Exhibits 1 and 2**.

Cost data for existing water and wastewater facilities included in the impact fee analysis were provided by the City. A 5% debt service, over a period of 20-years, has been added to all projects. Actual costs were used for those existing projects where records were available.

D. WATER DISTRIBUTION SYSTEM

Computer hydraulic models for the years 2019, 2029 and Buildout were prepared and analyzed by Birkhoff, Hendricks & Carter, L.L.P. The models were developed and water demand distributed from residential population and non-residential land use projections prepared by the City of Rockwall's Planning Department. The projected developed land areas from the City's Land Use Assumptions follow closely to the construction of major facilities in the system. These facilities include pump stations, storage tanks, and major distribution lines. All computer models were run for the Maximum Hourly Demands in a three-day extended period simulation to ensure proper sizing of the facilities to meet peak demands.

1. Existing Pump Stations, Ground Storage Reservoirs & Elevated Storage Tanks

The existing water distribution system included in the impact fee analysis (As of December 2018) includes the facilities summarized in **Table No. 5** and **Table No. 6**.

TABLE NO. 5

Water Distribution System -- Existing Pump Stations & Ground Storage

Pump Station	Number of Pumps	Rated Capacity (MGD)	Number of Ground Storage Tanks	Total Ground Storage Available (Gallons)
Heath Street 698.75	6	17.7	1	3,000,000
Eastside 698.75	6	25.9	1	3,000,000
698.75 Subtotal:	12	43.6	2	6,000,000
Eastside 780	3	8.6	1	1,000,000
780 Subtotal:	3	8.6	1	1,000,000
Total:	15	52.2	3	7,000,000

TABLE NO. 6
Existing Elevated Storage Tanks

Elevated Storage Tanks	Capacity in Million Gallons
Southside Elevated Storage Tank	1.0
Country Lane Elevated Storage Tank	2.0
Springer Elevated Storage Tank	2.0
Total	5.0

The pump stations and ground storage facilities were analyzed with the maximum daily demand, while elevated storage acts dynamically and therefore was analyzed utilizing the difference between the Maximum Hourly Demand and the Maximum Daily Demand.

2. Distribution Lines

The distribution lines consist of all lines within the Service Area planning boundary supplying water to customers in the City of Rockwall. Existing and proposed distribution lines vary in size from 5/8-inch services to 48-inch transmission lines and pump station piping. The cost of water lines includes construction cost, appurtenances (water valves, fire hydrants, taps and the like), utility relocations, purchase of easements and engineering costs. Financing cost over a 20-year term is included for each project.

Unit cost for proposed capital improvement water lines 12-inches and larger in diameter classified as City initiated, or City participation in oversize water lines. Developer's initiated water line projects, 12 inches or less in diameter were not included in this Impact Fee analysis, as the cost for these size lines are the responsibility of the developer.

3. Water Supply

The City of Rockwall currently receives all of its water supply from the North Texas Municipal Water District (NTMWD). Rockwall's allocation of the capital cost of services as a Member of the NTMWD was specifically excluded from the impact fee analysis.

If included, Rockwall's share of the NTMWD capital cost could include the original construction cost, expansion cost and financing cost of the following components:

- a) Water Rights Cost in Lake Lavon and other Sources

- b) Raw Water Intake Structures
- c) Raw Water Pump Stations
- d) Treatment Plant and Expansion
- e) High Service Pump Stations
- f) Transmission Lines
- g) NTMWD Owned Ground Storage Facilities

NTMWD has indicated that determining Rockwall's portion of cost for these items would not be possible, thus these costs have not been included in this analysis.

4. Water Distribution System Capital Improvement Projects for Impact Fees

In order to meet the demands of the anticipated growth over the next 10-years, as provided in the Land Use Assumptions prepared by the City of Rockwall, certain water distribution system improvements are required. **Exhibit 1** shows the recommended water system improvements and **Table No. 7** itemizes each project and the project cost in 2019 dollars. These recommended improvements form the basis for the water system impact fee calculation.

The capital improvement plan for impact fees provides for system improvements within the defined Service Area Planning Boundary. Most of the capital improvements are within the city limits, as requested by the City due to new State of Texas Annexation Laws.

5. Utilized Capacity

Utilized capacity for the water distribution system was calculated based on the water line size required for each model year (2019, 2029 and buildout). Analysis of the water distribution system is based on the maximum daily demand, maximum hourly demand, and the minimum hourly demand. Pump station capacity is generally based on the maximum daily system demand while transmission and distribution facilities are sized based on either the maximum hourly demand or the minimum hourly demand, whichever demand is greater for a particular water line. Often times, the capacity of water lines are determined by the flows generated by the minimum hourly demand. The minimum hourly flows are usually higher in those lines that are used to refill elevated storage. For each line segment in the water distribution model, the maximum buildout flow rate in the line was compared to the flow rate in the same line segment for the 2019 and the 2029 models.

The percent utilized capacity was then calculated for each year based on the buildout capacity. The utilized capacity during the Impact Fee period is the difference between the year 2029 capacity and the year 2019 capacity. **Table No. 8** below summarizes the project cost and utilized capacity cost over the Capital Recovery Period (CRP) of 2019 - 2029 for each element of the Water Distribution System. The utilized capacity for each water distribution facility, both existing and proposed, is presented in detail in Impact Fee Capacity Calculation **Table Nos. 9, 10, 11, 12, 13 and 14**.

E. WASTEWATER COLLECTION SYSTEM

Computer models for the years 2019, 2029 and Buildout were prepared by Birkhoff, Hendricks & Carter L.L.P. The models were developed and peak flows calculated from the residential population and non-residential land use projections prepared by the City of Rockwall's Planning Department. Computer models were run to determine peak wet weather flow to insure proper sizing of the collection system.

1. Collection Lines

The natural creeks, whose basins will collect wastewater through the installed system of collection lines that flow into the geographic treatment area serviced by the NTMWD.

The wastewater collection system analysis covered all of the drainage basins within the Service Area planning boundary. Each collection system was analyzed for line sizes 12-inches in diameter and larger. Eliminating line sizes smaller than 12-inches in diameter from the study leaves only the interceptor and trunk lines included in the study. The wastewater project costs include necessary appurtenances (manholes, lift stations, aerial crossings and the like), purchase of easements, utility relocation, pavement removal and replacement, and engineering costs. For existing Impact Fee projects, actual costs were utilized where known. Future project cost estimates were based on 2019 average unit cost per linear foot and includes engineering, easements, and construction cost.

All eligible wastewater collection line projects in the Service Area planning boundary were included in the impact fee analysis. Eligible existing and proposed wastewater facilities are shown on **Exhibit 2** and have capacity for future growth.

2. Treatment

The North Texas Municipal Water District (NTMWD) provides the City of Rockwall with the entirety of wastewater treatment. NTMWD owns and operates the Squabble Creek and Buffalo Creek Wastewater Treatment Plants (WWTP). Excess flows above the permit levels of the Squabble Creek and Buffalo Creek WWTP's are conveyed to the NTMWD Buffalo Creek Regional system. Rockwall pays NTMWD for the cost of this service according to the City's percentage of wastewater flow contributions in any given year.

This Impact Fee study includes the cost of NTMWD regional collection and transportation, and facilities located within the City's Service Area planning boundary that were paid for by NTMWD. Existing treatment plant and future treatment plant expansion costs of NTMWD were included in this Impact Fee analysis.

3. Wastewater System Capital Improvement Projects for Impact Fees

The 10-year Wastewater System Capital Improvement Plan for Impact Fees was developed by Birkhoff, Hendricks & Carter L.L.P. **Exhibit 2** shows the recommended system improvements and **Table No. 15** itemizes each project and the project cost. These recommended improvements form the basis for the Wastewater System Impact Fee Calculation.

The capital improvement plan for impact fees provides for system improvements within the defined Service Area Planning Boundary.

20	2019	2	Squabble Creek Lift Station Improvements - Install Three 250-HP Pumps, Electrical Upgrades & Standby Pump System	10.0 MGD	\$ 2,800,769	\$ 1,470,404	\$ 4,271,173
21	2021	1	Proposed Brushy Creek Lift Station & 12" Force Main	3.3 MGD	\$ 1,610,000	\$ 845,250	\$ 2,455,250
22	2024	2	FM 3097 No. 1 Lift Station Improvements - Replace Two 45-HP Pumps w/Two 90-HP Pumps	5.0 MGD	\$ 575,000	\$ 1,470,404	\$ 2,045,404
23	2024	2	FM 3097 No. 2 Lift Station Improvements - Replace Two 25-HP Pumps w/Two 35-HP Pumps	6.0 MGD	\$ 862,500	\$ 845,250	\$ 1,707,750
24	2026	2	Squabble Creek Lift Station Improvements - Add 2nd Wet Well w/Three New 250-HP Pumps	15.0 MGD	\$ 4,600,000	\$ 2,415,000	\$ 7,015,000
25	2028	2	Proposed Bluff Creek Lift Station & Parallel Force Mains (14" & 20")	2.4 MGD	\$ 5,865,000	\$ 3,079,125	\$ 8,944,125
Subtotal: Proposed Wastewater Facilities					\$ 16,313,269	\$ 10,125,433	\$ 26,438,702
Total City of Rockwall Proposed Wastewater System Improvements					\$ 24,461,929	\$ 14,403,477	\$ 38,865,406

- (A) Opinion of Cost includes:
- a) Engineer's Opinion of Construction Cost
 - b) Professional Services Fees (Survey, Engineering, Testing, Legal)
 - c) Cost of Easement or Land Acquisitions
- (B) Debt Service Based on 20-Year Simple Interest Bonds at 5%

Wastewater Collection System 10-Year Capital Improvement Plan for Impact Fees

NTMWD Regional System

4=Part of NTMWD Buffalo Interceptor System, assumed 59% City Responsibility			Size/ Added Capacity	Opinion of Project Cost (A)	Debt Service (B)	Total Project Cost
CIP #	Year	NTMWD Wastewater Line & Facility Projects				
A1	2019	4 NTMWD Buffalo Creek Parallel Interceptor Sewer - Phase 1: From Buffalo Creek WWTP to Forney	TBD	\$ 11,835,394	\$ -	\$ 11,835,394
A2	2020	3 NTMWD Turtle Cove (a.k.a. Lakeside) Lift Station Expansion/Replacement	+1.6 MGD	\$ 4,600,000	\$ -	\$ 4,600,000
A3	2020	4 NTMWD Buffalo Creek Lift Station Expansion	TBD	\$ 17,868,150	\$ -	\$ 17,868,150
A4	2020	4 NTMWD Buffalo Creek Parallel Force Main	TBD	\$ 1,681,500	\$ -	\$ 1,681,500
A5	2026	4 NTMWD Buffalo Creek Parallel Interceptor - Phase 2: From Forney to Buffalo Creek Lift Station	TBD	\$ 7,924,880	\$ -	\$ 7,924,880
A6	2019-2029	5 10-Year CIP for NTMWD Sewer System (Rockwall Responsibility Only)	N/A	\$ 5,435,164	\$ -	\$ 5,435,164
A7	2019-2029	5 10-Year CIP for NTMWD Regional Wastewater System (Rockwall Responsibility Only)	N/A	\$ 11,619,512	\$ -	\$ 11,619,512
Total: NTMWD Wastewater System Improvements:				\$ 60,964,600	\$ -	\$ 60,964,600

(A) Opinion of Cost includes:

- a) Engineer's Opinion of Construction Cost
- b) Professional Services Fees (Survey, Engineering, Testing, Legal)
- c) Cost of Easement or Land Acquisitions

Notes: 1. City obligations estimated based on City of Rockwall's contracted proportion or historical usage of NTMWD Regional Systems.

2. 10-Year CIP for NTMWD Regional Systems based on project listings provided for "Summary of Sewer System CIP"

and "Summary of Regional Wastewater System CIP", both dated May 11, 2018.

Planning Expenses

Project Description		Engineering Services	Opinion of Project Cost (A)
2029	Wastewater Masterplan & Impact Fee Update	\$ 59,850	\$ 59,850
Total: Planning Expenses:			\$ 59,850
Grand Total, City of Rockwall & NTMWD Wastewater System Improvements:			\$ 112,316,560

4. Utilized Capacity

Utilized capacity for the wastewater collection system was calculated based on land use assumptions prepared by the City of Rockwall. The population and non-residential growth in each wastewater drainage basin was determined utilizing the City's growth projections. These growth rates were utilized to calculate 2019, 2029 and buildout peak design flows.

The percent-utilized capacity was calculated for the design flow of each study year based on the buildout capacity. The utilized capacity during the Impact Fee period is the difference between the year 2019 capacity and the year 2029 capacity. **Table No. 16** below summarizes the project cost and utilized cost over the impact fee period of 2019 – 2029. The utilized capacity for each eligible existing and proposed wastewater collection line is presented in detail in the Impact Fee Capacity Calculation **Table Nos. 17 and 18**. **Table No. 19** summarizes the utilized capacity of lift stations eligible for impact fee recovery. **Table 20** summarizes the utilized capacity of NTMWD facilities eligible for impact fee recovery. **Table 21** includes the summary of utilized capacity allocation between the City of Rockwall and NTMWD.

TABLE NO. 16

Summary of Eligible Capital Cost and Utilized Capacity Cost

Wastewater System Facility	20-Year Project Cost	Utilized Capacity (\$) in the CRP Period
Existing Wastewater Collection Line	\$12,344,474	\$3,863,647
Existing Wastewater Facilities	\$6,402,514	\$629,875
Proposed Wastewater Collection Line	\$12,426,705	\$9,608,437
Proposed Wastewater Facilities	\$26,438,702	\$19,183,453
NTMWD Facilities	\$60,964,600	\$9,627,128
Planning Expenses	\$59,850	\$59,850
Total:	\$118,636,845	\$42,972,390

WASTEWATER COLLECTION SYSTEM -- PROPOSED NTMWD FACILITIES

CIP #	Project Description	Year Const.	Length (FT)	Size/Added Capacity	Capital Cost (\$)			Capacity Utilized			Capacity Utilized (%)			Capacity Utilized (\$)		
					City of Rockwall Participation Cost	Eng. & Testing	Total Project Cost	2019	2029	In The CRF Period	2019	2029	In The CRF Period	2019	2029	In The CRF Period
North Texas Municipal Water District (NTMWD) Proposed Facility Improvements																
A1	NTMWD Buffalo Creek Parallel Incerceptor Sewer - Phase 1: From Buffalo Creek WWTP to Forney	4	2019	TBD	TBD	\$ 11,835,394	\$ 11,835,394	Utilized Capacity for Regional NTMWD Treatment Facilities calculated using proportion of years 2019 & 2029 population to build-out population.	33%	49%	16%	\$ 3,927,269	\$ 5,796,236	\$ 1,868,967		
A2	NTMWD Turtle Cove (a.k.a. Lakeside) Lift Station Expansion/Replacement	3	2020	TBD	+1.6 MGD	\$ 4,600,000	\$ 4,600,000		33%	49%	16%	\$ 1,526,391	\$ 2,252,793	\$ 726,402		
A3	NTMWD Buffalo Creek Lift Station Expansion	4	2020	TBD	TBD	\$ 17,868,150	\$ 17,868,150		33%	49%	16%	\$ 5,929,083	\$ 8,750,703	\$ 2,821,620		
A4	NTMWD Buffalo Creek Parallel Force Main	4	2020	TBD	TBD	\$ 1,681,500	\$ 1,681,500		33%	49%	16%	\$ 557,962	\$ 823,494	\$ 265,532		
A5	NTMWD Buffalo Creek Parallel Interceptor - Phase 2: From Forney to Buffalo Creek Lift Station	4	2026	TBD	TBD	\$ 7,924,880	\$ 7,924,880		33%	49%	16%	\$ 2,629,666	\$ 3,881,111	\$ 1,251,445		
A6	10-Year CIP for NTMWD Sewer System (Rockwall Responsibility Only)	5	2019-2029	N/A	N/A	\$ 5,435,164	\$ 5,435,164		33%	49%	16%	\$ 1,803,518	\$ 2,661,803	\$ 858,285		
A7	10-Year CIP for NTMWD Regional Wastewater System (Rockwall Responsibility Only)	5	2019-2029	N/A	N/A	\$ 11,619,512	\$ 11,619,512		33%	49%	16%	\$ 3,855,634	\$ 5,690,511	\$ 1,834,877		
Proposed NTMWD Facility Total						\$ 60,964,600	\$ 60,964,600					\$ 20,229,523	\$ 29,856,651	\$ 9,627,128		

- Notes: 1. City obligations estimated based on City of Rockwall's historical usage of NTMWD Regional Systems.
2. 10-Year CIP for NTMWD Regional Systems based on project listings provided for "Summary of Sewer System CIP" and "Summary of Regional Wastewater System CIP", both dated May 11, 2018.
3. Funded by NTMWD, 100% City Responsibility
4. Part of NTMWD Buffalo Interceptor System, assumed 59% City Responsibility
5. Part of NTMWD Regional Systems, assumed 2.915% City Responsibility
6. Utilized capacities for NTMWD facilities were determined using the proportion of the existing and projected 2029 population as compared to the build-out population.

TABLE NO. 21

Summary of Utilized Capacity Allocation between City of Rockwall & NTMWD Wastewater System

	CITY OF ROCKWALL Utilized Capacity		NTMWD Utilized Capacity		TOTAL	
	(\$)	%	(\$)	%	(\$)	%
Existing Wastewater System	\$ 4,493,522	100.00%	\$ -	0.00%	\$ 4,493,522	100%
Proposed Wastewater System & Planning Cost	\$ 28,851,740	74.98%	\$ 9,627,128	25.02%	\$ 38,478,868	100%
TOTAL	\$ 33,345,262	77.60%	\$ 9,627,128	22.40%	\$ 42,972,390	100%

F. CALCULATION OF MAXIMUM IMPACT FEES - WATER & WASTEWATER

Chapter 395, of the Local Government Code allows the maximum impact fee to be charged if revenues from Future Ad Valorem Taxes, and water and sewer bills are included as a credit in the analysis. If not, the Act allows the maximum assessable fee to be set at 50% of the calculated maximum fee. The maximum impact fees for the water and wastewater systems are calculated separately by dividing the cost of the capital improvements or facility expansions necessitated and attributable to new development in the Service Area within the ten year period by the number of living units anticipated to be added to City within the ten year period. To simplify collection, we recommend the fee remain fixed throughout the 5-year period, unless changed by Council.

The Water System impact fee for a 5/8” meter is calculated as follows:				
Maximum Impact Fee =	<div>Eligible Existing Facility Cost + Eligible Proposed Facility Cost</div> <div>Number of New Living Unit Equivalent over the Next 10-Years</div>			
=	<div>\$12,324,530</div> <div>9,846</div>	+	<div>\$18,582,427</div> <div>9,846</div>	= <div>\$30,906,957</div> <div>9,846</div>
Calculated Water Maximum Impact Fee =	\$3,139.04 *			
* Maximum Allowable Water Impact Fee is 50% of the Calculated Water Maximum Impact Fee				
Maximum Assessable Water Impact Fee =	\$3,139.04	X 50% =	\$1,569.52	

The Wastewater System impact fee for a 5/8" water meter is calculated as follows:				
Maximum Impact Fee =	$\frac{\text{Eligible Existing Facility Cost} + \text{Eligible Proposed Facility Cost}}{\text{Number of New Living Unit Equivalent over the Next 10-Years}}$			
=	$\frac{\$4,493,522}{8,710}$	+	$\frac{\$38,478,868}{8,710}$	= $\frac{\$42,972,390}{8,710}$
Calculated Water Maximum Impact Fee =	\$4,933.68 *			
* Maximum Allowable Water Impact Fee is 50% of the Calculated Water Maximum Impact Fee				
Maximum Assessable Wastewater Impact Fee =	\$4,933.68	X 50% =	\$2,466.84	

Table No. 22 summarizes the per service unit equivalent maximum assessable impact fee that can be charged based on the calculated 50% credit above.

TABLE NO. 22**Maximum Assessable Water & Wastewater Impact Fee****Maximum Assessable Water Impact Fee per Living Unit Equivalent: \$1,569.52****Maximum Assessable Wastewater Impact Fee per Living Unit Equivalent: \$2,466.84**

Typical Land Use	Meter Type	Meter Size	Living Unit Equivalent	Max. Assessable Impact Fee		
				Water	Wastewater	Total
